WHEREAS, the employment discrimination provision of Montana law, commonly called the Montana Human Rights Act, Title 49, chapter 2, MCA, prohibits discriminatory acts by an employer; and

WHEREAS, the Montana Human Rights Act does not include an agent of an employer in the definition of employer; and

WHEREAS, certain discriminatory employment acts, including sexual harassment, may be committed by an agent of the employer, such as a supervisor; and

WHEREAS, under the present Montana Human Rights Act, a complainant has no remedy against an agent of an employer; and

WHEREAS, the federal counterpart of the employment discrimination provision of the Montana Human Rights Act, Title VII of the Civil Rights Act of 1964, 42 U.S.C. 2000e(b), does make the agent of an employer responsible for discriminatory acts committed by that agent.

THEREFORE, it is appropriate for the Legislature to amend the Montana Human Rights Act to make an agent of an employer responsible for discriminatory acts committed by that agent.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 49-2-101, MCA, is amended to read:

"**49-2-101. Definitions.** As used in this chapter, unless the context requires otherwise, the following definitions apply:

(2) "Commission" means the commission for human rights provided for in 2-15-1706.

(3) "Credit" means the right granted by a creditor to a person to defer payment of a debt, to incur debt and defer its payment, or to purchase property or services and defer payment ~~therefor~~. It includes without limitation the right to incur and defer debt ~~which~~ *that* is secured by residential real property.

(4) "Credit transaction" means any invitation to apply for credit, application for credit, extension of credit, or credit sale.

(5) "Creditor" means a person who, regularly or as a part of ~~his~~ *the person's* business, arranges for the extension of credit for which the payment of a financial charge or interest is required, whether in connection with loans, sale of property or services, or otherwise.

(6) "Educational institution" means a public or private institution and includes an academy; college; elementary or secondary school; extension course; kindergarten; nursery; school system; university; business, nursing, professional, secretarial, technical, or vocational school; or agent of an educational institution.

(7) "Employee" means any individual employed by an employer.

(8) "Employer" means an employer of one or more persons, *or an agent of the employer*, but does not include a fraternal, charitable, or religious association or corporation if the association or corporation is not organized either for private profit or to provide accommodations or services that are available on a nonmembership basis.

(9) "Employment agency" means a person undertaking to procure employees or opportunities to work.

(10) "Financial institution" means a commercial bank, trust company, savings bank, finance company, savings and loan association, credit union, investment company, or insurance company.

(ii) a record of such an impairment; or

(iii) a condition regarded as such an impairment.

(b) Discrimination based on, because of, on the basis of, or on the grounds of physical or mental handicap includes the failure to make reasonable accommodations that are required by an otherwise qualified person who has a physical or mental handicap. Any accommodation that would require an undue hardship or that would endanger the health or safety of any person is not a reasonable accommodation.

(16) (a) "Public accommodation" means a place ~~which~~ *that* caters or offers its services, goods, or facilities to the general public subject only to the conditions and limitations established by law and applicable to all persons alike. It includes without limitation a public inn, restaurant, eating house, hotel, roadhouse, place where food or alcoholic beverages or malt liquors are sold for consumption, motel, soda fountain, soft drink parlor, tavern, nightclub, trailer park, resort, campground, barbershop, beauty parlor, bathroom, resthouse, theater, swimming pool, skating rink, golf course, cafe, ice cream parlor, transportation company, or hospital and all other public amusement and business establishments.

(b) Public accommodation does not include an institution, club, or place of accommodation that proves that it is by its nature distinctly private. The ideal span of control is five to eight persons, depending on the complexity level of the supervised tasks.

(3) The following information must be collected and evaluated by the agency:

(a) the reason for existence of the part of the organizational structure, such as a division, bureau, or section, and the possibility of restructuring;

(b) the size of the current staffing level of the work unit and any need for change;

(i) restrict rights of third parties under this chapter.

Section 5. Section 35-10-105, MCA, is amended to read:

"**35-10-105.** ~~**Rules for cases not provided for in this chapter**~~ ***Supplemental principles of law.*** *(1)* ~~In any case not provided for in this chapter~~ *Unless displaced by a particular provision of this chapter,* the ~~rules~~ *principles* of law and equity~~, including the law merchant, shall govern~~ *supplement this chapter.*

(2) If an obligation to pay interest arises under this chapter and the rate is not specified, the rate is that specified in 31-1-106."

Section 6. **Execution, filing, and recording of statements.** (1) A statement may be filed in the office of the secretary of state. A certified copy of a statement that is filed in an office in another state may be filed in the office of the secretary of state. Either filing has the effect provided in this chapter with respect to partnership property located in or transactions that occur in this state.

(2) A certified copy of a statement that has been filed in the office of the secretary of state and recorded in the office for recording transfers of real property has the effect provided for recorded statements in this chapter. A recorded statement that is not a certified copy of a statement in the office of the secretary of state does not have the effect provided for recorded statements in this chapter.

(3) A statement filed by a partnership must be executed by at least two partners. Other statements must be executed by a partner or other person authorized by this chapter. The statement must be in the English language. An individual who executes a statement as or on behalf of a partner or other person named as a partner in a statement shall state beneath or opposite the person's signature the person's name and the capacity in which the person signs. The execution of any document required to be filed with the secretary of state under this chapter constitutes an affirmation under penalties of false swearing by each person executing the document that the facts stated are true.

(4) A person authorized by this chapter to file a statement may amend or cancel the statement by filing an amendment or cancellation that names the partnership, identifies the statement, and states the substance of the amendment or cancellation.

(5) A person who files a statement pursuant to this section shall promptly send a copy of the statement to every nonfiling partner and any other person named as a partner in the statement. Failure to send a copy of a statement to a partner or other person does not limit the effectiveness of the statement as to a person not a partner.

(6) The secretary of state shall establish by rule fees for filing statements, issuing certificates, copying statements, priority handling, transmitting or filing facsimile copies, and providing computer-generated information. The fees must be reasonably related to the costs of processing the statements and providing the services. The secretary of state shall maintain records sufficient to support the fees established under this section. The secretary of state may adopt rules necessary to perform any duty required of the secretary of state by this chapter.

Section 7. **Facsimile filing — requirements — liability.** (1) The secretary of state shall treat a facsimile copy of a document that is required or permitted to be filed under this chapter and the signatures on the facsimile copy in the same manner as an original for purposes of this chapter provided that the secretary of state receives the original document within 5 working days of the receipt of the facsimile copy. If all other requirements are met, the date of filing relates back to the date of receipt of the facsimile copy.

(2) A facsimile copy is entitled to be filed under this section if it is:

(a) produced by a method of transmission of images in which the image is scanned at the transmitter; and

(b) legible and the same size as the original.

(3) During the 5-day period referred to in subsection (1), the recorded facsimile copy constitutes constructive notice for all purposes of the original document.

(4) If the original document is not received within 5 working days of receipt of the facsimile copy as provided in subsection (1), the filing of the facsimile copy is void.

(5) A person who files a false document by facsimile copy is liable to an aggrieved party for three times the amount of damages resulting from the filing of the false document.

Section 8. **Filing with secretary of state.** (1) The original signed copy, together with a duplicate copy that may be either a signed, photocopied, or confirmed copy, of any statement filed pursuant to this chapter must be delivered to the secretary of state. If the secretary of state determines that the documents conform to the filing provisions of this chapter and all required filing fees have been paid, the secretary of state shall:

(a) endorse on each signed original and duplicate copy the word "filed" and the date and time of acceptance for filing;

(b) retain the signed original in the secretary of state's files; and

(c) return the duplicate copy to the person who filed it or the person's representative.

(2) The secretary of state may by rule prescribe and furnish forms or computer formats for any statement to be filed with the secretary of state under this chapter. If the secretary of state requires, the use of any forms or formats is mandatory.

(3) All partnerships filing statements pursuant to this chapter shall first register the business name as an assumed business name pursuant to Title 30, chapter 13, part 2.

Section 9. **Law governing internal affairs.** The law of the state in which a partnership has its chief executive office governs the partnership's internal affairs.

Section 10. **Partnership subject to amendment of repeal of chapter.** A partnership governed by this chapter is subject to any amendment or repeal of this chapter.

Section 11. Section 35-10-201, MCA, is amended to read:

"**35-10-201. Partnership ~~defined~~ *as entity*.** ~~(1)~~ A partnership is an ~~association of two or more persons to carry on as co-owners a business for profit~~ *entity*.

~~(2) But any association formed under any other statute of this state or any statute adopted by authority other than the authority of this state is not a partnership under this chapter unless such association would have been a partnership in this state prior to the adoption of this chapter. But this chapter shall apply to limited partnerships except insofar as the statutes relating to such partnerships are inconsistent herewith.~~"

Section 12. Section 35-10-202, MCA, is amended to read:

"**35-10-202. ~~Rules for determining the existence~~ *Creation* of a partnership.** ~~In determining whether a partnership exists, these rules shall apply:~~

(1) Except as provided ~~by 35-10-308~~ *in subsection (2), the association of two or more* persons ~~who are not partners as to each other are not partners as to third persons~~ *to carry on as co-owners a business for profit creates a partnership, whether or not the persons intend to create a partnership.*

(2) An association created under a statute other than this chapter, a predecessor law, or a comparable law of another jurisdiction is not a partnership.

(3) In determining whether a partnership is created, the following rules apply:

~~(2)~~*(a)* Joint tenancy, tenancy in common, tenancy by the entireties, joint property, common property, or part ownership does not ~~of~~ *by* itself establish a partnership~~, whether such~~ *even if the* co-owners ~~do or do not~~ share ~~any~~ profits made by the use of the property.

~~(3)~~*(b)* The sharing of gross returns does not ~~of~~ *by* itself establish a partnership~~, whether or not~~ *even if* the persons sharing them have a joint or common right or interest in ~~any~~ property from which the returns are derived.

~~(4)~~*(c)* ~~The receipt by a~~ *A* person ~~of~~ *who receives* a share of the profits of a business is ~~prima facie evidence that such person is~~ *presumed to be* a partner in the business, ~~but no such inference shall be drawn if such~~ *unless the* profits were received in payment:

~~(a)~~*(i)* ~~as~~ *of* a debt by installments or otherwise;

~~(b)~~*(ii)* ~~as~~ *for services as an independent contractor or of* wages *or other compensation* ~~of~~ *to* an employee;

(iii) ~~or~~ *of* rent ~~to a landlord~~;

~~(c)~~*(iv)* ~~as~~ *of* an annuity ~~to~~ *or other retirement or health benefit to* a *beneficiary,* ~~surviving spouse or~~ representative, *or designee* of a deceased *or retired* partner;

~~(d)~~*(v)* ~~as~~ *of* interest *or of another charge* on a loan, ~~though~~ *even if* the amount of payment varies with the profits of the business, *including a direct or indirect* *present or future ownership of the collateral or rights to income, proceeds, or increase in value derived from the collateral; or*

~~(c)~~*(vi)* ~~as the consideration~~ for the sale of ~~a~~ *the* goodwill of a business or other property by installments or otherwise.

(4) Except as provided by 35-10-308, persons who are not partners as to each other are not partners as to other persons.

(5) A partnership created under this chapter is a general partnership, and the partners are general partners of the partnership."

Section 13. Section 35-10-203, MCA, is amended to read:

"35-10-203. Partnership property. ~~(1) All property originally brought into the partnership stock or subsequently acquired by purchase~~ *Property transferred to* or otherwise ~~on account of the~~ *acquired by a* partnership is ~~partnership~~ property *of the partnership and not of the partners individually.*

~~(2) Unless the contrary intention appears, property acquired with partnership funds is partnership property.~~

~~(3) Any estate in real property may be acquired in the partnership name. Title so acquired can be conveyed only in the partnership name.~~

~~(4) A conveyance to a partnership in the partnership name, though without words of inheritance, passes the entire estate of the grantor unless a contrary intent appears.~~"

Section 14. **When property is partnership property.** (1) Property is partnership property if acquired in the name of:

(a) the partnership; or

(b) one or more partners with an indication in the instrument transferring title to the property of the person's capacity as a partner or of the existence of a partnership but without an indication of the name of the partnership.

(2) Property is acquired in the name of the partnership by a transfer to:

(a) the partnership in its name; or

(b) one or more partners in their capacity as partners in the partnership if the name of the partnership is indicated in the instrument transferring title to the property.

(3) Property is presumed to be partnership property if purchased with partnership assets even if not acquired in the name of the partnership or of one or more partners with an indication in the instrument transferring title to the property of the person's capacity as a partner or of the existence of a partnership.

(4) Property acquired in the name of one or more of the partners without an indication in the instrument transferring title to the property of the person's capacity as a partner or of the existence of a partnership and without use of partnership assets is presumed to be separate property even if used for partnership purposes.

Section 15. Section 35-10-301, MCA, is amended to read:

"35-10-301. Partner as agent of partnership ~~**— restrictions on partner's authority**~~**.** *Subject to the effect of a statement of partnership authority pursuant to [section 17]:*

(1) ~~Every~~ *each* partner is an agent of the partnership for the purpose of its business. ~~, and the~~ *An* act of ~~every~~ *a* partner, including the execution *of an instrument* in the partnership name ~~of any instrument~~, for apparently carrying on in the ~~usual way~~ *ordinary course of* the *partnership* business *or business* of the *kind carried on by the* partnership ~~of which he is a member~~ binds the partnership unless the partner ~~so acting~~ has ~~in fact~~ no authority to act for the partnership in the particular matter and the person with whom ~~he~~ *the partner* is dealing ~~has knowledge of the fact that he has no such~~ *knows or has received a notification that the partner lacks* authority.

(2) ~~An~~ *an* act of a partner ~~which~~ *that* is not apparently for ~~the~~ carrying on ~~of the business of~~ *in the ordinary course of* the partnership ~~in the usual way~~ *business or business of the kind carried on by the partnership* ~~does not bind~~ *binds* the partnership ~~unless~~ *only if the act was* authorized by the other partners.

~~(3) Unless authorized by the other partners or unless they have abandoned the business, one or more but less than all the partners have no authority to:~~

~~(a) assign the partnership property in trust for creditors or on the assignee's promise to pay the debts of the partnership;~~

~~(b) dispose of the goodwill of the business;~~

~~(c) do any other act which would make it impossible to carry on the ordinary business of a partnership;~~

~~(d) confess a judgment;~~

~~(e) submit a partnership claim or liability to arbitration or reference.~~

~~(4) No act of a partner in contravention of a restriction on authority shall bind the partnership to persons having knowledge of the restriction.~~"

Section 16. Section 35-10-302, MCA, is amended to read:

"35-10-302. ~~**Conveyance of real**~~ ***Transfer of partnership*** **property** ~~**of the partnership**~~**.** (1) *Subject to the effect of a statement of partnership authority pursuant to [section 17]:*

(a) ~~Where title to real~~ *partnership* property ~~is~~ *held* in the *name of the* partnership ~~name, any partner~~ may ~~convey title to such property~~ *be transferred* by ~~a conveyance~~ *an instrument of transfer* executed *by a partner* in the partnership name*;*

(b) partnership property held in the name of one or more partners with an indication in the instrument transferring the property to them of their capacity as partners or of the existence of a partnership, but without an indication of the name of the partnership, may be transferred by an instrument of transfer executed by the persons in whose name the property is held; and

(c) a~~, but the~~ partnership may recover ~~such~~ property ~~unless the partner's act binds~~ *transferred under this subsection if it proves that execution of the instrument of transfer did not bind* the partnership under ~~the provisions of~~ 35-10-301~~(1) or~~ unless ~~such~~ *the* property ~~has been conveyed~~ *was transferred* by the ~~grantee~~ *initial transferee* or a person claiming through ~~such grantee~~ *the initial transferee* to a ~~holder for~~ *subsequent transferee who gave* value without ~~knowledge~~ *having notice* that the ~~partner, in making the conveyance, has exceeded his~~ *person who executed the instrument of initial transfer lacked* authority *to bind the partnership.*

(2) ~~Where title to real~~ *partnership* property ~~is~~ *held* in the name of *one or more persons other than* the partnership~~, a conveyance executed by a partner in his own name passes the equitable interest of the partnership, provided the act is one within the authority of the partner under the provisions of 35-10-301(1)~~ *without an indication in the instrument transferring the property to them of their capacity as partners or of the existence of a partnership may be transferred free of any claims of the partnership or the partners by the persons in whose name the property is held to a transferee who gives value without having notice that it is partnership property.*

(3) ~~Where title to real property is in the name of one or more but not all the partners and the record does not disclose the right of the partnership, the partners in whose name the title stands may convey title to such property, but the partnership may recover such property if the partner's act does not bind the partnership under the provisions of 35-10-301(1), unless the purchaser or his assignee is a holder for value without knowledge.~~

~~(4) Where the title to real property is in the name of one or more or all the partners or in a third person in trust for the partnership, a conveyance executed by a partner in the partnership name or in his own name passes the equitable interest of the partnership, provided the act is one within the authority of the partner under the provisions of 35-10-301(1).~~

~~(5) Where the title to real property is in the names of all the partners, a conveyance executed by all the partners passes all their rights in such property.~~ *if a person holds all of the partners' interests in the partnership, all of the partnership property vests in that person. The person may execute a document in the name of the partnership to evidence vesting of the property in that person and may file or record the document."*

Section 17. **Statement of partnership authority.** (1) A partnership may file a statement of partnership authority, which:

(a) must include:

(i) the name of the partnership;

(ii) the street address of its chief executive office and of one office in this state, if there is one;

(iii) the names and mailing addresses of all of the partners or of an agent appointed and maintained by the partnership for the purpose of subsection (2); and

(iv) the names of the partners authorized to execute an instrument transferring real property held in the name of the partnership; and

(b) may state the authority or limitations on the authority of some or all of the partners to enter into other transactions on behalf of the partnership and any other matter.

(2) If a statement of partnership authority names an agent, the agent shall maintain a list of the names and mailing addresses of all the partners and make it available to any person on request for good cause shown.

(3) If a filed statement of partnership authority is executed pursuant to [section 6(5)] and states the name of the partnership but does not contain all of the other information required by subsection (1), the statement nevertheless operates with respect to a person not a partner as provided in subsections (4) and (5).

(4) Except as provided in subsection (7), a filed statement of partnership authority supplements the authority of a partner to enter into transactions on behalf of the partnership as follows:

(a) Except for transfers of real property, a grant of authority contained in a filed statement of partnership authority is conclusive in favor of a person who gives value without knowledge to the contrary so long as and to the extent that a limitation on that authority is not contained in another filed statement. A filed cancellation of a limitation on authority revives the previous grant of authority.

(b) A grant of authority to transfer real property held in the name of the partnership contained in a certified copy of a filed statement of partnership authority recorded in the office for recording transfers of that real property is conclusive in favor of a person who gives value without knowledge to the contrary so long as and to the extent that a certified copy of a filed statement containing a limitation on that authority is not then of record in the office for recording transfers of that real property. The recording in the office for recording transfers of that real property of a certified copy of a filed cancellation of a limitation on authority revives the previous grant of authority.

(5) A person not a partner is considered to know of a limitation on the authority of a partner to transfer real property held in the name of the partnership if a certified copy of the filed statement containing the limitation on authority is of record in the office for recording transfers of that real property.

(6) Except as provided in [sections 42 and 49] and subsection (5) of this section, a person not a partner is not considered to know of a limitation on the authority of a partner merely because the limitation is contained in a filed statement.

(7) Unless canceled earlier, a filed statement of partnership authority is canceled by operation of law 5 years after the date on which the statement or the most recent amendment was filed with the secretary of state.

Section 18. **Statement of denial.** A partner or other person named as a partner in a filed statement of partnership authority or in a list maintained by an agent pursuant to [section 17(2)] may file a statement of denial stating the name of the partnership and the fact that is being denied, which may include denial of a person's authority or status as a partner. A statement of denial is a limitation on authority to the extent provided in [section 17(4) and (5)].

Section 19. Section 35-10-305, MCA, is amended to read:

"**35-10-305. Partnership liable for partner's ~~wrongful act~~ *actionable conduct*.** *(1)* ~~Where, by any~~ *A partnership is liable for loss or injury caused to a person, or for a penalty incurred, as a result of a* wrongful act or omission *or other actionable conduct* of ~~any~~ *a* partner acting in the ordinary course of ~~the~~ business of the partnership or with the authority of ~~his copartners, loss or injury is caused to any person not being a partner in~~ the partnership ~~or any penalty is incurred, the partnership is liable therefor to the same extent as the partner so acting or omitting to act~~.

(2) If, in the course of its business, a partnership receives money or property of a person not a partner and that money or property is misapplied by a partner while it is in the custody of the partnership, the partnership is liable for the loss."

Section 20. Section 35-10-307, MCA, is amended to read:

"**35-10-307. ~~Nature of partner's~~ *Partner's* liability.** All partners are liable~~:~~

~~(1)~~ jointly and severally for ~~everything chargeable to the partnership under 35-10-305 and 35-10-306;~~

~~(2) jointly for~~ all ~~other debts and~~ obligations of the partnership~~, but any partner may enter into a separate obligation to perform a partnership contract~~ *unless otherwise agreed by the claimant or provided by law."*

Section 21. **Action by and against partnership and partners.** (1) A partnership may sue and be sued in the name of the partnership.

(2) An action may be brought against the partnership and any or all of the partners in the same action or in separate actions.

(3) A judgment against a partnership is not by itself a judgment against a partner. A judgment against a partnership may not be satisfied from a partner's assets unless there is also a judgment against the partner.

(4) A judgment creditor of a partner may not levy execution against the assets of the partner to satisfy a judgment based on a claim against the partnership unless:

(a) a judgment based on the same claim has been obtained against the partnership and a writ of execution on the judgment has been returned unsatisfied in whole or in part;

(b) (i) an involuntary case under Title 11 of the United States Code has been commenced against the partnership and has not been dismissed within 60 days after commencement or the partnership has commenced a voluntary case under Title 11 of the United States Code and the case has not been dismissed; and

(ii) Title 11 of the United States Code permits a judgment creditor of a partner to levy execution against the assets of the partner to satisfy a judgment based on a claim against the partnership;

(c) the partner has agreed that the creditor need not exhaust partnership assets;

(d) a court grants permission to the judgment creditor to levy execution against the assets of a partner based on a finding that partnership assets subject to execution within this state are clearly insufficient to satisfy the judgment, that exhaustion of partnership assets is excessively burdensome, or that the grant of permission is an appropriate exercise of the court's equitable powers; or

(e) liability is imposed on the partner by law or contract independent of the existence of the partnership.

(5) This section applies to any partnership liability or obligation resulting from a representation by a partner or purported partner under 35-10-308(1) or (2).

Section 22. Section 35-10-308, MCA, is amended to read:

"**35-10-308.** ~~**Partner by estoppel**~~ ***Purported partner.*** (1) ~~When~~ *If* a person, by words ~~spoken or written~~ or ~~by~~ conduct, ~~represents himself~~ *purports to be a partner* or consents to *being represented by* another ~~representing him to anyone~~ as a partner in ~~an existing~~ *a* partnership or with one or more persons not ~~actual~~ partners, ~~he~~ *the purported partner* is liable to ~~any such~~ *a* person to whom ~~such~~ *the* representation ~~has been~~ *is* made *if that person,* ~~who has~~ *relying* on the ~~faith of such~~ representation, ~~given credit to~~ *enters into a transaction with* the actual or ~~apparent~~ *purported* partnership. ~~, and if he has made such~~ *If the* representation, ~~or consented to its being~~ *either by the purported partner or by a person with the purported partner's consent, is* made in a public manner, ~~he~~ *the purported partner* is liable to ~~such~~ *a* person~~, whether the representation has or has not been made or communicated to such person so giving credit by or with the knowledge of the apparent partner making the representation or consenting to its being made~~ *who relies upon the purported partnership even if the purported partner is not aware of being held out as a partner to the claimant.* ~~When a~~ *If* partnership liability results, ~~he~~ *the purported partner* is liable as ~~though he~~ *if the purported partner* were ~~an actual member of the partnership~~ *a partner.* ~~When~~ *If* no partnership liability results, ~~he~~ *the purported partner* is liable jointly *and severally* with ~~the~~ *any* other ~~persons, if any, so~~ *person* consenting to the ~~contract or~~ representation ~~as to incur liability, otherwise separately~~.

(2) ~~When~~ *If* a person ~~has been~~ *is* thus represented to be a partner in an existing partnership or with one or more persons not ~~actual~~ partners, ~~he~~ *the purported partner* is an agent of ~~the~~ persons consenting to ~~such~~ *the* representation to bind them to the same extent and in the same manner as ~~though he~~ *if the purported partner* were a partner ~~in fact,~~ with respect to persons who ~~rely~~ *enter into transactions in reliance* upon the representation. ~~Where~~ *If* all *of* the ~~members~~ *partners* of the existing partnership consent to the representation, a partnership act or obligation results. ~~, but in all other cases it is the joint act or obligation of the person acting and the persons consenting~~ *If fewer than all of the partners of the existing partnership consent* to the representation, *the*

person acting and the partners consenting to the representation are jointly and severally liable.

(3) A person is not a partner in a partnership merely because the person is named by another in a statement of partnership authority.

(4) A person does not continue to be a partner merely because of a failure to file a statement of dissociation or to amend a statement of partnership authority to indicate the partner's dissociation from the partnership."

Section 23. Section 35-10-309, MCA, is amended to read:

"**35-10-309. Liability of incoming partner.** A person admitted as a partner into ~~an existing~~ *a* partnership is liable for all ~~the~~ obligations of the partnership ~~arising~~ *incurred* before ~~his~~ *the person's* admission as ~~though he had been~~ *if the person were* a partner when ~~such~~ *the* obligations were incurred, ~~except that this~~ *but the* liability ~~shall~~ *may* be satisfied only out of partnership property."

Section 24. Section 35-10-401, MCA, is amended to read:

"**35-10-401. ~~Rules determining~~ *Partner's* rights and duties ~~of partners~~.** ~~The rights and duties of the partners in relation to the partnership shall be determined, subject to any agreement between them, by the following rules:~~

(c) to refrain from competing with the partnership in the conduct of partnership business before the dissolution of the partnership without the consent of the other partners.

(3) A partner's duty of loyalty may not be eliminated by agreement, but the partners by agreement may identify specific types or categories of activities that do not violate the duty of loyalty, if not manifestly unreasonable.

(4) A partner's duty of care to the partnership and the other partners in the conduct and winding up of the partnership business is limited to refraining from engaging in grossly negligent or reckless conduct, intentional misconduct, or a knowing violation of law.

(5) A partner shall discharge the duties to the partnership and the other partners under this chapter or under the partnership agreement and exercise any rights consistent with the obligation of good faith and fair dealing. The obligation of good faith and fair dealing may not be eliminated by agreement, but the partners by agreement may determine the standards by which the performance of the obligation is to be measured if the standards are not manifestly unreasonable.

(6) A partner does not violate a duty or obligation under this chapter or under the partnership agreement merely because the partner's conduct furthers the partner's own interest. A partner may lend money to and transact other business with the partnership. The rights and obligations of a partner who lends money to or transacts business with the partnership are the same as those of a person who is not a partner, subject to other applicable law.

~~(2)~~*(7)* This section applies ~~also~~ to ~~the representatives of a deceased partner engaged in the liquidation of the affairs of~~ *a person winding up* the partnership *business* as the personal ~~representatives~~ *or legal representative* of the last surviving partner *as if the person were a partner.*"

Section 29. **Partner's liability to partnership.** A partner is liable to the partnership for a breach of the partnership agreement if there is a violation of a duty to the partnership that causes harm to the partnership.

Section 30. **Remedies of partnership and partners.** (1) A partnership may maintain an action against a partner for a breach of the partnership agreement or for the violation of a duty to the partnership that causes harm to the partnership.

(2) A partner may maintain an action against the partnership or another partner for legal or equitable relief, including an accounting as to partnership business, to enforce:

(a) a right under the partnership agreement;

(b) a right under this chapter, including the partner's:

(i) rights under 35-10-401 through 35-10-403 and 35-10-405;

(ii) right on dissociation to have the partner's interest in the partnership purchased pursuant to [section 39] or enforce any other right under [sections 36 through 38] or [sections 39 through 43]; or

(iii) right to compel a dissolution and winding up of the partnership business under [section 44] or enforce any other right under [sections 44 and 45], 35-10-602, 35-10-609, and [sections 48 through 51]; or

(c) the rights and otherwise protect the interests of the partner, including rights and interests arising independent of the partnership relationship.

(3) The accrual of and any time limitation on a right of action for a remedy under this section is governed by other law. A right to an accounting upon a dissolution and winding up does not revive a claim barred by law.

Section 31. Section 35-10-406, MCA, is amended to read:

"**35-10-406. ~~Rights and duties of partners when~~ *Continuation of* partnership ~~continues~~ beyond ~~fixed~~ *definite* term *or particular undertaking*.** (1) ~~When~~ *If* a partnership for a ~~fixed~~ *definite* term or particular undertaking is continued *without an express agreement* after the ~~termination of such~~ *expiration of the* term or ~~particular~~ *completion of the* undertaking ~~without any express agreement~~, the rights and duties of the partners remain the same as they were at ~~such termination~~ *the expiration or completion*, so far as is consistent with a partnership at will.

(2) ~~A continuation of the business by~~ *If* the partners or ~~such~~ *those* of them ~~as~~ *who* habitually acted ~~therein~~ *in the business* during the term *or undertaking continue the business* without any settlement or liquidation of the partnership, ~~affairs~~ ~~is prima facie evidence of a continuation of the partnership~~ *they are presumed to have agreed that the business will not be wound up.*"

Section 32. **Partner's interest in partnership property not transferable.** A partner is not a co-owner of partnership property and has no interest in partnership property that can be transferred either voluntarily or involuntarily.

Section 33. **Partner's transferable interest in partnership.** The only transferable interest of a partner in the partnership is the partner's interest in distributions. The interest is personal property.

Section 34. **Transfer of partner's transferable interest.** (1) A transfer, in whole or in part, of a partner's transferable interest in the partnership:

(a) is permissible;

(b) does not by itself cause a dissolution and winding up of the partnership business; and

(c) does not, as against the other partners or the partnership, entitle the transferee, during the continuance of the partnership, to participate in the management or conduct of the partnership business, to require access to information concerning or an account of partnership transactions, or to inspect or copy the partnership books or records.

(2) A transferee of a partner's transferable interest in the partnership has a right:

(a) to receive, in accordance with the transfer, distributions to which the transferor would otherwise be entitled;

(b) to receive the net amount otherwise distributable to the transferor upon the dissolution and winding up of the partnership business; and

(c) to seek under [section 44(6)] a judicial determination that it is equitable to wind up the partnership business.

(3) In a dissolution and winding up, a transferee is entitled to receive an accounting only from the date of the last account agreed to by all of the partners.

(4) Upon transfer, the transferor retains the rights and duties of a partner other than the interest in distributions transferred.

(5) Until receipt of notice of a transfer, a partnership has no duty to give effect to the transferee's rights under this section.

Section 35. Section 35-10-505, MCA, is amended to read:

"**35-10-505. Partner's *transferable* interest subject to charging order.** (1) On ~~due~~ application ~~to a competent court~~ by ~~any~~ *a* judgment creditor of a partner *or partner's transferee,* ~~the~~ *a* court ~~which entered the judgment, order, or decree or any other court~~ *having jurisdiction* may charge the *transferable* interest of the debtor partner ~~with payment of the unsatisfied amount of such~~ *or transferee to satisfy the* judgment. ~~debt with interest thereon and~~ *The court* may ~~then or later~~ appoint a receiver of ~~his~~ *the debtor's* share of the ~~profits and of any other money~~ *distributions* due or to ~~fall~~ *become* due to ~~him~~ *the debtor* in respect of the partnership and make all other orders, directions, accounts, and inquiries ~~which~~ the debtor ~~partner~~ might have made or which the circumstances of the case may require.

(2) A charging order constitutes a lien on the judgment debtor's transferable interest in the partnership. The court may order a foreclosure of the interest subject to the charging order at any time and upon conditions it considers appropriate. The purchaser at the foreclosure sale has the rights of a transferee.

~~(2)~~*(3)* ~~The~~ *At any time before foreclosure, an* interest charged may be redeemed ~~at any time before foreclosure or, in case of a sale being directed by the court, may be purchased without thereby causing a dissolution~~:

(a) by the judgment debtor;

~~(a)~~*(b)* with ~~separate~~ property *other than partnership property*, by ~~any~~ one or more of the *other* partners; or

~~(b)~~*(c)* with partnership property, by ~~any~~ one or more of the *other* partners with the consent of all the partners whose interests are not so charged ~~or sold~~.

~~(3)~~*(4)* ~~Nothing in this~~ *This* chapter ~~shall be held to~~ *does not* deprive a partner of ~~his~~ *a* right~~, if any,~~ under the exemption laws ~~as regards his~~ *with respect to the partner's* interest in the partnership.

(5) This section provides the exclusive remedy by which a judgment creditor of a partner or partner's transferee may satisfy a judgment out of the judgment debtor's transferable interest in the partnership."

Section 36. **Events causing partner's dissociation.** A partner is dissociated from a partnership upon:

(1) receipt by the partnership of notice of the partner's express will to withdraw as a partner or upon any later date specified in the notice;

(2) an event agreed to in the partnership agreement as causing the partner's dissociation;

(3) the partner's expulsion pursuant to the partnership agreement;

(4) the partner's expulsion by the unanimous vote of the other partners if:

(a) it is unlawful to carry on the partnership business with that partner;

(b) there has been a transfer of all or substantially all of that partner's transferable interest in the partnership, other than a transfer for security purposes or a court order charging the partner's interest that has not been foreclosed;

(c) within 90 days after the partnership notifies a corporate partner that it will be expelled because it has filed a certificate of dissolution or the equivalent, its charter has been revoked, or its right to conduct business has been suspended by the jurisdiction of its incorporation, there is no revocation of the certificate of dissolution or no reinstatement of its charter or its right to conduct business; or

(d) a partnership that is a partner has been dissolved and its business is being wound up;

(5) the partner's expulsion by judicial decree, made on application by the partnership or another partner, because:

(a) the partner engaged in wrongful conduct that adversely and materially affected the partnership business;

(b) the partner willfully or persistently committed a material breach of the partnership agreement or of a duty owed to the partnership or the other partners under 35-10-405; or

(c) the partner engaged in conduct relating to the partnership business that made it not reasonably practicable to carry on the business in partnership with that partner;

(6) the partner:

(a) becoming a debtor in bankruptcy;

(b) executing an assignment for the benefit of creditors;

(c) seeking, consenting to, or acquiescing in the appointment of a trustee, receiver, or liquidator of that partner or of all or substantially all of that partner's property; or

(d) failing within 90 days after the appointment to have vacated or stayed the appointment of a trustee, receiver, or liquidator of the partner or of all or substantially all of the partner's property obtained without the partner's consent or acquiescence or failing within 90 days after the expiration of a stay to have the appointment vacated;

(7) in the case of a partner who is an individual:

(a) the partner's death;

(b) the appointment of a guardian or general conservator for the partner; or

(c) a judicial determination that the partner has otherwise become incapable of performing the partner's duties under the partnership agreement;

(8) in the case of a partner that is a trust or is acting as a partner by virtue of being a trustee of a trust, distribution of the trust's entire transferable interest in the partnership, but not merely by reason of the substitution of a successor trustee;

(9) in the case of a partner that is an estate or is acting as a partner by virtue of being a personal representative of an estate, distribution of the estate's entire transferable interest in the partnership, but not merely by reason of the substitution of a successor personal representative; or

(10) termination of a partner who is not an individual, partnership, corporation, trust, or estate.

Section 37. **Partner's wrongful dissociation.** (1) A partner's dissociation is wrongful only if:

(a) it is in breach of an express provision of the partnership agreement; or

(b) in the case of a partnership for a definite term or particular undertaking, before the expiration of the term or the completion of the undertaking:

(i) the partner withdraws by express will, unless the withdrawal follows the dissociation of another partner and results in a right to dissolve the partnership under [section 44(2)(a)];

(ii) the partner is expelled by judicial decree under [section 36(5)]; or

(iii) a partner, who is not an individual, a trust other than a business trust, or an estate, is expelled or otherwise dissociated because the entity willfully dissolved or terminated.

(2) A partner who wrongfully dissociates is liable to the partnership and to the other partners for damages caused by the dissociation. That liability is in addition to any other liability of the partner to the partnership or to the other partners.

Section 38. **Effect of partner's dissociation.** (1) If a partner's dissociation results in a dissolution and winding up of the partnership business, [sections 44 and 45], 35-10-602, 35-10-609, and [sections 48 through 51] apply; otherwise [sections 39 through 43] apply.

(2) Upon a partner's dissociation:

(a) the partner's right to participate in the management and conduct of the partnership business terminates, except as provided in 35-10-609;

(b) the partner's duty of loyalty under 35-10-405(2)(c) terminates; and

(c) the partner's duty of loyalty under 35-10-405(2)(a) and (2)(b) and duty of care under 35-10-405(4) continue only with regard to matters arising or events occurring before the dissociation.

Section 39. **Purchase of dissociated partner's interest.** (1) If a partner is dissociated from a partnership without resulting in a dissolution and winding up of the partnership business under [section 44], the partnership shall cause the dissociated partner's interest in the partnership to be purchased for a buyout price determined pursuant to subsection (2).

(2) (a) The buyout price of a dissociated partner's interest is the amount that would have been distributable to the dissociating partner under [section 51(2)] if on the date of dissociation the assets of the partnership were sold at a price equal to the greater of:

(i) the liquidation value; or

(ii) the value based on a sale of the entire business as a going concern without the dissociated partner and the partnership were wound up as of that date.

(b) In either case, the selling price of the partnership assets must be determined on the basis of the amount that would be paid by a willing buyer to a willing seller, neither being under any compulsion to buy or sell, and with knowledge of all relevant facts. Interest must be paid from the date of dissociation to the date of payment.

(3) Damages for wrongful dissociation under [section 37(2)] and all other amounts owing, whether or not presently due, from the dissociated partner to

the partnership must be offset against the buyout price. Interest must be paid from the date the amount owed becomes due to the date of payment.

(4) A partnership shall indemnify a dissociated partner against all partnership liabilities incurred before the dissociation, except liabilities then unknown to the partnership, and against all partnership liabilities incurred after the dissociation, except liabilities incurred by an act of the dissociated partner under [section 40]. For purposes of this subsection, a liability not known to a partner other than the dissociated partner is not known to the partnership.

(5) If no agreement for the purchase of a dissociated partner's interest is reached within 120 days after a written demand for payment, the partnership shall pay or cause to be paid in cash to the dissociated partner the amount the partnership estimates to be the buyout price and accrued interest, reduced by any offsets and accrued interest under subsection (3).

(6) If a deferred payment is authorized under subsection (8), the partnership may tender a written offer to pay the amount it estimates to be the buyout price and accrued interest, reduced by any offsets under subsection (3), stating the time of payment, the amount and type of security for payment, and the other terms and conditions of the obligation.

(7) The payment or tender required by subsection (5) or (6) must be accompanied by the following:

(a) a statement of partnership assets and liabilities as of the date of dissociation;

(b) the latest available partnership balance sheet and income statement, if any;

(c) an explanation of how the estimated amount of the payment was calculated; and

(d) written notice that the payment is in full satisfaction of the obligation to purchase unless, within 120 days after the written notice, the dissociated partner commences an action to determine the buyout price, any offsets under subsection (3), or other terms of the obligation to purchase.

(8) A partner who wrongfully dissociates before the expiration of a definite term or the completion of a particular undertaking is not entitled to payment of any portion of the buyout price until the expiration of the term or completion of the undertaking unless the partner establishes to the satisfaction of the court that earlier payment will not cause undue hardship to the business of the partnership. A deferred payment must be adequately secured and bear interest.

(9) A dissociated partner may maintain an action against the partnership, pursuant to [section 30(2)(b)(ii)], to determine the buyout price of that partner's interest, any offsets under subsection (3), or other terms of the obligation to purchase. The action must be commenced within 120 days after the partnership has tendered payment or an offer to pay or within 1 year after written demand for payment if no payment or offer to pay is tendered. The court shall determine the buyout price of the dissociated partner's interest, any offset due under subsection (3), and accrued interest, and enter judgment for any additional payment or refund. If deferred payment is authorized under subsection (8), the

court shall also determine the security for payment and other terms of the obligation to purchase. The court may assess reasonable attorney fees and the fees and expenses of appraisers or other experts for a party to the action, in amounts the court finds equitable, against a party that the court finds acted arbitrarily, vexatiously, or not in good faith. The finding may be based on the partnership's failure to tender payment or an offer to pay or to comply with the requirements of subsection (7).

Section 40. **Dissociated partner's power to bind partnership — liability to partnership.** (1) For 2 years after a partner dissociates without resulting in a dissolution and winding up of the partnership business, the partnership, including a surviving partnership under [sections 52 through 58], is bound by an act of the dissociated partner that would have bound the partnership under 35-10-301 before dissociation if the other party to the transaction:

(a) reasonably believed when entering the transaction that the dissociated partner was a partner at that time;

(b) did not have notice of the partner's dissociation; and

(c) is not considered to have had knowledge under [section 17(5)] or notice under [section 42].

(2) A dissociated partner is liable to the partnership for any loss caused to the partnership arising from an obligation incurred by the dissociated partner after dissociation and for which the partnership is liable under subsection (1).

Section 41. **Dissociated partner's liability to other persons.** (1) A partner's dissociation does not of itself discharge the partner's liability for a partnership obligation incurred before dissociation. A dissociated partner is not liable for a partnership obligation incurred after dissociation except as provided in subsection (2).

(2) A partner who dissociates without resulting in a dissolution and winding up of the partnership business is liable as a partner to the other party in a transaction entered into by the partnership or a surviving partnership under [sections 52 through 58] within 2 years after the partner's dissociation only if the other party to the transaction:

(a) reasonably believed when entering the transaction that the dissociated partner was a partner at that time;

(b) did not have notice of the partner's dissociation; and

(c) is not considered to have had knowledge under [section 17(5)] or notice under [section 42].

(3) By agreement with the partnership creditor and the partners continuing the business, a dissociated partner may be released from liability for a partnership obligation.

(4) A dissociated partner is released from liability for a partnership obligation if a partnership creditor, with notice of the partner's dissociation but without the partner's consent, agrees to a material alteration in the nature or time of payment of a partnership obligation.

Section 42. **Statement of dissociation.** (1) A dissociated partner or the partnership may file a statement of dissociation stating the name of the partnership and that the partner is dissociated from the partnership.

(2) A statement of dissociation is a limitation on the authority of a dissociated partner for the purposes of [section 17(4) and (5)].

(3) For the purposes of 35-10-301 and [sections 40 and 41(2)], a person not a partner is considered to have notice of the dissociation 90 days after the statement of dissociation is filed.

Section 43. **Continued use of partnership name.** Continued use of a partnership name or a dissociated partner's name as part of the partnership by the partners continuing the business does not of itself make the dissociated partner liable for an obligation of the partners or the partnership continuing the business.

Section 44. **Events causing dissolution and winding up of partnership business.** Except as provided in [section 45], a partnership is dissolved and its business must be wound up only upon:

(1) receipt by a partnership at will of notice from a partner, other than a partner who is dissociated under [section 36(2) through (10)], of that partner's express will to withdraw as a partner or upon any later date specified in the notice;

(2) in a partnership for a definite term or particular undertaking:

(a) within 90 days after a partner's wrongful dissociation under [section 37] or a partner's dissociation by death or otherwise under [section 36(6) through (10)], receipt by the partnership of notice from another partner of that partner's express will to withdraw as a partner;

(b) the express will of all the partners; or

(c) the expiration of the term or the completion of the undertaking unless all the partners agree to continue the business, in which case the partnership agreement is considered amended retroactively to provide that the expiration or completion does not result in the dissolution and winding up of the partnership business;

(3) an event agreed to in the partnership agreement resulting in the winding up of the partnership business unless all the partners agree to continue the business, in which case the partnership agreement is considered amended retroactively to provide that the event does not result in the dissolution and winding up of the partnership business;

(4) an event that makes it unlawful for all or substantially all of the business of the partnership to be continued, but a cure of illegality within 90 days after notice to the partnership of the event is effective retroactively to the date of the event for purposes of this section;

(5) a judicial decree, issued upon application by a partner, that:

(a) the economic purpose of the partnership is likely to be unreasonably frustrated;

(b) another partner has engaged in conduct relating to the partnership business that makes it not reasonably practicable to carry on the business in partnership with that partner; or

(c) it is not otherwise reasonably practicable to carry on the partnership business in conformity with the partnership agreement; or

(6) a judicial decree, issued upon application by a transferee of a partner's transferable interest, that it is equitable to wind up the partnership business:

(a) if the partnership was for a definite term or particular undertaking at the time of the transfer or entry of the charging order that gave rise to the transfer, after the expiration of the term or completion of the undertaking; or

(b) if the partnership was a partnership at will at the time of the transfer or entry of the charging order that gave rise to the transfer, at any time.

Section 45. **Dissolution deferred ninety days.** (1) Except as provided in subsection (2), a partnership of more than two persons is not dissolved until 90 days after receipt by the partnership of notice from a partner under [section 44(1) or (2)(a)], and its business may be continued until that date as if no notice were received. Before that date, the partner who gave the notice may waive the right to have the partnership business wound up. If there is no waiver before that date, the partnership is dissolved and its business must be wound up.

(2) A partnership may be dissolved at any time during the 90-day period and its business wound up, by the express will of at least half of the other partners.

(3) After receipt by the partnership of notice from a partner under [section 44(1) or (2)(a)], the partner who gave the notice:

(a) has no rights in the management and conduct of the partnership business if it is continued under subsection (1) but may participate in winding up the business under 35-10-609 if the partnership is dissolved on or before the expiration of the 90-day period pursuant to subsection (1) or (2);

(b) is liable for obligations incurred during the period only to the extent a dissociated partner would be liable under [section 40(2) or 41(2)] but is not liable for contributions for and must be indemnified by the other partners against any partnership liability incurred by another partner to the extent the liability is not appropriate for winding up the partnership business; and

(c) must be credited with the partner's share of any profit earned during the period and may be charged with the partner's share of any loss incurred during the period but only to the extent of profits credited for the period.

Section 46. Section 35-10-602, MCA, is amended to read:

"**35-10-602. Partnership ~~not terminated by~~ *continues after* dissolution.** ~~On dissolution the~~ *A* partnership ~~is not terminated but~~ continues *after dissolution* until the winding up of ~~partnership affairs~~ *its business* is completed, *at which time the partnership is terminated.*"

Section 47. Section 35-10-609, MCA, is amended to read:

"**35-10-609. Right to wind up *partnership business*.** *(1)* ~~Unless otherwise agreed, the partners~~ *After dissolution, a partner* who ~~have~~ *has* not wrongfully ~~dissolved the partnership or the legal representative of the last surviving partner, not bankrupt, has the right to wind~~ *dissociated may participate in winding* up ~~the partnership affairs~~ *the partnership's business, but on application of*~~. However,~~ any partner, ~~his~~ *partner's* legal representative, or ~~his assignee~~ *transferee, the district court,* ~~upon~~ *for good* cause ~~shown~~, may ~~obtain~~ *order judicial supervision of the* winding up ~~by the court~~.

(2) The legal representative of the last surviving partner may wind up a partnership's business.

(3) A person winding up a partnership's business may preserve the partnership business or property as a going concern for a reasonable time; prosecute and defend actions and proceedings, whether civil, criminal, or administrative; settle and close the partnership's business; dispose of and transfer the partnership's property; discharge the partnership's liabilities; distribute the assets of the partnership pursuant to [section 51]; settle disputes by mediation or arbitration; and perform other necessary acts."

Section 48. **Partner's power to bind partnership after dissolution.** Subject to [section 49], a partnership is bound by a partner's act after dissolution that:

(1) is appropriate for winding up the partnership business; or

(2) would have bound the partnership under 35-10-301 before dissolution if the other party to the transaction did not have notice of the dissolution.

Section 49. **Statement of dissolution.** (1) After dissolution, a partner who has not wrongfully dissociated may file a statement of dissolution stating the name of the partnership and that the partnership has dissolved and is winding up its business.

(2) A statement of dissolution cancels a filed statement of partnership authority for the purposes of [section 17(4)] and is a limitation on authority for the purposes of [section 17(5)].

(3) For the purposes of 35-10-301 and [section 48], a person not a partner is considered to have notice of the dissolution and the limitation on the partners' authority as a result of the statement of dissolution 90 days after it is filed.

(4) After filing and, if appropriate, recording a statement of dissolution, the dissolved partnership may file and, if appropriate, record a statement of partnership authority that will operate with respect to a person not a partner as provided in [section 17(4) and (5)] in any transaction, whether or not the transaction is appropriate for winding up the partnership business.

Section 50. **Partner's liability to other partners after dissolution.** (1) Except as provided in [section 45(3)(b)] and subsection (2) of this section, after dissolution a partner is liable to the other partners for the partner's share of any partnership liability incurred under [section 48].

(2) A partner who, with knowledge of the winding up, incurs a partnership liability under [section 48(2)] by an act that is not appropriate for winding up

the partnership business is liable to the partnership for any loss caused to the partnership arising from the liability.

Section 51. **Settlement of accounts among partners.** (1) In winding up a partnership's business, the assets of the partnership must be applied to discharge its obligations to creditors, including partners who are creditors. Any surplus must be applied to pay in cash the net amount distributable to partners in accordance with their right to distributions pursuant to subsection (2).

(2) Each partner is entitled to a settlement of all partnership accounts upon winding up the partnership business. In settling accounts among the partners, the profits and losses that result from the liquidation of the partnership assets must be credited and charged to the partners' accounts. The partnership shall make a distribution to a partner in an amount equal to that partner's positive account balance. A partner shall contribute to the partnership an amount equal to that partner's negative balance.

(3) To the extent not taken into account in settling the accounts among partners pursuant to subsection (2), each partner shall contribute, in the proportion in which the partner shares partnership losses, the amount necessary to satisfy partnership obligations. If a partner fails to contribute, the other partners shall contribute, in the proportions in which the partners share partnership losses, the additional amount necessary to satisfy the partnership obligations. A partner or a partner's legal representative may recover from the other partners any contributions the partner makes to the extent the amount contributed exceeds that partner's share of the partnership obligations.

(4) The estate of a deceased partner is liable for the partner's obligation to contribute to the partnership.

(5) An assignee for the benefit of creditors of a partnership or a partner, or a person appointed by a court to represent creditors of a partnership or a partner, may enforce a partner's obligation to contribute to the partnership.

Section 52. **Conversion of partnership to limited partnership.** (1) A partnership may be converted to a limited partnership pursuant to this section.

(2) The terms and conditions of a conversion of a partnership to a limited partnership must be approved by all the partners or by a number or percentage specified for conversion in the partnership agreement.

(3) After the conversion is approved by the partners, the partnership shall file a certificate of limited partnership that satisfies the requirements of 35-12-601 and includes:

(a) a statement that the partnership was converted to a limited partnership from a partnership;

(b) its former name; and

(c) a statement of the number of votes cast by the partners for and against the conversion and, if the vote is less than unanimous, the number or percentage required to approve the conversion under the partnership agreement.

(4) The conversion takes effect when the certificate of limited partnership is filed or at any later date specified in the certificate.

(5) A partner who becomes a limited partner as a result of the conversion remains liable as a partner for an obligation incurred by the partnership before the conversion takes effect. If the other party to a transaction with the limited partnership reasonably believes when entering the transaction that the limited partner is a general partner, the partner is liable for an obligation incurred by the limited partnership within 90 days after the conversion takes effect. The partner's liability for all other obligations of the limited partnership incurred after the conversion takes effect is that of a limited partner as provided in Title 35, chapter 12.

Section 53. **Conversion of limited partnership to partnership.** (1) A limited partnership may be converted to a partnership pursuant to this section.

(2) Notwithstanding a provision to the contrary in a limited partnership agreement, the terms and conditions of a conversion of a limited partnership to a partnership must be approved by all the partners.

(3) After the conversion is approved by the partners, the limited partnership shall cancel its certificate of limited partnership pursuant to 35-12-603.

(4) The conversion takes effect when the certificate of limited partnership is canceled.

(5) A limited partner who becomes a partner as a result of the conversion remains liable only as a limited partner for an obligation incurred by the limited partnership before the conversion takes effect. The limited partner is liable as a partner for an obligation of the partnership incurred after the conversion takes effect.

Section 54. **Effect of conversion — entity unchanged.** (1) A partnership or limited partnership that has been converted pursuant to [section 52 or 53] is for all purposes the same entity that existed before the conversion.

(2) When a conversion takes effect:

(a) all property owned by the converting partnership or limited partnership remains vested in the converted entity;

(b) all obligations of the converting partnership or limited partnership continue as obligations of the converted entity; and

(c) an action or proceeding pending against the converting partnership or limited partnership may be continued as if the conversion had not occurred.

Section 55. **Merger of partnerships.** (1) Pursuant to a plan of merger approved as provided in subsection (3), a partnership may be merged with one or more partnerships or limited partnerships.

(2) The plan of merger must set forth:

(a) the name of each partnership or limited partnership that is a party to the merger;

(b) the name of the surviving entity into which the other partnerships or limited partnerships will merge;

(c) whether the surviving entity is a partnership or a limited partnership and the status of each partner;

(d) the terms and conditions of the merger;

(e) the manner and basis of converting the interests of each party to the merger into interests or obligations of the surviving entity or into money or other property in whole or part; and

(f) the street address of the surviving entity's chief executive office.

(3) The plan of merger must be approved:

Section 1. **State energy policy goal statement.** (1) It is the policy of the state of Montana to promote energy conservation, production, and consumption of a reliable and efficient mix of energy sources that represent the least social, environmental, and economic costs and the greatest long-term benefits to Montana citizens.

(2) In pursuing this goal, it is the policy of the state of Montana to:

(a) recognize that the state's energy system operates within the larger context of and is influenced by regional, national, and international energy markets; and

(b) maintain a continual process to review this energy policy statement and any future changes so that Montana's energy strategy will provide for a balance between a sustainable environment and a viable economy.

Section 3. **Energy policy development process.** (1) The department and the council, in cooperation with the consumer counsel and the public service commission, shall maintain a continual process to develop the components of a comprehensive state energy policy.

(2) Because of limited state resources and the need to focus intensive effort on specific issues of importance, the development of a comprehensive state energy policy must occur on an incremental basis. As the need arises, the department, in cooperation with the appropriate state agencies and with extensive public involvement, shall identify and recommend to the council specific components of a state energy policy for development under the consensus process described in subsection (3).

(3) (a) Upon selection of a specific energy policy component, the council shall assign to a working group composed of representatives of the parties with a stake in that specific component the task of developing consensus recommendations for that component of state energy policy.

(b) The working group must include the broadest possible representation of stakeholders in the issues to be included within the specific component of state energy policy.

(c) Whenever possible, the working group shall use a consensus process to develop recommendations for a specific energy policy component to be submitted to the council. Recommendations that are not based upon consensus must be so noted by the working group. Upon consideration of the working group's recommendations, the council shall forward its recommendations to the legislature and to the appropriate state agencies for adoption.

(d) The department shall:

(i) provide staff support to the working group, including policy analysis, data gathering, research, technical analysis, and administrative support;

(ii) provide administrative coordination among the appropriate state agencies in the energy policy development process;

(iii) prepare reports for and make recommendations to the council; and

(iv) consult regularly with the council to coordinate each agency's activities.

(4) In carrying out their responsibilities under this section, the department and the council may contract with experts, consultants, and facilitators and may seek funding from a variety of private and public sources for technical and other assistance necessary to accomplish their responsibilities.

Section 4. **Application of energy policy analysis methodology for energy-related bills.** (1) All bills reported out of a committee of the legislature that would affect state energy policy, including the consumption, production, and conservation of the state's energy resources, may include an energy policy analysis that evaluates the costs and benefits of that bill.

(2) The analysis must include:

(a) an energy policy evaluation worksheet, which consists of:

(i) a description of the bill;

(ii) identification of the problems or issues addressed by the bill;

(iii) an explanation of the intent of the bill; and

(iv) an evaluation of the bill's effects on energy, the environment, and the economy, along with information on the fiscal effects, social effects, and the distribution of the potential effects among different income groups, sectors of the economy, and geographic areas; and

(b) an effects summary table that reviews the information provided in the energy policy evaluation worksheet in summary form.

(3) An energy policy analysis may also be requested on a bill, as allowed by the joint rules of the legislature, by:

(a) a committee considering the bill;

(b) a majority of the members of the house in which the bill is to be considered, at the time of second reading; or

(c) the sponsor, through the presiding officer.

(4) The department, in cooperation with other appropriate state or local agencies, shall prepare the energy policy analysis, within the limits of available resources, within 6 days or as soon as reasonably practicable.

WHEREAS, the development of subdivided farm units has greatly increased irrigation district costs to administer water, including the costs of splitting irrigated acres, establishing and operating new land and water accounts, revising maps and assessment lists, administering water in brief duration to multiple users who share a common point of delivery, instructing small tract landowners on policies and procedures, and settling disputes related to water delivery and accounting; and

WHEREAS, the $25 maximum administrative charge on irrigated property is not enough to make the delivery of water to a small acreage economically feasible; and

WHEREAS, the $25 maximum administrative charge was established in 1979, with no consideration given to the future rate of inflation.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-7-2103, MCA, is amended to read:

"**85-7-2103. All irrigable lands chargeable alike.** (1) All irrigable lands in each irrigation district and all lands in each subdistrict of the district, except those lands that are included within the district because of the exchange or substitution of water under the provisions of 85-7-1912, shall pay at the same rate for all purposes for which the lands are charged, except as otherwise provided by law. There may be an administrative charge of $5 to ~~$25~~ *$75* against each separately owned tract of land regardless of its size, as provided in 85-7-2104. *The administrative charge is in addition to the annual tax levied under 85-7-2104.*

(2) Whenever water used for the irrigation of any lands within an irrigation district or subdistrict is obtained by pumping to different elevations, the cost of maintenance, operation, and pumping to each separate elevation ~~shall~~ *must* be apportioned and levied upon the lands lying under the ditch or ditches running from that particular elevation, in a manner ~~as may be~~ determined fair and equitable by the board of commissioners after considering the facts in each case. This apportionment must be made by the board of commissioners and included each year in the assessment provided for by 85-7-2104. The amount of the assessment for maintenance, operation, and pumping of water to each separate elevation, whenever there are different elevations, must be determined by the board in a manner and upon notice to the persons interested in the district or subdistrict as the board in its rules may provide.

(3) Whenever a contract has been made with the United States, the lands within the district or of a subdistrict if the contract substantially benefits the subdistrict, whether originally included or later annexed to the district or subdistrict, ~~shall~~ *must* pay in accordance with the federal reclamation laws and the public notices, orders, and regulations issued under the reclamation laws and in compliance with any contracts made by the United States with the owners of the lands and in compliance with the contract between the districts and the United States.

(4) Whenever a contract has been made with the state of Montana, the lands within the district or of a subdistrict if the contract substantially benefits the subdistrict, whether originally included or later annexed to the district or subdistrict, ~~shall~~ *must* pay in accordance with state laws and public notices and

rules issued under the laws and in compliance with any contract made by the state with the owners of the lands and in compliance with the contract between the district and the state.

(5) Whenever the works necessary for the completed project are constructed progressively over a period of years and whenever a portion of the lands within the district are or can be irrigated 1 year or more before the completion of the entire project, those lands irrigated or that can be irrigated through the built portion of the project ~~shall~~ *must* pay for the cost of operating that portion of the project serving them with irrigation water and *must* also ~~shall~~ pay the portion of the interest charges as its irrigable area bears to the irrigable area of the entire project.

(6) Whenever lands have appurtenant ~~thereto~~ *to the land* a partial water right or partial rights in a system of irrigation other than that of the district or subdistrict, the amounts payable must be equitably apportioned.

(7) Whenever the owners of a portion of the lands within an irrigation district choose to install a gravity system to irrigate those lands, the cost of constructing the gravity system must be apportioned among and levied upon the lands irrigated by the gravity system in a manner determined to be equitable by the board. The levy must be included each year in the assessment charged under 85-7-2104."

Section 2. Section 85-7-2104, MCA, is amended to read:

"**85-7-2104. Annual tax levy — apportionment when tracts divided.** (1) (a) On or before the second Monday in July each year, the board of commissioners of each irrigation district organized under parts 1 and 15 shall ascertain:

(b) The board shall levy against each 40-acre tract or fractional lot, as designated by United States government survey, or platted lot if land is subdivided in lots and blocks (or where land is owned in less than 40-acre tracts or in less than the platted lot, against each tract) of land in the district, that portion of the respective total amounts to be raised which the total irrigable area of any tract or lot bears to the total irrigable area of the lands in the district, so that each acre of irrigable land in the district ~~must be~~ *is* assessed and required to pay the same amount as every other acre of irrigable land ~~therein~~ *in the district,* unless otherwise specifically provided by the board. The board may *also* charge ~~$5 to $25 against each separately owned tract of land, regardless of its size~~ *the administrative charge authorized in 85-7-2103(1).*

(c) Indebtedness under subsection (1) includes debt incurred under any contract between the district and the United States but excludes any indebtedness incurred by the district on behalf of a subdistrict.

(2) (a) On or before the second Monday in July each year, the board of commissioners of each irrigation district organized under parts 1 and 15 for which a subdistrict has been created pursuant to 85-7-404 shall determine the total amount to be raised that year for interest and principal payments on the outstanding bonded or other indebtedness of the district incurred on behalf of the subdistrict.

(b) The board shall levy against each 40-acre tract or fractional lot, as designated by United States government survey, or platted lot if land is subdivided in lots and blocks (or where land is owned in less than 40-acre tracts or in less than the platted lot, against each tract) in the subdistrict, the portion of the total amount to be raised apportioned according to the ratio of the total irrigable area of the tract or lot to the total irrigable area of the lands in the subdistrict, so that each acre of irrigable land in the subdistrict is assessed and required to pay the same amount as every other acre of irrigable land in the subdistrict, unless otherwise specifically provided by the board. The board may *also* charge ~~$5 to $25 against each separately owned tract or lot of land, regardless of its size~~ *the administrative charge authorized in 85-7-2103(1).*

CHAPTER NO. 259

[SB 173]

AN ACT PROVIDING FOR THE PAYMENT OF PUBLIC RETIREMENT BENEFITS TO ALTERNATE PAYEES PURSUANT TO FAMILY LAW ORDERS; AND AMENDING SECTIONS 19-3-105, 19-4-706, 19-5-704, 19-6-705, 19-7-705, 19-8-805, 19-9-1006, AND 19-13-1004, MCA.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 1] grants rulemaking authority to the public employees' retirement board or the teachers' retirement board. [Section 1] provides for the assignment and payment of retirement system benefits to alternate payees but differs from federal qualified domestic relations orders. Alternate payees will not be eligible to receive payments that could not otherwise be paid by the retirement system.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Alternate payees — family law orders.** (1) A participant in a retirement system may have the participant's rights modified or recognized by a family law order.

(2) For purposes of this section:

(a) "participant" means a member or an actual or potential beneficiary, survivor, or contingent annuitant of a retirement system designated pursuant to Title 19, chapter 3, 4, 5, 6, 7, 8, 9, 12, or 13 [this title]; and

(b) "family law order" means a judgment, decree, or order of a court of competent jurisdiction under Title 40 concerning child support, parental support, spousal maintenance, or marital property rights that includes a transfer of all or a portion of a participant's payment rights in a retirement system to an alternate payee in compliance with this section.

(3) A family law order must identify an alternate payee by full name, current address, and social security number. An alternate payee's rights and interests granted in compliance with this section are not subject to assignment, execution, garnishment, attachment, or other process. An alternate payee's rights or interests may be modified only by a family law order amending the family law order that established the right or interest.

(4) A family law order may not require:

(a) a type or form of benefit, option, or payment not available to the affected participant under the appropriate retirement system; or

(b) an amount or duration of payment greater than that available to a participant under the appropriate retirement system.

(5) A family law order may only provide for payment to an alternate payee as follows:

(a) Service retirement benefit payments or withdrawals of member contributions may be apportioned by directing payment of a percentage of the amount payable or payment of a fixed amount of no more than the amount payable to the participant.

(b) The maximum amount of disability or survivorship benefits that may be apportioned to alternate payees is the monthly benefit amount that would have been payable on the date of termination of service if the member had retired without disability or death.

(c) Retirement benefit adjustments for which a participant is eligible after retirement may be apportioned only if existing benefit payments are apportioned. The adjustments must be apportioned in the same ratio as existing benefit payments.

(d) Payments must be limited to the life of the appropriate participant. The duration of payments to an alternate payee may be further limited only to a specified maximum time, the life of the alternate payee, or the life of a specified participant. Payments to an alternate payee may be limited to a specific amount per month if the number of payments is specified. The alternate payee's rights and interests survive the alternate payee's death and may be transferred by inheritance.

(e) The participant may be required to choose a specified form of benefit payment or designate a beneficiary or contingent annuitant if the retirement system allows for that option.

(6) The board may assess a participant or an alternate payee for all costs of reviewing and administering a family law order, including reasonable attorney fees. The board may adopt rules to implement this section.

Effect of nonpayment.** (1) When a defendant who is sentenced to pay the costs of court-appointed counsel defaults in payment of the costs or of any installment, the court on motion of the ~~county attorney~~ *prosecutor* or on its own motion may require ~~him~~ *the defendant* to show cause why the default should not be treated as contempt of court and may issue a show cause citation or an arrest warrant requiring the defendant's appearance.

(2) Unless the defendant shows that the default was not attributable to an intentional refusal to obey the order of the court or to a failure on the defendant's part to make a good faith effort to make the payment, the court may find that the default constitutes civil contempt.

(3) The term of imprisonment for contempt for nonpayment of the costs of court-appointed counsel must be set forth in the judgment and may not exceed 1 day for each $25 of the payment, 30 days if the order for payment of costs was imposed upon conviction of a misdemeanor, or 1 year in any other case, whichever is the shorter period. A person committed for nonpayment of costs must be given credit toward payment for each day of imprisonment at the rate specified in the judgment.

(4) If it appears to the satisfaction of the court that the default in the payment of costs is not contempt, the court may enter an order allowing the defendant additional time for payment, reducing the amount of the payment or

of each installment, or revoking the order for payment of the unpaid portion of the costs in whole or in part.

(5) A default in the payment of costs or any installment may be collected by any means authorized by law for the enforcement of a judgment. The writ of execution for the collection of costs may not discharge a defendant committed to imprisonment for contempt until the amount of the payment for costs has actually been collected."

Section 9. Section 46-8-201, MCA, is amended to read:

"**46-8-201. Remuneration of appointed counsel.** (1) Whenever in a criminal proceeding an attorney represents or defends any person by order of the court on the ground that the person is financially unable to employ counsel, the attorney must be paid for the services a sum as a ~~district court~~ judge or justice of the state supreme court certifies to be a reasonable compensation and be reimbursed for reasonable costs incurred in the criminal proceeding.

(2) The expense of implementing subsection (1) is chargeable as provided in 3-5-901 to the county in which the proceeding arose, the state, or both, except that:

(a) in proceedings solely involving the violation of a city ordinance or state statute prosecuted in a municipal or city court, the expense is chargeable to the city or town in which the proceeding arose; or

(b) when there has been an arrest by agents of the department of fish, wildlife, and parks or agents of the department of justice and the charge is prosecuted by personnel of the state agency that made the charge, the expense must be borne by the prosecuting state agency."

"**46-9-201. Who may admit to bail.** A judge may admit to bail any defendant properly appearing before ~~him~~ *the judge* in a bail proceeding. When bound over to any court or judge having jurisdiction of the offense charged, bail must be continued provided that the court or judge having jurisdiction may increase, reduce, or substitute bail. On appeal, a judge before whom the trial was had or a judge having the power to issue a writ of habeas corpus may admit the defendant to bail. For purposes of this section, a defendant's appearance before a judge may be either by physical appearance before the court or by two-way electronic audio-video communication as provided in ~~46-9-115~~ *46-9-206.*"

(2) On verified application by the ~~state~~ *prosecutor* setting forth facts or circumstances constituting a breach or threatened breach of any of the conditions of the bail or a threat or an attempt to influence the pending proceeding, the court may issue a warrant for the arrest of the defendant.

"**46-10-202. Presentation of evidence.** (1) The defendant may not enter a plea. The judge shall hear the evidence without unnecessary delay. All witnesses must be examined in the presence of the defendant. The defendant may cross-examine witnesses against the defendant and may introduce evidence in the defendant's own behalf. For purposes of this section, a preliminary examination conducted by the use of two-way electronic audio-video communication that allows all of the participants to be observed and heard by all other participants and that allows the defendant to cross-examine witnesses is considered to be an examination of a witness in the presence of the defendant. Two-way electronic ~~audio-visual~~ *audio-video* communication may not be used unless the defendant's counsel is physically present with ~~his client~~ *the defendant,* unless this requirement is waived by the defendant.

(2) During the examination of a witness or when the defendant is making a statement or testifying, the judge may, and on the request of the defendant or state shall, exclude all other witnesses. The judge may also cause the witnesses to be kept separate and to be prevented from communicating with each other until all are examined.

(3) An objection to evidence on the ground that it has been acquired by unlawful means is not properly made at the preliminary examination. Motions to suppress must be made to the trial court as provided in 46-13-302.

(4) For purposes of a hearing under this chapter, a defendant may, in the discretion of the court, appear before the court either by physical appearance or by two-way electronic audio-video communication. The audio-video communication must operate so that the defendant and the judge can see each other simultaneously and converse with each other, so that the defendant and ~~his~~ *the defendant's* counsel, if any, can communicate privately, and so that the defendant and ~~his~~ *the defendant's* counsel are both physically present in the same place during the two-way electronic audio-video communication. The defendant may waive the requirement that ~~his~~ counsel be in the defendant's physical presence during the two-way electronic audio-video communication. A judge

Challenges must be made before the administration of the oath of the jurors, may be oral or in writing, and must be tried and decided by the court.

(2) At any time for cause shown, the district court may excuse or discharge a juror either temporarily or permanently, and in the latter event, the court may impanel another person in place of the juror discharged.

(3) A motion to dismiss the indictment may be based on the ground that the grand jury was not selected, drawn, or summoned according to law or that an individual juror was not legally qualified. An indictment may not be dismissed on the ground that one or more members are not legally qualified if it appears from the record kept pursuant to this part that eight or more jurors, after deducting those not legally qualified, concurred in finding the indictment."

Section 16. Section 46-11-332, MCA, is amended to read:

"**46-11-332. Presenting the indictment.** (1) An indictment, when found by the grand jury, must be signed by and presented by the foreman to the district court in the presence of the grand jury and must be filed with the clerk. The charge must state for each count the official or customary citation of the statute, rule, regulation, or other provision of law that the defendant is alleged to have violated.

(2) If the charge is by information or indictment, it must include endorsed on the information or indictment the names of the witnesses for the state, if known.

(3) If the charge is by complaint, it must be signed on oath *by a peace officer,* by a person having knowledge of the facts, or by the prosecutor.

(4) If the charge is by information, it must be signed by the prosecutor. If the charge is by indictment, it must be signed by the foreman of the grand jury.

Section 18. Section 46-11-405, MCA, is amended to read:

"**46-11-405. Discharge of codefendant.** (1) When two or more persons are included in the same charge, the court may, at any time before the defendants have gone into their defense, on the application of the ~~county attorney~~ *prosecutor,* direct any defendant to be discharged so that ~~he~~ *the defendant* may be a witness for the ~~state~~ *prosecution.*

(2) When two or more persons are included in the same indictment or information and the court is of the opinion that in regard to a particular defendant there is not sufficient evidence to *require the defendant to* put ~~him~~ on ~~his~~ *a* defense, the court must order ~~him~~ *that defendant* to be discharged before the evidence is closed *so* that ~~he~~ *the discharged defendant* may be a witness for ~~his~~ *the* codefendant."

Section 19. Section 46-11-601, MCA, is amended to read:

"**46-11-601. Recognizance by or deposition of witness.** (1) If the defendant is held to answer after a preliminary examination, ~~or~~ after the defendant has waived a preliminary examination, ~~or~~ after the district court has granted leave to file an information, or after an indictment has been returned, the judge may:

(a) require any material witness for the state or defendant to enter into a written undertaking to appear at the trial; and

(b) provide for the forfeiture of a sum certain in the event the witness does not appear at the trial.

(2) Any witness who refuses to enter into a written undertaking may be remanded to custody but ~~shall~~ *may* not be held longer than is necessary to take ~~his~~ *the witness's* deposition. After the deposition is taken, the witness must be immediately discharged.

(3) ~~Such~~ *The* deposition must be taken in the presence of the ~~county attorney~~ *prosecutor* and the defendant and ~~his~~ *the defendant's* counsel unless

"**46-11-701. Pretrial proceedings — exclusion of public and sealing of records.** (1) Except as provided in this section, pretrial proceedings and records of those proceedings are open to the public. If, at the pretrial proceedings, testimony or evidence is presented that is likely to threaten the fairness of a trial, the presiding officer shall advise those present of the danger and shall seek the voluntary cooperation of the news media in delaying dissemination of potentially prejudicial information until the impaneling of the jury or until an earlier time consistent with the administration of justice.

(2) The defendant may move that all or part of the proceeding be closed to the public, or with the consent of the defendant, the judge may take action on the judge's own motion.

(3) The judge may close a preliminary hearing, bail hearing, or any other pretrial proceeding, including a *hearing on a* motion to suppress, and may seal the record only if:

(a) the dissemination of information from the pretrial proceeding and its record would create a clear and present danger to the fairness of the trial; and

(b) the prejudicial effect of the information on trial fairness cannot be avoided by any reasonable alternative means.

(4) Whenever all or part of any pretrial proceeding is held in chambers or otherwise closed to the public under this section, a complete record must be kept and made available to the public following the completion of the trial or earlier if consistent with trial fairness.

(5) When the judge determines that all or part of a document filed in support of a charge or warrant would present a clear and present danger to the defendant's right to a fair trial, the document or portion of the document must be sealed until the trial is completed unless the document or portion of the document must be used for trial fairness.

~~(6) An affidavit filed in support of a motion for leave to file a charge or warrant must be sealed unless the judge determines that disclosure of the information in the affidavit is required to protect the health, safety, or welfare of the public.~~"

Section 21. Section 46-12-210, MCA, is amended to read:

~~(c)~~*(iii)* the maximum penalty provided by law, including the effect of any penalty enhancement provision or special parole restriction; and

~~(d)~~*(iv)* when applicable, the requirement that the court may also order the defendant to make restitution of the costs and assessments provided by law;

~~(2)~~*(b)* if the defendant is not represented by an attorney, the fact that ~~he~~ *the defendant* has the right to be represented by an attorney at every stage of the proceeding ~~against him~~ and that, if necessary, one will be appointed to represent the defendant;

~~(3)~~*(c)* that the defendant has the right:

~~(a)~~*(i)* to plead not guilty or to persist in that plea if it has already been made;

~~(b)~~*(ii)* to be tried by a jury and at the trial has the right to the assistance of counsel;

~~(c)~~*(iii)* to confront and cross-examine witnesses against the defendant; and

~~(d)~~*(iv)* not to be compelled to reveal personally incriminating information;

~~(4)~~*(d)* that if the defendant pleads guilty in fulfillment of a plea agreement, the court is not required to accept the terms of the agreement and that the defendant may not be entitled to withdraw the plea if the agreement is not accepted pursuant to 46-12-211;

~~(5)~~*(e)* that if the defendant's plea of guilty is accepted by the courts, there will not be a further trial of any kind, so that by pleading guilty the defendant waives the right to a trial; and

~~(6)~~*(f)* that if the defendant is not a United States citizen, a guilty plea might result in deportation from or exclusion from admission to the United States or denial of naturalization under federal law.

(2) The requirements of subsection (1) may be accomplished by the defendant filing a written acknowledgment of the information contained in subsection (1)."

Section 22. Section 46-12-211, MCA, is amended to read:

Plea agreement procedure.** (1) The prosecutor and the attorney for the defendant, or the defendant when acting pro se, may engage in discussions with a view toward reaching an agreement that, upon the entering of a plea of guilty to a charged offense or to a lesser or related offense, the prosecutor will do any of the following:

(a) move for dismissal of other charges;

(b) agree that a specific sentence is the appropriate disposition of the case; or

(c) make a recommendation, or agree not to oppose the defendant's request, for a particular sentence, with the understanding that the recommendation or request may not be binding upon the court.

(2) If a plea agreement has been reached by the parties, the court shall, on the record, require a disclosure of the agreement in open court or, on a showing of good cause in camera, at the time the plea is offered. If the agreement is of the type specified in subsection (1)(a) or (1)(b), the court may accept or reject the agreement, or may defer its decision as to the acceptance or rejection until there

has been an opportunity to consider the presentence report. If the agreement is of the type specified in subsection (1)(c), the court shall advise the defendant that, if the court does not accept the recommendation or request, the defendant nevertheless has no right to withdraw the plea.

(3) If the court accepts a plea agreement, the court shall inform the defendant that it will embody in the judgment and sentence the disposition provided for in the plea agreement.

(4) If the court rejects ~~the~~ *a* plea agreement *of the type specified in subsection (1)(a) or (1)(b)*, the court shall, on the record, inform the parties of this fact and advise the defendant that the court is not bound by the plea agreement, afford the defendant an opportunity to withdraw the plea, and advise the defendant that if the defendant persists in the guilty plea, the disposition of the case may be less favorable to the defendant than that contemplated by the plea agreement."

The notice must state the name and address of each person to be examined. On motion of the party upon whom the notice is served, the *municipal or* district court for cause shown may extend or shorten the time or change the place for taking the deposition.

(2) A deposition must be taken in the manner provided in civil actions. The ~~district~~ court, upon request, may direct that a deposition be taken on written interrogatories in the manner provided in civil actions. However, a deposition may not be taken of a party defendant without ~~his~~ *the defendant's* consent, and the scope and manner of examination and cross-examination must be restricted as would be allowed in the trial itself.

(3) The deposition must be filed with the ~~district~~ court making the order and held until the trial. Either party shall make available to the other party~~,~~ or the other party's counsel~~,~~ for examination and use at the taking of the deposition any relevant, nonprivileged statement of the witness being deposed that is in the possession of either party.

(4) Objections to deposition testimony or evidence or parts of the testimony or evidence may be reserved for subsequent determination by the ~~district~~ court.

(5) Unless a defendant in custody has waived, in writing, the right to be present at the taking of a deposition, the officer having custody of the defendant must be notified of the time and place set for the deposition. The officer having custody shall produce the defendant and keep the defendant in the presence of a witness during the deposition.

(6) A defendant not in custody who fails to appear, without good cause, at the taking of a deposition after being notified of the time and place set for the deposition will be considered to have waived the right to be present as provided in 46-16-122. The waiver includes a waiver of any objection to the taking and use of the deposition based upon that right.

(7) Whenever a deposition is taken at the instance of the prosecution or whenever a deposition is taken at the instance of a defendant who is unable to bear the expense of taking a deposition, the ~~district~~ court shall direct that the expense of travel and subsistence of the defendant and the defendant's counsel for attendance at the examination and the cost of the transcript of the deposition be paid by the *city for a municipal court proceeding or by the* state *for a district court proceeding.*"

(d) all papers, documents, photographs, or tangible objects that the prosecutor may use at trial or that were obtained from or purportedly belong to the defendant; and

(e) all material or information that tends to mitigate or negate the defendant's guilt as to the offense charged or that would tend to reduce the defendant's potential sentence.

(2) At the same time, the prosecutor shall inform the defendant of, and make available to the defendant for examination and reproduction, any written or recorded material or information within the prosecutor's control regarding:

(a) whether there has been any electronic surveillance of any conversations to which the defendant was a party;

(b) whether an investigative subpoena has been executed in connection with the case; and

(4) The prosecutor's obligation of disclosure extends to material and information in the possession or control of members of the prosecutor's staff and of any other persons who have participated in the investigation or evaluation of the case.

(5) Upon motion showing that the defendant has substantial need in the preparation of the case for additional material or information not otherwise provided for and that the defendant is unable, without undue hardship, to obtain the substantial equivalent by other means, the court, in its discretion, may order any person to make it available to the defendant. The prosecutor may not be required to prepare or disclose summaries of witnesses' testimony.

(6) The prosecutor shall furnish to the defendant no later than 5 days before trial or at a later time as the court may for good cause permit, together with their statements, a list of the names and addresses of all persons whom the prosecutor intends to call as rebuttal witnesses to evidence of good character or the defenses of alibi, compulsion, entrapment, justifiable use of force, or mistaken identity or the defense that the defendant did not have a particular state of mind that is an element of the offense charged."

Section 34. Section 46-15-323, MCA, is amended to read:

(3) Within 10 days after receiving a report of the defendant's mental condition from a psychiatrist or psychologist or at a later time as the court may for good cause permit, the defendant shall provide the prosecutor with a written

(7) The defendant's obligation under this section extends to material and information within the possession or control of the defendant, defense counsel, and defense counsel's staff or investigators.

The court may, upon request of any person affected by the order, vacate or modify the order if compliance would be unreasonable or oppressive. The defense counsel may not be required to prepare or disclose summaries of witnesses' testimony."

(3) Disclosure of the existence of an informant or the identity of an informant who will not be called to testify is not required if:

(a) disclosure would result in substantial risk to the informant or to the informant's operational effectiveness; and

(b) the failure to disclose will not infringe the constitutional rights of the accused."

Section 36. Section 46-16-116, MCA, is amended to read:

"**46-16-116. Peremptory challenges.** (1) Each defendant is allowed eight peremptory challenges in capital cases and six in all other cases tried in the district court before a 12-person jury. There may not be additional challenges for separate counts charged in the indictment or information.

(2) If the indictment or information charges a capital offense as well as lesser offenses in separate counts, the maximum number of challenges is eight.

(3) The state is allowed the same number of peremptory challenges as all of the defendants.

(4) In a criminal case tried before a six-person jury, the ~~state~~ *prosecution* and all the defendants are allowed three peremptory challenges each.

(a) has been removed from the courtroom for disruptive behavior after receiving a warning that removal will result if the defendant persists in conduct that is so disruptive that the trial cannot be carried on with the defendant in the courtroom; or

(b) is voluntarily absent and the offense is not one that is punishable by death.

(4) Nothing in this section limits the right of the court to order the defendant to be personally present at the trial for purposes of identification unless defense counsel stipulates to the issue of identity."

~~(e)~~*(v)* any other reasonable conditions.

~~(2)~~*(b)* The agreement must be in writing, must be signed by the parties, and must state that the defendant waives the right to speedy trial for the period of deferral. The agreement may include stipulations concerning the admissibility of evidence, specified testimony, or dispositions if the deferral of the prosecution is terminated and there is a trial on the charge.

~~(3)~~*(c)* The prosecution must be deferred for the period specified in the agreement unless there has been a violation of its terms.

~~(4)~~*(d)* The agreement must be terminated and the prosecution automatically dismissed with prejudice upon expiration and compliance with the terms of the agreement.

(2) After a charge has been filed, a deferral of prosecution may be entered into only with the approval of the court."

Section 39. Section 46-17-311, MCA, is amended to read:

"**46-17-311. Appeal from justices', municipal, and city courts.** (1) Except for cases in which legal issues are preserved for appeal pursuant to

46-12-204, all cases on appeal from a justice's~~, municipal,~~ or city court must be tried anew in the district court and may be tried before a jury of six selected in the same manner as for other criminal cases. *An appeal from a municipal court to the district court is governed by 3-6-110.*

(3) Within 30 days of filing the notice of appeal, the court shall transfer the entire record of the court of limited jurisdiction to the district court."

Section 40. Section 46-18-111, MCA, is amended to read:

"**46-18-111. Presentence investigation — when required.** (1) Upon the acceptance of a plea or upon a verdict or finding of guilty to one or more felony offenses, the district court shall direct the probation officer to make a presentence investigation and report. The district court may, in its discretion, order a presentence investigation for a defendant convicted of a misdemeanor. ~~The~~ *If the defendant was convicted of an offense under 45-5-502, 45-5-503, 45-5-504, 45-5-505, 45-5-507, or 45-5-625 against a victim who was less than 16 years of age when the offense was committed, the* investigation must include an evaluation of the defendant and a recommendation as to treatment by a person qualified under guidelines established by the department of corrections and human services. All costs related to the evaluation must be paid by the defendant. If the defendant is determined by the *district* court to be indigent, all costs related to the evaluation are the responsibility of the district court and must be paid by the ~~department of commerce~~ *supreme court administrator* under Title 3, chapter 5, part 9.

(2) If the *district* court finds that the record contains information sufficient to enable the meaningful exercise of discretion during sentencing, the defendant may waive a presentence investigation and report. Section 42. Section 46-18-117, MCA, is amended to read:

"**46-18-117. Correction of sentence.** The court may correct an ~~illegal~~ *erroneous* sentence or disposition at any time and may correct a sentence imposed in an illegal manner within 120 days after the sentence is imposed or after remand from an appellate court."

Section 43. Section 46-18-201, MCA, is amended to read:

"**46-18-201. Sentences that may be imposed.** (1) Whenever a person has been found guilty of an offense upon a verdict or a plea of guilty, the court may:

(a) defer imposition of sentence, except as provided in 61-8-714 and 61-8-722 for sentences for driving under the influence of alcohol or drugs, for a period, except as otherwise provided, not exceeding 1 year for any misdemeanor or for a period not exceeding 3 years for any felony. (i) jail base release;

(ii) jail time not exceeding 180 days;

(iii) conditions for probation;

(iv) restitution;

(v) payment of the costs of confinement;

(ix) with the approval of the facility or program, order the offender to be placed in a community corrections facility or program as provided in 53-30-321;

(x) community service;

(xi) home arrest as provided in Title 46, chapter 18, part 10;

(xii) any other reasonable conditions considered necessary for rehabilitation or for the protection of society; or

(xiii) any combination of the above.

(b) suspend execution of sentence *for a period* up to the maximum sentence allowed *or for a period of 6 months, whichever is greater,* for each particular offense. The sentencing judge may impose on the defendant any reasonable restrictions or conditions during the period of suspended sentence. Reasonable restrictions or conditions may include any of those listed in subsection (1)(a).

(c) impose a fine as provided by law for the offense;

(d) require payment of costs as provided in 46-18-232 or payment of costs of court-appointed counsel as provided in 46-8-113;

(e) commit the defendant to a correctional institution, with or without a fine as provided by law for the offense;

(f) with the approval of the facility or program, order the offender to be placed in a community corrections facility or program as provided in 53-30-321;

(g) impose any combination of subsections (1)(b) through (1)(f).

(2) If a financial obligation is imposed as a condition under subsection (1)(a), sentence may be deferred for a period not exceeding 2 years for a misdemeanor or for a period not exceeding 6 years for a felony, regardless of whether any other conditions are imposed.

(3) If any restrictions or conditions imposed under subsection (1)(a) or (1)(b) are violated, the court shall consider any elapsed time and either expressly allow part or all of it as a credit against the sentence or reject all or part as a credit and state its reasons in the order. Credit, however, must be allowed for jail or home arrest time already served.

(4) Except as provided in 45-9-202 and 46-18-222, the imposition or execution of the first 2 years of a sentence of imprisonment imposed under the following sections may not be deferred or suspended: 45-5-103, 45-5-202(3) relating to aggravated assault, 45-5-302(2), 45-5-303(2), 45-5-401(2), 45-5-502(3), 45-5-503(2) and (3), 45-9-101(2), (3), and (5)(d), 45-9-102(4), and 45-9-103(2).

(5) Except as provided in 46-18-222, the imposition or execution of the first 10 years of a sentence of imprisonment imposed under 45-5-102 may not be deferred or suspended.

(6) Except as provided in 46-18-222, imposition of sentence in a felony case may not be deferred in the case of a defendant who has been convicted of a felony on a prior occasion, whether or not the sentence was imposed, imposition of the sentence was deferred, or execution of the sentence was suspended.

(7) If the victim was less than 16 years old, the imposition or execution of the first 30 days of a sentence of imprisonment imposed under 45-5-503, 45-5-504, 45-5-505, or 45-5-507 may not be deferred or suspended. Section 46-18-222 does not apply to the first 30 days of the imprisonment.

(8) In imposing a sentence on a defendant convicted of a sexual offense as defined in 46-23-502, the court may not waive the registration requirement provided in 46-18-254, 46-18-255, and Title 46, chapter 23, part 5.

(9) A person convicted of a sexual offense, as defined in 46-23-502, and sentenced to imprisonment in the state prison shall enroll in the educational phase of the prison's sexual offender program.

(10) In sentencing a nonviolent felony offender, the court shall first consider alternatives to imprisonment of the offender in the state prison, including placement of the offender in a community corrections facility or program. In considering alternatives to imprisonment, the court shall examine the sentencing criteria contained in 46-18-225. If the offender is subsequently sentenced to the state prison or a women's correctional facility, the court shall state its reasons why alternatives to imprisonment were not selected, based on the criteria contained in 46-18-225."

Section 44. Section 46-18-202, MCA, is amended to read:

"**46-18-202. Additional restrictions on sentence.** (1) The district court may also impose any of the following restrictions or conditions on the sentence provided for in 46-18-201 ~~which~~ *that* it considers necessary to obtain the objectives of rehabilitation and the protection of society:

(a) prohibition of the defendant's holding public office;

(b) prohibition of ~~his~~ *the defendant's* owning or carrying a dangerous weapon;

(c) restrictions on ~~his~~ *the defendant's* freedom of association;

(d) restrictions on ~~his~~ *the defendant's* freedom of movement;

(e) any other limitation reasonably related to the objectives of rehabilitation and the protection of society.

(2) Whenever the district court imposes a sentence of imprisonment in the state prison for a term exceeding 1 year, the court may also impose the restriction that the defendant be ineligible for parole and participation in the supervised release program while serving ~~his~~ *that* term. If such a restriction is to be imposed, the court shall state the reasons for it in writing. If the court finds that the restriction is necessary for the protection of society, it shall impose the restriction as part of the sentence and the judgment shall contain a statement of the reasons for the restriction.

(3) The judge in a justice's, city, or municipal court does not have the authority to restrict an individual's rights as enumerated in ~~subsections (1) and (2)~~ *subsection (1)(a)*.

(4) When the district court imposes a sentence of probation as defined in 46-23-1001, any probation agreement signed by the defendant may contain a clause waiving extradition."

Section 45. Section 46-18-203, MCA, is amended to read:

"**46-18-203. Revocation of suspended or deferred sentence.** (1) Upon the filing of a petition for revocation~~, accompanied by an affidavit~~ showing probable cause that the defendant has violated any condition of a sentence or any condition of a deferred imposition of sentence, the court may issue an order for a hearing on revocation. The order must require the defendant to appear at a specified time and place for the hearing and be served by delivering a copy of the petition and order to the defendant personally. The court may also issue an arrest warrant directing any peace officer or a probation officer to arrest the defendant and bring the defendant before the court.

(2) The petition for a revocation must be filed with the sentencing court during the period of suspension or deferral. Expiration of the period of suspension or deferral after the petition is filed does not deprive the court of its jurisdiction to rule on the petition.

(3) The provisions pertaining to bail, as set forth in Title 46, chapter 9, are applicable to persons arrested pursuant to this section.

(4) Without unnecessary delay, the defendant must be brought before the court, and the defendant must be advised of:

(a) the allegations of the petition;

(b) the opportunity to appear and to present evidence in the defendant's own behalf;

(c) the opportunity to question adverse witnesses; and

(d) the right to be represented by counsel at the revocation hearing pursuant to Title 46, chapter 8, part 1.

(5) A hearing is required before a suspended or deferred sentence can be revoked or the terms or conditions of the sentence can be modified, unless:

(a) the defendant admits the allegations and waives the right to a hearing; or

(b) the relief to be granted is favorable to the defendant, and the prosecutor, after having been given notice of the proposed relief and a reasonable opportunity to object, has not objected. An extension of the term of probation is not favorable to the defendant for the purposes of this subsection (b).

(6) At the hearing, the prosecution shall prove, by a preponderance of the evidence, that there has been a violation of the terms and conditions of the suspended or deferred sentence. However, when a failure to pay restitution is the basis for the petition, the defendant may excuse the violation by showing sufficient evidence that the failure to pay restitution was not attributable to a failure on the defendant's part to make a good faith effort to obtain sufficient means to make the restitution payments as ordered.

(7) If the court finds that the defendant has violated the terms and conditions of the suspended or deferred sentence, the court may:

(a) continue the suspended or deferred sentence without a change in conditions;

(b) continue the suspended sentence with modified or additional terms and conditions;

(c) revoke the suspension of sentence and require the defendant to serve either the sentence imposed or any lesser sentence; or

(d) if the sentence was deferred, impose any sentence that might have been originally imposed.

(8) If the court finds that the prosecution has not proved, by a preponderance of the evidence, that there has been a violation of the terms and conditions of the suspended or deferred sentence, the petition must be dismissed and the defendant, if in custody, immediately released."

Section 46. Section 46-18-222, MCA, is amended to read:

"**46-18-222. Exceptions to mandatory minimum sentences and restrictions on deferred imposition and suspended execution of sentence.** All mandatory minimum sentences prescribed by the laws of this state and the restrictions on deferred imposition and suspended execution of sentence prescribed by ~~subsections (4), (5), and (6) of~~ 46-18-201*(4) through (6)*, 46-18-221(3), 46-18-224, and 46-18-502(3) do not apply if:

(1) the defendant was less than 18 years of age at the time of the commission of the offense for which ~~he~~ *the defendant* is to be sentenced;

(2) the defendant's mental capacity, at the time of the commission of the offense for which ~~he~~ *the defendant* is to be sentenced, was significantly impaired, although not so impaired as to constitute a defense to the prosecution. However, a voluntarily induced intoxicated or drugged condition may not be considered an impairment for the purposes of this subsection.

(3) the defendant, at the time of the commission of the offense for which ~~he~~ *the defendant* is to be sentenced, was acting under unusual and substantial duress, although not such duress as would constitute a defense to the prosecution;

(4) the defendant was an accomplice, the conduct constituting the offense was principally the conduct of another, and the defendant's participation was relatively minor;

(5) ~~where applicable~~ *in a case in which the threat of bodily injury or actual infliction of bodily injury is an actual element of the crime*, no serious bodily injury was inflicted on the victim unless a weapon was used in the commission of the offense; or

(6) the offense was committed under 45-5-502(3) and the court determines that treatment of the defendant in a local community affords a better opportunity for rehabilitation of the defendant and for the ultimate protection of society, in which case the court shall include in its judgment a statement of the reasons for its determination."

Section 47. **Notice by prosecutor of other crimes, wrongs, or acts.** (1) Except for good cause shown, if the prosecutor intends to use evidence of other crimes, wrongs, or acts pursuant to Rule 404(b), Montana Rules of Evidence, notice must be given at or before the omnibus hearing held pursuant to 46-13-110.

(2) The notice must specify the other crimes, wrongs, or acts and must include a statement as to the purpose for which the evidence is to be offered.

(3) The notice must be filed and sealed until the time of trial or until a plea of guilty is entered by the defendant.

Section 48. **Codification instruction.** [Section 47] is intended to be codified as an integral part of Title 46, chapter 13, part 1, and the provisions of Title 46, chapter 13, part 1, apply to [section 47].

Section 49. **Repealer.** Sections 46-10-201, 46-16-107, 46-17-101, 46-17-103, 46-17-204, 46-17-205, 46-17-211, and 46-17-301, MCA, are repealed.

Approved April 2, 1993.

WHEREAS, caves are uncommon geologic phenomena; and

WHEREAS, minerals deposited in caves may be rare and occur in unique forms of great beauty that are irreplaceable if destroyed; and

WHEREAS, archaeological resources of significant cultural, scientific, and historic value also occur in caves and are irreplaceable; and

WHEREAS, organisms that live in caves are unusual, limited in number, and could become threatened and endangered species in the absence of protection; and

WHEREAS, caves are a natural conduit for ground water flow, are highly subject to pollution, and thus have far-reaching effects transcending property boundaries.

THEREFORE, the Legislature finds it appropriate to protect these unique natural and cultural cave resources.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [Sections 1 through 7 and 9] may be cited as "The Montana Cave Conservation Act".

Section 2. **Definitions.** As used in [sections 1 through 7 and 9], the following definitions apply:

The term does not include a mine, tunnel, aqueduct, or human-made excavation but does include any natural structure that is commonly known as a cavern, sinkhole, pit, grotto, or rock shelter and that communicates with a subterranean passage or drainage system.

(2) "Cave life" means any life form that occurs in, uses, visits, or inhabits a cave.

(8) "Speleothem" means a natural mineral formation or deposit occurring in a cave, including but not limited to formations known as stalagmite, stalactite, helectite, shield, anthodite, gypsum flower and needle, angel's hair, soda straw, drapery, bacon, cave pearl, popcorn, rimstone dam, column, palette, and flowstone. A speleothem is commonly composed of calcite, gypsum, epsomite, aragonite, celestite, or other similar mineral.

Section 3. **Vandalism of cave unlawful.** (1) Except as provided in subsection (2), a person may not purposely or knowingly:

(a) carve, write, mark upon, break, crack, burn, or remove or in any manner destroy, disturb, deface, mar, or harm the surfaces of any cave or material found in a cave, whether attached or broken, including speleothems, speleogens, and sedimentary deposits;

(b) break, force, tamper with, or otherwise disturb a lock, gate, door, or other obstruction designed to control or prevent access to a cave;

(c) remove, deface, or tamper with a sign stating that a cave is posted or citing provisions of [sections 1 through 7 and 9]; or

Section 4. **Disturbance of cave life unlawful.** A person may not purposely or knowingly remove, kill, harm, or otherwise interfere with cave life, except for health or safety reasons or when the act is a minimal disturbance or for removal of organisms for recognized scientific inquiry. Gates at the entrance or at any point within a cave must be of open construction to allow unimpeded passage of air, insects, bats, and other cave life.

Section 5. **Pollution of and burning harmful substances in cave unlawful.** (1) A person may not purposely or knowingly store, dump, litter, dispose of, or otherwise place in a cave any refuse, garbage, dead animal, sewage, or toxic substance harmful to cave life or human life.

(2) A person may not burn in a cave any substance that produces smoke or gas that is or may be harmful to cave life. The use of a carbide lamp that produces acetylene gas is permitted.

Section 6. **Sale of speleothems and speleogens unlawful.** A person may not sell, offer for sale, or export for sale any speleothem or speleogen.

Section 7. **Conditions of owner liability.** The liability of the owner of a cave or the owner's authorized agent, officer, employee, or designated representative acting within the scope of authority is restricted pursuant to 70-16-302.

Section 8. Section 70-16-301, MCA, is amended to read:

AN ACT GENERALLY REVISING THE TAXATION OF AGRICULTURAL LAND; REVISING THE METHOD OF VALUING AGRICULTURAL LANDS IN CLASS THREE PROPERTY FOR PROPERTY TAX PURPOSES; PROVIDING FOR THE DETERMINATION OF NET INCOME FROM AGRICULTURAL LAND; HOLDING CONSTANT THE STATEWIDE TOTAL TAXABLE VALUE OF CLASS THREE PROPERTY BETWEEN REAPPRAISAL CYCLES; PHASING IN THE CHANGE IN THE TAXABLE VALUE OF AGRICULTURAL LANDS; TAXING CLASS THREE PROPERTY AT THE RATE APPLICABLE TO CLASS FOUR PROPERTY; ESTABLISHING AN ADVISORY COMMITTEE TO REVIEW ALL RELEVANT COSTS, INCLUDING WATER COSTS, IN DETERMINING THE PRODUCTIVE CAPACITY OF IRRIGATED LANDS; ELIMINATING CLASS ELEVEN FARMSTEAD PROPERTY BY COMBINING IT WITH CLASS FOUR PROPERTY; AMENDING SECTIONS 7-13-2527, 15-6-133, 15-6-134, 15-7-201, 15-10-402, AND 15-10-412, MCA; REPEALING SECTION 15-6-144, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE, AN APPLICABILITY DATE, AND A TERMINATION DATE.

WHEREAS, the Montana Legislature adopted a plan in 1975 for cyclical reappraisal of nonagricultural land; and

WHEREAS, nonagricultural land has been through three reappraisal cycles since 1972, with the values of the third cycle becoming effective January 1, 1993; and

WHEREAS, agricultural land has not been reappraised since 1963 and the Montana Legislature has determined that reappraisal of agricultural land is necessary for the overall improvement of Montana's property tax system; and

WHEREAS, the Montana Legislature has traditionally kept the total taxable value of an entire class of property relatively constant between reappraisal cycles by adjusting tax rates; and

WHEREAS, the Montana Legislature desires to keep the total taxable value of agricultural land constant despite reappraisal; and

WHEREAS, the new method of determining productive capacity of various subclasses of agricultural land results in significant increases or decreases in individual reappraised values; and

WHEREAS, the Montana Legislature finds that it is equitable and desirable for the tax system as a whole that the increases and decreases in taxable value of agricultural land be phased in over the appraisal cycle; and

WHEREAS, the Montana Legislature considers it appropriate to provide for the reappraisal of agricultural land and to provide for a phasein of the changes in taxable values over the reappraisal cycle.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-6-133, MCA, is amended to read:

"**15-6-133. Class three property — description — taxable percentage.** (1) Class three property includes:

(a) agricultural land as defined in 15-7-202;

(b) nonproductive patented mining claims outside the limits of an incorporated city or town held by an owner for the ultimate purpose of developing the mineral interests on the property. For the purposes of this subsection (1)(b), the following provisions apply:

(i) The claim may not include any property that is used for residential purposes, recreational purposes as described in 70-16-301, or commercial purposes as defined in 15-1-101 or any property the surface of which is being used for other than mining purposes or has a separate and independent value for ~~such~~ other purposes.

(ii) Improvements to the property that would not disqualify the parcel are taxed as otherwise provided in this title, including that portion of the land upon which ~~such~~ *the* improvements are located and that is reasonably required for the use of the improvements.

(iii) Nonproductive patented mining claim property must be valued as if the land were devoted to agricultural grazing use.

(2) Class three property is taxed at the taxable percentage rate ~~"P" of its productive capacity~~ *applicable to class four property, as provided in 15-6-134(2)(a).*

~~(3) Until July 1, 1986, the taxable percentage rate "P" for class three property is 30%.~~

~~(4) Prior to July 1, 1986, the department of revenue shall determine the taxable percentage rate "P" applicable to class three property for the revaluation cycle beginning January 1, 1986, as follows:~~

~~(a) The director of the department of revenue shall certify to the governor before July 1, 1986, the percentage by which the appraised value of all property in the state classified under class three as of January 1, 1986, has increased due to the revaluation conducted under 15-7-111. This figure is the "certified statewide percentage increase".~~

~~(b) The taxable value of property in class three is determined as a function of the certified statewide percentage increase in accordance with the table shown below.~~

~~(c) This table limits the statewide increase in taxable valuation resulting from reappraisal to 0%. In calculating the percentage increase, the department may not consider agricultural use changes during calendar year 1985.~~

~~(d) The taxable percentage must be calculated by interpolation to coincide with the nearest whole number certified statewide percentage increase from the following table:~~

~~Certified Statewide~~	~~Class Three Taxable~~
~~Percentage Increase~~	~~Percentage "P"~~
~~0~~	~~30.00~~
~~10~~	~~27.27~~
~~20~~	~~25.00~~
~~30~~	~~23.08~~
~~40~~	~~21.43~~
~~50~~	~~20.00~~

~~(5) After July 1, 1986, no adjustment may be made by the department to the taxable percentage rate "P" until a revaluation has been made as provided in 15-7-111.~~"

Section 2. Section 15-7-201, MCA, is amended to read:

"**15-7-201.** *(Temporary — applicable to 1986 land valuation schedules)* **Legislative intent — value of agricultural property.** (1) ~~Since~~ *Because* the market value of many agricultural properties is based upon speculative purchases ~~which~~ *that* do not reflect the productive capability of agricultural land, it is the legislative intent that bona fide agricultural properties ~~shall~~ be classified and assessed at a value that is exclusive of values attributed to urban influences or speculative purposes.

(2) Agricultural land ~~shall~~ *must* be classified according to its use, which classifications ~~shall~~ include but *are* not ~~be~~ limited to irrigated use, nonirrigated use, and grazing use. Within each class, land ~~shall~~ *must* be assessed at a value that is fairly based on its ability to produce, taking into consideration the classification system in existence on January 1, 1986, provided~~, however,~~ *that* the department may consolidate tillable irrigated land classes. With relation to irrigated land, water costs ~~shall~~ *must* be taken into consideration, except at no time may the resulting value of irrigated land be reduced below the value ~~such~~ *that the* land would have if it were not irrigated.

(3) Capital costs, such as improved water distribution, fertilizer, and land shaping that increase productivity, ~~shall~~ *may* not be used in determining assessed values.

15-7-201. *(Applicable to ~~1993~~ 1994 and later land valuation schedules)* **Legislative intent — value of agricultural property.** (1) ~~Since~~ *Because* the market value of many agricultural properties is based upon speculative purchases ~~which~~ *that* do not reflect the productive capability of agricultural land, it is the legislative intent that bona fide agricultural properties ~~shall~~ be classified and assessed at a value that is exclusive of values attributed to urban influences or speculative purposes.

(2) Agricultural land ~~shall~~ *must* be classified according to its use, which classifications ~~shall~~ include but *are* not ~~be~~ limited to irrigated use, nonirrigated use, and grazing use.

(3) Within each class, land ~~shall be assessed at a value that is fairly based on its productive capacity~~ *must be subclassified by production categories. Production categories are determined from the productive capacity of the land based on yield.*

(4) In computing the agricultural land valuation schedules to take effect on ~~the date that the revaluation cycle commencing January 2, 1986, takes effect pursuant to 15-7-111~~ *January 1, 1994,* and, thereafter, on the effective date when each revaluation cycle takes effect *pursuant to 15-7-111,* the department of revenue shall determine the productive capacity value of all agricultural lands using the formula V = I/R where:

(a) V is the per-acre productive capacity value of agricultural land in each land use and production category;

(b) I is the per-acre net income of agricultural land in each land use and production category and is to be determined ~~by the department using the formula I = (P — C) U where:~~

~~(i) I is the per-acre net income;~~

~~(ii) P is the per-unit price of the commodity being produced;~~

~~(iii) C is the per-unit production cost of the commodity being produced; and~~

~~(iv) U is the yield in units per acre~~ *as provided in subsection (5)*; and

(c) R is the capitalization rate ~~to be determined by the department as provided in subsection (9)~~ *and is equal to 6.4%. This capitalization rate must remain in effect until new agricultural land valuation schedules are computed as required by law.*

~~(5) Net income shall be:~~

~~(a) calculated for each year of a base period, which is the most recent 3-year period for which data are available, prior to a revaluation of property as provided in 15-7-111; and~~

~~(b) based on commodity price and production cost data for the base period from such sources as may be considered appropriate by the department, which sources shall include Montana state university.~~

(5) (a) Net income must be determined separately in each land use based on production categories.

(b) Net income must be based on commodity price data, grazing fees, crop share arrangements, and water cost data for the base period.

(i) Commodity price data and grazing fees for the base period must be obtained from the Montana Agricultural Statistics and from the Montana crop and livestock reporting service.

(ii) Crop share arrangements are based on the rental value of the land and average landowner costs.

(iii) Allowable water costs consist only of the per-acre labor costs and energy costs of irrigation.

(A) Labor costs are zero for pivot sprinkler irrigation systems; $4.50 an acre for tow lines, side roll, and lateral sprinkler irrigation systems; and $9 an acre for hand-moved and flood irrigation systems.

(B) Energy costs must be based on per-acre energy costs incurred in 1992. By July 1, 1993, an owner of irrigated land shall provide the department, on a form prescribed by the department, with energy costs incurred in 1992. In the event that no energy costs were incurred in 1992, the owner of irrigated land shall provide the department with energy costs from the most recent year available. The department shall adjust the most recent year's energy costs to reflect costs in 1992.

(c) The base crop for valuation of irrigated land is alfalfa hay, adjusted to 80% of sales price, and the base crop for valuation of nonirrigated land is wheat. The base unit for valuation of grazing lands is the average grazing fee for a 1,000-pound animal.

(d) The base period used to determine net income must be the most recent 7 years for which data is available prior to the date the revaluation cycle ends. Commodity price data and grazing fees referred to in subsection (5)(b) must be averaged for the 7-year period, but the average must exclude the lowest and highest commodity prices or grazing fees in the period.

~~(6) To the degree available, the department shall compile:~~

~~(a) commodity price data reflecting the average prices received per unit of measure by Montana farmers and ranchers. Such data may be obtained from all geographical areas of the state. Commodity prices may include wheat, barley, alfalfa hay, grass hay, corn for grain, corn for silage, sugar beets, dry beans, potatoes, cattle, and sheep. Government payments may be considered. Typical rental arrangements may be considered.~~

~~(b) production cost data reflecting average costs per unit of measure paid by Montana farmers and ranchers. Such data may be obtained from all geographical areas of the state. Such production costs may include costs relating to irrigation, fertilization, fuel, seed, weed control, hired labor, management, insurance, repairs and maintenance, and miscellaneous items. Variations in specific production cost data, when affected by different levels of production, and typical rental arrangements may be considered.~~

(6) The department shall compile data and develop valuation manuals adopted by rule to implement the valuation method established by subsections (4) and (5).

(7) The ~~department~~ *governor* shall appoint an advisory committee of persons knowledgeable in agriculture and agricultural economics to *compile and* review the data ~~prepared by Montana state university and advise the department on the implementation of subsections (2) through (6)~~ *required by subsections (4) and (5).* The advisory committee shall include one member of the Montana state university, *college of agriculture,* staff. *The advisory committee shall recommend agricultural land valuation schedules to the department. With respect to irrigated land, the value of irrigated land may not be below the value that the land would have if it were not irrigated.*

~~(8) Net income shall be determined separately for lands in irrigated use, nonirrigated use, and grazing use and shall be calculated for each use and production level according to the provisions of subsections (4) through (7).~~

~~(9) The capitalization rate shall be calculated for each year of the base period and is the annual average interest rate on agricultural loans as reported by the federal land bank association of Spokane, Washington, plus the effective tax rate in Montana.~~

~~(10) The effective tax rate shall be calculated by the department for each year of the base period by dividing the total estimated tax due on agricultural land in the state by the total productive capacity value of agricultural land in the state.~~"

Section 3. **Phasein of the taxable value of agricultural land.** The increase or decrease in taxable value of agricultural land resulting from the change in the method of determining productive capacity value under 15-7-201 must be phased in beginning January 1, 1994, as follows:

(1) For the year beginning January 1, 1994, and ending December 31, 1994, the taxable value of agricultural land in each land use and production category must increase or decrease from the December 31, 1993, value by 25% of the difference between the product of the productive capacity value of agricultural land for 1994 determined under 15-7-201 times the class three tax rate and the taxable value of agricultural land as of December 31, 1993.

(2) For the year beginning January 1, 1995, and ending December 31, 1995, the taxable value of agricultural land in each land use and production category must increase or decrease from the December 31, 1993, value by 50% of the difference between the product of the productive capacity value of agricultural land for 1994 determined under 15-7-201 times the class three tax rate and the taxable value of agricultural land as of December 31, 1993.

(3) For the year beginning January 1, 1996, and ending December 31, 1996, the taxable value of agricultural land in each land use and production category must increase or decrease from the December 31, 1993, value by 75% of the difference between the product of the productive capacity value of agricultural land for 1994 determined under 15-7-201 times the class three tax rate and the taxable value of agricultural land as of December 31, 1993.

(4) Beginning January 1, 1997, the taxable value of agricultural land in each land use and production category is equal to 100% of the productive capacity value of agricultural land determined under 15-7-201 times the class three tax rate.

Section 4. **Advisory committee — review of water costs and crop share arrangements.** (1) The governor shall appoint an advisory committee to review water costs, crop share arrangements, and other issues involving the assessment and valuation of agricultural land. The membership of the committee must include:

(a) one member representing urban interests;

(b) two members representing water users, one of whom must be an individual water user and one of whom must be a representative of an organized irrigation district;

(c) one member representing grazing interests;

(d) one member representing nonirrigated cropland interests;

(e) one member representing multiple-use farmers and ranchers;

(f) one member representing financial institutions;

(g) two members of the legislature, not of the same political party, one of whom must be a member of the senate and one of whom must be a member of the house of representatives; and

(h) one member representing local government.

(2) The committee shall review water costs and crop share arrangements associated with irrigated lands and recommend to the department of revenue by July 1, 1994, how water costs and crop share arrangements should be considered for the valuation of irrigated land. The committee may recommend the adjustment in the valuation of other agricultural land classes in order to prevent a reduction in the level of statewide taxable valuation of agricultural land.

Section 5. Section 7-13-2527, MCA, is amended to read:

"**7-13-2527. List of property owners.** (1) A copy of the order creating the district ~~shall~~ *must* be delivered to the county assessor of each county within the district.

(2) The assessor shall, on or before August 1 of ~~any given~~ *each* year, prepare and certify a list of all persons owning class four ~~or class eleven~~ property within ~~such~~ *the* district and deliver a copy of ~~such~~ *the* list to the board of trustees of ~~said~~ *the* district."

Section 6. Section 15-6-134, MCA, is amended to read:

"**15-6-134. Class four property — description — taxable percentage.** (1) Class four property includes:

(a) all land except that specifically included in another class;

(b) all improvements, including trailers or mobile homes used as a residence, except those specifically included in another class;

(c) the first $80,000 or less of the market value of any improvement on real property, including trailers or mobile homes, and appurtenant land not exceeding 5 acres owned or under contract for deed and actually occupied for at least 10 months a year as the primary residential dwelling of any person whose total income from all sources, including net business income or loss and otherwise tax-exempt income of all types but not including social security income paid directly to a nursing home, is not more than $10,000 for a single person or $12,000 for a married couple or a head of household, as adjusted according to subsection (2)(b)(ii);

(d) all golf courses, including land and improvements actually and necessarily used for that purpose, that consist of at least 9 holes and not less than 3,000 lineal yards~~.~~*; and*

(e) all improvements on land that is eligible for valuation, assessment, and taxation as agricultural land under 15-7-202(2), including 1 acre of real property beneath the agricultural improvements. The 1 acre must be valued at market value.

(2) Class four property is taxed as follows:

(a) Except as provided in 15-24-1402 or 15-24-1501, property described in subsections (1)(a), ~~and~~ (1)(b), *and (1)(e)* is taxed at 3.86% of its market value.

(b) (i) Property described in subsection (1)(c) is taxed at 3.86% of its market value multiplied by a percentage figure based on income and determined from the following table:

Income	Income	Percentage
Single Person	Married Couple	Multiplier
	Head of Household	
$ 0 - 1,000	$ 0 - 1,200	0%
1,001 - 2,000	1,201 - 2,400	10%

2,001 - 3,000	2,401 - 3,600	20%
3,001 - 4,000	3,601 - 4,800	30%
4,001 - 5,000	4,801 - 6,000	40%
5,001 - 6,000	6,001 - 7,200	50%
6,001 - 7,000	7,201 - 8,400	60%
7,001 - 8,000	8,401 - 9,600	70%
8,001 - 9,000	9,601 - 10,800	80%
9,001 - 10,000	10,801 - 12,000	90%

(ii) The income levels contained in the table in subsection (2)(b)(i) must be adjusted for inflation annually by the department of revenue. The adjustment to the income levels is determined by:

(A) multiplying the appropriate dollar amount from the table in subsection (2)(b)(i) by the ratio of the PCE for the second quarter of the year prior to the year of application to the PCE for the second quarter of 1986; and

(B) rounding the product thus obtained to the nearest whole dollar amount.

(iii) "PCE" means the implicit price deflator for personal consumption expenditures as published quarterly in the Survey of Current Business by the bureau of economic analysis of the U.S. department of commerce.

(c) Property described in subsection (1)(d) is taxed at one-half the taxable percentage rate established in subsection (2)(a).

(3) After July 1, 1986, no adjustment may be made by the department to the taxable percentage rate for class four property until a revaluation has been made as provided in 15-7-111.

(4) Within the meaning of comparable property as defined in 15-1-101, property assessed as commercial property is comparable only to other property assessed as commercial property, and property assessed as other than commercial property is comparable only to other property assessed as other than commercial property."

Section 7. Section 15-10-402, MCA, is amended to read:

"**15-10-402. Property tax limited to 1986 levels.** (1) Except as provided in subsections (2) and (3), the amount of taxes levied on property described in 15-6-133, 15-6-134, *and* 15-6-136~~, and 15-6-144~~ may not, for any taxing jurisdiction, exceed the amount levied for taxable year 1986.

(2) The limitation contained in subsection (1) does not apply to levies for rural improvement districts, Title 7, chapter 12, part 21; special improvement districts, Title 7, chapter 12, part 41; elementary and high school districts, Title 20; juvenile detention programs authorized under 7-6-502; or bonded indebtedness.

(3) New construction or improvements to or deletions from property described in subsection (1) are subject to taxation at 1986 levels.

(4) As used in this section, the "amount of taxes levied" and the "amount levied" mean the actual dollar amount of taxes imposed on an individual piece of property, notwithstanding an increase or decrease in value due to inflation, reappraisal, adjustments in the percentage multiplier used to convert appraised value to taxable value, changes in the number of mills levied, or increase or decrease in the value of a mill."

Section 8. Section 15-10-412, MCA, is amended to read:

"**15-10-412. Property tax limited to 1986 levels — clarification — extension to all property classes.** Section 15-10-402 is interpreted and clarified as follows:

(1) The limitation to 1986 levels is extended to apply to all classes of property described in Title 15, chapter 6, part 1.

(2) The limitation on the amount of taxes levied is interpreted to mean that, except as otherwise provided in this section, the actual tax liability for an individual property is capped at the dollar amount due in each taxing unit for the 1986 tax year. In tax years thereafter, the property must be taxed in each taxing unit at the 1986 cap or the product of the taxable value and mills levied, whichever is less for each taxing unit, except in a taxing unit that levied a tax in tax years 1983 through 1985 but did not levy a tax in 1986, in which case the actual tax liability for an individual property is capped at the dollar amount due in that taxing unit for the 1985 tax year.

(3) The limitation on the amount of taxes levied does not ~~mean that no~~ *prohibit a* further increase ~~may be made~~ in the total taxable valuation of a taxing unit as a result of:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property;

(e) reclassification of property;

(f) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(g) transfer of property from tax-exempt to taxable status; or

(h) revaluations caused by:

(i) cyclical reappraisal; or

(ii) expansion, addition, replacement, or remodeling of improvements.

(4) The limitation on the amount of taxes levied does not ~~mean that no~~ *prohibit a* further increase ~~may be made~~ in the taxable valuation or in the actual tax liability on individual property in each class as a result of:

(a) a revaluation caused by:

(i) construction, expansion, replacement, or remodeling of improvements that adds value to the property; or

(ii) cyclical reappraisal;

(b) transfer of property into a taxing unit;

(c) reclassification of property;

(d) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(e) annexation of the individual property into a new taxing unit; or

(f) conversion of the individual property from tax-exempt to taxable status.

(5) Property in ~~classes~~ *class* four ~~and eleven~~ is valued according to the procedures used in 1986, including the designation of 1982 as the base year, until the reappraisal cycle beginning January 1, 1986, is completed and new valuations are placed on the tax rolls and a new base year designated, if the property is:

(a) new construction;

(b) expanded, deleted, replaced, or remodeled improvements;

(c) annexed property; or

(d) property converted from tax-exempt to taxable status.

(6) Property described in subsections (5)(a) through (5)(d) that is not class four ~~or class eleven~~ property is valued according to the procedures used in 1986 but is also subject to the dollar cap in each taxing unit based on 1986 mills levied.

(7) The limitation on the amount of taxes, as clarified in this section, is intended to leave the property appraisal and valuation methodology of the department of revenue intact. Determinations of county classifications, salaries of local government officers, and all other matters in which total taxable valuation is an integral component are not affected by 15-10-401 and 15-10-402 except for the use of taxable valuation in fixing tax levies. In fixing tax levies, the taxing units of local government may anticipate the deficiency in revenues resulting from the tax limitations in 15-10-401 and 15-10-402, while understanding that regardless of the amount of mills levied, a taxpayer's liability may not exceed the dollar amount due in each taxing unit for the 1986 tax year unless:

(a) the taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year. If a taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year, it may levy additional mills to compensate for the decreased taxable valuation, but ~~in no case may~~ the mills levied *may not* exceed a number calculated to equal the revenue from property taxes for the 1986 tax year in that taxing unit.

(b) a levy authorized under Title 20 raised less revenue in 1986 than was raised in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, raise each year thereafter an additional number of mills but may not levy more revenue than the 3-year average of revenue raised for that purpose during 1984, 1985, and 1986;

(c) a levy authorized in 50-2-111 that was made in 1986 was for less than the number of mills levied in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, levy each year thereafter an additional number of mills but may not levy more than the 3-year average number of mills levied for that purpose during 1984, 1985, and 1986.

(8) The limitation on the amount of taxes levied does not apply to the following levy or special assessment categories, whether or not they are based on commitments made before or after approval of 15-10-401 and 15-10-402:

(a) rural improvement districts;

(b) special improvement districts;

(c) levies pledged for the repayment of bonded indebtedness, including tax increment bonds;

(d) city street maintenance districts;

(e) tax increment financing districts;

(f) satisfaction of judgments against a taxing unit;

(g) street lighting assessments;

(h) revolving funds to support any categories specified in this subsection (8);

(i) levies for economic development authorized pursuant to 90-5-112(4);

(j) levies authorized under 7-6-502 for juvenile detention programs; and

(k) elementary and high school districts.

(9) The limitation on the amount of taxes levied does not apply in a taxing unit if the voters in the taxing unit approve an increase in tax liability following a resolution of the governing body of the taxing unit containing:

(a) a finding that there are insufficient funds to adequately operate the taxing unit as a result of 15-10-401 and 15-10-402;

(b) an explanation of the nature of the financial emergency;

(c) an estimate of the amount of funding shortfall expected by the taxing unit;

(d) a statement that applicable fund balances are or by the end of the fiscal year will be depleted;

(e) a finding that there are no alternative sources of revenue;

(f) a summary of the alternatives that the governing body of the taxing unit has considered; and

(g) a statement of the need for the increased revenue and how it will be used.

(10) (a) The limitation on the amount of taxes levied does not apply to levies required to address the funding of relief of suffering of inhabitants caused by famine, conflagration, or other public calamity.

(b) The limitation set forth in this chapter on the amount of taxes levied does not apply to levies to support:

(i) a city-county board of health as provided in Title 50, chapter 2, if the governing bodies of the taxing units served by the board of health determine, after a public hearing, that public health programs require funds to ensure the public health. A levy for the support of a local board of health may not exceed the 5-mill limit established in 50-2-111.

(ii) county, city, or town ambulance services authorized by a vote of the electorate under 7-34-102(2).

(11) The limitation on the amount of taxes levied by a taxing jurisdiction subject to a statutory maximum mill levy does not prevent a taxing jurisdiction from increasing its number of mills beyond the statutory maximum mill levy to produce revenue equal to its 1986 revenue.

(12) The limitation on the amount of taxes levied does not apply to a levy increase to repay taxes paid under protest in accordance with 15-1-402."

Section 9. **Repealer.** Section 15-6-144, MCA, is repealed.

Section 10. **Codification instruction.** [Sections 3 and 4] are intended to be codified as an integral part of Title 15, chapter 7, part 2, and the provisions of Title 15, chapter 7, part 2, apply to [sections 3 and 4].

Section 11. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 12. **Termination.** [Section 4] terminates January 1, 1995.

Section 13. **Effective date — applicability.** [This act] is effective on passage and approval and applies to tax years beginning on or after January 1, 1994.

Approved April 2, 1993.

(2) The city council or city commission may assess the cost of an improvement against each lot or parcel of land in the district based on the assessed value of the benefited lots or parcels of land within the district if the council or commission determines such assessment to be equitable and in proportion to and not exceeding the benefits derived from the improvement by the lot or parcel.

(c) Each parcel of benefited property in the district abutting upon the road where the improvement has been made may be assessed in proportion to its lineal feet abutting the road.

(d) Each parcel of benefited property in the district may be assessed an equal amount based upon the total cost of the improvement.

CHAPTER NO. 273

[HB 64]

AN ACT DELAYING THE EFFECTIVE DATE OF THE LAW ESTABLISHING A SOLID WASTE MANAGEMENT FEE ON WASTE GENERATED OUT OF STATE; REQUIRING THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES TO ADOPT RULES TO ESTABLISH A FEE ON THE DISPOSAL OR INCINERATION OF SOLID WASTE GENERATED OUTSIDE MONTANA; LIMITING THE LENGTH OF TIME THE FEE IS APPLICABLE TO SOLID WASTE INCINERATORS AND CERTAIN SOLID WASTE DISPOSAL FACILITIES; AMENDING SECTIONS 75-10-118, 75-10-204, AND 75-10-206, MCA, AND SECTION 8, CHAPTER 398, LAWS OF 1991; AND PROVIDING EFFECTIVE DATES.

STATEMENT OF INTENT

A statement of intent is required for this bill because of the rulemaking authority granted to the department of health and environmental sciences in [section 3]. It is the intent of the legislature that the department adopt rules to establish a rationally based, legally defensible fee on the disposal or incineration of solid waste generated outside Montana. The purpose of the fee is to prevent Montana citizens from subsidizing the disposal of out-of-state waste. Therefore, the fee is to be based on the justifiable direct and indirect costs to the state of regulating the disposal or incineration of out-of-state waste under Title 75, chapter 10, parts 1 and 2. It is the intent of the legislature that, until July 1, 1995, the fee established by the department under 75-10-204(8) apply to all solid waste imported from out of state to solid waste incinerators and solid waste disposal facilities in this state. Effective July 1, 1995, the fee established by the department under 75-10-204(8) applies only to solid waste imported from out of state to solid waste disposal facilities that receive less than 25,000 tons of solid waste annually. Also effective July 1, 1995, solid waste disposal facilities receiving 25,000 tons or more of solid waste annually and all solid waste incinerators, regardless of tonnage amounts, must be charged a fee of $5 per ton, pursuant to 75-10-118, on each ton of solid waste imported from out of state. The department shall report to the 1995 legislature on the implementation of the fee established under the authority of 75-10-204(8) so that the legislature may consider an amendment to 75-10-118 to adopt the fee amount established by the department.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 8, Chapter 398, Laws of 1991, is amended to read:

"Section 8. **Effective date.** [This act] is effective July 1, ~~1993~~ *1995.*"

Section 2. Section 75-10-118, MCA, is amended to read:

"**75-10-118.** *(Effective July 1, 1993)* **Solid waste management fee — out-of-state waste.** (1) ~~A~~ *Notwithstanding the fee established pursuant to 75-10-204(8) and except as provided in subsection (2) of this section, a* person who owns an incinerator that burns solid waste or a solid waste disposal facility that is licensed pursuant to 75-10-221 and to rules adopted under 75-10-221 shall pay to the department a quarterly fee of $5 for each ton of solid waste generated outside Montana and incinerated or disposed of at the facility.

(2) A person who owns a solid waste disposal facility that is licensed pursuant to 75-10-221 and to rules adopted under 75-10-221 that receives less than 25,000 tons of solid waste annually shall pay the department a quarterly fee, determined by the department pursuant to 75-10-204(8), for each ton of solid waste generated outside Montana.

~~(2)~~*(3)* All fees must be deposited in the solid waste management account provided for in 75-10-117."

Section 3. Section 75-10-204, MCA, is amended to read:

"**75-10-204. Powers and duties of department.** The department shall adopt rules governing solid waste management systems which shall include but are not limited to:

(1) requirements for the plan of operation and maintenance that must be submitted with an application under this part;

(2) the classification of disposal sites according to the physical capabilities of the site to contain the type of solid waste to be disposed of;

"**67-4-201. Designation of airport influence areas.** (1) A local government with an airport shall designate an airport influence area around the airport ~~within 3 years from July 1, 1977~~. The designation ~~shall~~ *must* be based on federal aviation administration rules and guidelines. However, ~~no~~ *an* airport influence area may *not* extend more than 10,000 feet out from the thresholds of the primary instrument approach runway or exceed 1 mile in width on each side of the primary instrument approach runway and its extended centerline. A public hearing ~~shall~~ *must* be held by the local government following the procedure prescribed in 67-4-302.

(2) A map of the designation ~~shall~~ *must* be filed with the county clerk and recorders of the affected counties and the city clerks of the affected cities and towns."

Section 3. Section 67-4-202, MCA, is amended to read:

"**67-4-202. Temporary effect of designation.** Upon the designation of an airport influence area, the use of land within the airport influence area shall be restricted as to height consistent with part 77, federal aeronautics regulations, until rules are adopted pursuant to this chapter. This restriction does not affect nonconforming uses and areas already zoned on July 1, 1977, and may not be imposed for a period of more than 1 year. After the designation of an airport influence area, ~~no~~ *a* person may *not* recover from a local government, *an airport authority, an airport operator, or an airport owner* damages caused by noise and vibrations from normal and anticipated normal airport operations."

(2) A variance ~~shall~~ *must* be granted where a literal application or enforcement of the rules would result in substantial practical difficulty or unnecessary hardship and where the variance would not be contrary to the public interest.

(3) A variance ~~shall~~ *must* be granted for a nonconforming use where there is no immediate hazard to safe flying operations or persons and property in the vicinity of the airport and where the noise or vibrations from normal and anticipated normal operations of the airport would not be likely to cause structural damage.

(4) Within an airport influence area a person who obtains a variance for building a structure which is a nonconforming use under rules adopted pursuant to this chapter or a person who takes or buys property subject to ~~such~~ a variance is on notice that the airport existed before the variance was granted and that normal and anticipated normal operations of the airport will result in noise and vibrations being projected over the property. ~~Furthermore, a~~ *A* person using a structure built under a variance may not collect damages from a local government, *an airport authority, an airport operator, or an airport owner* for interference with the enjoyment of that structure caused by noise and vibrations from normal and anticipated normal airport operations."

Section 5. Section 67-5-211, MCA, is amended to read:

"**67-5-211. Enforcement.** ~~It shall be the duty and authority of every~~ *A* public body or governmental authority owning, operating, or maintaining a public airport or landing field *or that creates a municipal or regional airport authority for that purpose* ~~to~~ *shall* enforce the provisions of this chapter as *it* pertains to areas surrounding the particular airport under the control of ~~such~~ *the* body *or authority*~~,~~. ~~the same to~~ *This chapter must* be enforced in either ~~the~~ *a* court of law or of equity in the state of Montana having jurisdiction of ~~such~~ *the* action. Section 6. Section 67-11-232, MCA, is amended to read:

"**67-11-232. Airport property — disposal.** Except as may be limited by the terms and conditions of any grant, loan, or agreement authorized by 67-11-305, an authority may, by sale, lease, or otherwise, dispose of any airport, air navigation facility, or other property or portion ~~thereof~~ *of* or interest ~~therein~~ *in an airport or facility* acquired pursuant to this chapter. ~~Such~~ *The* disposal by sale, lease, or otherwise ~~shall~~ *must* be in accordance with *the adopted rules of the authority* ~~the laws of this state governing~~, *which rules must be approved by the local governing body, for* the ~~disposition of other public~~ *disposal of county* property, except that in the case of disposal to another authority, a municipality, or an agency of the state or federal government for use and operation as a public airport, the sale, lease, or other disposal may be effected in ~~such~~ *a* manner and upon ~~such~~ terms as the commissioners of the authority ~~may deem~~ *consider to be* in the best interest of civil aviation."

CHAPTER NO. 281

[HB 417]

AN ACT PROVIDING FOR THE ASSESSMENT OF ADMINISTRATIVE PENALTIES UNDER THE MONTANA HAZARDOUS WASTE AND UNDERGROUND STORAGE TANK ACT; PROVIDING RULEMAKING AUTHORITY TO ADOPT AN ADMINISTRATIVE PENALTY SCHEDULE AND A SYSTEM FOR ASSESSMENT OF ADMINISTRATIVE PENALTIES, NOTICE, AND APPEALS; PROVIDING FOR PENALTY FUNDS TO BE PAID INTO THE STATE GENERAL FUND; PROVIDING FOR APPROPRIATIONS FROM THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES' UNDERGROUND STORAGE TANK SPECIAL REVENUE ACCOUNT FOR THE PURPOSE OF SUPPORTING THE DEPARTMENT'S ADMINISTRATIVE PENALTY PROGRAM; AMENDING SECTIONS 75-10-405, 75-10-413, AND 75-10-447, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because the bill gives the department of health and environmental sciences authority to adopt administrative rules. The legislature intends that the administrative penalties provided by this bill be used to encourage compliance with the Montana underground storage tank laws and rules by allowing more timely and efficient processing of enforcement actions without the need for seeking a higher penalty through district court. To promote these goals, the department should develop rules that provide for a range of penalties for specific violations, the form for notice of violation, an expedited appeal, and a penalty mitigation process. In doing so, the department shall ensure that its rules and penalty schedule are consistent with the criteria set forth in [section 3]. The department shall ensure that the rules, the penalty schedule, and a statement of the department's enforcement policy are disseminated to the regulated community.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-10-405, MCA, is amended to read:

"**75-10-405. Administrative rules.** (1) The department may adopt, amend, or repeal rules governing hazardous waste, including but not limited to the following:

(a) identification and classification of those hazardous wastes subject to regulation and those that are not;

(b) requirements for the proper treatment, storage, transportation, and disposal of hazardous waste;

(c) requirements for siting, design, operation, maintenance, monitoring, inspection, closure, postclosure, and reclamation of hazardous waste management facilities;

(d) requirements for the issuance, denial, renewal, modification, and revocation of permits for hazardous waste management facilities;

(e) requirements for corrective action within and outside of facility boundaries and for financial assurance of that corrective action;

(f) requirements for manifests and the manifest system for tracking hazardous waste and for reporting and recordkeeping by generators, transporters, and owners and operators of hazardous waste management facilities;

(g) requirements for training of facility personnel and for financial assurance of facility owners and operators and for liability of guarantors providing financial assurance;

(h) requirements for registration of generators and transporters;

(i) a schedule of fees for hazardous waste management facility permits and registration of hazardous waste generators;

(j) a schedule of fees to defray a portion of the costs of establishing, operating, and maintaining any state hazardous waste management facility authorized by 75-10-412;

(k) requirements for availability to the public of information obtained by the department regarding facilities and sites used for the treatment, storage, and disposal of hazardous wastes; and

(l) other rules which are necessary to obtain and maintain authorization under the federal program.

(2) The department may not adopt rules under this part that are more restrictive than those promulgated by the federal government under the Resource Conservation and Recovery Act of 1976, as amended, except that the department:

(a) may require the registration of transporters not otherwise required to register with the state of Montana pursuant to the federal Resource Conservation and Recovery Act of 1976, as amended;

(b) may require generators and facilities to report on an annual rather than on a biennial basis;

(c) may adopt requirements for the prevention and correction of leakage from underground storage tanks, including:

(i) reporting by owners and operators;

(ii) financial responsibility;

(iii) release detection, prevention, and corrective action;

(iv) standards for design, construction, installation, and closure;

(v) development of a schedule of fees, not to exceed $50 for a tank over 1,100 gallons and not to exceed $20 for a tank 1,100 gallons or less, per tank, for tank notification and permits to defray state and local costs of implementing an underground storage tank program; ~~and~~

(vi) a penalty schedule and a system for assessment of administrative penalties, notice, and appeals under [section 3]; and

~~(vi)~~*(vii)* delegation of authority and funds to local agents for inspections and implementation. The delegation of authority to local agents must complement and may not duplicate existing authority for implementation of rules adopted by the department of justice that relate to underground storage tanks.

(d) may adopt regulatory requirements for hazardous waste transfer facilities;

(e) shall require the owner or manager of any proposed commercial facility for the storage, collection, or transfer of hazardous waste to conduct a public hearing, as provided for in 75-10-441; and

(f) may adopt rules and performance standards for industrial furnaces and boilers that burn hazardous wastes. The rules and performance standards:

(i) may be adopted if there are no federal regulations; or

(ii) may be more restrictive than federal regulations."

Section 2. Section 75-10-413, MCA, is amended to read:

"**75-10-413. Administrative enforcement.** (1) When the department believes that a violation of this part, a rule adopted under this part, or a permit provision has occurred, it may serve written notice of the violation *personally or* by certified mail on the alleged violator or ~~his~~ *the violator's* agent. The notice must specify the provision of this part, the rule, or the permit provision alleged to be violated and the facts alleged to constitute a violation and may include an order to take necessary corrective action within a reasonable period of time stated in the order. The order becomes final unless, within 30 days after the notice is served, the person named requests in writing a hearing before the board. On receipt of the request, the board shall schedule a hearing. Service by mail is complete on the date of mailing.

(2) If, after a hearing held under subsection (1), the board finds that a violation has occurred, it shall either affirm or modify the department's order previously issued. An order issued by the department or by the board may prescribe the date by which the violation must cease and may prescribe time limits for particular action. If, after hearing, the board finds ~~no~~ *that a* violation has *not* occurred, it shall rescind the department's order.

(3) ~~Instead~~ *In addition to or instead* of issuing an order pursuant to subsection (1), the department may ~~either~~:

(a) require the alleged violator to appear before the board or department, by subpoena or subpoena duces tecum, for a hearing at a time and place specified in the notice to answer the charges complained of or to provide information regarding the alleged violation or its actual or potential impact on public health and welfare or the environment; ~~or~~

(b) initiate action under 75-10-414, 75-10-417, or 75-10-418~~.~~*; or*

(c) for underground storage tank violations, assess administrative penalties and issue corrective action orders under [section 3].

(4) In the case of disobedience of any subpoena issued and served under this section or of the refusal of any witness to testify as to any material matter with

regard to which ~~he~~ *the witness* may be interrogated in a hearing or investigation before the board or the department, the board or department may apply to any district court in the state for an order to compel compliance with the subpoena or the giving of testimony. The court shall hear the matter as expeditiously as possible. If the disobedience or refusal is found to be unjustified, the court shall enter an order requiring compliance. Disobedience of the order is punishable by contempt of court in the same manner and by the same procedures as is provided for like conduct committed in the course of civil actions in district court.

(5) This section does not prevent the board or department from making efforts to obtain voluntary compliance through warning, conference, or any other appropriate means."

Section 3. **Administrative penalties for underground storage tank violations — appeals — venue for hearings.** (1) A person who violates any of the underground storage tank provisions of this chapter or any underground storage tank rules promulgated under the authority of this chapter may be assessed and ordered by the department to pay an administrative penalty not to exceed $500 per violation. This limitation on administrative penalties applies only to penalties assessed under this section. Each occurrence of the violation and each day it remains uncorrected constitutes a separate violation. The department may suspend a portion of the administrative penalty assessed under this section if the condition that caused the assessment of the penalty is corrected within a specified time. Assessment of an administrative penalty under this section may be made in conjunction with any order or other administrative action authorized by Title 75, chapter 11, or by this chapter.

(2) When the department assesses an administrative penalty under this section, it must have written notice served personally or by certified mail on the alleged violator or the violator's agent. For purposes of this chapter, service by mail is complete on the day of receipt. The notice must state:

(a) the provision alleged to be violated;

(b) the facts alleged to constitute the violation;

(c) the amount of the administrative penalty assessed under this section;

(d) the amount, if any, of the penalty to be suspended upon correction of the condition that caused the assessment of the penalty;

(e) the nature of any corrective action the department requires, whether or not a portion of the penalty is to be suspended;

(f) as applicable, the time within which the corrective action is to be taken and the time within which the administrative penalty is to be paid;

(g) the right to appeal or to a hearing to mitigate the penalty assessed and the time, place, and nature of any hearing; and

(h) that a formal proceeding may be waived.

(3) The department shall provide each person assessed a penalty under this section an opportunity for a hearing to either contest the alleged violation or request mitigation of the penalty. The contested case provisions of the Montana Administrative Procedure Act, provided for in Title 2, chapter 4, part 6, apply

to a hearing conducted under this section. If a hearing is held under this section, it must be held in Lewis and Clark County or the county where the alleged violation occurred. This subsection does not apply until the department gives written notice, served personally or by certified mail, to the alleged violator or the violator's agent. For the purposes of this chapter, service by mail is complete on the day of receipt. The notice must state:

(a) the provision allegedly violated;

(b) the facts that constitute the alleged violation;

(c) the specific nature of any corrective action the department requires, estimated costs of compliance with the action, and where to receive help to correct the alleged violation; and

(d) a timetable that a reasonable person would consider appropriate for compliance with the alleged violations.

(4) The department shall publish a schedule of maximum and minimum penalties for specific violations. In determining appropriate penalties for violations, the department shall consider the gravity of the violations and the potential for significant harm to public health or the environment. In determining the appropriate amount of penalty, if any, to be suspended upon correction of the condition that caused the penalty assessment, the department shall consider the cooperation and the degree of care exercised by the person assessed the penalty, how expeditiously the violation was corrected, and whether significant harm resulted to the public health or the environment from the violation.

(5) If the department is unable to collect an administrative penalty assessed under this section or if a person fails to pay all or any portion of an administrative penalty assessed under this section, the department may take action in district court to recover the penalty amount and any additional amounts assessed or sought under Title 75, chapter 11, or this chapter.

(6) Action under this section does not bar action under Title 75, chapter 11, or this chapter, or any other remedy available to the department for violations of underground storage tank laws or rules promulgated under those laws.

(7) Administrative penalties collected under this section must be deposited in the state general fund.

Section 4. Section 75-10-447, MCA, is amended to read:

"**75-10-447. Underground storage tank special revenue account.** (1) There is an underground storage tank account within the state special revenue fund established in 17-2-102. There must be paid into the account:

(a) revenues from underground storage tank permit and notification fees; and

(b) corrective action costs, damages, and penalties recovered under section 9003 of the federal Resource Conservation and Recovery Act of 1976, as amended.

(2) Appropriations may be made from the underground storage tank account for the following purposes only:

(a) state and local government costs of implementing the underground storage tank leak prevention program; ~~or~~

(b) state and local government costs relating to the investigation of leaking underground storage tanks*; or*

(c) state costs relating to the administration of the administrative penalty program."

Section 5. **Codification instruction.** [Section 3] is intended to be codified as an integral part of Title 75, chapter 10, part 4, and the provisions of Title 75, chapter 10, part 4, apply to [section 3].

Section 6. **Applicability.** [This act] applies to all department of health and environmental sciences' notices served on alleged violators pursuant to [section 3] beginning October 1, 1993, or on the date of adoption of the department's rules under 75-10-405(2)(c)(vi), whichever is earlier.

Section 7. **Effective date.** [This act] is effective on passage and approval.

Approved April 7, 1993.

CHAPTER NO. 283

[HB 435]

AN ACT REQUIRING A REPORT TO THE 54TH LEGISLATURE ON THE FUNDING AVAILABLE IN THE VOLUNTEER FIREFIGHTERS' FUND; CLARIFYING THE CRITERIA FOR THE RECEIPT OF PARTIAL PENSION BENEFITS BY A VOLUNTEER FIREFIGHTER; REVISING THE PROCEDURE FOR CALCULATING PARTIAL PENSION BENEFITS; REMOVING THE LIMIT ON THE MONTHLY PENSION AMOUNT A VOLUNTEER FIREFIGHTER MAY RECEIVE; AMENDING SECTIONS 19-12-202, 19-12-401, AND 19-12-404, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 19-12-202, MCA, is amended to read:

"**19-12-202. Reports of board.** (1) The board shall, not later than November 1 of each year, make a report to the governor covering the operations and proceedings for the prior fiscal year relative to its administration of the Volunteer Firefighters' Compensation Act and the volunteer firefighters' pension plan, with such suggestions or recommendations as it may consider of value for public information.

(2) Copies of all such reports shall be made available by the board to the chief or other representative of any volunteer fire company or companies which may at any time request them.

(3) By January 10, ~~1993~~ *1995*, the board shall provide to the ~~53rd~~ *54th* legislature a report on the funding available in the volunteer firefighters' fund for benefits provided under the Volunteer Firefighters' Compensation Act. The legislature shall review the sufficiency of the fund to provide the current level of benefits and may eliminate, modify, or continue the benefit levels provided in 19-12-404."

Section 2. Section 19-12-401, MCA, is amended to read:

"**19-12-401. Eligibility for pension benefits.** In order to qualify for participation in the volunteer firefighters' pension plan under 19-12-404, a volunteer firefighter ~~must~~ *shall* meet each of the following requirements:

(1) (a) To qualify for full participation, ~~he~~ *a volunteer firefighter* must have completed a total of at least 20 years' service as an active volunteer firefighter and as an active member of a qualified volunteer fire company.

(b) If a firefighter is prevented from completing at least 20 years' service ~~by dissolution or discontinuance of his volunteer fire company, personal relocation due to transfer or loss of employment, personal disability, or any other factor beyond his reasonable control,~~ ~~he~~ *the firefighter* may qualify for partial participation if ~~he~~ *the firefighter* has completed at least 10 years' service *and has attained the age of 60*. In that event, ~~he~~ *the firefighter* is eligible for only a proportion of the benefits specified in 19-12-404, determined by multiplying the benefits by a fraction, the numerator of which is the number of years of active service completed and the denominator of which is 20.

(c) The years of active service are cumulative and need not be continuous. The service need not be acquired with one single fire company but may be a total of separate periods of active service with different fire companies in different fire districts.

(d) Effective March 1, 1965, the annual period of service for the purpose of this chapter is the fiscal year. ~~No~~ *A* fractional part of any year may *not* count toward the service requirement, and to receive credit for any particular year, a volunteer firefighter ~~must~~ *shall* serve with one particular volunteer fire company throughout that entire fiscal year.

(2) (a) Except as provided in subsection (2)(b), *in order to receive pension benefits,* ~~he~~ *a firefighter* must have attained the age of 55~~,~~ but ~~he~~ need not be an active volunteer firefighter or an active member of any volunteer fire company when ~~he reaches~~ that age *is reached.*

(b) An active member of a volunteer fire company whose duty-related injury results in a permanent total disability as defined in 39-71-116 is eligible, *regardless of age,* to receive a partial pension ~~regardless of his age~~ calculated as follows:

(i) for a member with less than 10 years of service, a pension calculated as provided in subsection (1)(b) in which the numerator equals 10; or

(ii) for a member with 10 years or more of service, a pension calculated as provided in subsection (1)(b).

(3) During each of the years for which ~~he claims~~ credit *is claimed* under subsection (1), ~~he~~ *a firefighter* must have completed a minimum of 30 hours of instruction in matters pertaining to firefighting under a program formulated and supervised by the chief or foreman of ~~his~~ *the* volunteer fire company.

(4) Effective July 1, 1965, ~~no~~ *a* volunteer firefighter may *not* receive credit for any year of membership in a volunteer fire company unless, throughout the year:

(a) the company maintained firefighting equipment in serviceable condition of a value of $2,500 or more; and

(b) the company or the fire district served by it was rated in class 5, 6, 7, 8, 9, or 10 by the board of fire underwriters for the purpose of fire insurance premium rates.

(5) ~~He~~ *In order to receive pension benefits, a firefighter* must have ceased to be an active member of any volunteer fire company, and if ~~he~~ *the firefighter*

applies for and receives pension benefits ~~hereunder~~ *under this part*, ~~he will not thereafter be~~ *the firefighter is not* eligible to become an active member of any volunteer fire company."

Section 3. Section 19-12-404, MCA, is amended to read:

"**19-12-404. Pension benefits.** (1) Each person who meets the requirements set forth in 19-12-401 or, in the case of a beneficiary, 19-12-405(1) and who has completed and filed a claim as provided in 19-12-403 is entitled to participate in the volunteer firefighters' pension plan and to receive payments as provided in this section.

(2) The payments ~~shall~~ *must* be computed each year in the following manner:

(a) For fiscal years ~~1992~~ *1994* and ~~1993~~ *1995*, the base benefit level is ~~established at~~ $120 per month for each retiree qualifying for full participation under the provisions of 19-12-401(1)(a). Partial participation is calculated under the provisions of 19-12-401(1)(b).

(b) Whenever at the close of business on the last day of a fiscal year there is a balance in the volunteer firefighters' fund in excess of $6 million, the board shall set aside the amount to be paid to each qualifying claimant.

~~(c) The total pension payable to a qualified claimant under this section may not exceed $200 per month, and the amount to be set aside from the volunteer firefighters' fund may not exceed the amount necessary to pay the maximum of $200 per month to each claimant qualified as of the beginning of the fiscal year during which the payments are to be made.~~

~~(d)~~*(c)* For the purpose of computation and payment of benefits under this section, if children of a volunteer firefighter become eligible for benefits, all the children of the volunteer firefighter ~~shall~~ *must* be treated collectively as one claimant.

(3) If the amount of the benefit for a qualified claimant is at least $20 per month throughout the succeeding fiscal year, the pension ~~shall~~ *must* be paid monthly on or before the last day of each month. If the amount of the benefit for a qualified claimant is less than $20 per month, the qualified claimant's full pension for that year ~~shall~~ *must* be paid ~~to him~~ in one lump payment on or before December 15 of that year."

CHAPTER NO. 284

[HB 441]

AN ACT MODIFYING GROUNDS, PROCEDURES, AND ACTIONS IN REGARD TO DISCIPLINE BY THE BOARD OF WATER WELL CONTRACTORS; AMENDING SECTIONS 37-43-202, 37-43-203, AND 37-43-204, MCA; REPEALING SECTION 37-43-311, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 37-43-202, MCA, is amended to read:

"**37-43-202. Powers and duties.** (1) The board may exercise the authority granted to it by this chapter.

(2) The board shall adopt rules and orders to effectuate this chapter.

(3) The board shall adopt rules to establish mandatory water well construction standards and enforcement procedures. The standards must address the protection of the drilling site; specifications for casing materials; materials and specifications for well screens; casing perforations; well development procedures; proper sealing and grouting; temporary capping; cleaning and disinfecting; bonds; guaranties; contractors' and drillers' qualifications; tests for yield and drawdown; reporting procedures and requirements for water quality, well logs, location of wells, and information relating to local conditions; well filters; access ports; gravel packing; sampling methods; plumbness and alignment of the hole and casing; well abandonment procedures; and other necessary and appropriate standards.

(4) The board shall adopt minimum standards regarding the construction, use, and abandonment of monitoring wells. The standards must be designed to protect the state's ground water resource from degradation by contamination and loss of hydrostatic pressure. A violation of the standards does not occur if it can be shown that noncompliance results in equal or greater protection of the ground water resource.

(5) The board may request the department to inspect water wells or monitoring wells drilled or being drilled, and the department has access to these wells at reasonable times.

(6) The board may establish a program for training apprentices and licensed or prospective water well contractors, water well drillers, and monitoring well constructors to more effectively carry out this chapter.

(7) The board shall set and enforce standards and rules governing the licensing, registration, and conduct of water well drillers, water well contractors, and monitoring well constructors.

(8) The board shall set fees commensurate with costs. The board may establish fees, including but not limited to fees for application, examination, renewal, reciprocity, late renewal, and continuing education. Board costs not related to specific programs may be equitably distributed as determined by the board. The board shall maintain records sufficient to support the fees charged for each program area.

Section 3. **Complaints and investigations.** The board may investigate complaints against licensees to determine compliance with the laws and rules of this chapter. Licensees must be given an opportunity to respond to complaints and demonstrate or achieve legal compliance prior to disciplinary action. The board may require complainants and licensees to appear before the board to discuss complaints and to attempt to settle differences.

Section 4. **Disciplinary procedure.** (1) If, after investigation and attempted settlement under [section 3], compliance with lawful requirements is not demonstrated or achieved, the board may initiate discipline by issuing a proposed disciplinary order. Copies of any documents, logs, or reports must be attached to the proposed order.

(2) The board shall mail or deliver a copy of the proposed order to the licensee, along with notice that the licensee may request a hearing to show cause why the order should be rejected or modified. If a timely request for hearing is received, the board shall schedule a hearing before the board or assign a hearings examiner to conduct the hearing at a later date to be set by the hearings examiner. The board shall make the specified witnesses available for cross-examination at the hearing.

(4) The licensee has the burden to show cause why the proposed order should be rejected or modified. The licensee may cross-examine the board's witnesses, present evidence, propose alternative discipline, argue issues of law and fact, or otherwise attempt to convince the board that the proposed order should be rejected or modified.

(5) After considering the evidence, proposals, and arguments presented at the hearing, the board shall issue its final order adopting, rejecting, or modifying the proposed order. The final order must state the reason for the adoption, rejection, or modification of the proposed order.

(6) A final disciplinary order may be appealed to the district court in the first judicial district and is reviewable according to the rules and standards for judicial review of contested cases pursuant to the Montana Administrative Procedure Act.

Income and interest from investment of the money in the state special revenue fund that are collected under this chapter must be credited to the board.

(2) The board may accept and expend all funds received from bonds required by 37-43-306. CHAPTER NO. 285

[HB 488]

AN ACT DIRECTING THE DEPARTMENT OF STATE LANDS TO ESTABLISH A SALVAGE TIMBER PROGRAM; AND AMENDING SECTION 76-13-302, MCA.

STATEMENT OF INTENT

It is the intent of the legislature that the department of state lands establish and implement an aggressive salvage timber program for state lands that removes dead and dying timber before the timber decays and wood value is lost. However, the direction to establish a salvage timber program in this bill should not take precedence over the timely sale of green timber.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 76-13-302, MCA, is amended to read:

"**76-13-302. Definitions.** In this part, the following definitions apply:

(2) "Forest land" means any land ~~which~~ *that* has enough forest growth, standing or down, to constitute in the judgment of the department an insect or

disease infestation breeding ground of a nature to constitute a menace, injurious and dangerous to the forest resources in the district or zone of infestation.

(3) "Forest landowner" means the person, firm, association, or corporation having the actual, beneficial ownership of forest land or timber, other than an easement, right-of-way, or mineral reservation.

Section 2. **Salvage timber program.** (1) The department shall establish a salvage timber program that provides for the timely salvage logging on state forests of dead or dying timber or timber that is threatened by insects, disease, fire, or windthrow. In managing the harvest of salvage timber, the department shall consider:

(a) the economic value of the timber to be salvaged;

(b) the cost of salvage efforts; and

(c) the long-term costs to all forest resources from insects, disease, or fire that otherwise might be controlled through salvage operations.

(2) The department shall, to the extent practicable, harvest dead and dying timber before there is substantial wood decay and value loss.

(3) The department may sell salvage timber pursuant to Title 77, chapter 5, part 2.

(4) The department's salvage timber program may not take precedence over the timely sale and harvest of green timber.

Section 3. **Codification instruction.** [Section 2] is intended to be codified as an integral part of Title 77, chapter 5, and the provisions of Title 77, chapter 5, apply to [section 2].

CHAPTER NO. 287

[HB 491]

AN ACT REVISING PROCEDURES FOR PREPARING AND FILING DEATH CERTIFICATES; CHANGING THE BURIAL TRANSIT PERMIT TO A DEAD BODY REMOVAL AUTHORIZATION; REVISING THE CATEGORIES OF DEATH AND DISPOSITION REQUIRING INQUIRY BY THE CORONER; REQUIRING IMMEDIATE NOTIFICATION TO THE COUNTY CORONER BY A PERSON FINDING HUMAN REMAINS; AND AMENDING SECTIONS 46-4-122, 50-15-403, AND 50-15-405, MCA.

STATEMENT OF INTENT

Passage and approval of this bill would require the department of health and environmental sciences to amend existing rules and possibly to adopt new rules under the authority already delegated under 50-1-202(20) and 50-15-102. The amendments to 50-15-403 replace the current 3-day filing requirement for a death certificate with timeframes established by rule. The legislature intends that these timeframes remain relatively brief but that good cause be recognized when the person in charge of disposition of a dead body is unable to obtain a physician's certification within the set time.

The department shall amend or replace its burial transit permit rule, Rule 16.6.906, Administrative Rules of Montana, to conform with the changes made by 50-15-405. The department may, in replacing this permit with a dead body removal authorization, require any information as to contemplated time, site, and method of disposition as the performance of its vital statistics mission requires.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Notification of finding human remains.** A person who finds a dead human body or fetus or remains that appear to be human shall immediately report this fact to the county coroner by telephone or by the fastest available means of communication.

Section 2. Section 46-4-122, MCA, is amended to read:

"**46-4-122. Human deaths requiring inquiry by coroner.** The coroner shall inquire into and determine the cause and manner of death and all circumstances surrounding a human death:

(1) that was caused or is suspected to have been caused:

(a) in any degree by an injury, either recent or remote in origin; or

(b) by the deceased or any other person that was the result of an act or omission, including but not limited to:

(i) a criminal or suspected criminal act;

(ii) a medically suspicious death, unusual death, or death of unknown circumstances, including any fetal death; or

(iii) an accidental death; or

(c) by an agent, disease, or medical condition that poses a threat to public health;

(2) whenever the death occurred:

(a) while the deceased was incarcerated in a prison or jail or confined to a correctional or detention facility owned and operated by the state or a political subdivision of the state;

(b) while the deceased was in the custody of, or was being taken into the custody of, a law enforcement agency or a peace officer;

(c) during or as a result of the deceased's employment;

(d) less than 24 hours after the deceased was admitted to a medical facility or if the deceased was dead upon arrival at a medical facility; or

(e) in a manner that was unattended or unwitnessed and the deceased was not attended by a physician at any time in the 30-day period prior to death;

(3) if the dead human body is to be cremated or *shipped into the state and* lacks proper medical certification or burial or transmit permits; or

(4) that occurred under suspicious circumstances."

Section 3. Section 50-15-403, MCA, is amended to read:

"50-15-403. Preparation *and filing* of *death or fetal death* certificate ~~when death medically attended.~~ *(1)* A person in charge of ~~interment~~ *disposition of a dead body or fetus* shall~~:~~

~~(1)~~ obtain personal data *on the deceased or, in the case of a fetal death, on the parents* required by the department from persons best qualified to supply the data and enter it on the death or fetal death certificate~~;~~.

(2) ~~(a)~~ *The person in charge of disposition of the dead body or fetus shall* present the death certificate to the *certifying* physician ~~last in attendance upon the deceased,~~ *or* the coroner having jurisdiction~~, or the state medical examiner, who shall certify~~ *for medical certification of* the cause of death. ~~according to his best knowledge and belief; or~~

~~(b) present the fetal death certificate to the physician, midwife, or other person in attendance, who shall certify the fetal death and supply any pertinent additional medical data;~~

~~(3) notify the local registrar if the death or fetal death occurred without attendance or if the physician last in attendance failed to sign the death certificate;~~ *The person in charge of disposition shall obtain the completed certification of the cause of death from the physician or coroner and shall, within the time that the department may by rule prescribe,*

~~(4)~~ file the death or fetal death certificate with the local registrar ~~within 3 days after the occurrence.~~ *in the registration area where the death occurred."*

Section 4. Section 50-15-405, MCA, is amended to read:

"50-15-405. ~~Permit~~ *Authorization* for ~~disposition~~ *removal* of body *from place of death.* (1) ~~No~~ *Except as provided in subsection (2), a* dead body may be ~~disposed of or~~ removed from ~~a registration district until a permit for disposition or removal has been issued by the local registrar.~~ *the place of death only upon the written authorization or oral authorization, which must be reduced to writing within 24 hours, of the physician in attendance at death or the physician's designee, the coroner having jurisdiction, or a mortician licensed under 37-19-302.*

(2) ~~No permit may be issued until a death certificate, fetal death certificate, or notice of delay as required in subsection (3) of this section has been filed with the local registrar.~~ *If the death requires inquiry under 46-4-122, the written authorization may only be granted by the coroner having jurisdiction or the coroner's designee or by the state medical examiner if the coroner fails to act. However, when the only reason for inquiry under 46-4-122 is that the body is to be cremated, the coroner may grant oral authorization for removal of the body, which must be reduced to writing as specified under subsection (1) by the coroner.*

(3) ~~If the cause of death or fetal death cannot be determined within 3 days after the occurrence, the attending physician, coroner, or medical examiner shall give the local registrar written notice of the reason for delay so that a permit may be issued for disposition of the body.~~ *The written authorization to move a dead body must be made in triplicate on a form provided by the department. The person in charge of disposition of the dead body, the coroner having jurisdiction, and the local registrar must each be provided with and retain a copy of the authorization.*

(4) A written authorization issued under this section permits removal, transportation, and final disposition of a dead body."

Section 5. **Codification instruction.** [Section 1] is intended to be codified as an integral part of Title 46, chapter 4, part 1, and the provisions of Title 46, chapter 4, part 1, apply to [section 1].

Approved April 7, 1993.

CHAPTER NO. 290

[HB 596]

AN ACT AUTHORIZING TRUST COMPANIES ORGANIZED IN ANOTHER STATE TO SERVE AS TRUSTEE, GUARDIAN, OR CONSERVATOR IN THIS STATE IF THE STATE IN WHICH THE TRUST COMPANY IS ORGANIZED GRANTS AUTHORITY TO SERVE IN SIMILAR FIDUCIARY CAPACITIES TO A TRUST COMPANY ORGANIZED IN MONTANA.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 7] authorizes the department of commerce to adopt rules regulating the conduct of business in Montana by foreign trust companies. It is intended that the rules allow a foreign trust company to establish branches or offices of any sort in Montana or to solicit business in Montana only if reciprocating states within the ninth federal reserve district generally permit such solicitation.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Definition of foreign trust company.** (1) For the purposes of [sections 1 through 7], the term "foreign trust company" includes each banking and trust association or corporation organized under the laws of any state other than Montana that has the power to act as trustee, guardian, or conservator and each national banking association that maintains its principal office in any state other than Montana that has been granted permission by the comptroller of the currency to act in a fiduciary capacity under the provisions of 12 U.S.C. 92a, as amended.

(2) A foreign trust company acting pursuant to [sections 1 through 7] is not a foreign corporation regulated by 32-1-103 or 32-1-402.

Section 2. **Appointment of foreign trust companies.** (1) A foreign trust company from a state offering reciprocity, as provided in subsection (2), may accept an appointment and act as:

(a) the trustee of any trust created by will, indenture, or other instrument by a person residing in this state, a corporation with its principal offices in this state, or a political entity located in this state;

(b) a guardian or conservator of the person, estate, or both person and estate of any resident of this state;

(c) an executor of the will or administrator of the estate of a decedent who was a resident of the state in which the foreign trust company maintains its principal office at the time of death, in ancillary probate proceedings in this state; and

(d) a guardian or conservator in ancillary proceedings in this state with respect to the property of a resident of the state in which the foreign trust company maintains its principal office.

(2) A foreign trust company may accept appointments in this state if banking or trust associations or corporations organized under the laws of this state or national banking associations that maintain their principal offices in this state are permitted to act as trustees, guardians, or conservators in the state in which the foreign trust company maintains its principal office.

Section 3. **Designation of attorney for service of process.** Before accepting an appointment or acting as a trustee, guardian, or conservator, a foreign trust company shall appoint the secretary of state as its attorney for the service of all legal process in any action or proceedings involving any acts or defaults by it as trustee, guardian, or conservator. The appointment is irrevocable. Service upon the secretary of state as attorney is as valid and binding as if personal service were made upon the foreign trust company.

Section 4. **Service of process.** Service of process under [sections 1 through 7] may be made by delivering a copy of the papers to be served to the secretary of state personally or by filing a copy in the secretary of state's office, accompanied by one additional copy for each foreign trust company to be served. The secretary of state shall, no later than the business day following the date of service, mail to each served foreign trust company, by certified mail, a copy of papers that were served. The copies must be mailed to the address shown for each foreign trust company in the records of the office of the secretary of state.

Section 5. **Bond.** Before accepting an appointment or acting as a trustee, guardian, or conservator, a foreign trust company shall file a bond with a court of competent jurisdiction in an amount as the court directs, with sufficient sureties, conditioned on the faithful discharge of its duties as trustee, guardian, or conservator. In lieu of the bond, the foreign trust company shall certify, in a manner acceptable to the department of commerce, that the capital stock of the foreign trust company is fully paid in cash, on deposit with an appropriate bank, and is of a sufficient amount [to meet the requirements of 32-1-307(3) for a trust company organized under the laws of this state]. The deposit must be maintained until the foreign trust company ceases to act as trustee, guardian, or conservator under [sections 1 through 7]. A foreign trust company does not have to file a bond or certify the deposit of its capital with respect to a trust, created other than a trust created by a will, if the trust instrument requests or directs that a bond is not required of the trustee.

Section 6. **Rights and duties.** A foreign trust company acting as trustee, guardian, or conservator has the rights, authority, and duties that a natural person resident in this state duly acting as trustee, guardian, or conservator has under the laws of this state.

Section 7. **Solicitation of business.** A foreign trust company may conduct business in Montana only in accordance with rules promulgated by the department of commerce.

Section 8. **Coordination instruction.** If House Bill No. 201 is passed and approved with amendments to 33-1-307 that delete subsection (3), then in [section 5 of this act], the bracketed phrase relating to 32-1-307(3) is void.

Approved April 7, 1993.

CHAPTER NO. 292

[SB 37]

AN ACT CREATING THE OFFENSE OF STALKING; PROVIDING FOR RESTRAINING ORDERS; REQUIRING NOTIFICATION OF VICTIMS WHEN ACCUSED STALKERS ARE RELEASED ON BAIL; EXEMPTING THE OFFENSE OF STALKING FROM BAIL SCHEDULES; AMENDING SECTIONS 40-4-121, 46-9-108, AND 46-9-302, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

STATEMENT OF INTENT

The legislature finds that there are not adequate provisions in existing state law to protect stalking victims. Civil restraining orders are often difficult to obtain and alone are often inadequate to deter a stalker from committing an act of violence. It is the intent of the legislature to criminalize and punish the activities of people who repeatedly watch, follow, harass, or threaten someone when such activity causes the victim substantial emotional distress or reasonable apprehension of bodily injury or death. It is the intent of the legislature to give law enforcement personnel recourse before an attack takes place. Further, it is the intent of the legislature that the offense not apply to an otherwise lawful activity. In particular, the legislature does not want to place a chill on constitutionally protected rights, such as the right to demonstrate, to assemble, to picket, to peacefully protest, to distribute literature, and to lawfully communicate with persons in public places, or on the full exercise of freedom of speech and freedom of the press.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Stalking — exemption — penalty.** (1) A person commits the offense of stalking if the person purposely or knowingly causes another person substantial emotional distress or reasonable apprehension of bodily injury or death by repeatedly:

(a) following the stalked person; or

(b) harassing, threatening, or intimidating the stalked person, in person or by phone, by mail, or by other action, device, or method.

(2) This section does not apply to a constitutionally protected activity.

(3) For the first offense, a person convicted of stalking shall be imprisoned in the county jail for a term not to exceed 1 year or fined an amount not to exceed $1,000, or both. For a second or subsequent offense or for a first offense against a victim who was under the protection of a restraining order directed at the offender, the offender shall be imprisoned in the state prison for a term not to exceed 5 years or fined an amount not to exceed $10,000, or both. A person convicted of stalking may be sentenced to pay all medical, counseling, and other costs incurred by or on behalf of the victim as a result of the offense.

(4) Upon presentation of credible evidence of violation of this section, an order may be granted, as set forth in 40-4-121, restraining a person from engaging in the activity described in subsection (1).

(5) For the purpose of determining the number of convictions under this section, "conviction" means:

(a) a conviction, as defined in 45-2-101, in this state;

(b) a conviction for a violation of a statute similar to this section in another state; or

(c) a forfeiture of bail or collateral deposited to secure the defendant's appearance in court in this state or another state for a violation of a statute similar to this section, which forfeiture has not been vacated.

(6) Attempts by the accused person to contact or follow the stalked person after the accused person has been given actual notice that the stalked person does not want to be contacted or followed constitutes prima facie evidence that the accused person purposely or knowingly followed, harassed, threatened, or intimidated the stalked person.

Section 2. Section 40-4-121, MCA, is amended to read:

"**40-4-121. Temporary order or temporary injunction.** (1) In a proceeding for dissolution of marriage or for legal separation or in a proceeding for disposition of property or for maintenance or support following dissolution of the marriage by a court which lacked personal jurisdiction over the absent spouse, either party may move for temporary maintenance or temporary support of a child of the marriage entitled to support. The motion shall be accompanied by an affidavit setting forth the factual basis for the motion and the amounts requested.

(2) As a part of a motion for temporary maintenance or support or by independent motion accompanied by affidavit, either party may request the court to issue a temporary injunction for any of the following relief:

(a) restraining any person from transferring, encumbering, concealing, or otherwise disposing of any property except in the usual course of business or for the necessities of life and, if so restrained, requiring him to notify the moving party of any proposed extraordinary expenditures made after the order is issued;

(b) enjoining a party from molesting or disturbing the peace of the other party or of any child *or from stalking, as defined in [section 1]*;

(c) excluding a party from the family home or from the home of the other party upon a showing that physical or emotional harm would otherwise result;

(d) enjoining a party from removing a child from the jurisdiction of the court; and

(e) providing other injunctive relief proper in the circumstances.

(3) A person may seek the relief provided for in subsection (2) of this section without filing a petition under this part for a dissolution of marriage or legal separation by filing a verified petition:

(a) *(i)* alleging physical abuse, harm, or bodily injury against the petitioner by a family or household member or the threat of physical abuse, harm, or bodily injury against the petitioner by a family or household member that causes the petitioner to reasonably believe that the offender has the present ability to execute the threat; ~~and~~ *or*

(ii) alleging a violation of [section 1]; and

(b) requesting relief under Title 27, chapter 19, part 3. Any preliminary injunction entered under this subsection must be for a fixed period of time, not to exceed 1 year, and may be modified as provided in Title 27, chapter 19, part 4, and 40-4-208, *as appropriate*. Persons who may request relief under this subsection include spouses, former spouses, ~~and~~ persons cohabiting or who have cohabited with the other party within 1 year immediately preceding the filing of the petition, *and persons alleging a violation of [section 1]*.

(4) The court may issue a temporary restraining order for a period not to exceed 20 days without requiring notice to the other party only if it finds on the basis of the moving affidavit or other evidence that irreparable injury will result to the moving party if no order is issued until the time for responding has elapsed.

(5) A response may be filed within 20 days after service of notice of motion or at the time specified in the temporary restraining order.

(6) On the basis of the showing made and in conformity with 40-4-203 and 40-4-204, the court may issue a temporary injunction and an order for temporary maintenance or support in amounts and on terms just and proper in the circumstance.

(7) A temporary order or temporary injunction:

(a) does not prejudice the rights of the parties or the child which are to be adjudicated at subsequent hearings in the proceeding;

(b) may be revoked or modified before final decree on a showing by affidavit of the facts necessary to revocation or modification of a final decree under 40-4-208;

(c) terminates upon order of the court or when a final decree is entered or when a petition for dissolution or legal separation is voluntarily dismissed; and

(d) when issued under this section must conspicuously bear the following: "Violation of this order is a criminal offense under 45-5-626 *or [section 1]*."

(8) When the petitioner has fled the parties' residence, notice of petitioner's new residence must be withheld except by order of the court for good cause shown."

Section 3. Section 46-9-108, MCA, is amended to read:

"**46-9-108. Conditions upon defendant's release — *notice to victim of stalker's release.*** (1) The court may impose any condition that will reasonably ensure the appearance of the defendant as required or that will ensure the safety of any person or the community, including but not limited to the following conditions:

(a) the defendant may not commit an offense during the period of release;

(b) the defendant shall remain in the custody of a designated person who agrees to supervise the defendant and report any violation of a release condition to the court, if the designated person is reasonably able to assure the court that the defendant will appear as required and will not pose a danger to the safety of any person or the community;

(c) the defendant shall maintain employment or, if unemployed, actively seek employment;

(d) the defendant shall abide by specified restrictions on the defendant's personal associations, place of abode, and travel;

(e) the defendant shall avoid all contact with an alleged victim of the crime and any potential witness who may testify concerning the offense;

(f) the defendant shall report on a regular basis to a designated agency or individual, pretrial services agency, or other appropriate individual;

(g) the defendant shall comply with a specified curfew;

(h) the defendant may not possess a firearm, destructive device, or other dangerous weapon;

(i) the defendant may not use or possess alcohol, or any dangerous drug or other controlled substance without a legal prescription;

(j) the defendant shall furnish bail in accordance with 46-9-401; or

(k) the defendant shall return to custody for specified hours following release from employment, schooling, or other approved purposes.

(2) The court may not impose an unreasonable condition that results in pretrial detention of the defendant and shall subject the defendant to the least restrictive condition or combination of conditions that will ensure the defendant's appearance and provide for protection of any person or the community. At any time, the court may, upon a reasonable basis, amend the order to impose additional or different conditions of release upon its own motion or upon the motion of either party.

(3) Whenever a person accused of a violation of [section 1] is admitted to bail, the court shall, as soon as possible under the circumstances, make one and if necessary more reasonable attempts, by means that include but are not limited to certified mail, to notify the alleged victim or, if the alleged victim is a minor, the alleged victim's parent or guardian of the accused's release."

Section 4. Section 46-9-302, MCA, is amended to read:

"**46-9-302. Bail schedule — acceptance by peace officer.** (1) A judge may establish and post a schedule of bail for offenses over which the judge has original jurisdiction. A person may not be released on bail without first appearing before the judge when the offense is domestic abuse ~~or~~, any assault against a family member or a household member, *or stalking, as defined in [section 1].*

(2) A peace officer may accept bail on behalf of a judge:

(a) in accordance with the bail schedule established under subsection (1); or

(b) whenever the warrant of arrest specifies the amount of bail.

(3) Whenever a peace officer accepts bail, the officer shall give a signed receipt to the offender setting forth the bail received. The peace officer shall then deliver the bail to the judge before whom the offender is to appear, and the judge shall give a receipt to the peace officer for the bail delivered."

Section 5. **Codification instruction.** [Section 1] is intended to be codified as an integral part of Title 45, chapter 5, and the provisions of Title 45 apply to [section 1].

Section 6. **Effective date.** [This act] is effective on passage and approval.

CHAPTER NO. 294

[SB 150]

AN ACT CONFORMING WITH FEDERAL LAW THE STATE CHILD SUPPORT ENFORCEMENT LAWS RELATING TO CHILD SUPPORT GUIDELINES AND PATERNITY BLOOD TESTING FEES; AMENDING SECTIONS 40-4-204, 40-5-210, 40-5-226, AND 40-6-116, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-4-204, MCA, is amended to read:

"**40-4-204. Child support — orders to address health insurance — withholding of child support.** (1) In a proceeding for dissolution of marriage, legal separation, maintenance, or child support, the court shall order either or both parents owing a duty of support to a child to pay an amount reasonable or necessary for ~~his~~ *the child's* support, without regard to marital misconduct.

(2) The court shall consider all relevant factors, including:

(a) the financial resources of the child;

(b) the financial resources of the custodial parent;

(c) the standard of living the child would have enjoyed had the marriage not been dissolved;

(d) the physical and emotional condition of the child and ~~his~~ *the child's* educational and medical needs;

(e) the financial resources and needs of the noncustodial parent;

(f) the age of the child;

(g) the cost of day care for the child;

(h) any custody arrangement that is ordered or decided upon; and

(i) the needs of any person, other than the child, whom either parent is legally obligated to support.

(3) (a) Whenever a court issues or modifies an order concerning child support, the court shall determine the child support obligation by applying the standards in this section and the uniform child support guidelines adopted by the department of social and rehabilitation services pursuant to 40-5-209~~,~~. *The guidelines must be used in all cases, including cases in which the order is entered upon the default of a party and those in which the parties have entered into an agreement regarding the support amount. A verified representation of the defaulting parent's income, based on the best information available, may be used when a parent fails to provide financial information for use in applying the guidelines. The amount determined under the guidelines is presumed to be an adequate and reasonable support award,* unless the court finds by clear and convincing evidence that the application of the standards and guidelines is unjust to the child or to any of the parties or is inappropriate in that particular case.

(b) If the court ~~does not apply these standards and guidelines to determine child support~~ *finds that the guideline amount is unjust or inappropriate in a particular case*, it shall state its reasons for finding that the application of ~~such~~ *the* standards and guidelines is unjust to the child or a party or is inappropriate in that particular case. *Similar reasons must also be stated in a case in which the parties have agreed to a support amount that varies from the guideline amount. Findings that rebut and vary the guideline amount must include a statement of the amount of support that would have ordinarily been ordered under the guidelines.*

(c) If the court does not order a parent owing a duty of support to a child to pay any amount for the child's support, the court shall state its reasons for not ordering child support.

(4) Each district court judgment, decree, or order establishing a final child support obligation under this title and each modification of a final order for child support must include a provision addressing health insurance coverage in the following cases:

(a) If either party has available through an employer or other organization health insurance coverage for the child or children for which the premium is partially or entirely paid by the employer or organization, the judgment, decree, or order may contain a provision requiring that coverage for the child or children be continued or obtained.

(b) In the event that health insurance required in a child support judgment, decree, or order becomes unavailable to the party who is to provide it, through loss or change of employment or otherwise, that party must, in the absence of an agreement to the contrary, obtain comparable insurance or request that the court modify the requirement.

(c) All temporary child support orders must contain a provision requiring the party who has health insurance in effect for the child or children of the parties to continue the insurance coverage pending final disposition of the case.

(d) The parties may by written agreement provide for the health care coverage required by this section, subject to the approval of the court.

(e) Unless otherwise provided in the decree, the health care coverage required by this section is in addition to and not in substitution, in whole or in part, for the child support obligation.

(5) (a) Unless the court makes a written exception under 40-5-315 or 40-5-411 and the exception is included in the support order, a support obligation established by judgment, decree, or order under this section, whether temporary or final, and each modification of an existing support obligation under 40-4-208 must be enforced by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 3 or 4. A support order that omits the written exceptions provided in 40-5-315 or 40-5-411 or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment to the support order or for any further action by the court.

(b) If an obligor is exempt from immediate income withholding, the district court judgment or order must include a warning statement that if the obligor is delinquent in the payment of support, the obligor's income may be subject to income withholding procedures under Title 40, chapter 5, part 3 or 4. Failure to include a warning statement in a judgment or order does not preclude the use of withholding procedures.

(6) For the purposes of income withholding under subsection (5), every district court judgment, decree, or order that establishes or modifies a child support obligation must include a provision requiring the parent obligated to pay support to inform the court and, if the department of social and rehabilitation services is providing services under Title IV-D of the Social Security Act for the enforcement of the judgment, decree, or order, the department, of the following:

(a) the name and address of the parent's current employer;

(b) whether the parent has access to health insurance through an employer or other group; and

(c) if insurance coverage is available, the health insurance policy information.

(7) If the department of social and rehabilitation services is providing or later provides support enforcement services under Title IV-D of the Social Security Act, each district court order or modification of an order must contain a statement providing that the noncustodial parent, without further order of the court, is required to obtain and maintain health insurance coverage as provided in 40-5-208. Failure to include a warning statement in the judgment or order does not preclude the imposition of sanctions under 40-5-208.

(8) Each district court judgment, decree, or order establishing a final child support obligation under this part and each modification of a final order for child support must contain a statement that the order is subject to review and modification by the department of social and rehabilitation services upon the request of the department or a party under 40-5-271 through 40-5-273 when the

department is providing services under Title IV-D of the Social Security Act for the enforcement of the order."

Section 2. Section 40-5-210, MCA, is amended to read:

"**40-5-210. Standardized fee schedule.** (1) The department shall by rule establish a standardized schedule of fees for the recovery of administrative costs and expenses of child support enforcement. The fees may be recovered from an obligor if the obligor's failure or refusal to support a child makes it necessary for the department to provide child support enforcement services under this part. The fees must be commensurate with costs or an average of the expenditures related to specific or routine activities.

(2) If paternity is established or presumed under 40-5-234 for the alleged father, the fees for paternity blood testing may be recovered from the parent, whether the alleged father or the mother, denying paternity of the alleged father. The total amount of the paternity blood testing fee may not exceed the actual costs of the paternity blood tests.

~~(2)~~*(3)* In an action to establish paternity or to establish or enforce a child support obligation, whether in district court or by administrative process, the department must be awarded costs in the amount established in the fee schedule as part of any judgment, decree, or order in which the department is the prevailing party.

~~(3)~~*(4)* Fees awarded under this section are in the nature of child support and are collectible in the same manner as a support order. The fee award may be collected separately or added to and collected with any balance due on a support debt.

~~(4)~~*(5)* Collection of a fee award may not reduce any current child support payment due the obligee.

~~(5)~~*(6)* Arrearage amounts collected that include a fee must be allocated as follows:

(a) If the obligee is a recipient of public assistance, the amount must be allocated first to satisfy the fee.

(b) If the obligee is not a recipient of public assistance, the first 10% of each amount collected must be allocated to satisfy the fee.

~~(6)~~*(7)* The department, upon a showing of necessity, may waive or defer any fee assessed under this section."

Section 3. Section 40-5-226, MCA, is amended to read:

"**40-5-226. Administrative hearing — nature — place — time — determinations — failure to appear — entry of final decision and order.** (1) The administrative hearing is defined as a "contested case".

(2) At the discretion of the hearing officer, the administrative hearing may be held:

(a) in the county of residence or other county convenient to the obligor or obligee; or

(b) in the county in which the department or any of its offices are located.

(3) If a hearing is requested, it must be scheduled within 20 days.

(4) The hearing officer shall determine the liability and responsibility, if any, of the obligor under the notice and shall enter a final decision and order in accordance with ~~such~~ *the* determination.

(5) If the obligor fails to appear at the hearing or fails to timely request a hearing, the hearing officer, upon a showing of valid service, shall enter a decision and order declaring the amount stated in the notice to be final.

(6) In a hearing to determine financial responsibility, *whether temporary or final, and in any proceeding to modify support under 40-5-273,* the monthly support responsibility must be determined in accordance with the evidence presented and with reference to the ~~scale of suggested minimum contributions~~ *uniform child support guidelines adopted by the department* under ~~40-5-214~~ *40-5-209.* The hearing officer is not limited to the amounts stated in the notice. *The guidelines must be used in all cases, including cases in which the order is entered upon the default of a party and those in which the order is entered upon the parties' consent. A verified representation of a defaulting parent's income, based on the best information available, may be used when a parent fails to provide financial information for use in applying the guidelines. The amount determined under the guidelines is presumed to be an adequate and reasonable support award, unless the hearing officer finds by clear and convincing evidence that the application of the standards and guidelines is unjust to the child or to any of the parties or is inappropriate in a particular case. If the hearing officer finds that the guideline amount is unjust or inappropriate in a particular case, the hearing officer shall state the reasons for finding that the application of the standards and guidelines is unjust to the child or a party or is inappropriate in that particular case. Similar findings must also be made in a case in which the parties have agreed to a support amount that varies from the guideline amount. Findings that rebut and vary the guideline amount must include a statement of the amount of support that would have ordinarily been ordered under the guidelines.*

(7) Within 20 days of the hearing, the hearing officer shall enter a final decision and order. The determination of the hearing officer constitutes a final agency decision, subject to judicial review under 40-5-253 and the provisions of the Montana Administrative Procedure Act.

(8) A support order entered under this part must contain a statement that the order is subject to review and modification by the department upon the request of the department or a party under 40-5-271 through 40-5-273 when the department is providing services under IV-D for the enforcement of the order.

(9) A support debt determined pursuant to this section is subject to collection action without further necessity of action by the hearing officer.

(10) A support debt or a support responsibility determined under this part by reason of the obligor's failure to request a hearing under this part or failure to appear at a scheduled hearing may be vacated, upon the motion of an obligor, by the hearing officer within the time provided and upon a showing of any of the grounds enumerated in the Montana Rules of Civil Procedure.

(11) Unless the hearing officer makes a written exception under 40-5-315 or 40-5-411 and the exception is included in the support order, every order establishing a child support obligation, whether temporary or final, and each modification of an existing child support order under this part is enforceable by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 4. A support order that omits that provision or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment of the support order or for any further action by the hearing officer.

(12) For the purposes of income withholding provided for in subsection (11), whenever the department establishes or modifies a child support obligation, the department's order must include a provision requiring the obligor, for as long as the department is providing support enforcement services, to keep the department informed of the name and address of the obligor's current employer, whether the obligor has access to health insurance through an employer or other group, and, if so, the health insurance policy information."

Section 4. Section 40-6-116, MCA, is amended to read:

"**40-6-116. Judgment or order.** (1) The judgment or order of the court determining the existence or nonexistence of the parent and child relationship is determinative for all purposes.

(2) If the judgment or order of the court is at variance with the child's birth certificate, the court shall order that a substitute birth certificate be issued under 40-6-123.

(3) (a) The judgment or order may contain any other provision directed against the appropriate party to the proceeding concerning the custody and guardianship of the child, visitation privileges with the child, the furnishing of bond or other security for the payment of the judgment, or any other matter in the best interest of the child.

(b) Except when the financial responsibility of a responsible parent is in the process of being determined pursuant to the administrative procedure provided in 40-5-225, the judgment or order must contain a provision concerning the duty of child support.

(c) The judgment or order may direct the father to pay the reasonable expenses of the mother's pregnancy and confinement.

(4) (a) Support judgments or orders ordinarily ~~shall~~ *must* be for periodic payments, which may vary in amount.

(b) In the best interest of the child, a lump-sum payment or the purchase of an annuity may be ordered in lieu of periodic payments of support.

(c) The court may limit the father's liability for past support of the child to the proportion of the expenses already incurred that the court ~~deems~~ *considers* just.

(5) In determining the amount to be paid by a parent for support of the child and the period during which the duty of support is owed, a court enforcing the obligation of support shall consider all relevant facts, including:

(a) the needs of the child, including ~~his~~ medical needs;

(b) the standard of living and circumstances of the parents;

(c) the relative financial means of the parents;

(d) the earning ability of the parents;

(e) the need and capacity of the child for education, including higher education;

(f) the age of the child;

(g) the financial resources and the earning ability of the child;

(h) the responsibility of the parents for the support of others;

(i) the value of services contributed by the custodial parent;

(j) the cost of day care for the child; and

(k) any custody arrangement that is ordered or decided upon.

(6) (a) Whenever a court issues or modifies an order concerning child support, the court shall determine the child support obligation by applying the standards in this section and the uniform child support guidelines adopted by the department of social and rehabilitation services pursuant to 40-5-209. *The guidelines must be used in all cases, including cases in which the order is entered upon the default of a party and those in which the parties have entered into an agreement regarding the support amount. A verified representation of a defaulting parent's income, based on the best information available, may be used when a parent fails to provide financial information for use in applying the guidelines. The amount determined under the guidelines is presumed to be an adequate and reasonable support award,* unless the court finds by clear and convincing evidence that the application of the standards and guidelines is unjust to the child or to any of the parties or is inappropriate in that particular case.

(b) If the court ~~does not apply these standards and guidelines to determine child support~~ *finds that the guideline amount is unjust or inappropriate in a particular case,* it shall state its reasons for finding that the application of ~~such~~ *the* standards and guidelines is unjust to the child or a party or is inappropriate in that particular case. *Similar reasons must also be stated in a case in which the parties have agreed to a support amount that varies from the guideline amount. Findings that rebut and vary the guideline amount must include a statement of the amount of support that would have ordinarily been ordered under the guidelines.*

(c) If the court does not order a parent owing a duty of support to a child to pay any amount for the child's support, the court shall state its reasons for not ordering child support.

(7) The judgment or order concerning child support and each modification of a judgment or order for child support must include a provision addressing health insurance coverage in the following cases:

(a) If either party has available through an employer or other organization health insurance coverage for the child or children for which the premium is partially or entirely paid by the employer or organization, the judgment or order may contain a provision requiring that coverage for the child or children be continued or obtained.

(b) In the event that health insurance required in a child support judgment or order becomes unavailable to the party who is to provide it, through loss or change of employment or otherwise, that party shall, in the absence of an agreement to the contrary, obtain comparable insurance or request that the court modify the requirement.

(c) The parties may by written agreement provide for the health care coverage required by this section, subject to the approval of the court.

(d) Unless otherwise provided in the decree, the health care coverage required by this section is in addition to and not in substitution, in whole or in part, for the child support obligation.

(8) Unless an exception is found under 40-5-315 or 40-5-411 and the exception is included in the support order, a support obligation established by judgment, decree, or order under this section, whether temporary or final, and each modification of an existing support obligation made under 40-6-118 must be enforced by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 3 or 4. A support order that omits the exception or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment to the support order or for any further action by the court.

(9) For the purposes of income withholding as provided in subsection (8), whenever the district court establishes or modifies a child support obligation, the judgment, decree, or order must include a provision requiring the parent obligated to pay support to inform the court and, if the department of social and rehabilitation services is providing services under Title IV-D of the Social Security Act for the enforcement of the judgment, decree, or order, the department, of the following:

(a) the name and address of the parent's current employer;

(b) whether the parent has access to health insurance through an employer or other group; and

(c) if insurance coverage is available, the health insurance policy information.

(10) If the department of social and rehabilitation services is providing or later provides support enforcement services under Title IV-D of the Social Security Act, each district court order or modification of an order must contain a statement providing that the noncustodial parent, without further order of the court, is required to obtain and maintain health insurance coverage as provided in 40-5-208. Failure to include a warning statement in the judgment or order does not preclude the imposition of sanctions under 40-5-208.

(11) Each district court judgment, decree, or order establishing a final child support obligation under this part and each modification of a final order for child

support must contain a statement that the order is subject to review and modification by the department of social and rehabilitation services upon the request of the department or a party under 40-5-271 through 40-5-273 when the department is providing services under Title IV-D of the Social Security Act for the enforcement of the order."

CHAPTER NO. 295

[SB 163]

AN ACT CREATING THE MONTANA SAFETY CULTURE ACT; REQUIRING EMPLOYERS TO ESTABLISH SAFETY PROGRAMS; REQUIRING SAFETY TRAINING AND EDUCATION PROGRAMS; REQUIRING WORKERS' COMPENSATION INSURERS TO PROVIDE SAFETY CONSULTATION SERVICES; GRANTING IMMUNITY TO INSURERS FOR CERTAIN OCCURRENCES; CREATING A SAFE EMPLOYMENT EDUCATION AND TRAINING ADVISORY COMMITTEE; ALLOWING THE STATE FUND TO IMPLEMENT VARIABLE PRICING LEVELS; ALLOWING THE STATE FUND TO PLACE A SURCHARGE ON HIGH-LOSS EMPLOYERS; AMENDING SECTION 39-71-2311, MCA; AND PROVIDING EFFECTIVE DATES.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 5] authorizes the department of labor and industry to adopt rules to implement safety programs and to stimulate the creation of a safety culture in Montana workplaces. The rules adopted by the department must:

(1) be consistent with the provisions of [this act] and of Titles 33 and 39 and Title 50, chapter 71; and

(2) further the objectives of improving occupational safety and health and reducing the costs of the workers' compensation system by attempting to control or diminish the incidence of injury or illness.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [Sections 1 through 9] may be cited as the "Montana Safety Culture Act".

Section 2. **Purpose.** The purpose of [sections 1 through 9] is to reduce the incidence of occupational injury and illness by promoting safety in the workplace in order to control the costs of claims for workers' compensation insurance. The creation of a safety culture requires employers to provide training and education to make safety awareness part of the requirement for each worker's satisfactory job performance and requires the department to promote safety awareness for the public through the education and preparation of each student for entrance into the labor market. A reduction in workplace injuries, illnesses, and deaths through enhanced safety on the job benefits the public as well as the employers and the employees by lowering both financial and physical costs. Ensuring immunity to insurers in the provision of safety consultation services encourages and promotes safety in the workplace and improves the relationship between employers and employees.

Section 3. **Safety consultation.** (1) As used in [sections 1 through 9], "safety consultation services" means assistance rendered by an insurer to advise and aid an insured employer in the identification, evaluation, and control of existing and potential accidental and occupational health problems. The services may be delivered in person, by mail, or by telephone, based upon need.

(2) Safety consultation services include but are not limited to:

(a) surveys consisting of onsite identification and subsequent evaluation of exposures relative to employees, materials, equipment, work methods, processes, and facilities;

(b) recommendations expressed in the form of communications to an insured employer, with reference to control of exposures to occupational accident, injury, or illness and to improvement of safety programs and systems;

(c) training programs, including aids, programs, and materials made available to assist in the control of exposures;

(d) consultations to advise insured employers relative to risk, exposure, and experience in the insured employer's business;

(e) accident analysis consisting of review of reported accidents to determine cause and trends; and

(f) industrial hygiene services, including recognition, evaluation, and control of chemical, physical, and biological exposures.

Section 4. **Safety programs — educational activities.** (1) To promote health and safety in places of employment in this state:

(a) each public or private employer shall establish and administer a safety program in accordance with rules adopted by the department pursuant to [section 5]; and

(b) the department, relying upon the support and assistance of concerned private entities or other governmental agencies, shall produce and distribute material to the schools of Montana and provide guest speakers intended to:

(i) educate students about the necessity for safe work practices;

(ii) prepare students to embark on accident-free careers; and

(iii) disseminate information promoting the reduction and control of the rate of incidence of workplace injuries or occupational disease.

(2) An employer who employs temporary workers shall include those workers in the employer's safety program. A temporary services contractor shall provide a safety program for employees not employed by other employers.

Section 5. **Rulemaking authority.** The department shall adopt rules, including but not limited to rules that require:

(1) each employer to conduct an educational-based safety program, including but not limited to:

(a) a safety training program to provide:

(i) new employee general safety orientation;

(ii) job- or task-specific safety training; and

(iii) continuous refresher safety training, including periodic safety meetings;

(b) periodic hazard assessment, with corrective actions identified; and

(c) appropriate documentation of performance of the activities; and

(2) an employer of more than five employees to have a comprehensive and effective safety program, including but not limited to:

(a) a safety committee composed of employee and employer representatives that holds regularly scheduled meetings;

(b) procedures of reporting and investigating all work-related incidents, accidents, injuries, and illnesses; and

(c) policies and procedures that assign specific safety responsibilities and safety performance accountability.

Section 6. **Notification of safety consultation services available by insurer.** To implement safety requirements, each insurer shall notify each insured employer of the type of safety consultation services available and the location where the safety consultation services may be requested.

Section 7. **Safety consultation services — safety program as provision of insurance contract or agreement.** (1) Each insurer shall provide safety consultation services to each of its insured employers who request the assistance.

(2) The safety consultation services to be provided are within the discretion of the insurer but must include consideration of the hazard, experience, and size of the insured employer's operations.

(3) The insurer shall establish a system of priorities to use in responding to worksite safety consultation service requests, giving first priority to insured employers that have an unreasonably high actual or potential loss experience.

(4) Each insurer's insurance contract or agreement must require each insured employer to implement a safety program as part of the contract or agreement to provide workers' compensation coverage.

Section 8. **Safety employment education and training advisory committee — terms — expenses — duties — meetings.** (1) There is a safety employment education and training advisory committee composed of seven members appointed by the commissioner of labor and industry to serve for terms of 3 years.

(2) The committee consists of:

(a) three members representing employees;

(b) three members representing employers; and

(c) one member representing the department of labor and industry.

(3) The committee shall elect its presiding officer.

(4) Before the expiration of the term of a member of the committee, the commissioner shall appoint a successor. A member may be reappointed. The commissioner shall make an appointment to fill a vacancy.

(5) The members of the committee serve without compensation but are entitled to travel expenses as provided in 2-18-501.

(6) The commissioner shall prescribe the committee's duties, including but not limited to recommending to the commissioner methods by which the department may:

(a) implement safety education in secondary schools and vocational-technical programs;

(b) facilitate the implementation of employer safety programs; and

(c) universally increase safety awareness in the workplace.

(7) The committee shall meet at least once every 3 months at a place and time determined by the committee and shall meet at other times and places determined by a majority of the members of the committee or the presiding officer of the committee. Four members of the committee constitute a quorum for the transaction of business, but the department member may not be counted to determine a quorum.

Section 9. **Safety consultation services — insurer's exemption from civil liability — exceptions.** (1) The furnishing of or the failure to furnish safety consultation services related to, in connection with, or incidental to a workers' compensation insurance contract or agreement to provide workers' compensation coverage does not subject the insurer or its agents, employees, or service contractors to liability for damages from injury, loss, or death, whether direct or consequential, occurring as a result of any act or omission by any person in the course of providing safety consultation services.

(2) Subsection (1) does not apply:

(a) if the injury, loss, or death occurred during the actual performance of safety consultation services and was directly and proximately caused by the negligence of the insurer or its agents, employees, or service contractors;

(b) to any safety consultation services required to be performed under the provisions of a written service contract for which a specific charge is made and not incidental to a policy of insurance; or

(c) in an action against an insurer or its agents, employees, or service contractors for damages caused by the act or omission of the insurer or its agents, employees, or service contractors in which it is judicially determined that the act or omission constituted a crime or involved actual malice.

Section 10. **Variable pricing — higher premium by state fund for noncompliance with safety program — expenditure accounting.** (1) The state fund shall:

(a) implement variable pricing levels within individual rate classifications to reward an employer with a good safety record and penalize an employer with a poor safety record. The timeliness of an employer's payroll reporting and premium payments and other relevant factors may be considered in the placement of an employer within the variable pricing levels.

(b) provide an additional pricing level with a higher rate within the classification for those employers who do not satisfactorily implement a safety program subsequent to the provision of or attempt to provide onsite safety consultation services.

(2) The state fund may assess a surcharge of an additional 20% on premiums payable to the state fund by high-loss employers. The criteria for identifying high-loss employers must be established by the state fund board of directors by rule.

(3) The state fund shall separately account for money expended under [sections 1 through 11] and 39-71-2311.

Section 11. **Safety program requirement in workers' compensation policies.** A policy, contract, or agreement to insure an employer against a workers' compensation or occupational disease risk must require each insured employer to implement a safety program, as provided in [section 7], as part of the policy, contract, or agreement to provide workers' compensation or occupational disease insurance coverage.

Section 12. Section 39-71-2311, MCA, is amended to read:

"**39-71-2311. Intent and purpose of plan.** It is the intent and purpose of the state fund to allow employers the option to insure their liability for workers' compensation and occupational disease coverage with a mutual insurance fund. The state fund is required to insure any employer in this state requesting coverage, and it may not refuse coverage for an employer ~~unless an assigned risk plan established under 39-71-431 is in effect~~. The state fund must be neither more nor less than self-supporting. Premium rates must be set at least annually at a level sufficient to ensure the adequate funding of the insurance program, including the costs of administration, benefits, and adequate reserves, during and at the end of the period for which the rates will be in effect. In determining premium rates, the state fund shall make every effort to adequately predict future costs. When the costs of a factor influencing rates are unclear and difficult to predict, the state fund shall use a prediction calculated to be more than likely to cover those costs rather than less than likely to cover those costs. Unnecessary surpluses that are created by the imposition of premiums found to have been set higher than necessary because of a high estimate of the cost of a factor or factors may be refunded by the declaration of a dividend as provided in this part. For the purpose of keeping the state fund solvent, it must implement variable pricing levels ~~within individual rate classifications to reward an employer with a good safety record and penalize an employer with a poor safety record. An employer's payroll reporting and~~

~~premium history and other relevant factors may also be considered in implementing variable pricing levels~~ *as provided in [section 10].*"

(2) [Section 8] is intended to be codified as an integral part of Title 2, chapter 15, and the provisions of Title 2, chapter 15, apply to [section 8].

(4) [Section 11] is intended to be codified as an integral part of Title 33, chapter 15, part 3, and the provisions of Title 33, chapter 15, part 3, apply to [section 11].

Section 14. **Saving clause.** [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 15. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. Be it enacted by the Legislature of the State of Montana:

Section 1. **Workers' compensation fraud office.** There is a workers' compensation fraud investigation and prosecution office in the department of justice. The office shall investigate and prosecute cases referred by the state compensation mutual insurance fund. The office is under the supervision and control of the attorney general and consists of:

(1) four persons qualified by education, training, experience, and high professional competence in investigative procedures who shall investigate violations of the provisions of Title 39, chapters 71 and 72, at the request of the state compensation mutual insurance fund; and

(2) one person licensed to practice law in Montana who shall prosecute violations of the provisions of Title 39, chapters 71 and 72. The attorney may also assist county attorneys in prosecuting violations of Title 39, chapters 71 and 72, without charge to the county.

Section 2. Section 39-71-206, MCA, is amended to read:

"**39-71-206. Legal advisers of department and state fund —** ***investigative and prosecution services.*** *(1)* The attorney general is the legal adviser of the department and the state fund and shall represent either entity in all proceedings if requested by the department or state fund. The department and state fund may employ other attorneys or legal advisers as they consider necessary.

(2) As provided in [section 1], the attorney general shall provide investigative and prosecution services to the state fund with respect to violations of Title 39, chapters 71 and 72."

Section 3. **Fraud detection and prevention unit — expenditure accounting.** (1) The state fund shall establish a fraud prevention and detection unit. The unit is responsible for developing detection and prevention procedures, providing detection services, and providing training in the prevention and detection of fraudulent conduct under Title 39, chapters 71 and 72, that is subject to prosecution under Title 45. The unit shall refer all cases of suspected fraudulent conduct to the workers' compensation fraud investigation and prosecution office established in [section 1].

(2) The state fund shall expend money to investigate fraud pursuant to this section and shall separately account for money expended.

Section 4. Section 39-71-316, MCA, is amended to read:

"**39-71-316. Filing true claim — obtaining benefits through deception or other fraudulent means.** (1) A person filing a claim under this chapter or chapter 72 of this title, by signing the claim, affirms the information filed is true and correct to the best of that person's knowledge.

(2) A person who obtains or assists in obtaining benefits to which the person is not entitled under this chapter or chapter 72 of this title ~~may be~~ *is* guilty of theft *and may be prosecuted* under 45-6-301. A county attorney *or the attorney general* may initiate criminal proceedings against the person. *This subsection includes but is not limited to a person who is receiving temporary total disability benefits, permanent total disability benefits, or rehabilitation benefits while working without the knowledge and concurrence of the insurer.*"

Section 5. Section 39-71-701, MCA, is amended to read:

"**39-71-701. Compensation for temporary total disability — exception.** (1) Subject to the limitation in 39-71-736 and subsection (4) of this section, a worker is eligible for temporary total disability benefits when the worker suffers a total loss of wages as a result of an injury and until the worker reaches maximum healing.

(2) The determination of temporary total disability must be supported by a preponderance of medical evidence.

(3) Weekly compensation benefits for injury producing temporary total disability shall be 66 ⅔% of the wages received at the time of the injury. The maximum weekly compensation benefits may not exceed the state's average weekly wage at the time of injury. Temporary total disability benefits must be paid for the duration of the worker's temporary disability. The weekly benefit amount may not be adjusted for cost of living as provided in 39-71-702(5).

(4) If the treating physician releases a worker to return to the same, a modified, or an alternative position that the individual is able and qualified to perform with the same employer at an equivalent or higher wage than ~~he~~ *the individual* received at the time of injury, the worker is no longer eligible for temporary total disability benefits even though ~~he~~ *the worker* has not reached maximum healing. A worker requalifies for temporary total disability benefits if the modified or alternative position is no longer available for any reason to the worker and the worker continues to be temporarily totally disabled, as defined in 39-71-116.

(5) In cases where it is determined that periodic disability benefits granted by the Social Security Act are payable because of the injury, the weekly benefits payable under this section are reduced, but not below zero, by an amount equal, as nearly as practical, to one-half the federal periodic benefits for ~~such~~ *the* week, which amount is to be calculated from the date of the disability social security entitlement.

(6) Notwithstanding subsection (3), beginning July 1, 1987, through June 30, 1991, weekly compensation benefits for temporary total disability may not exceed the state's average weekly wage of $299 established July 1, 1986.

(7) A worker may not receive both wages and temporary total disability benefits without the written consent of the insurer. A worker who receives both wages and temporary total disability benefits without written consent of the insurer is guilty of theft and may be prosecuted under 45-6-301."

Section 6. Section 39-71-702, MCA, is amended to read:

"**39-71-702. Compensation for permanent total disability.** (1) If a worker is no longer temporarily totally disabled and is permanently totally disabled, as defined in 39-71-116, the worker is eligible for permanent total disability benefits. Permanent total disability benefits must be paid for the duration of the worker's permanent total disability, subject to 39-71-710.

(2) The determination of permanent total disability must be supported by a preponderance of medical evidence.

(3) Weekly compensation benefits for an injury resulting in permanent total disability shall be 66 ⅔% of the wages received at the time of the injury. The maximum weekly compensation benefits ~~shall~~ *may* not exceed the state's average weekly wage at the time of injury.

(4) In cases where it is determined that periodic disability benefits granted by the Social Security Act are payable because of the injury, the weekly benefits payable under this section are reduced, but not below zero, by an amount equal, as nearly as practical, to one-half the federal periodic benefits for ~~such~~ *the* week, which amount is to be calculated from the date of the disability social security entitlement.

(5) A worker's benefit amount must be adjusted for a cost-of-living increase on the next July 1 after 104 weeks of permanent total disability benefits have been paid and on each succeeding July 1. A worker may not receive more than 10 ~~such~~ adjustments. The adjustment must be the percentage increase, if any, in the state's average weekly wage as adopted by the department over the state's average weekly wage adopted for the previous year or 3%, whichever is less.

(6) ~~Notwithstanding subsection (3), beginning July 1, 1987, through June 30, 1991, the maximum weekly compensation benefits for permanent total disability may not exceed the state's average weekly wage of $299 established July 1, 1986.~~ *A worker may not receive both wages and permanent total disability benefits without the written consent of the insurer. A worker who receives both wages and permanent total disability benefits without written consent of the insurer is guilty of theft and may be prosecuted under 45-6-301.*"

Section 7. Section 39-71-2001, MCA, is amended to read:

"**39-71-2001. Rehabilitation benefits.** (1) An injured worker is eligible for rehabilitation benefits if:

(a) the injury results in permanent partial disability or permanent total disability as defined in 39-71-116;

(b) a physician certifies that the injured worker is physically unable to work at the job the worker held at the time of the injury;

(c) a rehabilitation plan completed by a rehabilitation provider and designated by the insurer certifies that the injured worker has reasonable vocational goals and a reemployment and wage potential with rehabilitation. The plan must take into consideration the worker's age, education, training, work history, residual physical capacities, and vocational interests.

(d) a rehabilitation plan between the injured worker and the insurer is filed with the department. If the plan calls for the expenditure of funds under 39-71-1004, the department shall authorize the department of social and rehabilitation services to use the funds.

(2) After filing the rehabilitation plan with the department, the injured worker is entitled to receive rehabilitation benefits at the injured worker's temporary total disability rate. The benefits must be paid for the period specified in the rehabilitation plan, not to exceed 104 weeks. Rehabilitation benefits must be paid during a reasonable period, not to exceed 10 weeks, while the worker is waiting to begin the agreed-upon rehabilitation plan. Rehabilitation benefits must be paid while the worker is satisfactorily completing the agreed-upon rehabilitation plan.

(3) If the rehabilitation plan provides for job placement, a vocational rehabilitation provider shall assist the worker in obtaining other employment

and the worker is entitled to weekly benefits for a period not to exceed 8 weeks at the worker's temporary total disability rate. If, after receiving benefits under this subsection, the worker decides to proceed with a rehabilitation plan, the weeks in which benefits were paid under this subsection may not be credited against the maximum of 104 weeks of rehabilitation benefits provided in this section.

(4) If there is a dispute as to whether an injured worker can return to the job the worker held at the time of injury, the insurer shall designate a rehabilitation provider to evaluate and determine whether the worker can return to the job held at the time of injury. If it is determined that ~~he~~ *the worker* cannot *return to the job held at the time of injury*, the worker is entitled to rehabilitation benefits and services as provided in subsection (2).

(5) A worker may not receive temporary total or biweekly permanent partial disability benefits and rehabilitation benefits during the same period of time.

(6) The rehabilitation provider, as authorized by the insurer, shall continue to work with and assist the injured worker until the rehabilitation plan is completed.

(7) A worker may not receive both wages and rehabilitation benefits without the written consent of the insurer. A worker who receives both wages and rehabilitation benefits without written consent of the insurer is guilty of theft and may be prosecuted under 45-6-301."

Section 8. **Codification instruction.** (1) [Section 1] is intended to be codified as an integral part of Title 2, chapter 15, part 20, and the provisions of Title 2, chapter 15, part 20, apply to [section 1].

(2) [Section 3] is intended to be codified as an integral part of Title 39, chapter 71, and the provisions of Title 39, chapter 71, apply to [section 3].

Section 9. **Effective date.** [This act] is effective July 1, 1993.

Approved April 9, 1993.

[SB 166]

AN ACT REVISING CERTAIN DEFINITIONS RELATING TO OCCUPATIONAL THERAPY; ESTABLISHING CRITERIA FOR THE USE OF OCCUPATIONAL THERAPY TECHNIQUES; AMENDING SECTION 37-24-103, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 37-24-103, MCA, is amended to read:

CHAPTER NO. 299

[SB 138]

AN ACT CLARIFYING THAT THE LOCAL GOVERNMENT SEVERANCE TAX WAS ENACTED TO REPLACE PROPERTY TAX LEVIES; REQUIRING CERTAIN SCHOOL DISTRICTS TO REPAY AN OVERDISTRIBUTION OF FOUNDATION PROGRAM MONEY FOR SCHOOL FISCAL YEAR 1991 THAT IS ATTRIBUTABLE TO AN OVERDISTRIBUTION OF LOCAL GOVERNMENT SEVERANCE TAX REVENUE; AMENDING SECTION

15-36-101, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

WHEREAS, controversy has arisen on the intended use of the local government severance tax on oil and gas production because of a phrase that reads "for the exclusive use and benefit of local governments"; and

WHEREAS, that phrase is a copy of the phrase "for the exclusive use and benefit of the state of Montana" used earlier in the same sentence relating to the state severance tax on oil and gas in which the local government severance tax was incorporated during the June 1989 Special Session on school financing; and

WHEREAS, the local government severance tax was enacted at the request of petroleum producers to replace an unwieldy county-by-county property tax on oil and gas net proceeds with an administratively viable tax applicable to all pre-1985 production on the same basis statewide; and

WHEREAS, the allocation of the proceeds of the local government severance tax was intended to replace various property tax levies on the net proceeds of oil and gas production and not to institute a new system of tax distribution; and

WHEREAS, the term "local government severance tax" is a label for the tax and was not intended as a limit on the tax because if the proceeds were strictly limited to local governments in the constitutional sense, then schools, which received the property tax revenue, would be eliminated because they are not local governments and municipalities would reap a benefit by receiving proceeds that they did not receive under the property tax system; and

WHEREAS, the Legislature considers the clarification of the distribution of the local government severance tax to be of a curative nature and thus it is applicable to all distributions made since the original effective date of the tax; and

WHEREAS, Saco Elementary School District No. 12A, Saco High School District No. B, Whitewater Elementary School District No. 20AA, Whitewater School District No. D, Malta Elementary School District No. 14, and Malta High School District No. A, Phillips County, received foundation program money in excess of the districts' foundation entitlements for school fiscal year 1991.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-36-101, MCA, is amended to read:

"**15-36-101. Definitions and rate of tax — state severance tax — local government severance tax — assessment of nonworking interest owner — exemption.** (1) Every person engaging in or carrying on the business of producing petroleum, other mineral or crude oil, or natural gas within this state or engaging in or carrying on the business of owning, controlling, managing, leasing, or operating within this state any well or wells from which any merchantable or marketable petroleum, other mineral or crude oil, or natural gas is extracted or produced shall, except as provided in 15-36-121, each year when engaged in or carrying on the business in this state pay to the department of revenue a state severance tax for ~~the exclusive use and benefit~~ *deposit in the general fund* of the state of Montana plus a local government severance tax in lieu of a tax on net proceeds for ~~the exclusive use and benefit of local government~~

replacement of property taxes formerly levied on net proceeds. Except as provided in subsection (3), the state severance tax and the local government severance tax are as follows:

(a) except as provided in subsections (1)(b), (1)(c), and (1)(d), a 5% state severance tax on the gross taxable value of all the petroleum and other mineral or crude oil produced by the person, plus the local government severance tax of 8.4% on the gross taxable value, as defined in subsection (6)(a)(ii), of all the petroleum and other mineral or crude oil produced by the person other than new production, from each lease or unit; but in determining the amount of the state severance tax and local government severance tax, there must be excluded from consideration all petroleum or other crude or mineral oil produced and used by the person during the year in connection with ~~his~~ *the person's* operations in prospecting for, developing, and producing the petroleum or crude or mineral oil;

(b) a 2.65% state severance tax on the gross taxable value of all natural gas produced by the person, plus the local government severance tax of 15.25% on the gross taxable value, as defined in subsection (6)(a)(ii), of all natural gas produced by the person other than new production, from each lease or unit; but in determining the amount of the state severance tax and the local government severance tax, there must be excluded from consideration all gas produced and used by the person during the year in connection with ~~his~~ *the person's* operations in prospecting for, developing, and producing the gas or petroleum or crude or mineral oil; and there must also be excluded from consideration all gas, including carbon dioxide gas, recycled or reinjected into the ground;

(c) a 2.5% state severance tax on the gross taxable value of the incremental petroleum and other mineral or crude oil produced by the person, plus the local government severance tax of 5% on the gross taxable value, as defined in subsection (6)(a)(ii), of the incremental petroleum and other mineral or crude oil produced by the person other than new production, from each lease or unit in a tertiary recovery project after July 1, 1985. For purposes of this section, a tertiary recovery project must meet the following requirements:

(i) the project must be approved as a tertiary recovery project by the board of oil and gas conservation. The approval may be extended only after notice and hearing in accordance with Title 2, chapter 4.

(ii) the property to be affected by the project must be adequately delineated according to the specifications required by the board; and

(iii) the project must involve the application of one or more tertiary recovery methods that can reasonably be expected to result in an increase, determined by the board to be significant in light of all the facts and circumstances, in the amount of crude oil which may potentially be recovered. For purposes of this section, tertiary recovery methods include but are not limited to:

(A) miscible fluid displacement;

(B) steam drive injection;

(C) micellar/emulsion flooding;

(D) in situ combustion;

(E) polymer augmented water flooding;

(F) cyclic steam injection;

(G) alkaline or caustic flooding;

(H) carbon dioxide water flooding;

(I) immiscible carbon dioxide displacement; or

(J) any other method approved by the department as a tertiary recovery method.

(d) a 5% local government severance tax on the gross taxable value, as defined in subsection (6)(a)(ii), of all petroleum and other mineral or crude oil produced by the person other than new production produced by a stripper well, as defined in subsection (7).

(2) For purposes of this section, the term "incremental petroleum and other mineral or crude oil" means the amount of oil, as determined by the board, to be in excess of what would have been produced by primary and secondary methods. The determination arrived at by the board must be made only after notice and hearing and shall specify through the life of a tertiary project, calendar year by calendar year, the combined amount of primary and secondary production that must be used to establish the incremental production from each lease or unit in a tertiary recovery project.

(3) (a) A local government severance tax is imposed on the gross value paid in cash or apportioned in kind to a nonworking interest owner by the operator or producer of extracted marketable petroleum, other mineral or crude oil, or natural gas subject to local government severance taxes imposed under this chapter. The local government severance tax on nonworking interest owners is computed at the following rates:

(i) 12.5% on the gross value paid in cash or apportioned in kind to a nonworking interest owner by the operator or producer of extracted marketable petroleum and other mineral or crude oil;

(ii) 15.25% on the gross value paid in cash or apportioned in kind to a nonworking interest owner by the operator or producer of extracted or marketable natural gas.

(b) The amounts paid or apportioned in kind to nonworking interest owners are exempt from the local government severance taxes imposed under 15-36-121(2) and under subsections (1)(a) through (1)(d) of this section.

(4) Nothing in this part may be construed as requiring laborers or employees hired or employed by any person to drill any oil or natural gas well or to work in or about any oil or natural gas well or prospect or explore for or do any work for the purpose of developing any petroleum, other mineral or crude oil, or natural gas to pay the severance tax, nor may work done or the drilling of a well or wells for the purpose of prospecting or exploring for petroleum, other mineral or crude oil, or natural gas or for the purpose of developing them be considered to be the engaging in or carrying on of the business. If, in the doing of any work, in the drilling of any oil or natural gas well, or in prospecting, exploring, or development work, any merchantable or marketable petroleum,

other mineral or crude oil, or natural gas in excess of the quantity required by the person for carrying on the operation is produced sufficient in quantity to justify the marketing of the petroleum, other mineral or crude oil, or natural gas, the work, drilling, prospecting, exploring, or development work is considered to be the engaging in and carrying on of the business of producing petroleum, other mineral or crude oil, or natural gas within this state within the meaning of this section.

(5) Every person required to pay the state or local government severance tax under this section shall pay the tax in full for ~~his~~ *the person's* own account and for the account of each of the other owner or owners of the gross proceeds in value or in kind of all the marketable petroleum or other mineral or crude oil or natural gas extracted and produced, including owner or owners of working interest, royalty interest, overriding royalty interest, carried working interest, net proceeds interest, production payments, and all other interest or interests owned or carved out of the total gross proceeds in value or in kind of the extracted marketable petroleum or other mineral or crude oil or natural gas, except that any of the interests that are owned by the federal, state, county, or municipal governments are exempt from taxation under this chapter. Unless otherwise provided in a contract or lease, the pro rata share of any royalty owner or owners will be deducted from any settlements under the lease or leases or division of proceeds orders or other contracts.

AN ACT REQUIRING THE BOARD OF PHARMACY TO ADOPT A RULE UNDER CERTAIN CIRCUMSTANCES; AND REQUIRING THE MONTHLY POSTING OF 20 TOP-SELLING PRESCRIPTION DRUGS BY LICENSED PHARMACIES.

WHEREAS, rapidly rising costs of prescription drugs are one of today's most serious problems facing persons on fixed or lower incomes; and

WHEREAS, even though prescription drug price increases are dictated by pharmaceutical manufacturers, there are sometimes significant differences in price for the same prescription drug among retail pharmacies; and

WHEREAS, in some instances, the ability to comparison shop for prescription drugs can be helpful to the consumer in choosing a pharmacy to patronize.

STATEMENT OF INTENT

A statement of intent is necessary for this bill because [section 1] requires the board of pharmacy, under certain circumstances, to adopt a rule requiring the listing of certain prescription drugs. The legislature intends that the board of pharmacy make every effort to devise, in consultation with senior citizens, other consumer organizations, and retail pharmacists, a workable and practical system for the listing of prescription drug prices. The list should be based upon standard assumptions as to the quantity and dosage in order to facilitate comparison of prices.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Posting of prescription drug prices — adoption of list by rule.** If the board of pharmacy finds after a public hearing that the interests of consumers will be furthered by its action, the board shall annually adopt by rule a list of 20 prescription drugs frequently prescribed for outpatient dispensing in Montana. A licensed pharmacy, other than in a hospital or nursing home, that sells prescription drugs shall monthly post its prices for the drugs on the list adopted by the board. The list must show the drugs by brand name and retail price and by generic name and retail price.

Section 2. **Codification instruction.** [Section 1] is intended to be codified as an integral part of Title 37, chapter 7, and the provisions of Title 37, chapter 7, apply to [section 1].

Approved April 12, 1993.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 16-4-404, MCA, is amended to read:

"**16-4-404. Protest period — contents of license — posting — privilege — transfer.** (1) ~~No~~ *A* license may *not* be issued until on or after the date set in the notice for hearing protests.

(2) Every license issued under this code ~~shall~~ *must* state the name of the person to whom it is issued, the location, by street and number or other appropriate specific description of location if no street address exists, of the premises where the business is to be carried on under the license, and other information the department considers necessary. If the licensee is a partnership or if more than one person has an interest in the business operated under the license, the names of all persons in the partnership or interested in the business must appear on the license. Every license must be posted in a conspicuous place on the premises in which the business authorized under the license is conducted, and the license must be exhibited upon request to any authorized representative of the department or to any peace officer of the state of Montana.

(3) A license issued under the provisions of this code is a privilege personal to the licensee named in the license and is valid until the expiration of the license unless sooner revoked or suspended.

The department may not allow a transfer to different premises where the sanitary, health, and service facilities are less satisfactory than facilities that exist or had existed at the premises from which the transfer is proposed to be made.

(6) Upon a bona fide sale of the business operated under a license, the license may be transferred to a qualified purchaser. ~~No~~ *A* transfer of a license to a person or location is *not* effective unless approved by the department. The department may, within its discretion, permit a qualified purchaser to operate the business to be transferred pending final approval if there has not been a change in location and the application for transfer has been filed with the department.

(7) Except as provided in subsections (2) through (6) and 16-4-204, ~~no~~ *a* license may *not* be transferred or sold or used for any place of business not described in the license. CHAPTER NO. 313

[SB 104]

AN ACT REVISING THE LAW GOVERNING THE POOLING AND SPACING OF OIL AND GAS WELLS; PROVIDING FOR TEMPORARY AND PERMANENT SPACING OR POOLING; PROVIDING FOR RECOVERY OF COSTS; AND AMENDING SECTIONS 82-11-201 AND 82-11-202, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-11-201, MCA, is amended to read:

"**82-11-201. Establishment of well spacing units.** (1) To prevent or to assist in preventing waste of oil or gas prohibited by this chapter, *to avoid the drilling of unnecessary wells, or to protect correlative rights,* the board, upon its own motion or upon application of an interested person, after hearing, may by order establish*:*

(a) temporary spacing units on a statewide basis or for defined areas within the state for oil, gas, or oil and gas wells drilled to varying depths; and

(b) permanent ~~well~~ spacing units for a *discovered* pool ~~as to oil wells or as to gas wells or both~~, except in those pools ~~which~~ *that,* prior to April 1, 1953, have been developed to such an extent that it would be impracticable or unreasonable to establish spacing units at the existing stage of development. ~~Spacing units when established shall insofar as possible be of uniform size and shape for the entire pool.~~

(2) The size and the shape of *temporary* spacing units ~~shall~~ *must* be ~~such as will result in the efficient and economic~~ *established to promote the orderly* development of ~~the pool as a whole, and the size shall~~ *unproven areas and must* be *uniform throughout* the *surface* area ~~that can be efficiently drained by one well~~ *and depths covered by the unit. A temporary spacing unit must remain in effect until superseded by an order issued by the board or until a permanent spacing unit is established.*

(3) Permanent spacing units do not need to be uniform in size or shape but must result in the efficient and economic development of the pool as a whole. In establishing permanent spacing units, the acreage to be embraced within a unit and the shape of the unit must be determined by the board based upon evidence introduced at the hearing. The board may divide a pool into zones and establish spacing units for each zone if necessary for a purpose mentioned in subsection (1) or to facilitate production through the use of innovative drilling and completion methods. The spacing units within the zone may differ in size and shape from spacing units in any other zone but may not be smaller than the maximum area that can be efficiently and economically drained by one well.

~~(3)~~*(4)* ~~Subject to this chapter, the~~ *An* order establishing *temporary or permanent* spacing units ~~shall direct that no more than~~ *may permit only* one well ~~may~~ *to* be drilled and produced from the common source of supply on any spacing unit, and ~~that~~ the well ~~shall~~ *must* be drilled at a location authorized by the order, with ~~such~~ *an* exception as may be reasonably necessary. ~~where it is shown,~~ *The exception may be included if,* upon application, notice, and hearing, ~~and~~ the board finds that the spacing unit is located on the edge of a pool or field and adjacent to a producing unit or, for some other reason, *that* the requirement to drill the well at the authorized location on the spacing unit would be inequitable or unreasonable. *The board shall take action to offset any advantage that the person securing the exception may have over other producers by reason of drilling the well as an exception. The order must include provisions to prevent production from the spacing unit from being more than its just and equitable share of the producible oil and gas in the pool.*

~~(4)~~*(5)* An order establishing *temporary or permanent* spacing units for a pool ~~shall~~ *must* cover all lands ~~then~~ determined or ~~then~~ believed to be underlaid by the pool and may be modified after notice and hearing by the board ~~from time to time~~ to include additional areas subsequently determined to be underlaid by the pool.

(6) ~~When found necessary for the prevention of waste, an order establishing spacing units in a pool may be modified after~~ *The board, upon application,* notice, and hearing, ~~by the board to~~ *may* increase or decrease the size of *a temporary or permanent* spacing ~~units in the pool~~ *unit* or ~~to~~ permit the drilling of additional wells in ~~the pool on a reasonably uniform plan~~ *a spacing unit for a purpose mentioned in subsection (1).*"

Section 2. Section 82-11-202, MCA, is amended to read:

"**82-11-202. Pooling of interest within spacing unit.** (1) *(a)* When two or more separately owned tracts are embraced within a *temporary or permanent* spacing unit or when there are separately owned interests in all or a part of the spacing unit, then the persons owning those interests may pool their interests for the development and operation of the spacing unit.

(b) ~~In the absence of voluntary pooling within the spacing unit, the~~ *The* board, upon the application of an interested person, may enter an order pooling all interests in the *permanent* spacing unit for the development and operation ~~thereof~~ *of the permanent spacing unit and the allocation of production if the applicant has made an unsuccessful, good faith attempt to voluntarily pool the interests within the permanent spacing unit. The applicant must be a person who owns an interest in the oil or gas underlying the permanent spacing unit or who has drilled a well, proposes to drill a well, or proposes to conduct other operations on a well, including recompleting, deepening, or stimulation.* The pooling order ~~shall~~ *must* be made after *a* hearing and ~~shall~~ *must* be upon terms and conditions that are just and reasonable and that afford to the owner of each tract or interest in the *permanent* spacing unit the opportunity to recover or receive without unnecessary expense ~~his~~ *a* just and equitable share of the oil or gas produced and saved from the spacing unit. Operations incident to the drilling of a well upon any portion of a *permanent* spacing unit covered by a pooling order ~~shall be~~ *are* considered, for all purposes, the conduct of the operations upon each separately owned tract in the spacing unit by the several owners ~~thereof~~ *of the tracts*. That portion of the production allocated to each tract included in a *permanent* spacing unit covered by a pooling order ~~shall~~ *must* when produced be considered for all purposes to have been produced from the tract by a well drilled ~~thereon~~ *on the tract.*

(2) (a) ~~The pooling order shall provide for the drilling and operating of a well on the spacing unit and for the payment of the cost thereof, which cost may include a reasonable charge for supervision, handling, and storage.~~ As to each owner who refuses to pay ~~his~~ *the owner's* share of the costs of ~~drilling and~~

~~operating the well~~ *development or other operations referred to in subsection (1),* the order ~~shall~~ *must* provide for payment of ~~his~~ *the owner's* share of the cost out of and only out of production from the well allocable to ~~his~~ *the owner's* interest in the *permanent* spacing unit, excluding royalty or other interest not obligated to pay any part of the cost ~~thereof,~~ and excluding the royalty provided for in subsection (2)(c) ~~of this section~~. *If a well has not been drilled prior to the hearing on the application, the pooling order must provide for the drilling and operating of a well on the permanent spacing unit and for the payment of the cost of the well, which may include a reasonable charge for supervision, handling, and storage.* If a dispute arises as to the cost, the board by *subsequent* order, *after notice and hearing,* shall determine the proper cost. The order may provide in substance that the owners who agree to share in the cost of drilling and operating the well are, unless they agree otherwise, entitled to receive, subject to royalty or similar obligations, all of the production of the well until they have recovered all of the costs out of the production. ~~, and thereafter~~ *After all costs of drilling and operation are recovered,* all of the owners in the *permanent* spacing unit are entitled to receive their respective shares of the production of the well as their interest may appear after deducting their respective shares of current operating costs.

(b) If *a well has been drilled prior to the hearing on the application and* an owner ~~refuses~~, *after written demand, has failed or refused* to pay ~~his~~ *the owner's* share of the costs of ~~drilling and operating the well~~ *development or other operations referred to in subsection (1)*~~,~~ *or if a well has not been drilled prior to the hearing on the application and an owner refuses to agree to pay the owner's share of drilling and completion costs, in addition to the costs under subsection (2)(a),* the order must include as ~~cost~~ *costs*:

(i) 100% of the refusing owner's share of the cost of newly acquired surface equipment beyond the wellhead connections, including but not limited to stock tanks, separators, treaters, pumping equipment, and piping, plus 100% of the refusing owner's share of the cost of operation of the well commencing with first production and continuing until the agreeing owners have recovered ~~such~~ *the* costs; and

(ii) 200% of the refusing owner's share of the costs and expenses of staking, well site preparation, obtaining rights-of-way, rigging up, drilling, reworking, deepening or plugging back, testing, and completing the well, after deducting any cash contributions received from the refusing owners by the agreeing owners, and 200% of that portion of the cost of equipment in the well, including the wellhead connections.

(c) A refusing owner of an oil and gas interest in a spacing unit ~~which~~ *that* is not subject to any lease or other contract for development of oil and gas is considered to own a landowner royalty equal to one-eighth of ~~his~~ *the owner's* proportionate share of production from the well until such time as the consenting owners recover the costs specified in subsection (2)(b). Any interest in production from the spacing unit to which the interest of the refusing owner may be subject must be deducted from the royalty considered to be owned by the refusing owner. After costs have been recovered by the agreeing owners, the refusing owner owns ~~his~~ *the refusing owner's* proportionate share of the well, surface facilities, and production and is liable for further costs as if ~~he~~ *the refusing owner* had originally agreed to drilling of the well.

(d) The operator of a well under a pooling order in which there is a refusing owner shall upon demand furnish ~~such~~ *the refusing* owner with a monthly statement of all costs incurred, together with the quantity of oil or gas produced and the amount of proceeds realized from the sale of production during the preceding month.

(e) If an owner of an oil and gas interest in a temporary spacing unit refuses to agree to pay the owner's share of the costs of drilling and operating a well drilled within the unit and an application is filed for pooling of the interests in the well in a permanent spacing unit, the board shall, upon hearing the application for pooling of the interests for the well, order that the parties who agreed to share in the cost of drilling and operating the well prior to commencement of the drilling operation recover out of the refusing owner's share of the costs as provided in subsections (2)(a) and (2)(b).

(3) (a) An owner is presumed to have refused to pay the owner's share of costs if prior to the spud date of the well, the owner fails to pay or agree in writing to promptly pay the share of the costs after notice by the well operator either:

(i) acknowledged in writing by the owner as received; or

(ii) sent at least 30 days prior to the spud date of the well to the owner by certified mail, addressed to the owner's address of record in the office of the clerk and recorder of the county where the well is to be drilled or to the owner's address on file with the board.

(b) The notice must set forth the location of the well, the projected depth and target formations, the anticipated costs of drilling and completing the well, and the anticipated spud date of the well."

Approved April 12, 1993.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Repealer.** Section 13, Chapter 781, Laws of 1991, is repealed.

Section 2. **Effective date.** [This act] is effective on passage and approval.

Approved April 12, 1993.

CHAPTER NO. 324

[HB 632]

AN ACT PROVIDING FOR THE CONTROL OF OUT-OF-STATE PLACEMENTS OF CHILDREN WITH MULTIAGENCY SERVICE NEEDS; ESTABLISHING A MULTIAGENCY SERVICE PLACEMENT PLAN COMMITTEE; PROVIDING FOR THE DUTIES OF THE COMMITTEE; REQUIRING A PLACEMENT PLAN BY THE DEPARTMENT OF FAMILY SERVICES AND THE COMMITTEE; PROHIBITING FUTURE OUT-OF-STATE PLACEMENTS EXCEPT UNDER CERTAIN CIRCUMSTANCES; AND PROVIDING A METHOD FOR AWARDING OUT-OF-STATE PLACEMENTS TO IN-STATE PROVIDERS.

STATEMENT OF INTENT

A statement of intent is necessary for this bill because [section 8] requires the department of family services to adopt rules. The legislature intends that the department particularly adopt rules implementing [sections 6 and 7]. Rules implementing [section 6] should combine the review and approval process required by this bill into the current processes used by the department and the youth placement committees. The rules adopted to implement [section 7] should provide a process similar to the request for proposal (RFP) process used previously by the department in placing groups of children with providers. The legislature intends that implementation of this bill not duplicate similar initiatives by other state agencies.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Definitions.** The following definitions apply to [sections 1 through 8]:

(1) "Child with multiagency service needs" means a child under 18 years of age who has a need for services that are available from more than one state agency.

(2) "Least restrictive setting" means a setting in which a child with multiagency service needs is served:

(a) within the child's family or community; or

(b) outside the child's family or community where the needed services are not available within the child's family or community and where the setting is determined to be the most appropriate alternative setting based on:

(i) the safety of the child and others;

(ii) ethnic and cultural norms;

(iii) preservation of the family;

(iv) services needed by the child and the family;

(v) the geographic proximity to the child's family and community if proximity is important to the child's treatment or does not adversely affect the child's treatment.

(3) "Local agency" means a local interagency staffing group formed pursuant to 52-2-203 or parents who are seeking placement of a child with multiagency service needs and who is suffering from mental, behavioral, or emotional disorders.

(4) "Managed care" means control of the provision of services to a defined population through a planned delivery system.

(5) "Provider" means an agency of state or local government, a person, or a program authorized to provide treatment or services to a child with multiagency service needs who is suffering from mental, behavioral, or emotional disorders.

(6) "Request for proposals" has the meaning as defined in 18-4-301.

(7) "Services" has the meaning as defined in 52-2-202.

Section 2. **State policy.** The legislature declares that it is the policy of this state:

(2) to serve children with multiagency service needs either in their homes or in the least restrictive setting that is most appropriate to their needs as provided in [sections 6 and 7];

(3) to serve children with multiagency service needs within the state and use out-of-state providers as a last resort.

Section 3. **Multiagency service placement plan committee — membership — administration.** (1) There is a multiagency service placement plan committee.

(2) The committee is composed of the following members:

(2) develop policies aimed at allowing local agencies, through a managed care system, to access funding for services for children with multiagency service needs:

(a) that are currently provided by out-of-state providers; and

(b) who may have a future need to obtain services provided by out-of-state providers unless in-state services are developed; and

(3) advise local agencies to ensure that the agencies comply with applicable statutes, administrative rules, and department policy in making any determination that a child with multiagency service needs cannot be served by an in-state provider.

Section 5. **Multiagency service placement plan required.** The department and the committee established in [section 3] shall develop a written plan for limiting placement of children with multiagency service needs with out-of-state providers. Section 6. **Out-of-state placements limited.** (1) Until the plan required by [section 5] is implemented, the department may approve the placement of a child with multiagency service needs with an out-of-state provider after October 1, 1993, only if:

(a) the provider is located closer to the child's home than is an alternative in-state provider or equally appropriate, individualized in-state services are not available or cannot be developed for the child for up to 100% of the cost of an out-of-state provider for which application is being made or would be made on behalf of the child; and

(b) placement of the child is approved by the local interagency staffing group formed pursuant to 52-2-203.

(2) After the plan required by [section 5] is completed and submitted to the department, the department shall adopt rules implementing the plan. Placement of a child with multiagency service needs with an out-of-state provider may be approved by the department only if the child is placed in accordance with the rules implementing the plan.

Section 7. **Department to use requests for proposals from in-state providers.** (1) The department shall:

(a) continuously group children with multiagency service needs placed with out-of-state providers into categories according to the type of treatment received by the children;

(b) notify in-state providers of the number of children in each category, the types of treatment being received by the children, and the cost to the state of the treatment provided; and

(c) use the request for proposals process to solicit in-state providers. If there is no appropriate in-state response to a request for proposals under this section, alternative resources may be sought.

(2) A decision by the department not to place a child with multiagency service needs with a particular provider is not subject to a contested case procedure.

Section 8. **Rulemaking.** The department shall adopt rules necessary to implement [sections 1 through 7]. The rules must be adopted in cooperation with the committee established in [section 3].

(7) there is any other basis consistent with the constitutions of this state and the United States for the exercise of personal jurisdiction.

Section 6. **Procedure when exercising jurisdiction over nonresident.** A tribunal of this state exercising personal jurisdiction over a nonresident pursuant to [section 5] may apply [section 29] to receive evidence from another state and [section 31] to obtain discovery through a tribunal of another state. In all other respects, [sections 15 through 17, 19 through 21, 24 through 34, and 39 through 48] and 40-5-115, 40-5-118, 40-5-119, 40-5-133, 40-5-137, 40-5-140, and 40-5-141 do not apply and the tribunal shall apply the procedural and substantive law of this state, including the rules on choice of law other than those established by this part.

Section 7. **Initiating and responding tribunal of this state.** Under this part, a tribunal of this state may serve as an initiating tribunal to forward proceedings to another state and as a responding tribunal for proceedings initiated in another state.

Section 8. **Simultaneous proceedings in another state.** (1) A tribunal of this state may exercise jurisdiction to establish a support order if the petition or comparable pleading is filed after a petition or comparable pleading is filed in another state only if:

(a) the petition or comparable pleading in this state is filed before the expiration of the time allowed in the other state for filing a responsive pleading challenging the exercise of jurisdiction by the other state;

(b) the contesting party timely challenges the exercise of jurisdiction in the other state; and

(c) if relevant, this state is the home state of the child.

(2) A tribunal of this state may not exercise jurisdiction to establish a support order if the petition or comparable pleading is filed before a petition or comparable pleading is filed in another state if:

(a) the petition or comparable pleading in the other state is filed before the expiration of the time allowed in this state for filing a responsive pleading challenging the exercise of jurisdiction by this state;

(b) the contesting party timely challenges the exercise of jurisdiction in this state; and

(c) if relevant, the other state is the home state of the child.

Section 9. **Continuing, exclusive jurisdiction.** (1) A tribunal of this state issuing a support order consistent with the law of this state has continuing, exclusive jurisdiction over a child support order:

(a) as long as this state remains the residence of the obligor, the individual obligee, or the child for whose benefit the support order is issued; or

(b) until each individual party has filed written consent with the tribunal of this state for a tribunal of another state to modify the order and assume continuing, exclusive jurisdiction.

(2) A tribunal of this state issuing a child support order consistent with the law of this state may not exercise its continuing jurisdiction to modify the order if the order has been modified by a tribunal of another state pursuant to a law substantially similar to this part.

(3) If a child support order of this state is modified by a tribunal of another state pursuant to a law substantially similar to this part, a tribunal of this state loses its continuing, exclusive jurisdiction with regard to prospective enforcement of the order issued in this state and may only:

(a) enforce the order that was modified as to amounts accruing before the modification;

(b) enforce nonmodifiable aspects of that order; and

(c) provide other appropriate relief for violations of that order that occurred before the effective date of the modification.

(4) A tribunal of this state shall recognize the continuing, exclusive jurisdiction of a tribunal of another state that has issued a child support order pursuant to a law substantially similar to this part.

(5) A temporary support order issued ex parte or pending resolution of a jurisdictional conflict does not create continuing, exclusive jurisdiction in the issuing tribunal.

(6) A tribunal of this state issuing a support order consistent with the law of this state has continuing, exclusive jurisdiction over a spousal support order throughout the existence of the support obligation. A tribunal of this state may not modify a spousal support order issued by a tribunal of another state having continuing, exclusive jurisdiction over that order under the law of that state.

Section 10. **Enforcement and modification of support order by tribunal having continuing jurisdiction.** (1) A tribunal of this state may serve as an initiating tribunal to request a tribunal of another state to enforce or modify a support order issued in that state.

(2) A tribunal of this state that has continuing, exclusive jurisdiction over a support order may act as a responding tribunal to enforce or modify the order of another state. If a party subject to the continuing, exclusive jurisdiction of the tribunal no longer resides in the issuing state, in subsequent proceedings the tribunal may apply [section 29] to receive evidence from another state and [section 31] to obtain discovery through a tribunal of another state.

(3) A tribunal of this state that lacks continuing, exclusive jurisdiction over a spousal support order may not serve as a responding tribunal to modify a spousal support order of another state.

Section 11. **Recognition of child support orders.** (1) If a proceeding is brought under this part and one or more child support orders have been issued in this or another state with regard to an obligor and a child, a tribunal of this state shall apply the following rules in determining which order to recognize for purposes of continuing, exclusive jurisdiction:

(a) If only one tribunal has issued a child support order, the order of that tribunal must be recognized.

(b) If two or more tribunals have issued child support orders for the same obligor and child and only one of the tribunals would have continuing, exclusive jurisdiction under this part, the order of that tribunal must be recognized.

(c) If two or more tribunals have issued child support orders for the same obligor and child and more than one of the tribunals would have continuing, exclusive jurisdiction under this part, an order issued by a tribunal in the current home state of the child must be recognized. However, if an order has not been issued in the current home state of the child, the order most recently issued must be recognized.

(d) If two or more tribunals have issued child support orders for the same obligor and child and none of the tribunals would have continuing, exclusive jurisdiction under this part, the tribunal of this state may issue a child support order, which must be recognized.

(2) The tribunal that has issued an order recognized under subsection (1) is the tribunal having continuing, exclusive jurisdiction.

Section 12. **Multiple child support orders for two or more obligees.** In responding to multiple registrations or petitions for enforcement of two or more child support orders in effect at the same time with regard to the same obligor and different individual obligees, at least one of which orders was issued by a tribunal of another state, a tribunal of this state shall enforce those orders in the same manner as if the multiple orders had been issued by a tribunal of this state.

Section 13. Section 40-5-106, MCA, is amended to read:

"**40-5-106.** ~~**Interstate**~~ ***Grounds for*** **rendition.** *(1)* The governor of this state may:

(4) An individual or a support enforcement agency may commence a proceeding authorized under this part by filing a petition in an appropriate initiating tribunal for forwarding to a responding tribunal or by filing a petition or a comparable pleading directly in a tribunal of another state that has or can obtain personal jurisdiction over the respondent.

Section 16. **Action by a minor parent.** A minor parent or the guardian or other legal representative of a minor parent may maintain a proceeding on behalf of or for the benefit of the minor's child.

Section 17. **Application of law of this state.** Except as otherwise provided by this part, a responding tribunal of this state:

(1) shall apply the procedural and substantive law, including the rules on choice of law, generally applicable to similar proceedings originating in this state and may exercise all powers and provide all remedies available in those proceedings; and

(2) shall determine the duty of support and the amount payable in accordance with the law and support guidelines of this state.

(2) The department of social and rehabilitation services is the initiating tribunal for any action or proceeding that may be brought under Title 40, chapter 5, parts 2, 4[, and 5]. In all other cases, the district court is the initiating tribunal."

Section 19. **Duties and powers of responding tribunal.** (1) When a responding tribunal of this state receives a petition or comparable pleading from an initiating tribunal or directly pursuant to [section 15(4)], it shall cause the petition or pleading to be filed and notify the petitioner by first-class mail where and when it was filed.

(2) A responding tribunal of this state, to the extent otherwise authorized by law, may do one or more of the following:

(i) issue a bench warrant for an obligor who has failed, after proper notice, to appear at a hearing ordered by the tribunal and enter the bench warrant in any local and state computer systems for criminal warrants;

(j) order the obligor to seek appropriate employment by specified methods;

(k) award reasonable attorney fees and other fees and costs; and

(l) grant any other available remedy.

(3) A responding tribunal of this state shall include in a support order issued under this part or in the documents accompanying the order the calculations on which the support order is based.

(4) A responding tribunal of this state may not condition the payment of a support order issued under this part upon a party's compliance with visitation provisions.

(5) If a responding tribunal of this state issues an order under this part, the tribunal shall send a copy of the order by first-class mail to the petitioner and the respondent and to the initiating tribunal, if any.

(6) The department of social and rehabilitation services is the responding tribunal for receipt of a petition or comparable proceedings from an initiating state as provided in 40-5-263. In all other cases, the district court is the responding tribunal.

Section 20. **Inappropriate tribunal.** If a petition or comparable pleading is received by an inappropriate tribunal of this state, it shall forward the pleading and accompanying documents to an appropriate tribunal in this state or another state and notify the petitioner by first-class mail where and when the pleading was sent.

Section 21. **Duties of support enforcement agency.** (1) A support enforcement agency of this state, upon application, shall provide services to a petitioner in a proceeding under this part.

(2) A support enforcement agency that is providing services to the petitioner shall, as appropriate:

(f) notify the petitioner if jurisdiction over the respondent cannot be obtained.

(3) This part does not create or negate a relationship of attorney and client or other fiduciary relationship between a support enforcement agency or the attorney for the agency and the individual being assisted by the agency.

(4) For purposes of this part, the department of social and rehabilitation services is the support enforcement agency for this state as provided in Title 40, chapter 5, parts 2, 4[, and 5]. All the provisions of this part must be interpreted as supplemental to and cumulative with the department's powers and duties under those provisions. In all other cases, the county attorney in the county in which an action must be filed is the support enforcement agency.

Section 22. Section 40-5-118, MCA, is amended to read:

"**40-5-118.** ~~**State**~~ ***Duties of state*** **information agency.** (1) The ~~state~~ department of social and rehabilitation services is designated as the state information agency under this part.

~~(3) If the state information agency does not know the location of the obligor or his property in the state and no state location service is available, it shall use all means at its disposal to obtain this information, including the examination of official records in the state and other sources such as telephone directories, real property records, vital statistics records, police records, requests for the name and address from employers who are able or willing to cooperate, records of motor vehicle license offices, requests made to the tax offices both state and federal where such offices are able to cooperate, and requests made to the social security administration as permitted by the Social Security Act, as amended.~~

~~(4) After the deposit of three copies of the petition and certificate and one copy of the reciprocal enforcement of support act of the initiating state with the clerk of the appropriate court, if the state information agency knows or believes that the prosecuting attorney is not prosecuting the case diligently, it shall inform the attorney general who may undertake the representation.~~

(c) forward to the appropriate tribunal in the place in this state in which the individual obligee or the obligor resides or in which the obligor's property is believed to be located all documents concerning a proceeding under this part received from an initiating tribunal or the state information agency of the initiating state; and

(d) obtain information concerning the location of the obligor and the obligor's property within this state not exempt from execution, by such means as postal verification and federal or state locator services, examination of telephone directories, requests for the obligor's address from employers, and examination of governmental records, including, to the extent not prohibited by other law, those relating to real property, vital statistics, law enforcement, taxation, motor vehicles, driver's licenses, and social security."

Section 23. Section 40-5-119, MCA, is amended to read:

"40-5-119. **Duty of ~~the court and officials of this state as responding state~~ *attorney general.*** ~~(1) After the responding court receives copies of the petition, certificate, and reciprocal enforcement of support act from the initiating court, the clerk of the court shall docket the case and notify the prosecuting attorney of his action.~~

~~(2) The prosecuting attorney shall prosecute the case diligently. He shall take all action necessary in accordance with the laws of this state to enable the court to obtain jurisdiction over the obligor or his property and shall request the court to set a time and place for a hearing and give notice thereof to the obligor in accordance with law.~~

~~(3)~~ If the ~~prosecuting attorney neglects or refuses to represent the obligee, the~~ attorney general *determines that a support enforcement agency is neglecting or refusing to provide services to an individual, the attorney general* may order ~~him~~ *the agency* to ~~comply with the request of the court~~ *perform its duties under this part* or may ~~undertake the representation~~ *provide those services directly to the individual.*"

Section 24. **Private counsel.** An individual may employ private counsel to represent the individual in proceedings authorized by this part.

Section 25. **Pleadings and accompanying documents.** (1) A petitioner who seeks to establish or modify a support order or to determine parentage in a proceeding under this part shall verify the petition. Unless otherwise ordered under [section 26], the petition or accompanying documents must provide, so far as known, the name, residential address, and social security numbers of the obligor and the obligee and the name, sex, residential address, social security number, and date of birth of each child for whom support is sought. The petition must be accompanied by a certified copy of any support order in effect. The petition may include any other information that may assist in locating or identifying the respondent.

(2) The petition must specify the relief sought. The petition and accompanying documents must conform substantially with the requirements imposed by the forms mandated by federal law for use in cases filed by a support enforcement agency.

Section 26. **Nondisclosure of information in exceptional circumstances.** Upon a finding, which may be made ex parte, that the health, safety, or liberty of a party or child would be unreasonably put at risk by the disclosure of identifying information or if an existing order so provides, a tribunal shall order that the address of the child or party or other identifying information not be disclosed in a pleading or other document filed in a proceeding under this part.

Section 27. **Costs and fees.** (1) The petitioner may not be required to pay a filing fee or other costs to initiate a proceeding under this part.

(2) If an obligee prevails, a responding tribunal may assess against an obligor the filing fees, reasonable attorney fees, other costs, and necessary travel and other reasonable expenses incurred by the obligee and the obligee's witnesses. Except as provided by other law, the tribunal may not assess fees, costs, or expenses against the obligee or the support enforcement agency of either the

initiating or the responding state. Attorney fees may be taxed as costs and may be ordered paid directly to the attorney, who may enforce the order in the attorney's own name. Payment of current support owed to the obligee has priority over fees, costs, and expenses.

(3) The tribunal shall order the payment of costs and reasonable attorney fees if it determines that a hearing was requested primarily for delay. In a proceeding under [sections 39 through 47] and 40-5-137, 40-5-140, 40-5-141, or 40-5-271, a hearing is presumed to have been requested primarily for delay if a registered support order is confirmed or enforced without change.

(4) The standardized schedule of fees established by the department of social and rehabilitation services under 40-5-210 is conclusive in any action under this section. Any fees or costs recoverable under subsection (2) that are not included in the standardized schedules are recoverable under subsection (2).

Section 28. **Nonparentage as defense — limitation.** A party whose parentage of a child has been previously determined pursuant to law may not plead nonparentage as a defense to a proceeding under this part.

Section 29. **Special rules of evidence and procedure.** (1) The physical presence of the petitioner in a responding tribunal of this state is not required for the establishment, enforcement, or modification of a support order or for the rendition of a judgment determining parentage.

(2) A verified petition, affidavit, or document substantially complying with federally mandated forms and a document incorporated by reference in any of them, not excluded under the hearsay rule if given in person, is admissible in evidence if given under oath by a party or witness residing in another state.

(3) A copy of the record of child support payments certified as a true copy of the original by the custodian of the record may be forwarded to a responding tribunal. The copy is evidence of facts asserted in it and is admissible to show whether payments were made.

(4) Copies of bills for testing for parentage and for prenatal and postnatal health care of the mother and child, furnished to the adverse party at least 10 days before trial, are admissible in evidence to prove the amount of the charges billed and that the charges were reasonable, necessary, and customary.

(5) Documentary evidence transmitted from another state to a tribunal of this state by telephone, telecopier, or other means that do not provide an original writing may not be excluded from evidence on an objection based on the means of transmission.

(6) In a proceeding under this part, a tribunal of this state may permit a party or witness residing in another state to be deposed or to testify by telephone, audiovisual means, or other electronic means at a designated tribunal or other location in that state. A tribunal of this state shall cooperate with tribunals of other states in designating an appropriate location for the deposition or testimony.

(7) If a party called to testify at a civil hearing refuses to answer on the ground that the testimony may be self-incriminating, the trier of fact may draw an adverse inference from the refusal.

(8) A privilege against disclosure of communications between spouses does not apply in a proceeding under this part.

(9) The defense of immunity based on the relationship of husband and wife or parent and child does not apply in a proceeding under this part.

Section 30. **Communications between tribunals.** A tribunal of this state may communicate, in writing or by telephone or other means, with a tribunal of another state to obtain information concerning the laws of that state; the legal effect of a judgment, decree, or order of that tribunal; and the status of a proceeding in the other state. A tribunal of this state may furnish similar information by similar means to a tribunal of another state.

Section 31. **Assistance with discovery.** A tribunal of this state may:

(1) request a tribunal of another state to assist in obtaining discovery; and

(2) upon request, compel a person over whom it has jurisdiction to respond to a discovery order issued by a tribunal of another state.

Section 32. **Receipt and disbursement of payments.** A support enforcement agency or tribunal of this state shall disburse promptly any amounts received pursuant to a support order as directed under this part. The agency or tribunal shall furnish to a requesting party or tribunal of another state a certified statement by the custodian of the record of the amounts and dates of all payments received.

Section 33. **Petition to establish support order.** (1) If a support order entitled to recognition under this part has not been issued, an appropriate responding tribunal of this state may issue a support order if:

(a) the individual seeking the order resides in another state; or

(b) the support enforcement agency seeking the order is located in another state.

(2) The tribunal may issue a temporary child support order if:

(a) the respondent has signed a verified statement acknowledging parentage;

(b) the respondent has been determined by or pursuant to law to be the parent; or

(c) there is other clear and convincing evidence that the respondent is the child's parent.

(3) Upon finding, after notice and opportunity to be heard, that an obligor owes a duty of support, the tribunal shall issue a support order directed to the obligor and may issue other orders pursuant to [section 19].

Section 34. **Administrative enforcement of orders.** (1) A party seeking to enforce a support order or an income-withholding order, or both, issued by a tribunal of another state may send the documents required for registering the order to a support enforcement agency of this state.

(2) Upon receipt of the documents, the support enforcement agency, without initially seeking to register the order, shall consider and, if appropriate, use any administrative procedure authorized by the law of this state to enforce a support order or an income-withholding order, or both. If the obligor does not contest administrative enforcement, the order need not be registered. If the obligor contests the validity or administrative enforcement of the order, the support enforcement agency shall register the order pursuant to this part.

Section 35. Section 40-5-133, MCA, is amended to read:

"**40-5-133.** ~~**Effect of participation in proceeding**~~ ***Limited immunity of petitioner.*** *(1)* Participation *by a petitioner* in ~~any~~ *a* proceeding ~~under this part~~ *before a responding tribunal, whether in person, by private attorney, or through services provided by a support enforcement agency,* does not confer jurisdiction ~~upon any court~~ over ~~any of~~ the ~~parties thereto~~ *petitioner* in ~~any other~~ *another* proceeding.

(2) A petitioner is not amenable to service of civil process while physically present in this state to participate in a proceeding under this part.

(3) The immunity granted by this section does not extend to civil litigation based on acts that are unrelated to a proceeding under this part and that are committed by a party while present in this state to participate in the proceeding."

Section 36. Section 40-5-137, MCA, is amended to read:

Section 38. Section 40-5-141, MCA, is amended to read:

"**40-5-141. Effect of registration — enforcement ~~procedure~~.** (1) ~~Upon registration the~~ *A support order or income-withholding order issued in another state is* registered ~~foreign support~~ *when the* order ~~shall be treated in the same manner as a support order issued by a court~~ *is filed in a registering tribunal* of this state.

(2) ~~It has the same effect~~ *A registered order issued in another state is enforceable in the same manner* and is subject to the same procedures~~, defenses, and proceedings for reopening, vacating, or staying~~ as ~~a support~~ *an* order *issued by a tribunal* of this state ~~and may be enforced and satisfied in like manner~~.

~~(2) The obligor has 20 days after the mailing of notice of the registration in which to petition the court to vacate the registration or for other relief. If he does not so petition, the registered support order is confirmed.~~

(3) ~~At the hearing to enforce the registered support order, the obligor may present only matters that would be available to him as defenses in an action to enforce a foreign money judgment. If he shows to the court that an appeal from the order is pending or will be taken or that a stay of execution has been granted, the court shall stay enforcement of the order until the appeal is concluded, the time for appeal has expired, or the order is vacated, upon satisfactory proof that the obligor has furnished security for payment of the support ordered as required by the rendering state. If he shows to the court any ground upon which enforcement of a support order of this state may be stayed, the court shall stay~~

~~enforcement of the order for an appropriate period if the obligor furnishes the same security for payment of the support ordered that is required for a support order of this state.~~ *Except as otherwise provided in [sections 39 through 47] and 40-5-137, 40-5-140, and 40-5-141, a tribunal of this state shall recognize and enforce, but may not modify, a registered order if the issuing tribunal had jurisdiction."*

Section 39. **Choice of law.** (1) The law of the issuing state governs the nature, extent, amount, and duration of current payments and other obligations of support and the payment of arrearages under the order.

(2) In a proceeding for arrearages, the statute of limitations under the laws of this state or of the issuing state, whichever is longer, applies.

Section 40. **Notice of registration of order.** (1) When a support order or income-withholding order issued in another state is registered, the registering tribunal shall notify the nonregistering party. Notice must be given by first-class or certified mail or by any means of personal service authorized by the law of this state. The notice must be accompanied by a copy of the registered order and the documents and relevant information accompanying the order.

(2) The notice must inform the nonregistering party:

(a) that a registered order is enforceable as of the date of registration in the same manner as an order issued by a tribunal of this state;

(b) that a hearing to contest the validity or enforcement of the registered order must be requested within 20 days after the date of mailing or personal service of the notice;

(c) that failure to contest the validity or enforcement of the registered order in a timely manner:

(i) will result in confirmation of the order and enforcement of the order and the alleged arrearages; and

(ii) precludes further contest of that order with respect to any matter that could have been asserted; and

(d) of the amount of any alleged arrearages.

(3) Upon registration of an income-withholding order for enforcement, the registering tribunal shall notify the obligor's employer pursuant to Title 40, chapter 5, part 4.

Section 41. **Procedure to contest validity or enforcement of registered order.** (1) A nonregistering party seeking to contest the validity or enforcement of a registered order in this state shall request a hearing within 20 days after the date of mailing or personal service of notice of the registration. The nonregistering party may, pursuant to [section 42], seek to vacate the registration, to assert any defense to an allegation of noncompliance with the registered order, or to contest the remedies being sought or the amount of any alleged arrearages.

(2) If the nonregistering party fails to contest the validity or enforcement of the registered order in a timely manner, the order is confirmed by operation of law.

(3) If a nonregistering party requests a hearing to contest the validity or enforcement of the registered order, the registering tribunal shall schedule the matter for hearing and give notice to the parties by first-class mail of the date, time, and place of the hearing.

Section 42. **Contest of registration or enforcement.** (1) A party contesting the validity or enforcement of a registered order or seeking to vacate the registration has the burden of proving one or more of the following defenses:

(a) the issuing tribunal lacked personal jurisdiction over the contesting party;

(b) the order was obtained by fraud;

(c) the order has been vacated, suspended, or modified by a later order;

(d) the issuing tribunal has stayed the order pending appeal;

(e) there is a defense under the law of this state to the remedy sought;

(f) full or partial payment has been made; or

(g) the statute of limitations under [section 39] precludes enforcement of some or all of the arrearages.

(2) If a party presents evidence establishing a full or partial defense under subsection (1), the registering tribunal may stay enforcement of the registered order, continue the proceeding to permit production of additional relevant evidence, and issue other appropriate orders. An uncontested portion of the registered order may be enforced by all remedies available under the law of this state.

(3) If the contesting party does not establish a defense under subsection (1) to the validity or enforcement of the order, the registering tribunal shall issue an order confirming the order.

Section 43. **Confirmed order.** Confirmation of a registered order, whether by operation of law or after notice and hearing, precludes further contest of the order with respect to any matter that could have been asserted at the time of registration.

Section 44. **Procedure to register child support order of another state for modification.** A party or support enforcement agency seeking to modify or to modify and enforce a child support order issued in another state shall register that order in this state in the same manner provided in 40-5-137, 40-5-140, 40-5-141, [section 40], and 40-5-271 if the order has not been registered. A petition for modification may be filed either at the same time as a request for registration or later. The pleading must specify the grounds for modification.

Section 45. **Effect of registration for modification.** A tribunal of this state may enforce a child support order of another state, registered for purposes of modification, in the same manner as if the order had been issued by a tribunal of this state. However, the registered order may be modified only if the requirements of [section 46] have been met.

Section 46. **Modification of child support order of another state.** (1) After a child support order issued in another state has been registered in this state, the appropriate responding tribunal of this state may modify that order only if, after notice and hearing, it finds that:

(a) the following requirements are met:

(i) the child, the individual obligee, and the obligor do not reside in the issuing state;

(ii) a petitioner who is a nonresident of this state seeks modification; and

(iii) the respondent is subject to the personal jurisdiction of the tribunal of this state; or

(b) an individual party or the child is subject to the personal jurisdiction of the tribunal and all of the individual parties have filed in the issuing tribunal a written consent providing that the appropriate tribunal of this state may modify the support order and that this state may assume continuing, exclusive jurisdiction over the order.

(2) Modification of a registered child support order is subject to the same requirements, procedures, and defenses that apply to the modification of an order issued by a tribunal of this state, and the order may be enforced and satisfied in the same manner.

(3) A tribunal of this state may modify only a child support order. A tribunal may not modify provisions, such as custody, visitation, or other provisions not related to support.

(4) On issuance of an order modifying a child support order issued in another state, a tribunal of this state has continuing, exclusive jurisdiction.

(5) Within 30 days after issuance of a modified child support order, the tribunal issuing the modification shall file a certified copy of the order:

(a) with the issuing tribunal that had continuing, exclusive jurisdiction over the earlier order; and

(b) in each tribunal in which the modifying tribunal knows that earlier order has been registered.

Section 47. **Recognition of order modified in another state.** A tribunal of this state shall recognize a modification of its earlier child support order by a tribunal of another state that assumed jurisdiction pursuant to a law substantially similar to this part. Except as otherwise provided in this part, the tribunal of this state shall, upon request:

(1) enforce the order that was modified only as to amounts accruing before the modification;

(2) enforce only nonmodifiable aspects of that order;

(3) provide other appropriate relief only for violations of the order that occurred before the effective date of the modification; and

(4) recognize the modifying order of the other state, upon registration, for the purpose of enforcement.

Section 48. **Proceeding to determine parentage.** (1) A tribunal of this state may serve as an initiating or responding tribunal in a proceeding brought under this part or a law substantially similar to this part, the Uniform Reciprocal Enforcement of Support Act, or the Revised Uniform Reciprocal Enforcement of Support Act to determine whether the petitioner is a parent of a particular child or to determine whether a respondent is a parent of that child.

(2) In a proceeding to determine parentage, a responding tribunal of this state shall apply the rules of this state on choice of law.

(3) A proceeding to determine parentage directed to:

(a) the department of social and rehabilitation services from an initiating state pursuant to 40-5-263 and this part is subject to the provisions of 40-5-231 through 40-5-237 or Title 40, chapter 6, part 1, as applicable; and

The purpose of the review is to determine whether the support order should be modified in accordance with the guidelines.

(2) Jurisdiction to conduct the review and to issue a modifying order under 40-5-273 is authorized when:

(b) availability of health insurance coverage to the obligor's child through the obligor's employment or other group insurance.

(5) The department shall make available procedures and forms that allow the obligor or the obligee to complete the review process without legal counsel.

(3) When the foreign income withholding order is registered, the department shall serve the order upon the payor, with directions to the payor to comply with the order and to deliver the withheld amounts to the department. *Registration of a foreign income-withholding order under this section does not confer jurisdiction for any other purpose, such as modification of the support order, custody, or visitation.*"

Section 52. Section 40-4-210, MCA, is amended to read:

"**40-4-210. Section 53. Section 40-5-202, MCA, is amended to read:

"**40-5-202. Department of social and rehabilitation services — powers and duties regarding collection of support debt.** (1) The department may take action under the provisions of this part, the abandonment or nonsupport statutes, the Uniform Parentage Act established in Title 40, chapter 6, part 1, and other appropriate state and federal statutes to ensure that the parent or other person responsible pays for the care, support, or maintenance of a child if the department:

(6) The department may petition a court or an administrative agency for modification of any order on the same basis as a party to that action is entitled to do.

(7) The department is subrogated to the right of the child or obligee to maintain any civil action or execute any administrative remedy available under the laws of this or any other state to collect a support debt. This right of subrogation is in addition to and independent of the assignment under 53-2-613 and the support debt created by 40-5-221.

(8) If public assistance is being or has been paid, the department is subrogated to the debt created by a support order and any money judgment is considered to be in favor of the department. This subrogation is an addition to any assignment made under 53-2-613 and applies to the lesser of:

(a) the amount of public assistance paid; or

~~(5)~~*(4)* If the obligor fails to appear at the hearing or fails to timely request a hearing, the hearing officer, upon a showing of valid service, shall enter a decision and order declaring the amount stated in the notice to be final.

~~(6)~~*(5)* In a hearing to determine financial responsibility, the monthly support responsibility must be determined in accordance with the evidence presented and with reference to the scale of suggested minimum contributions under 40-5-214. The hearing officer is not limited to the amounts stated in the notice.

~~(7)~~*(6)* Within 20 days of the hearing, the hearing officer shall enter a final decision and order. The determination of the hearing officer constitutes a final agency decision, subject to judicial review under 40-5-253 and the provisions of the Montana Administrative Procedure Act.

~~(11)~~*(10)* Unless the hearing officer makes a written exception under 40-5-315 or 40-5-411 and the exception is included in the support order, every order establishing a child support obligation, whether temporary or final, and each modification of an existing child support order under this part is enforceable by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 4. A support order that omits that provision or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment of the support order or for any further action by the hearing officer.

~~(12)~~*(11)* For the purposes of income withholding provided for in subsection ~~(11)~~ *(10)*, whenever the department establishes or modifies a child support obligation, the department's order must include a provision requiring the obligor, for as long as the department is providing support enforcement services, to keep the department informed of the name and address of the obligor's current employer, whether the obligor has access to health insurance through an employer or other group, and, if so, the health insurance policy information."

[HB 238]

AN ACT ALLOWING INQUIRY INTO THE FINANCIAL RESOURCES OF A PARENT OR GUARDIAN DURING AN INVESTIGATION OF AN ALLEGATION OF ABUSE OR NEGLECT OF A CHILD FOR THE PURPOSE OF DETERMINING ELIGIBILITY FOR FEDERAL PROGRAM FUNDING OR PARENTAL CONTRIBUTION FOR THE COST OF OUT-OF-HOME CARE FOR THE CHILD; AMENDING SECTIONS 41-3-202 AND 41-3-401, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 41-3-202, MCA, is amended to read:

"**41-3-202. Action on reporting.** (1) Upon receipt of a report as required by 41-3-201 that a child is or has been abused or neglected, a social worker or the county attorney or a peace officer shall promptly conduct a thorough investigation into the home of the child involved or any other place where the child is present, into the circumstances surrounding the injury of the child, and into all other nonfinancial matters which in the discretion of the investigator are relevant to the investigation. In conducting an investigation under this section, a social worker may not inquire into the financial status of the child's family or of any other person responsible for the child's care *except as necessary to ascertain eligibility for federal assistance programs or to comply with the provisions of 41-3-406.*

(2) The social worker is responsible for assessing the family and planning for the child. If the child is treated at a medical facility, the social worker, county attorney, or peace officer shall, consistent with reasonable medical practice, have the right of access to the child for interviews, photographs, and securing physical evidence and have the right of access to relevant hospital and medical records pertaining to the child. If considered appropriate by the social worker, county attorney, or peace officer conducting an interview of the child, an employee of the public school attended by the child involved may participate in any interview of the child if the child is enrolled in kindergarten through 8th grade.

(3) If from the investigation it appears that the child suffered abuse or neglect, the department shall provide protective services to the child and may provide protective services to any other child under the same care. The department will advise the county attorney of its investigation.

(4) The investigating social worker, within 60 days of commencing an investigation, shall also furnish a written report to the department. The department shall maintain a record system containing child abuse and neglect cases.

(1) lend or donate money to the authority;

(2) provide that all or a portion of the taxes or funds available or required by law to be used by the county for railroad purposes be transferred to the authority as the funds become available to the county;

(3) furnish facilities or improvements that it is empowered to provide in connection with the railroad or railroad facilities;

(4) dedicate, sell, convey, or lease its interest in property or grant easements, licenses, or other rights or privileges to the authority;

(6) enter into agreements with the authority respecting action to be taken by the county pursuant to the provisions of this section.

Section 9. **General powers of authority.** An authority has all the powers necessary to carry out the purposes of [sections 1 through 19], including but not limited to the power to:

(2) The authority may apply to a public agency for permits, consents, authorizations, and approvals required for the acquisition and operation of a railroad and take all actions necessary to comply with their conditions.

(3) The authority may acquire property for a public purpose in the same manner as a county, except that the authority does not have the power of eminent domain with respect to property owned by another authority or by a political subdivision or property owned by a railroad corporation unless the interstate commerce commission or another authority with power to make the finding has found that the public convenience and necessity permit discontinuance of rail service on the property.

Section 11. **Rules.** An authority may adopt, amend, and repeal reasonable resolutions, rules, and orders as it considers necessary for its own administration, management, and governance as well as for the management, governance, or use of a railroad or railroad facility owned by or under its control. Section 12. **Mill levy authorized — limitation.** The authority may certify annually to the board of county commissioners the amount of money necessary for the operation of the authority. Upon approval by the electorate, the board shall annually, at the time of levying county taxes, fix and levy a tax in mills upon all property within the boundaries of the authority clearly sufficient to raise the amount certified by the authority. The tax levied for authority purposes other than for payment of bonded indebtedness may not in a year exceed 6 mills on each dollar of taxable valuation of property within the authority.

Section 13. **Election required to impose mill levy.** (1) Before the levy provided for in [section 12] may be made, the question must be submitted to a vote of the people at the next regular school election held in accordance with 20-3-304 or by mail ballot election as provided by Title 13, chapter 19, in the following form:

"Shall there be a levy of (specify number, not to exceed 6) mills upon the taxable property of the (specify rail authority) necessary to raise the sum of (specify the approximate amount to be raised by the tax levy) for the purpose of (specify purpose for which the levy is made)?

☐ FOR the tax levy.

☐ AGAINST the tax levy."

(2) Notice of the election, clearly stating the amount and the purpose of the levy, must be given and the election must be held and conducted and the returns must be made in the manner prescribed by law for the submission of questions to the electors under the general election laws.

Section 14. **Collection of tax and disposition of funds.** (1) The procedure for the collection of the tax must be in accordance with the existing laws of the state of Montana.

(2) The proceeds from the tax levy must be deposited in a special account in which other revenues of the authority are deposited and may be expended by the authority as provided for in [sections 1 through 19].

Section 15. **Contracts for operation and use of facilities.** (1) In connection with the operation of a railroad or a railroad facility owned or controlled by an authority, the authority may enter into contracts, leases, and other arrangements:

(a) granting the privilege of operating or using the railroad or railroad facility;

(b) leasing a railroad for operation by the lessee; however, a person may not be authorized to operate a railroad other than as a common carrier;

(c) granting the privilege of supplying goods, commodities, services, or facilities along rail lines or in or upon other property; and

(d) making available services to be furnished by the authority or its agents.

(2) In each case, the authority may establish the terms and conditions and fix the charges, rentals, or fees that must be reasonable and uniform for the same class of privilege or service and that must be established with regard to the property and improvements used and the expenses of operation to the authority.

(3) The authority may remit funds available for investment to the state treasurer for investment under the direction of the board of investments as part of the pooled investment fund.

Section 16. **Bonds and obligations.** (1) An authority may borrow money for any of its corporate purposes and issue bonds for its purposes, including refunding bonds, in a form and upon terms as it determines, payable out of any revenue of the authority, including revenue derived from:

(a) a railroad;

(b) taxes levied pursuant to [section 12];

(c) grants or contributions from the federal government; or

(d) other sources.

(2) The bonds may be issued by resolution of the authority, without an election and without any limitation of amount, except that bonds may not be issued at any time if the total amount of principal and interest to become due in a year on the bonds and on any then-outstanding bonds for which revenue from the same source is pledged exceeds the amount of the revenue to be received in that year, as estimated in the resolution authorizing the issuance of the bonds. The authority shall take all action necessary and possible to impose, maintain, and collect rates, charges, and rentals and to request taxes, if any are pledged, sufficient to make the revenue from the pledged source in the year at least equal to the amount of principal and interest due in that year.

(3) The bonds may be sold at public or private sale and may bear interest as provided in 17-5-102. Bonds issued by an authority pursuant to [sections 1 through 19] may be payable as to principal and interest solely from revenue of the authority and must state on their face the applicable limitations or restrictions regarding the source from which the principal and interest are payable.

(4) Bonds issued by an authority pursuant to the provisions of [sections 1 through 19] are declared to be issued for an essential public and governmental purpose by a political subdivision within the meaning of 15-30-111(2)(a).

(5) For the security of the bonds, the authority may by resolution make and enter into any covenant, agreement, or indenture and may exercise any additional powers authorized to be exercised by a municipality under Title 7, chapter 7, parts 44 and 45. The sums required from time to time to pay principal and interest and to create and maintain a reserve for the bonds may be paid from the revenue referred to in [sections 1 through 19], prior to the payment of current costs of operation and maintenance of the facilities.

Section 17. **Debt service fund.** An authority may create a debt service fund and accumulate in the fund a sum determined by the directors, together with the interest on the sum, for the use, repair, maintenance, and capital outlay expenses of a railroad.

Section 18. **Tax exemption.** Property in this state acquired by an authority for railroad purposes pursuant to the provisions of [sections 1 through 19] and income derived by the authority from the ownership, operation, or control of property are exempt from taxation to the same extent as other property used for public purposes.

Section 19. **Procedure to enlarge authority.** (1) The directors of an authority may by resolution enlarge the boundaries of the authority in accordance with the procedures of notice and hearing in [section 4].

(2) The property within an addition to the authority is subject to the existing indebtedness of the authority.

Section 20. Section 15-10-412, MCA, is amended to read:

"**15-10-412. Property tax limited to 1986 levels — clarification — extension to all property classes.** Section 15-10-402 is interpreted and clarified as follows:

(1) The limitation to 1986 levels is extended to apply to all classes of property described in Title 15, chapter 6, part 1.

(2) The limitation on the amount of taxes levied is interpreted to mean that, except as otherwise provided in this section, the actual tax liability for an individual property is capped at the dollar amount due in each taxing unit for the 1986 tax year. In tax years thereafter, the property must be taxed in each taxing unit at the 1986 cap or the product of the taxable value and mills levied, whichever is less for each taxing unit, except in a taxing unit that levied a tax in tax years 1983 through 1985 but did not levy a tax in 1986, in which case the actual tax liability for an individual property is capped at the dollar amount due in that taxing unit for the 1985 tax year.

(3) The limitation on the amount of taxes levied does not mean that ~~no~~ *a* further increase may *not* be made in the total taxable valuation of a taxing unit as a result of:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property;

(e) reclassification of property;

(f) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(g) transfer of property from tax-exempt to taxable status; or

(h) revaluations caused by:

(i) cyclical reappraisal; or

(ii) expansion, addition, replacement, or remodeling of improvements.

(4) The limitation on the amount of taxes levied does not mean that ~~no~~ *a* further increase may *not* be made in the taxable valuation or in the actual tax liability on individual property in each class as a result of:

(a) a revaluation caused by:

(i) construction, expansion, replacement, or remodeling of improvements that adds value to the property; or

(ii) cyclical reappraisal;

(b) transfer of property into a taxing unit;

(c) reclassification of property;

(d) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(e) annexation of the individual property into a new taxing unit; or

(f) conversion of the individual property from tax-exempt to taxable status.

(5) Property in classes four and eleven is valued according to the procedures used in 1986, including the designation of 1982 as the base year, until the reappraisal cycle beginning January 1, 1986, is completed and new valuations are placed on the tax rolls and a new base year designated, if the property is:

(a) new construction;

(b) expanded, deleted, replaced, or remodeled improvements;

(c) annexed property; or

(d) property converted from tax-exempt to taxable status.

(6) Property described in subsections (5)(a) through (5)(d) that is not class four or class eleven property is valued according to the procedures used in 1986 but is also subject to the dollar cap in each taxing unit based on 1986 mills levied.

(7) The limitation on the amount of taxes, as clarified in this section, is intended to leave the property appraisal and valuation methodology of the department of revenue intact. Determinations of county classifications, salaries

of local government officers, and all other matters in which total taxable valuation is an integral component are not affected by 15-10-401 and 15-10-402 except for the use of taxable valuation in fixing tax levies. In fixing tax levies, the taxing units of local government may anticipate the deficiency in revenues resulting from the tax limitations in 15-10-401 and 15-10-402, while understanding that regardless of the amount of mills levied, a taxpayer's liability may not exceed the dollar amount due in each taxing unit for the 1986 tax year unless:

(a) the taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year. If a taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year, it may levy additional mills to compensate for the decreased taxable valuation, but ~~in no case may~~ the mills levied *may not* exceed a number calculated to equal the revenue from property taxes for the 1986 tax year in that taxing unit.

(b) a levy authorized under Title 20 raised less revenue in 1986 than was raised in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, raise each year thereafter an additional number of mills but may not levy more revenue than the 3-year average of revenue raised for that purpose during 1984, 1985, and 1986;

(c) a levy authorized in 50-2-111 that was made in 1986 was for less than the number of mills levied in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, levy each year thereafter an additional number of mills but may not levy more than the 3-year average number of mills levied for that purpose during 1984, 1985, and 1986.

(8) The limitation on the amount of taxes levied does not apply to the following levy or special assessment categories, whether or not they are based on commitments made before or after approval of 15-10-401 and 15-10-402:

(a) rural improvement districts;

(b) special improvement districts;

(c) levies pledged for the repayment of bonded indebtedness, including tax increment bonds;

(d) city street maintenance districts;

(e) tax increment financing districts;

(f) satisfaction of judgments against a taxing unit;

(g) street lighting assessments;

(h) revolving funds to support any categories specified in this subsection (8);

(i) levies for economic development authorized pursuant to 90-5-112(4);

(j) levies authorized under 7-6-502 for juvenile detention programs; and

(k) elementary and high school districts.

(9) The limitation on the amount of taxes levied does not apply in a taxing unit if the voters in the taxing unit approve an increase in tax liability following a resolution of the governing body of the taxing unit containing:

(a) a finding that there are insufficient funds to adequately operate the taxing unit as a result of 15-10-401 and 15-10-402;

(b) an explanation of the nature of the financial emergency;

(c) an estimate of the amount of funding shortfall expected by the taxing unit;

(d) a statement that applicable fund balances are or by the end of the fiscal year will be depleted;

(e) a finding that there are no alternative sources of revenue;

(f) a summary of the alternatives that the governing body of the taxing unit has considered; and

(g) a statement of the need for the increased revenue and how it will be used.

(10) (a) The limitation on the amount of taxes levied does not apply to levies required to address the funding of relief of suffering of inhabitants caused by famine, conflagration, or other public calamity.

(b) The limitation set forth in this chapter on the amount of taxes levied does not apply to levies to support:

(i) a city-county board of health as provided in Title 50, chapter 2, if the governing bodies of the taxing units served by the board of health determine, after a public hearing, that public health programs require funds to ensure the public health. A levy for the support of a local board of health may not exceed the 5-mill limit established in 50-2-111.

(ii) county, city, or town ambulance services authorized by a vote of the electorate under 7-34-102(2)*; and*

(iii) a rail authority, as provided in [sections 1 through 19], authorized by a board of county commissioners. A levy for the support of a rail authority may not exceed the 6-mill limit established in [section 12].

(11) The limitation on the amount of taxes levied by a taxing jurisdiction subject to a statutory maximum mill levy does not prevent a taxing jurisdiction from increasing its number of mills beyond the statutory maximum mill levy to produce revenue equal to its 1986 revenue.

(12) The limitation on the amount of taxes levied does not apply to a levy increase to repay taxes paid under protest in accordance with 15-1-402."

Section 21. Section 69-14-101, MCA, is amended to read:

(naming the insurer)."

(3) ~~No~~ *A* real estate loan ~~shall~~ *may not* be for more than 60% of the appraised value of the real estate securing the loan, and the appraisal must have been made within 30 days prior to the date of the loan. ~~No such~~ *The* loan ~~shall~~ *may not* be for a term longer than 10 years. ~~The foregoing provisions shall~~ *This subsection does* not ~~be deemed to~~ prevent the renewal or extension of loans already made and ~~shall~~ *does* not apply to real estate loans ~~which~~ *that* are insured under the provisions of any act of the congress of the United States or to the making, extension, or renewal of any loans ~~which~~ *that* are made under subchapter II of the act of congress known as the "Servicemen's Readjustment Act of 1944", or any amendment thereof or supplement thereto, as to any part of ~~such~~ *the* loans~~;~~. ~~nor shall such provisions be deemed to~~ *This subsection does not* prevent an insurer from taking another and immediately subsequent mortgage or deed of trust when it already holds a first mortgage or deed of trust on the same real estate or from accepting a second lien on real estate to secure the payment of a debt previously contracted in good faith~~;~~. ~~nor shall it~~ *This subsection does not* prevent subsequent liens of any kind from being taken to secure the payment of a debt previously contracted in good faith when in the judgment of the insurer's board of directors ~~such~~ *the* subsequent liens are necessary ~~further~~ to *further* secure the payment of any debts and save the insurer from loss."

Section 2. Section 33-4-501, MCA, is amended to read:

"**33-4-501. Insuring powers in general.** (1) In respect to property insurance as defined in 33-1-210, a farm mutual insurer shall insure against loss or damage by fire or other casualty only:

CHAPTER NO. 335

[HB 635]

AN ACT REVISING PROCEDURES FOR FILING LIENS WITH THE SECRETARY OF STATE; PROVIDING FOR REMOVAL OF IMPROPER OR FRAUDULENT LIENS; AND AMENDING SECTIONS 30-9-402, 30-9-407, AND 71-3-125, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 30-9-402, MCA, is amended to read:

"**30-9-402. Formal requisites of financing statement — amendments — mortgage as financing statement.** (1) A financing statement is sufficient if it gives the names of the debtor and the secured party, is signed by the debtor, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address and the county of residence of the debtor, and contains a statement indicating the types or describing the items of collateral. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. If the financing statement covers timber to be cut, minerals or the like (including oil and gas) or accounts subject to 30-9-103(5), or farm products or if the financing statement is filed as a fixture filing (30-9-313) and the collateral is goods which are or are to become fixtures, the statement must also comply with subsection (5). A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by the debtor.

(2) A financing statement which otherwise complies with subsection (1) is sufficient when it is signed by the secured party instead of the debtor if it is filed to perfect a security interest in:

(a) collateral already subject to a security interest in another jurisdiction when it is brought into this state, or when the debtor's location is changed to this state. Such a financing statement must state that the collateral was brought into this state or that the debtor's location was changed to this state under such circumstances.

(b) proceeds under 30-9-306 if the security interest in the original collateral was perfected. Such a financing statement must describe the original collateral.

(c) collateral as to which the filing has lapsed, *if within 5 years of the lapse*; or

(d) collateral acquired after a change of name, identity, or corporate structure of the debtor (subsection (7)).

(3) A form substantially as follows is sufficient to comply with subsection (1):

Name of debtor (or assignor) . . . .
Social security number or tax identification number . . . .
Address . . . .
~~County of residence . . . .~~
Name of secured party (or assignee) . . . .
Address . . . .

1. This financing statement covers the following types (or items) of property:

(Describe) . . . .

2. (If collateral is crops, *livestock, or unmanufactured agricultural products*) The above described crops, *livestock, or unmanufactured agricultural products* are growing, *being raised, or being produced* or are to be grown, *raised, or produced* on:

(Describe Real Estate *and County Where Located*) . . . .

3. (If applicable) The above goods are to become fixtures on:

(Describe Real Estate) . . . .

and this financing statement is to be filed in the real estate record. (If the debtor does not have an interest or record) The name of a record owner is. . . . . .

4. (If products of collateral are claimed) Products of the collateral are also covered.

(Use whichever Signature of Debtor (or Assignor) . . . .
is applicable) Signature of Secured Party (or Assignee) . . . .

(4) A financing statement may be amended by filing a writing signed by both the debtor and the secured party. An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this chapter, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments.

(5) (a) A financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to 30-9-103(5), or a financing statement filed as a fixture filing (30-9-313) when the debtor is not a transmitting utility, must show that it covers this type of collateral, must recite that it is to be filed in the real estate records, and the financing statement must contain a description of the real estate sufficient if it were contained in a mortgage of the real estate to give constructive notice of the mortgage under the law of this state. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner.

(b) A financing statement covering farm products must contain a reasonable description of the real estate upon which the farm products are produced or located. A legal description of the real estate is not required; a statement naming the county or counties in which the farm products are produced or located is sufficient to satisfy this subsection (b).

(6) (a) A mortgage is effective as a financing statement filed as a fixture filing from the date of its recording if:

(i) the goods are described in the mortgage by item or type;

(ii) the goods are or are to become fixtures related to the real estate described in the mortgage;

(iii) the mortgage complies with the requirements for a financing statement in this section other than a recital that it is to be filed in the real estate records; and

(iv) the mortgage is duly recorded.

(b) No fee with reference to the financing statement is required other than the regular recording and satisfaction fees with respect to the mortgage.

(7) A financing statement sufficiently shows the name of the debtor if it gives the social security number or tax identification number of the debtor and the individual, partnership, or corporate name of the debtor, whether or not it adds other trade names or the names of partners. If the debtor so changes ~~his~~ *the debtor's* name or in the case of an organization its name, identity, or corporate structure that a filed financing statement becomes seriously misleading, the filing is not effective to perfect a security interest in collateral acquired by the debtor more than 4 months after the change unless a new appropriate financing statement is filed before the expiration of that time. A filed financing statement remains effective with respect to collateral transferred by the debtor even though the secured party knows of or consents to the transfer.

(8) A financing statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading."

Section 2. Section 30-9-407, MCA, is amended to read:

"**30-9-407. Information from filing officer.** (1) If the person filing any financing statement, termination statement, statement of assignment, or statement of release furnishes the filing officer a copy thereof, the filing officer shall upon request note upon the copy the file number and date and hour of the filing of the original and deliver or send the copy to such person.

(2) Upon request of any person, the filing officer shall issue his certificate showing whether there is on file on the date and hour stated therein, any presently effective financing statement naming a particular debtor and any statement of assignment thereof and, if there is, giving the date and hour of filing of each such statement and the name and address of each secured party therein. For financing statements recorded on the system described in 30-9-403(9), the filing officer shall, upon request of any person, also furnish written information concerning the collateral described for any presently effective financing statement covering collateral described in 30-9-403(8). However, such information is not a part of the filing officer's certificate and may not constitute a complete description of the collateral covered by the financing statement. The uniform fee for such a certificate and description of collateral shall be set pursuant to 30-9-403. Upon request the filing officer shall furnish a copy of any filed financing statement or statement of assignment for a uniform fee of 50 cents per page.

(3) A computer printout from the system described in 30-9-403(9) constitutes the certificate of the secretary of state as to whether there is on file, on the date and hour stated thereon, such a financing statement covering the collateral described in 30-9-403(8). The fee for requesting a printout from the secretary of state must cover the cost of the printout. If a certificate is made on a requestor's own computer using telephone dial-up access, a fee commensurate with costs must be charged.

(4) ~~Within 30 days after July 1, 1987, the secretary of state shall provide a listing of all financing statements recorded on the system described in 30-9-403(9) covering collateral described in 30-9-403(8) to each county clerk and recorder.~~ The secretary of state shall compile the listing alphabetically by debtor's name and may distribute the listing on microfilm or microfiche. ~~The secretary of state shall provide the listing without charge to the county.~~

(5) The secretary of state shall ensure that the system described in 30-9-403(9) complies with the requirements for a central filing system as defined by 7 U.S.C. 1631 as that statute read on January 1, 1987. The secretary of state shall distribute portions of the master list to registered buyers at least once each month. ~~He~~ *The secretary of state* may distribute portions of the master list more frequently if ~~he~~ *the secretary of state* determines it is necessary to improve the flow of agricultural credit."

Section 3. Section 71-3-125, MCA, is amended to read:

"**71-3-125. Filing of agricultural lien statements.** (1) Unless a statement of an agricultural lien has been filed in the office of the secretary of state as provided in this chapter, a buyer who, in ordinary course of business as defined in 30-1-201(9), buys a farm product takes it free of any lien created by this chapter even though the lien is otherwise perfected.

(2) A statement of an agricultural lien is sufficient if it:

(a) gives the names and addresses of the debtor and lienor ~~and the county of residence of the debtor~~;

(b) describes the type of lien and its statutory authority;

(c) describes the collateral;

(d) contains the notation by the secretary of state of the date of filing and filing number;

(e) is signed by the lienor;

(f) describes the service or product furnished. If the collateral is farm products, the statement must state the county in which the farm products are located, designated by type of farm product.

(g) states the price or wage agreed upon or, if the price or wage was not agreed upon, the reasonable value of the service or product furnished;

(h) states the amount remaining unpaid;

(i) states the terms and period of employment if it is a farm laborer's lien filed pursuant to part 4 of this chapter;

(j) describes the land upon which seed or grain was or will be sown, planted, or used if it is a lien for seed or grain filed pursuant to part 7 of this chapter;

(k) describes the land upon which the grain or crops were grown and the place the grain or crops are presently stored if it is a thresher's lien filed pursuant to part 8 of this chapter;

(l) describes the land upon which the service was performed if it is a lien for spraying or dusting filed pursuant to part 9 of this chapter; and

(m) states the starting date of insurance coverage if it is a lien filed pursuant to part 7 of this chapter.

(3) The agricultural lien statement must be in the form prescribed by the secretary of state.

(4) The secretary of state shall:

(a) record the agricultural lien statement on the centralized computer system as set forth in 30-9-403; and

(b) establish fees for such recordings as set forth in 30-9-403.

(5) For the purposes of this section, an agricultural lien means a lien under part 4, 7, 8, or 9 of this chapter.

(6) A statement of an agricultural lien or continuation statement that has been filed at the office of the county clerk and recorder lapses on March 31, 1990, unless prior to that date there is filed in the office of the secretary of state a certified copy of the statement and all related documents on file with the county clerk and recorder."

Section 4. **Removal of improper or fraudulent liens.** (1) If a filing officer receives a complaint or has reason to believe that a lien submitted or filed with the filing officer's office is improper or fraudulent, the filing officer may reject the submission or remove the filing from existing files after giving notice and an opportunity to respond to the secured party.

(2) A person adversely affected by a lien that is determined to be improper or fraudulent by the filing officer may recover treble damages from the person responsible for submitting the lien.

Section 5. **Codification instruction.** [Section 4] is intended to be codified as an integral part of Title 30, chapter 9, part 4, and the provisions of Title 30, chapter 9, part 4, apply to [section 4].

Approved April 13, 1993.

(iii) 20 cents per ton of waste over 300,000 tons for an existing megalandfill or facility pursuant to 75-10-903(7)(b).

(b) The department may allow a credit against the fee payable under this section for the applicant's costs of developing information or providing services required under 75-10-901 through 75-10-945 or required for preparation of an environmental impact statement under the Montana Environmental Policy Act, Title 75, chapter 1, part 1, or the National Environmental Policy Act, 42 U.S.C. 4321, et seq. The applicant may submit the information or a description of the services performed to the department, together with an accounting of the expenses incurred in preparing the information or performing the services. The department shall evaluate the applicability, validity, and usefulness of the data or services and determine the expenses that may be credited against the filing fee payable under this section. Upon 30 days' notice to the applicant, this credit may at any time be reduced if the department determines that the amount to be credited is necessary to carry out its responsibilities under 75-10-901 through 75-10-945.

(2) (a) The department may contract with an applicant after the filing of a formal application for the development of information or the provision of services required under 75-10-901 through 75-10-945. The revenue derived from the filing fee must be sufficient to enable the department and the board to carry out their responsibilities under 75-10-901 through 75-10-945. The department may amend a contract to require additional payments for necessary expenses up to the limits set forth in subsection (1)(a) upon 30 days' notice to the applicant. The department and applicant may enter into a contract that exceeds the scale provided in subsection (1)(a).

(b) If a contract is not entered into, the applicant shall pay the filing fee in installments in accordance with a schedule of installments developed by the department; however, an installment may not exceed 20% of the total filing fee provided for in subsection (1).

(3) The applicant is entitled to an accounting of money spent and to a refund with interest at the rate of 6% a year of the portion of the filing fee not spent by the department in carrying out its responsibilities under 75-10-901 through 75-10-945. A refund must be made after all administrative and judicial remedies have been exhausted by all parties to the certification proceedings.

(4) The revenue derived from the filing fees must be used by the department in compiling the information required for rendering a decision on a certificate and for carrying out other responsibilities of the department and the board under 75-10-901 through 75-10-945."

Section 3. Section 75-10-950, MCA, is amended to read:

CHAPTER NO. 339

[HB 512]

AN ACT REQUIRING THE PETROLEUM TANK RELEASE COMPENSATION BOARD TO REIMBURSE ELIGIBLE EXPENSES FOR ACCIDENTAL PETROLEUM RELEASES FROM PROPERLY INSTALLED DOUBLE-WALLED TANK SYSTEMS AT THE RATE OF 100 PERCENT; AMENDING SECTIONS 75-11-301, 75-11-302, 75-11-307, 75-11-308, AND 75-11-309, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

WHEREAS, the 1993 Legislature found that petroleum storage tanks and associated pipes connected to petroleum storage tanks must be regulated in order to protect public health and safety, the health of living organisms, and the environment; and

WHEREAS, the Department of Health and Environmental Sciences adopted rules in 1989 that included design and construction requirements for petroleum storage tanks and associated pipes; and

WHEREAS, double-walled construction of petroleum storage tanks and associated pipes should be encouraged because it provides superior prevention of releases of regulated substances to the environment over the operational life of a petroleum storage tank system as well as superior containment of regulated substances that are released from the interior vessel until the substances can be detected and removed.

STATEMENT OF INTENT

A statement of intent is required for this bill to provide guidance to the department of health and environmental sciences concerning the adoption of rules to govern double-walled petroleum storage tank systems as defined in 75-11-302(8). Double-walled construction is to be encouraged because it provides superior prevention of releases of regulated substances to the environment over the operational life of a petroleum storage tank system as well as superior containment of regulated substances that are released from the interior vessel until the substances can be detected and removed. The department is directed to adopt rules that specify the types of materials or combination of materials that must be used to appropriately construct double-walled tank systems and that specify necessary design, construction, and installation techniques.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-11-301, MCA, is amended to read:

"**75-11-301. Findings and purposes.** (1) The legislature finds that the use of petroleum products stored in tanks contributes significantly to the economic well-being and quality of life of Montana citizens.

(2) The legislature finds that leaks, spills, and other releases of petroleum products from storage tanks endanger public health and safety, ground water quality, and other state resources.

(3) The legislature finds that current administrative and financial resources of the public and private sectors are inadequate to address problems caused by releases from petroleum storage tanks and need to be supplemented by a major program of release detection and corrective action.

(4) The legislature finds that proper funding for the program is through a petroleum storage tank cleanup fee paid by persons who use and receive the benefits of petroleum products. The legislature further finds that this general use fee, provided for in 75-11-314, is intended solely to support a program to pay for corrective action and damages caused by releases from petroleum storage tanks. The general use fee is collected from distributors for administrative convenience and is not intended as a method for collecting highway revenue pursuant to the provisions of Article VIII, section 6, of the Montana constitution. The fee is intended to implement the legislature's duty to provide for the administration and enforcement of maintaining and improving a clean and healthful environment for present and future generations, as required by Article IX, section 1, of the Montana constitution.

(5) The purposes of this part are to:

(a) protect public health and safety and the environment by providing prompt detection and cleanup of petroleum tank releases;

(b) provide adequate financial resources and effective procedures through which tank owners and operators may undertake and be reimbursed for corrective action and payment to third parties for damages caused by releases from petroleum storage tanks; ~~and~~

(c) assist certain tank owners and operators in meeting financial assurance requirements under state and federal law governing releases from petroleum storage tanks*; and*

(d) provide tank owners with incentives to improve petroleum storage tank facilities in order to minimize the likelihood of accidental releases."

Section 2. Section 75-11-302, MCA, is amended to read:

"**75-11-302. Definitions.** The following definitions apply to this part:

(1) "Accidental release" means a sudden or nonsudden release, neither expected nor intended by the tank owner or operator, of petroleum or petroleum products from a storage tank that results in a need for corrective action or compensation for third party bodily injury or property damage.

(2) "Board" means the petroleum tank release compensation board established in 2-15-2108.

(3) "Bodily injury" means physical injury, sickness, or disease sustained by an individual, including death that results from the physical injury, sickness, or disease at any time.

(4) "Claim" means a written request prepared and submitted by an owner or operator or an agent of the owner or operator for reimbursement of expenses caused by an accidental release from a petroleum storage tank.

The design and construction of these tank systems must meet standards of the department and the department of justice fire prevention and investigation bureau. The material used in construction must be compatible with the liquid to be stored in the system, and the system must be designed to prevent the release of any stored liquid.

~~(8)~~*(9)* "Eligible costs" means expenses reimbursable under 75-11-307.

~~(12)~~*(13)* "Operator" means a person in control of or having responsibility for the daily operation of a petroleum storage tank.

~~(13)~~*(14)* "Owner" means a person who holds title to, controls, or possesses an interest in a petroleum storage tank. The term does not include a person who holds an interest in a tank solely for financial security, unless through foreclosure or other related actions the holder of a security interest has taken possession of the tank.

~~(14)~~*(15)* "Person" means an individual, firm, trust, estate, partnership, company, association, joint stock company, syndicate, consortium, commercial entity, corporation, or agency of state or local government.

~~(15)~~*(16)* "Petroleum" or "petroleum products" means crude oil or any fraction ~~thereof~~ *of crude oil* that is liquid at standard conditions of temperature and pressure (60 degrees F and 14.7 pounds per square inch absolute) or motor fuel blend, such as gasohol, and that is not augmented or compounded by more than a de minimis amount of another substance.

~~(17)~~*(18)* "Property damage" means:

(a) physical injury to tangible property, including loss of use of that property caused by the injury; or

(b) loss of use of tangible property that is not physically injured.

~~(18)~~*(19)* "Release" means any spilling, leaking, emitting, discharging, escaping, leaching, or disposing of petroleum or petroleum products from a petroleum storage tank into ground water, surface water, surface soils, or subsurface soils."

Section 3. Section 75-11-307, MCA, is amended to read:

"**75-11-307. Reimbursement for expenses caused by a release.** (1) Subject to the availability of money from the fund under subsection (5), an owner or operator who is eligible under 75-11-308 and complies with 75-11-309 and any rules adopted to implement those sections must be reimbursed by the board from the fund for the following eligible costs caused by a release from a petroleum storage tank:

Section 5. Section 75-11-309, MCA, is amended to read:

"**75-11-309. Procedures for reimbursement of eligible costs.** (1) An owner or operator seeking reimbursement for eligible costs and the department shall comply with the following procedures:

(a) If an owner or operator discovers or is provided evidence that a release may have occurred from ~~his~~ *the owner or operator's* petroleum storage tank, ~~he~~ *the owner or operator* shall immediately notify the department of the release and conduct an initial response to the release in accordance with state and federal laws and rules to protect public health and safety and the environment.

(b) The owner or operator shall conduct a thorough investigation of the release, report the findings to the department, and, as determined necessary by the department, prepare and submit for approval by the department a corrective action plan that conforms with state, tribal (where applicable), and federal corrective action requirements.

(c) (i) The department shall review the corrective action plan and forward a copy to a local government office and, where applicable, a tribal government office with jurisdiction over a corrective action for the release. The local or tribal government office shall inform the department if it wants any modification of the proposed plan.

(ii) Based on its own review and comments received from a local government, tribal government, or other source, the department may approve the proposed corrective action plan, make or request the owner or operator to modify the proposed plan, or prepare its own plan for compliance by the owner or operator. A plan finally approved by the department through any process provided in this subsection (c) is the approved corrective action plan.

(iii) After the department approves a corrective action plan, a local government or tribal government may not impose different corrective action requirements on the owner or operator.

(d) The department shall notify the owner or operator and the board of its approval of a corrective action plan.

(e) The owner or operator shall implement the approved plan. The department may oversee the implementation of the plan, require reports and monitoring from the owner or operator, undertake inspections, and otherwise exercise its authority concerning corrective action under Title 75, chapter 10, parts 4 and 7, and other applicable law and rules.

(f) The owner or operator shall document in the manner required by the board all expenses incurred in preparing and implementing the corrective action plan. The owner or operator shall submit claims and substantiating documents to the board in the form and manner required by the board. The board shall forward each claim and appropriate documentation to the department. The department shall notify the board of any costs that the department considers not reimbursable because of any failure to meet the requirements of subsection (2). The department shall inform the owner or operator of any notification given to the board.

(g) The owner or operator shall document, in the manner required by the board, any payments to a third party for bodily injury or property damage caused by a release. The owner or operator shall submit claims and substantiating documents to the board in the form and manner required by the board.

(h) In addition to the documentation in subsections (1)(f) and (1)(g), when the release is claimed to have originated from a double-walled tank system, the owner or operator shall document, in the manner required by the board, the following:

(i) the date the release was discovered;

(ii) that the originating tank was part of a double-walled tank system as defined in 75-11-302; and

(iii) that the double-walled tank system was properly installed and made of materials and constructed in accordance with applicable department regulations.

(2) The board shall review each claim received under subsections (1)(f) and (1)(g), make the determination required by this subsection, inform the owner or operator of its determination, and, as appropriate, reimburse the owner or operator from the fund. Before approving a reimbursement, the board shall affirmatively determine that:

(a) the expenses for which reimbursement is claimed:

(i) are eligible costs; and

(ii) were actually, necessarily, and reasonably incurred for the preparation or implementation of a corrective action plan approved by the department or for payments to a third party for bodily injury or property damage; and

(b) the owner or operator:

(i) is eligible for reimbursement under 75-11-308; and

(ii) has complied with this section and any rules adopted pursuant to this section.

(3) If an owner or operator disagrees with a board determination under subsection (2), ~~he~~ *the owner or operator* may submit a written request for a hearing before the board. The hearing must be held at a meeting of the board no later than 120 days following receipt of the request or at a time mutually agreed to by the board and the owner or operator.

(4) The board shall obligate money for reimbursement of eligible costs of owners and operators in the order that the costs are finally approved by the board.

(5) (a) The board may, at the request of an owner or operator, guarantee in writing the reimbursement of eligible costs that have been approved by the board but for which money is not currently available from the fund for reimbursement.

(b) The board may, at the request of an owner or operator, guarantee in writing reimbursement of eligible costs not yet approved by the board, including estimated costs not yet incurred. A guarantee for payment under this subsection (5)(b) does not affect the order in which money in the fund is obligated under subsection (4).

(c) When considering a request for a guarantee of payment, the board may require pertinent information or documentation from the owner or operator. The board may grant or deny, in whole or in part, any request for a guarantee."

Section 6. **Applicability.** [This act] applies to releases discovered on or after October 1, 1993, from properly designed and installed double-walled petroleum storage tank systems.

Section 7. **Effective date.** [This act] is effective on passage and approval.

Approved April 13, 1993.

(1) "Board" means the board of health and environmental sciences provided for in 2-15-2104.

(2) "Contamination" means impairment of the quality of state waters by sewage, industrial wastes, or other wastes, creating a hazard to human health.

(3) "Council" means the water pollution control advisory council provided for in 2-15-2107.

(4) "Department" means the department of health and environmental sciences provided for in Title 2, chapter 15, part 21.

(7) "Industrial waste" means any waste substance from the process of business or industry or from the development of any natural resource, together with any sewage that may be present.

(8) "Local department of health" means the staff, including health officers, employed by a county, city, city-county, or district board of health.

(9) "Other wastes" means garbage, municipal refuse, decayed wood, sawdust, shavings, bark, lime, sand, ashes, offal, night soil, oil, grease, tar, heat, chemicals, dead animals, sediment, wrecked or discarded equipment, radioactive materials, solid waste, and all other substances that may pollute state waters.

A discharge, seepage, drainage, infiltration or flow which is authorized under the pollution discharge permit rules of the board is not pollution under this chapter. *Activities conducted under the conditions imposed by the department in short-term authorizations pursuant to [section 2] are not considered pollution under this chapter.*

(14) "Sewage" means water-carried waste products from residences, public buildings, institutions, or other buildings, including discharge from human beings or animals, together with ground water infiltration and surface water present.

(17) "State waters" means any body of water, irrigation system, or drainage system, either surface or underground; however, this subsection does not apply to irrigation waters where the waters are used up within the irrigation system and the waters are not returned to any other state waters.

(18) "Treatment works" means works installed for treating or holding sewage, industrial wastes, or other wastes."

Section 2. **Short-term water authorizations — water quality standards.** The department may authorize short-term exemptions from the water quality standards or short-term use that exceeds the water quality standards for the purposes of allowing construction, emergency environmental remediation, pesticide application, elimination of undesirable and nonnative aquatic species, and treatment of water for the protection of public health. The authorization must include conditions that minimize to the extent possible the magnitude of any standard violation and the length of time during which any standard violation may occur. The authorization conditions must maximize the protection of state waters by ensuring the maintenance of beneficial uses immediately after the term of the authorization. Authorizations issued under this section may include conditions that require water quality or quantity monitoring and reporting. In the performance of its responsibilities under this section, the department may negotiate operating agreements with other departments of state government that are intended to minimize duplication in review of activities eligible for authorizations under this section.

Section 3. **Codification instruction.** [Section 2] is intended to be codified as an integral part of Title 75, chapter 5, part 3, and the provisions of Title 75, chapter 5, part 3, apply to [section 2].

STATEMENT OF INTENT

A statement of intent is required for this bill in order to provide guidance to the department of health and environmental sciences in promulgating rules. The intent of this bill is to clarify and extend the authority of the department to charge fees for the review and analysis of hazardous waste management permits and for ensuring compliance with hazardous waste laws, rules, and permit conditions.

The department may develop rules that establish the amount and procedure for collecting fees for:

(1) the filing and review of hazardous waste management facility permits;

(2) the management of hazardous waste, based upon the amount of waste managed;

(3) the reissuance and modification of hazardous waste management facility permits; and

(4) the registration of hazardous waste generators.

In adopting these rules, the department shall meet the criteria set forth in [sections 2 through 4]. In addition, the rules adopted by the department must reflect a maximum fee amount of $10,000 for permit reissuance or permit modification, except when the department's actual costs exceed that amount.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-10-405, MCA, is amended to read:

"**75-10-405. Administrative rules.** (1) The department may adopt, amend, or repeal rules governing hazardous waste, including but not limited to the following:

(a) identification and classification of those hazardous wastes subject to regulation and those that are not;

(b) requirements for the proper treatment, storage, transportation, and disposal of hazardous waste;

(2) Upon receipt of the application and fee, the board shall issue a license for a clinical laboratory scientist, a clinical laboratory specialist, or a clinical laboratory technician to any person who meets the qualifications specified by the board as set forth in rules adopted by the board pursuant to [sections 7 and 8].

(3) A license issued under [sections 1 through 5 and 7 through 13] must be renewed by May 1 of each year.

(4) Except for the assessment provided in 37-1-101(6), money paid for application, license, and license renewal fees must be deposited in the state special revenue fund for use by the board.

Section 11. **Disciplinary measures — grounds — fine.** (1) The board, after notice and hearing, may reprimand a licensee or deny, suspend, revoke, or refuse to renew the license of a licensee who:

(a) uses alcohol or other drugs to the extent that job performance is impaired;

(b) is guilty of immoral or unprofessional conduct as defined by board rule;

(c) is guilty of gross negligence in the practice of clinical laboratory science;

(d) has obtained or attempted to obtain a license by fraud or material misrepresentation;

(e) is guilty of conduct detrimental to the best interests of the public; or

(f) has violated a provision of [sections 1 through 5 and 7 through 13] or a rule adopted by the board.

(2) The board may impose an administrative fine of not more than $500 per incident for any violation that could result in the suspension or revocation of a

license. A fine collected under this subsection must be deposited in the state special revenue fund for use by the board.

Section 12. **Violation — penalties — injunction — manner of charging violation.** (1) A person who violates a provision of [sections 1 through 5 and 7 through 13] or a rule adopted pursuant to [sections 1 through 5 and 7 through 13] is guilty of a misdemeanor and is punishable by a fine not to exceed $500, by imprisonment in the county jail for a term of not more than 6 months, or both.

(2) Except as provided in [section 5], the board may maintain an action to enjoin a person from engaging in the practice of clinical laboratory science until a license to practice is obtained. A person who has been enjoined and who violates the injunction is punishable for contempt of court. The injunction does not relieve the person practicing clinical laboratory science without a license from criminal prosecution. The remedy by injunction is in addition to remedies provided for criminal prosecution of the offender.

(3) When charging a person in a complaint for injunction or in an affidavit, information, or indictment with a violation of law by practicing clinical laboratory science without a license, it is sufficient to charge that the person did, on a certain day and in a certain county, engage in the practice of clinical laboratory science while not having a license to do so, without specifying particular facts concerning the violation.

Section 13. **Due process procedures — hearing — temporary suspension.** (1) The proceedings for the revocation, suspension, or limiting of a license may be initiated by the board or by any person, corporation, association, or public officer by filing written charges with the board. The board may in all cases conduct an investigation of the allegations in the written charges and dismiss those that it determines are frivolous or without sufficient factual foundation.

(2) A license may not be revoked, suspended, or limited without a hearing before the board after charges are filed. If the board finds that there is a significant threat to the public health, the board, upon notice to the licensee, may temporarily suspend the license without a hearing for a period not to exceed 30 days.

Section 14. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 15. **Codification instruction.** (1) [Section 6] is intended to be codified as an integral part of Title 2, chapter 15, part 18, and the provisions of Title 2, chapter 15, part 18, apply to [section 6].

(2) [Sections 1 through 5 and 7 through 13] are intended to be codified as an integral part of Title 37, and the provisions of Title 37 apply to [sections 1 through 5 and 7 through 13].

Section 16. **Effective date.** [Sections 6, 7, 14, 15, and this section] are effective on passage and approval.

CHAPTER NO. 348

[SB 217]

AN ACT PROVIDING FOR SUSPENSION OF PROFESSIONAL AND OCCUPATIONAL LICENSES OF PERSONS DETERMINED BY A COURT OR BY THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES TO BE DELINQUENT IN THE PAYMENT OF CHILD SUPPORT; PROVIDING FOR NOTICE AND AN OPPORTUNITY FOR A HEARING PENDING SUSPENSION OF A LICENSE; AND PROVIDING FOR A STAY OF SUSPENSION UPON A SHOWING OF HARDSHIP OR AN OBLIGOR'S AGREEMENT TO ENTER INTO A PAYMENT PLAN.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 9] requires the department of social and rehabilitation services to adopt rules necessary for the implementation and administration of [sections 1 through 9].

It is the intent of the legislature that rules adopted by the department be consistent with the purpose and policy stated in [section 1]. Rules may include rules regarding:

(1) a notice of intent to suspend a license;

(2) a hearing to review the cause for suspension of a license;

(3) approval of a payment plan agreed to by an obligor for payment of a support debt;

(4) the determination of circumstances creating a hardship that warrant a stay of action for suspension of a license; and

(5) procedures for implementing and enforcing an order suspending a license.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Purpose and policy.** The purpose of [sections 1 through 9] is to provide a more effective and efficient way to ensure the support of the dependent children of persons who hold professional or occupational licenses issued in this state. Licensees who fail to support their children should not enjoy the privileges and benefits of licensure granted by the state of Montana. It is the policy of this state that the support of children receive the highest priority in the allocation of a responsible parent's income. The Montana supreme court is urged to consider adopting rules that apply [sections 1 through 9] to attorneys.

Section 2. **Definitions.** As used in [sections 1 through 9], the following definitions apply:

(1) (a) "Child" means any person under 18 years of age who is not emancipated, self-supporting, married, or a member of the armed forces of the United States, any person under 19 years of age who is still in high school, or any person who is mentally or physically incapacitated when the incapacity began prior to that person reaching 18 years of age and, in IV-D cases, for whom:

(i) support rights are assigned under 53-2-613;

(ii) a public assistance payment has been made;

(iii) the department is providing support enforcement services under 40-5-203; or

(iv) the department has received a referral for interstate services from an agency of another state under the provisions of the Uniform Reciprocal Enforcement of Support Act or under Title IV-D of the Social Security Act.

(b) The term may not be construed to limit the ability of the department to enforce a support order according to its terms when the order provides for support to extend beyond the time the child reaches 18 years of age.

(2) "Delinquency" means a support debt or support obligation due under a support order in an amount greater than or equal to 6 months' support payments as of the date of service of a notice of intent to suspend a license.

(3) "IV-D case" means a case in which the department of social and rehabilitation services is providing support enforcement services as a result of:

(a) an assignment of support rights under 53-2-613;

(b) a payment of public assistance;

(c) an application for support enforcement services under 40-5-203; or

(d) a referral for interstate services from an agency of another state under the provisions of the Uniform Reciprocal Enforcement of Support Act or under Title IV-D of the Social Security Act.

(4) "License" means any license, certificate, registration, or authorization issued by a licensing agency that allows a person to engage in a business, occupation, or profession.

(5) "Licensing agency" means the department of commerce or any other department or board that issues a license under Title 37 but does not include the supreme court of Montana.

(6) "Obligee" means:

(a) a person to whom a support debt or support obligation is owed; or

(b) a public agency of this or another state that has the right to receive current or accrued support payments or that is providing support enforcement services under this chapter.

(7) "Obligor" means a person who owes a duty of support.

(8) "Order suspending a license" means an order issued by a support enforcement entity to suspend a license. The order must contain the name of the obligor, the type of license, and, if known, the social security number of the obligor.

(9) "Payment plan" includes but is not limited to a plan, approved by the support enforcement entity, that provides sufficient security to ensure compliance and that incorporates voluntary or involuntary income withholding under part 3 or 4 of this chapter or a similar plan for periodic payment of a support debt and, if applicable, current and future support.

(10) "Support debt" or "support obligation" means the amount created by:

(a) the failure to provide support to a child under the laws of this or any other state or a support order; or

(b) a support order for spousal maintenance if the judgment or order requiring payment of maintenance also contains a judgment or order requiring payment of child support for a child for whom the person awarded maintenance is the custodial parent.

(11) "Support enforcement entity" means:

(a) in IV-D cases, the department of social and rehabilitation services; or

(b) in all other cases, the district court that entered the support order or a district court in which the support order is registered.

(12) "Support order" means an order providing a determinable amount for temporary or final periodic payment of a support debt or support obligation issued by:

(a) a district court of this state;

(b) a court of appropriate jurisdiction of another state, an Indian tribe, or a foreign country;

(c) an administrative agency pursuant to proceedings under [sections 1 through 9]; or

(d) an administrative agency of another state with a hearing function and process similar to those of the department of social and rehabilitation services.

Section 3. **Notice of intent to suspend license.** (1) Upon the petition of an obligee alleging the existence of a delinquency, a support enforcement entity may issue a notice of intent to suspend a license.

(2) The notice must be served upon the obligor personally or by certified mail and may:

(a) in a IV-D case, be incorporated into any notice served under Title 17, chapter 4, part 1, or Title 40, chapter 5, part 2 or 4;

(b) in all other cases, be combined with any other enforcement proceeding.

(3) The notice must state that the obligor's license will be suspended 60 days after service unless, within that time, the obligor:

(a) pays the entire support debt stated in the notice;

(b) enters into a payment plan approved by the support enforcement entity; or

(c) appears and shows cause in a hearing before the support enforcement entity under [section 4] that suspension of a license is not appropriate.

(4) In a IV-D case, the notice must advise the obligor that hearings conducted under [section 4] are subject to the contested case provisions of the Montana Administrative Procedure Act.

Section 4. **Hearing — order suspending license.** (1) To show cause why suspension of a license would not be appropriate, the obligor shall request a hearing from the support enforcement entity that issued the notice of intent to suspend the license. The request must be made within 60 days of the date of service of the notice.

(2) Upon receipt of a request for hearing from an obligor, the support enforcement entity shall schedule a hearing for the purpose of determining if suspension of the obligor's license is appropriate. The support enforcement entity shall stay suspension of the license pending the outcome of the hearing.

(3) The only issues that may be determined in a hearing under this section are the amount of the support debt or support obligation, if any, whether or not a delinquency exists, and whether or not the obligor has entered into a payment plan.

(4) If an obligor fails to respond to a notice of intent to suspend a license, fails to timely request a hearing, or fails to appear at a regularly scheduled hearing, the obligor's defenses, objections, or request for a payment plan must be considered to be without merit and the support enforcement entity shall enter a final decision and order accordingly.

(5) If the support enforcement entity determines that the obligor owes a delinquency and that the obligor has not entered into a payment plan, the support enforcement entity shall issue an order suspending the obligor's license. The support enforcement entity shall send a copy of the order suspending the license to the licensing agency and the obligor.

(6) The determinations of the department of social and rehabilitation services under this section are a final agency decision and are subject to judicial review under 40-5-253 and the Montana Administrative Procedure Act.

(7) A determination of the department of social and rehabilitation services under [sections 1 through 9] does not affect any disciplinary proceeding of the licensing agency pursuant to Title 37.

Section 5. **Suspension, denial, and nonrenewal of licenses.** (1) Upon receipt of an order suspending a license, a licensing agency shall:

(a) determine if it has issued a license to the obligor whose name appears on the order;

(b) enter the suspension on the appropriate records; and

(c) report the suspension as appropriate.

(2) Further action by the licensing agency is not necessary to implement the suspension of the license.

(3) In the event that a license is suspended, any funds paid by the obligor to the licensing agency for costs related to issuance, renewal, or maintenance of a license may not be refunded to the obligor.

(4) Unless an order staying suspension of a license is in effect, an obligor who continues to practice an occupation or profession while the license is suspended is guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than $250 or more than $500, by imprisonment for a term not to exceed 6 months, or both. Upon conviction of a second or subsequent violation, the obligor shall be punished by a fine of not less than $500 or more than $2,000, by imprisonment for a term not to exceed 1 year, or both.

Section 6. **Stay of suspension of license — payment plan — hardship.** (1) An obligor may at the time of the hearing conducted under [section 4] or at any time after the hearing petition the support enforcement entity for an order staying suspension of the license.

(2) The support enforcement entity shall consider the obligor's petition for a stay separately from any determination on whether suspension of a license is appropriate.

(3) The support enforcement entity may stay suspension of a license upon a showing that suspension or continued suspension of a license would create a significant hardship to the obligor, to the obligor's employees, to legal dependents residing in the obligor's household, or to persons, businesses, or other entities served by the obligor.

(4) A stay terminates upon:

(a) termination of the circumstances upon which a hardship is based;

(b) failure by the obligor to abide by the terms and conditions of a payment plan; or

(c) the date of termination, if any, provided in the order staying suspension of the license.

(5) If the licensing agency has been notified of an order suspending a license, the support enforcement entity shall send a copy of any order staying or reinstating suspension of the license to the licensing agency and the obligor.

(6) (a) Upon receipt of an order staying or reinstating suspension of the license, the licensing agency shall:

(i) enter the information on appropriate records; and

(ii) report the action as appropriate.

(b) Further action by the licensing agency is not necessary to implement the stay or reinstatement of suspension of the license.

Section 7. **Termination of order to suspend license.** (1) When the support enforcement entity determines that the support debt or support obligation is paid in full, it shall terminate the order suspending the license. The support enforcement entity shall send a copy of the order terminating the suspension of the license to the licensing agency and the obligor.

(2) Entry of an order terminating suspension of a license does not limit the ability of a support enforcement entity to issue a new order suspending the license of the same obligor in the event of another delinquency.

Section 8. **Fees.** (1) Notwithstanding any other provisions of law, the licensing agencies subject to [sections 1 through 9] may charge the obligor a fee to cover the administrative costs incurred by the licensing agency under [sections 1 through 9].

(2) Fees collected pursuant to this section must be deposited in the state special revenue fund for the use of the licensing agency to pay the costs of administering [sections 1 through 9] subject to 37-1-101(6).

Section 9. **Rulemaking authority.** The department of social and rehabilitation services shall adopt rules as may be necessary for the implementation and administration of [sections 1 through 9].

Section 10. **Nondisciplinary suspension for failure to pay child support.** (1) Notwithstanding any other provisions of this title, the department of social and rehabilitation services has the authority to suspend a license under [sections 1 through 9] without action by the department of commerce, any other department, or any board issuing a license under this title. The department of commerce and any of its licensing boards or any other department issuing a license under this title shall, upon receipt of an order issued by the support enforcement entity under [sections 1 through 9], suspend the professional or occupational license of the named individual. The suspension must be nondisciplinary and the provisions of 2-4-631 do not apply.

(2) An order of nondisciplinary suspension continues until the support enforcement entity advises the appropriate department or licensing board that the nondisciplinary suspension has been stayed or terminated. The department or board shall advise the licensee that the license has been reinstated.

(3) An order of a support enforcement entity must be processed by the appropriate department or licensing board pursuant to the hearing process provided in [sections 3 and 4] but without an administrative hearing authorized or required under 37-1-131 or any other hearing for suspension, revocation, denial, or renewal of a license under this title.

(4) The department of commerce, any other department, or any board issuing a license under this title is exempt from any liability for activities conducted in compliance with [sections 1 through 9] or this section.

Section 11. **Codification instruction.** (1) [Sections 1 through 9] are intended to be codified as an integral part of Title 40, chapter 5, and the provisions of Title 40, chapter 5, apply to [sections 1 through 9].

(2) [Section 10] is intended to be codified as an integral part of Title 37, chapter 1, part 1, and the provisions of Title 37, chapter 1, part 1, apply to [section 10].

Section 12. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

CHAPTER NO. 350

[HB 97]

AN ACT APPROPRIATING STRIPPER-WELL PAYMENTS CONTAINED IN THE FEDERAL SPECIAL REVENUE FUND TO THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION; AUTHORIZING THE ISSUANCE OF GENERAL OBLIGATION BONDS TO FUND THE STATE BUILDING ENERGY CONSERVATION PROGRAM; APPROVING ENERGY CONSERVATION AND LIGHTING RETROFIT PROJECTS FOR FISCAL YEARS 1994 AND 1995; APPROPRIATING BOND PROCEEDS TO THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION; PLEDGING THE CREDIT OF THE STATE OF MONTANA TO SECURE THE BONDS TO BE ISSUED; PROVIDING A METHOD FOR ALLOCATING ENERGY COST SAVINGS; AMENDING SECTION 90-4-607, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, Chapter 473, Laws of 1989, established the state building energy conservation program; and

WHEREAS, recommended projects for the state building energy conservation program for fiscal years 1994 and 1995 have been analyzed and are submitted to the Legislature as required by Title 90, chapter 4, part 6.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Stripper-well payments — appropriation — definition — priority.** (1) There is appropriated from the stripper-well payments contained in the federal special revenue fund to the department of natural resources and conservation $100,000 to fulfill duties under 90-4-605 and 90-4-607. This appropriation is a biennial appropriation.

(2) (a) "Stripper-well payments" means the oil overcharge payments made to the United States treasury for distribution to the state of Montana as the result of the final settlement agreement in the United States district court for the district of Kansas, Cause No. M.D.L. 378, and any interest accrued on the payments.

(b) The term does not include stripper-well payments that have been expended or legally obligated or have been incorporated into any of the existing federal energy programs as the result of prior appropriations by the legislature.

(3) The stripper-well payments appropriated in this section have a higher priority than any other appropriation of stripper-well payments for fiscal years 1994 and 1995.

Section 2. **Appropriation.** There is appropriated from bond proceeds authorized by Chapter 571, Laws of 1991, $350,000 to the department of natural resources and conservation to fulfill duties under 90-4-605 and 90-4-607. This appropriation is a biennial appropriation.

Section 3. **Approval of energy conservation projects and lighting retrofit projects.** (1) Pursuant to Title 90, chapter 4, part 6, the legislature approves the following energy conservation projects for fiscal years 1994 and 1995:

FACILITY

University of Montana:

  Field House

  Performing Arts and TV

  Social Science

  Old Business Administration

  Schreiber Gym

Northern Montana College:

  Physical Education Building

Eastern Montana College:

  Liberal Arts Building/Library Building

  Special Education Building

(2) In addition to the energy conservation projects listed in subsection (1), the department of natural resources and conservation shall implement cost-effective lighting retrofit projects, in conjunction with utility rebate programs, on buildings to be identified by the department of natural resources and conservation.

(3) In addition to the projects listed in subsections (1) and (2), the department of natural resources and conservation may expend funds appropriated under [section 4] to respond to unanticipated situations that provide an opportunity to finance, acquire, construct, or install energy-saving equipment, systems, or improvements in a state facility in circumstances in which the opportunity will be lost whenever the department is delayed in providing the necessary funds until specific legislative approval can be obtained.

(4) If the lighting retrofit costs of the projects referred to in subsection (2) are substantially below the bond amount authorized in [section 4], the department of natural resources and conservation may fund projects that otherwise would be proposed as part of the state building energy conservation retrofit package for fiscal years 1996 and 1997.

Section 4. **Bond authorization — appropriation of bond proceeds.** (1) The board of examiners may, pursuant to 90-4-611, issue and sell bonds of the state in an aggregate principal amount not to exceed $3 million for the energy conservation and lighting retrofit projects approved in [section 3] for fiscal years 1994 and 1995. The bonds are general obligations for which the full faith and credit and taxing powers of the state are pledged for payment of the principal and interest on the bonds. The bonds must be issued as provided by Title 17, chapter 5, part 8.

(2) The proceeds of the bonds, other than any premiums and accrued interest received, must be deposited in the energy conservation program account established by 90-4-612. Premiums and accrued interest must be deposited in the debt service fund established in 17-2-102. Proceeds of bonds deposited in the energy conservation program account may be used to pay the costs of issuing the bonds and to fund the projects approved by the legislature in [section 3]. For purposes of 17-5-803 and 17-5-804, the energy conservation program account constitutes a capital projects account. The bond proceeds must be available to the department of natural resources and conservation and may be used for the purposes authorized in this section without further budgetary authorization.

Section 5. Section 90-4-607, MCA, is amended to read:

"**90-4-607. Duties of department.** In addition to the duties set forth in 90-4-605, the department is authorized to:

(1) analyze state utility data to identify high-potential energy conservation projects;

(2) perform comprehensive energy analyses on state-owned buildings, structures, and facilities, contracting with private engineers when necessary;

(3) ~~administratively~~ transfer funds *and authority* to the department of administration to procure design and construction of cost-effective energy improvements;

(4) train facility maintenance staff in energy saving techniques and maintenance of energy improvements and monitor energy conservation projects to ensure that cost savings are realized and are adequate to cover the debt service if bonds have been issued to fund the improvements."

Section 6. **Appropriation of energy cost savings.** (1) In preparing the executive budget each biennium, the governor shall include for each state agency participating in the state energy conservation program:

(a) an estimate of the energy cost savings expected for that agency in each year of the biennium; and

(b) a projection of the debt service on energy conservation program bonds that should be apportioned to that agency in each year of the biennium.

(2) Each session, the legislature shall review the governor's submission pursuant to 90-4-606 and subsection (1) of this section and appropriate in the general appropriations act the following:

(a) authority for each participating state agency to transfer funds in an amount equal to the agency's projected debt service to the energy conservation program account established in 90-4-612; and

(b) authority for each participating state agency to transfer funds to the long-range building program fund in an amount equal to the difference between the estimated energy cost savings to the agency and the projected debt service apportioned to that agency.

(3) The current level utility appropriations of state agencies participating in the energy conservation program must be reduced by the sum of the amounts appropriated in subsections (2)(a) and (2)(b).

(4) Each participating state agency shall transfer upon request of the department the amounts appropriated in accordance with subsection (2).

Section 7. **Requirements for approval of state debt.** Because [section 4] authorizes the creation of a state debt, a vote of two-thirds of the members of each house is required for enactment of [section 4].

Section 8. **Codification instruction.** [Section 6] is intended to be codified as an integral part of Title 90, chapter 4, part 6, and the provisions of Title 90, chapter 4, part 6, apply to [section 6].

Section 9. **Effective date.** [This act] is effective on passage and approval.

Approved April 16, 1993.

CHAPTER NO. 351

[HB 281]

AN ACT GENERALLY REVISING THE LAWS RELATING TO SNOWMOBILES; EXEMPTING RACING SNOWMOBILES FROM CERTIFICATION AND REGISTRATION REQUIREMENTS; PROVIDING FOR REGISTRATION OF A SNOWMOBILE OWNED AND OPERATED SOLELY AS A COLLECTOR'S ITEM; AMENDING SECTIONS 23-2-602, 23-2-611, 23-2-615, 23-2-616, 23-2-619, 23-2-632, 23-2-634, 23-2-635, 23-2-641, 23-2-642, AND 23-2-654, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 23-2-602, MCA, is amended to read:

"**23-2-602. Report of stolen and recovered snowmobiles.** ~~The sheriff of every county of the state and the chief of police or commissioner of police of every city shall make an immediate report to the department of justice of all snowmobiles reported to him as stolen or recovered, upon forms provided by the department of justice. Upon receipt of such information, the department of justice shall file the same in an index to be known as the "stolen and recovered snowmobile index". The department of justice shall file reports of stolen and recovered snowmobiles reported to it from other states. Once a month the department of justice shall prepare a list of all snowmobiles stolen or recovered during the previous month and forward a copy of the same to every sheriff and all police departments in cities of the first, second, and third class. Such list shall also be forwarded to the secretary of state or other proper official in each state of the United States. Before a certificate of ownership may be issued under 23-2-601 through 23-2-644, the motor and serial number on the snowmobile for which such certificate is to be issued shall be checked against the stolen and recovered snowmobile index.~~ *The reporting of stolen and recovered snowmobiles must be conducted in the same manner as the reporting of stolen and recovered motor vehicles provided for in 61-3-106.*"

Section 2. Section 23-2-611, MCA, is amended to read:

"**23-2-611. Certificate of ownership — filing of security interests.** (1) A snowmobile may not be operated upon any *private or* public lands, trails, easements, lakes, rivers, streams, roadways or shoulders of roadways, streets, or highways unless a certificate of ownership has first been obtained from the department of justice in accordance with the laws of this state. *A certificate of ownership is not required for a snowmobile purchased prior to [the effective date of this act] if use of the snowmobile is restricted to private land.*

(2) The owner of a snowmobile shall apply for a certificate of ownership with the county treasurer of the county in which the owner resides, upon forms to be furnished for this purpose. The forms must require the following information:

(a) *the* name of the owner;

(b) *the* residence of the owner, by town and county;

(c) *the* business or home ~~mail~~ *mailing* address of the owner;

(d) *the* name and address of any lienholder;

(e) *the* amount due under any contract or lien;

(f) *the* name of the manufacturer;

(g) *the* model number or name;

(h) *the* identification number; and

(i) *the* name and address of the dealer or other person from whom acquired.

(3) *The application must be accompanied by documentation of ownership, such as an invoice, notarized bill of sale from the immediately previous owner, foreign title, official certificate of snowmobile number, or fee in lieu of tax receipt.*

(4) The application must be signed by at least one owner or by a properly authorized officer or representative of the owner.

~~(4)~~*(5)* If a certificate of ownership has previously been issued under the provisions of 23-2-601 through 23-2-644, the application for a new certificate must be accompanied by the immediately previous certificate. This subsection does not apply to snowmobiles that are purchased as new and unused machines or that were operated when the provisions of 23-2-601 through 23-2-644 were not in force and effect.

~~(5)~~*(6)* Upon completion of the application, on forms furnished by the department of justice, the county treasurer shall issue to the applicant two copies of the application, one of which must be marked "file copy". The treasurer shall forward one copy and the original application to the department of justice, which shall enter the information contained in the application upon the corresponding records of its office and shall furnish the applicant a certificate of ownership, which must contain that information in the application considered necessary by the department of justice~~,~~ and a permanent ownership number. The certificate of ownership is not to be renewed annually and is valid as long as the person holding it owns the snowmobile.

~~(6)~~*(7)* The owner shall at all times retain possession of the certificate of ownership, except when it is being transmitted to and from the department of justice for endorsement or cancellation.

~~(7)~~*(8)* Upon application for a certificate of ownership, a fee of $5 must be paid to the county treasurer, $3.50 of which must be forwarded by the county treasurer to the department of justice and deposited in the general fund.

~~(8)~~*(9)* A security interest in a snowmobile is not valid as against creditors, subsequent purchasers, or encumbrancers unless a lien notice, showing that a security interest has been created, has been perfected as provided in this section. The lien notice must be filed on a form approved by the department of justice. The department of justice may not file a security interest or other lien unless it is accompanied by or specified in the application for a certificate of ownership of the snowmobile encumbered. If the lien notice is transmitted to the department of justice, the security agreement or other lien instrument that creates the security interest must be retained by the secured party. A copy of the security agreement is sufficient as a lien notice if it contains the name and address of the debtor and the secured party, the complete snowmobile description, the amount of the lien, and the signature of the debtor. The department of justice shall file the security interest or lien by entering the name and address of the secured party upon the face of the certificate of ownership. The department of justice shall mail a statement certifying the filing of a security interest or lien to the secured party. CHAPTER NO. 352

[HB 283]

AN ACT GENERALLY REVISING THE CIGARETTE TAX LAWS; APPLYING THE CIGARETTE SALES TAX TO ALL USE AND CONSUMPTION OF CIGARETTES ON AN INDIAN RESERVATION; PROVIDING AN EXCEPTION TO THE TAX FOR USE AND CONSUMPTION OF CIGARETTES BY A MEMBER OF AN INDIAN TRIBE ON AN INDIAN RESERVATION; PROVIDING A REFUND OR CREDIT TO A WHOLESALER FOR TAXES PAID ON CIGARETTES SOLD TO A TRIBAL MEMBER; REQUIRING THE DEPARTMENT OF REVENUE TO SHARE REVENUE WITH A TRIBAL GOVERNMENT THAT HAS ENACTED A CIGARETTE TAX SIMILAR TO THE STATE TAX; PROVIDING A CIVIL PENALTY FOR THE UNAUTHORIZED POSSESSION OR TRANSPORTATION OF UNSTAMPED CIGARETTES; PROVIDING FOR SEARCH, SEIZURE, AND FORFEITURE OF UNSTAMPED CIGARETTES; PROVIDING FOR A DISTRIBUTION OF PROCEEDS FROM A SALE OF PROPERTY SEIZED; PROVIDING A STATUTORY APPROPRIATION; AMENDING SECTIONS 16-11-111, 16-11-131, 16-11-147, AND 17-7-502, MCA; AND PROVIDING EFFECTIVE DATES AND AN APPLICABILITY DATE.

WHEREAS, the Legislature proposes to eliminate unfair competitive business advantages now enjoyed by retailers operating on Indian reservations in direct competition with businesses operating off the reservations by providing that cigarettes sold on an Indian reservation have a Montana cigarette tax stamp affixed to the cigarette package or container that requires purchasers who are not members of the tribe residing on the reservation to pay the state cigarette tax; and

WHEREAS, the Legislature also recognizes that Indian tribes in Montana view as unlawful certain state taxes being assessed against the tribes and tribal members on the reservation; and

WHEREAS, although the Legislature proposes to exercise its authority to seek assistance from tribal governments in collecting cigarette taxes from nonmembers on the reservation, the Legislature also recognizes the need for negotiation with Montana Indian tribes in order to avoid dual taxation and to develop a comprehensive resolution of the cigarette taxation issues affecting both the state and the tribes.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Definitions.** As used in 16-11-111 and [sections 1 through 7], the following definitions apply:

(1) "Indian reservation" means lands declared to be a reservation for an Indian tribe or tribes:

(a) by a treaty between the tribe and a territorial government, a state government, or the United States;

(b) through an act of the United States congress; or

(c) through an executive order of the United States.

(2) "Quota" means 150% of the national average individual consumption of cigarettes multiplied by the enrolled tribal member population of an Indian reservation on which the cigarette sales are made or any other formula or amount agreed to in a state-tribal cooperative agreement.

Section 2. **Stamps affixed on cigarettes — exception.** Except for cigarettes sold on a military reservation, cigarettes sold in Montana must have a Montana cigarette tax stamp affixed prior to sale.

Section 3. **Cooperative agreement — revenue sharing of cigarette taxes with tribal government.** (1) In order to prevent the possibility of dual taxation of cigarettes purchased on an Indian reservation, the department and an Indian tribe may enter into a cooperative agreement providing for revenue sharing of cigarette taxes with the tribe or enlisting the tribe's assistance in enforcing the provisions of this chapter. An agreement sharing revenue of cigarette taxes with a tribe must provide that the state and the tribe are not forfeiting any legal rights to apply their respective taxes by entering into an agreement, except as specifically provided for in the agreement.

(2) If a tribal government in the state adopts an ordinance imposing a cigarette tax on cigarettes sold on the Indian reservation and requires that the tax be paid under identical conditions as those imposed by the state, the department shall collect the tax for the tribe. However, the tax rate determined by a tribal government on a negotiated quota amount need not equal the tax rate imposed by the state. The consumer is not required to pay both the state tax and the tribal tax but shall pay only one tax to the state in an amount equal to the tax paid on cigarettes pursuant to 16-11-111. A tribal tax must be distributed to the tribe as determined in a negotiated formula based on population.

(3) After deducting administrative expenses of not more than 5% of the amount of the tax determined in subsection (2), the department shall on a monthly basis distribute the remaining amount to the tribal government.

Section 4. **Tribal cigarette administration account.** (1) There is a special revenue account called the tribal cigarette administration account.

(2) The money received for administrative expenses and deducted by the department under [section 3] must be deposited in the tribal cigarette administration account.

(3) Money in the tribal cigarette administration account is statutorily appropriated, as provided in 17-7-502, to the department and may be expended only for administering collection of the cigarette tax.

Section 5. **Tribal cigarette tax account.** (1) There is a special revenue account called the tribal cigarette tax account.

(2) The tax collected under [section 3], less the administrative expenses deducted under [section 3], must be deposited in the tribal cigarette tax account.

(3) The money in the tribal cigarette tax account is statutorily appropriated, as provided in 17-7-502, to the department and must be disbursed on a monthly basis to the tribe as provided for in the agreement entered into pursuant to [section 3].

Section 6. **Possession or unauthorized transportation of unstamped cigarettes — civil penalty.** (1) In lieu of the criminal penalties provided in 16-11-131, 16-11-146, and 16-11-148, the department may assess a person who unlawfully possesses or transports unstamped cigarettes a civil penalty of $250 for the first full or partial pack of unstamped cigarettes and $10 for each additional full or partial pack of unstamped cigarettes.

(2) The department shall determine the amount of the penalty provided in subsection (1) and notify the person who unlawfully possessed or transported the unstamped cigarettes of the amount. The penalty is due and payable on the date of the notice. A penalty not paid when due is subject to interest at the rate of 10% a year.

Section 7. **Sale or retention of forfeited property — use of sale proceeds.** (1) When property is forfeited under 16-11-147, the department may:

(a) retain the property or any part of the property for official use or, upon application by a law enforcement agency of this state, another state, the District of Columbia, or the United States, for the exclusive use of enforcing the provisions of 16-11-111, 16-11-131, 16-11-147, and [sections 1 through 7] or the laws of another state, the District of Columbia, or the United States; or

(b) after advertising, sell the property at public auction to the highest bidder. The department, before delivering a seized item, shall first require stamps to be affixed.

(2) The proceeds of a sale under this section must be applied first to paying the expenses of any investigation leading to the seizure of the items, including costs incurred by a local, state, tribal, or federal law enforcement agency, and of the forfeiture and sale proceedings, including the expenses of seizure, maintenance, custody, and court costs. The balance of the proceeds, less an amount that is based on the value of the property seized on an Indian reservation and that is allocated to a tribe pursuant to a state-tribal cooperative agreement, must be deposited in the state general fund.

Section 8. Section 16-11-111, MCA, is amended to read:

"**16-11-111.** *(Temporary)* **Cigarette sales tax —** ***exemption for sale to tribal member.*** ~~There~~ *(1) A tax on the purchase of cigarettes for consumption,* *use, or any purpose other than resale in the regular course of business* is ~~levied,~~ imposed~~, and assessed~~ and ~~there~~ must be ~~collected~~ *precollected by the wholesaler* and paid to the state of Montana ~~upon cigarettes sold or possessed in this state an excise tax of~~. *The tax is* 19.26 cents on each package containing 20 cigarettes and, when packages contain more or less than 20 cigarettes, a tax on each cigarette equal to 1/20th the tax on a package containing 20 cigarettes.

(2) The tax imposed in subsection (1) does not apply to a cigarette sale if the sale is made:

(a) by a retailer whose establishment is located within the boundaries of an Indian reservation located in Montana; and

(b) to an enrolled member of the federally recognized Indian tribe residing on the Indian reservation where the retail establishment is located.

(3) Subject to the refund or credit provided in subsection (4), the tax must be precollected on all cigarettes entering a Montana Indian reservation.

(4) Pursuant to the procedure provided in subsection (5), a wholesaler making a sale of cigarettes to a retailer within the boundaries of a Montana Indian reservation may apply to the department for a refund or credit for taxes precollected on cigarettes sold by the retailer to a member of the federally recognized Indian tribe or tribes on whose reservation the sale is made. A wholesaler who does not file a claim within 1 year of the shipment date forfeits the refund or credit.

(5) The distribution of tax-free cigarettes to a tribal member must be implemented through a system of preapproved wholesaler shipments. A licensed Montana wholesaler shall contact the department for approval prior to the shipment of the untaxed cigarettes. The department may authorize sales based on whether the quota, as established in a cooperative agreement between the department and an Indian tribe or as set out in this chapter, has been met. If authorized as a tax-exempt sale, the wholesaler, upon providing proof of order and delivery to a retailer within the boundaries of a Montana Indian reservation selling cigarettes to members of a federally recognized tribe or tribes of that reservation, must be given a credit or refund. Once the quota has been filled, the department shall immediately notify all affected wholesalers that further sales on that reservation must be taxed and that a claim for a refund or credit will not be honored for the remainder of the quota period. Quota allocations are not transferable between quota periods or between reservations.

(6) The total amount of refunds or credits allowed by the department to all wholesalers claiming the refund or credit under subsection (4) for any month may not exceed an amount that is equal to the tax due on the quota allocation. The department shall determine the amount of refunds or credits for each Indian reservation at the beginning of each fiscal year, using the most recent census data available from the bureau of Indian affairs or as provided in a cooperative agreement with the tribe or tribes of the Indian reservation.

16-11-111. *(Effective August 15, 1993)* **Cigarette sales tax — *exemption for sale to tribal member.*** ~~There~~ *(1) A tax on the purchase of cigarettes for consumption, use, or any purpose other than resale in the regular course of business* is ~~levied,~~ imposed~~, and assessed~~ and ~~there~~ must be ~~collected~~ *precol-*

lected by the wholesaler and paid to the state of Montana ~~upon cigarettes sold or possessed in this state an excise tax of~~. *The tax is* 18 cents on each package containing 20 cigarettes and, when packages contain more or less than 20 cigarettes, a tax on each cigarette equal to 1/20th the tax on a package containing 20 cigarettes.

(2) The tax imposed in subsection (1) does not apply to a cigarette sale if the sale is made:

(a) by a retailer whose establishment is located within the boundaries of an Indian reservation located in Montana; and

(b) to an enrolled member of the federally recognized Indian tribe residing on the Indian reservation where the retail establishment is located.

(3) Subject to the refund or credit provided in subsection (4), the tax must be precollected on all cigarettes entering a Montana Indian reservation.

(4) Pursuant to the procedure provided in subsection (5), a wholesaler making a sale of cigarettes to a retailer within the boundaries of a Montana Indian reservation may apply to the department for a refund or credit for taxes precollected on cigarettes sold by the retailer to a member of the federally recognized Indian tribe or tribes on whose reservation the sale is made. A wholesaler who does not file a claim within 1 year of the shipment date forfeits the refund or credit.

(5) The distribution of tax-free cigarettes to a tribal member must be implemented through a system of preapproved wholesaler shipments. A licensed Montana wholesaler shall contact the department for approval prior to the shipment of the untaxed cigarettes. The department may authorize sales based on whether the quota, as established in a cooperative agreement between the department and an Indian tribe or as set out in this chapter, has been met. If authorized as a tax-exempt sale, the wholesaler, upon providing proof of order and delivery to a retailer within the boundaries of a Montana Indian reservation selling cigarettes to members of a federally recognized tribe or tribes of that reservation, must be given a credit or refund. Once the quota has been filled, the department shall immediately notify all affected wholesalers that further sales on that reservation must be taxed and that a claim for a refund or credit will not be honored for the remainder of the quota period. Quota allocations are not transferable between quota periods or between reservations.

(6) The total amount of refunds or credits allowed by the department to all wholesalers claiming the refund or credit under subsection (4) for any month may not exceed an amount that is equal to the tax due on the quota allocation. The department shall determine the amount of refunds or credits for each Indian reservation at the beginning of each fiscal year, using the most recent census data available from the bureau of Indian affairs or as provided in a cooperative agreement with the tribe or tribes of the Indian reservation."

CHAPTER NO. 353

[HB 307]

AN ACT AUTHORIZING THE DEPARTMENT OF JUSTICE TO ADOPT RULES ALLOWING NEW AMUSEMENT GAMES TO BE OFFERED FOR PLAY AND PLAYED; AND AMENDING SECTION 23-6-104, MCA.

STATEMENT OF INTENT

A statement of intent is required for this bill because the bill gives the department of justice authority to adopt administrative rules. It is intended that rules be adopted, or at least considered, on a cyclical basis that takes the state's fair and carnival season into account. Unless the department, in conjunction with the fair and carnival industry and others offering amusement games for play, works out a better arrangement and timetable for proposing and adopting rules, the department should accept, research, and consider rule requests during the first 9 months of each year and, after the fair and carnival season has ended, propose to adopt by rule new amusement games and file an adoption notice in approximately mid-December.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 23-6-104, MCA, is amended to read:

"23-6-104. Amusement games allowed. (1) Crane games, as defined in 23-6-101, and the games described in subsection (2) may be made available for public play.

(2) (a) Fish pond (duck pond). The player catches a fish or other object floating in a pond of water by using a pole, hand, net, or string. All fish or objects are marked on the bottom, indicating the size of prize the player wins. The player is awarded a prize each time, and the player must be allowed to continue playing until a prize is won.

(b) Hoop or ring toss. The player tosses a hoop or ring over a target that must consist of bottles, pegs, blocks, or prizes. The operator shall specifically advise the player as to the degree that the hoop or ring must go over the target. All hoops of the same color used at an individual stand must be the same size. All targets used at an individual booth must be the same size, or the operator shall advise the player by posting signs or using color codes denoting the different sizes.

(c) Dart games. The target area for all dart games must be of a material capable of being penetrated and of retaining a metal tip dart. The target area must be in the rear of the stand and must be at least 3 feet but not more than 15 feet from the foul line. A target must be stationary at all times.

(i) Balloon (poparoo) (balloon smash). The targets are inflated balloons. The player throws one or more darts to burst a predetermined number of balloons. If the predetermined number of balloons are burst by the darts, the player receives the prize indicated.

(ii) Dart throw. The targets are various sizes and shapes located on the target area. The player throws darts individually at the target. A dart must stick in a predetermined target to win the prize as designated.

(iii) Tic tac toe dart. The target is a tic tac toe board located in the target area. The player throws darts at the target and wins a designated prize when the thrown darts line up in a row in the target. The darts may line up vertically, horizontally, or diagonally to win.

(iv) Add-um-up darts. The target consists of numbered squares located in the target area. Prizes are awarded based on the total score obtained by the player by throwing and sticking the darts in the numbered squares. A dart that sticks on a line must be thrown again. The player may add up the score of the darts thrown.

(d) Ball tosses. In all ball toss games, the balls used at a specific stand must be of the same weight and size. Targets must be of the same weight and size, or the operator shall color code the targets and advise the player of the difference in targets by posting a sign or providing a duplicate of the target showing the limitations or restrictions. The sign or duplicate target must be readily visible to the player.

(i) Milk bottle toss. The player tosses or throws balls at simulated milk bottles. The player wins by either tipping over or knocking bottles off the raised platform as designated by the operator. The bottles may be constructed of wood, metal, or plastic or a combination of the three. Operators may vary the number of bottles and balls used in each game. Floating or loose weights in bottles are not allowed. The weight of individual bottles may not exceed 7 1/2 pounds.

(ii) Milk can (Mexican hat) (cone). The player tosses a ball into the opening of a milk can, into a fiberglass Mexican hat turned upside down, or through a cone to win.

(iii) Football toss (tire toss). The player tosses or throws a football through a stationary tire or hoop to win.

(iv) Basketball toss/throw. The player tosses or throws a basketball through a hoop to win.

(v) Bushel baskets. The player tosses balls into a bushel basket mounted on a stationary backdrop at a fixed angle. The balls must stay in the basket to win. Rim shots are allowed, except the operator may designate the top 6 inches of the basket rim by color and disallow balls striking this area as winning tosses.

(vi) Cat-ball-toss (star/diamond toss). The player tosses balls into a simulated cat's mouth or a round, diamond, or star-shaped hole to win.

(vii) Ping pong toss. The player tosses ping pong balls into dishes, saucers, cups, or ashtrays floating in water. A predetermined number of balls must remain in the dishes, saucers, cups, or ashtrays for the player to win. The dishes, saucers, cups, or ashtrays must have water covering the bottom of the surface that is facing up.

(viii) Fishbowl game. The player tosses ping pong balls into a water-filled fish bowl to win.

(ix) Volleyball toss (soccer ball). The player tosses a volley or soccer ball into a keg-type container mounted on a stationary backdrop at a fixed angle. The ball must stay in the keg to win a prize. Rim shots are authorized as stated in subsection (2)(d)(v) for bushel baskets.

(x) Goblet ball (whiffle ball). The player tosses a whiffle ball into a target area of glass or plastic goblets. Located in the target area are colored goblets that determine the type of prize the player wins. At least 33% of the goblets in the target area must be winners. The ball must stay in the goblet to win a prize.

(xi) Break the plate/bottle. The player tosses or throws a ball at a plate, phonograph record, or bottle. The type of prize won is determined by the number of targets broken by the player.

(xii) Punk rack. The targets for this game are rows of dolls or cats on a ledge at the rear of the stand. The dolls or cats must be filled with sawdust, styrofoam, cotton, or other like material that provides a firm base for the ball to strike. The hair protruding from the side of the dolls or cats may not exceed 3 inches. The prize is determined by how many dolls or cats the player knocks over or off the ledge, as posted by the operator.

(xiii) Teeth game. The target consists of a large face with wooden teeth. The prize is determined by how many teeth the player knocks down by throwing a ball.

(xiv) Toilet game (doniker). To win, the player tosses or throws a ball or other object through a toilet seat located at the rear of the stand.

(xv) Coke roll. The player rolls a ball down an alley with the object of knocking over two coke bottles standing at the end of the alley. The player must tip over both bottles to win. Bottles must be placed on predetermined spots painted on the surface of the alley.

(xvi) Rolldown. The player rolls balls down an alley with the object of putting the balls in numbered slots at the end of the alley. The scores represented by the balls in each numbered slot are added up at the conclusion of the game. Scores above or below a predetermined score win. The alley surface must be smooth and free from defects at all times.

(xvii) Fascination (I got it). Fascination is a group game that involves competition among the players. The target area consists of 25 holes, and the player tosses or rolls a ball into one of the holes. The object of the game is to get five balls in a row either vertically, horizontally, or diagonally. The first player to accomplish this is the winner. Prize size is determined by the number of players participating in each game.

(xviii) Cakewalk. The players walk on a predetermined route with designated spots, and when the operator stops the walk, the player on a predetermined spot wins a prize.

(xix) Batter-up. The player uses a whiffle ball bat to swing and strike whiffle balls that are pitched at medium speed from a pitching machine. The player wins when ~~he~~ *the player* hits a ball into the home run shelf. The home run shelf is located at the back of the batting cage approximately 15 feet from the player.

(xx) Sky bowling. Two bowling pins are set on predetermined painted spots on a shelf. A ball is attached to a chain suspended from a stationary support at least 6 inches to the right or left of the bowling pins. The object is to swing the ball, miss the pins with the ball as it goes forward, and knock the pins over as the ball returns.

(xxi) Clown rolldown. A ball is tossed through the open mouth of a moving clown or animal head. The ball then rolls down a chute to numbered slots at the rear of the clown or animal head. The scores represented by the balls in each numbered slot are added up at the conclusion of the game. Prizes are awarded on the points achieved.

(xxii) Skee ball. The player rolls a ball up the mechanical bowling alley into targets. A computer adds up the scores, and the predetermined scores win.

(xxiii) Speedball radar game. The player gets four balls and throws three balls through radar to establish speeds and to estimate at what speed the fourth ball will pass through the radar. The player wins a prize if ~~he~~ *the player* accurately estimates the speed of the fourth ball. The radar must be mounted and stationary.

(e) Shooting games. These games are conducted by the player using a weapon of some type to shoot at a target in the rear of the stand. The safety requirements of local city or county ordinances must be observed by the operator and player. The target may be stationary or mobile.

(i) Short range (shooting gallery). In this game, the player is given four rounds to shoot at a spot target 1/4 inch or less in diameter. The player wins when the spot target is completely shot out, or the player is given five rounds to shoot one round each at five triangular, round, or 1/2-inch square targets. The prize is determined by the number of targets struck by the player, or the player is given five rounds to shoot one round each at five triangular, round, or 1/2-inch square targets. Within each target is a bull's eye. The player must hit the bull's eye without touching the outer surface of the target. The prize is determined by the number of bull's eyes correctly hit.

(ii) Shoot-out-the-star (machine gun). The player, using an automatic air pellet gun, is given 100 pellets to shoot at a star-shaped target. The player must shoot out all of the target to win. The star cannot be more than 1 1/4 inches from point-to-point.

(iii) Water racer. This group game involves a competition, with the player winning a prize based on the number of players competing. The player, using a water pistol, shoots the water into a target. The water that strikes the target causes a balloon to inflate or advances an object to ring a bell. The first player who bursts the balloon or rings the bell is the winner.

(iv) Rapid fire. This group game involves competition similar to the water racer game described in subsection (2)(e)(iii). The player uses an electronic pistol to shoot at a target. Hits on the target give the player a score. The first player to reach a predetermined score is the winner.

(v) Cork gallery. The player uses a cork gun or similar device to propel objects, including but not limited to corks, suction cup darts, or styrofoam balls, to shoot at targets located on a shelf or at a bull's eye target. The player must hit the bull's eye or knock the target over or off the shelf to win a prize. The prize is determined by the target knocked over or off the shelf, by the number of targets knocked over or off the shelf, or by the player accomplishing other tasks, as stated in the posted rules. When suction cup darts or other darts are used and fail to stay on or in the target, the player must shoot the dart again. The base of each target must be uniform, front and rear.

(vi) Boomball. The player uses a cannon with compressed air to propel balls into a target area. The targets have varied point value. If the ball remains in the target, a computer adds up the score. Prizes are awarded based on the points achieved.

(f) Coin pitchers.

(i) Spot pitch (lucky strike). The player pitches a coin at colored spots located on a table in the center of the stand. The coin must touch or stay inside of a spot to win a prize.

(ii) Plate pitch. The player pitches a coin onto a glass plate to win a prize as designated.

(iii) Glass pitch (bowl). The player pitches a coin into or onto dishes or glasses. If the coin remains in a top target glass item, then the player wins that item.

(g) Miscellaneous games.

(i) Skill chute (bulldozer) (penny fall). The player inserts a coin or token into a chute, aiming the coin or token so that it will fall in front of a continuous sweeper (bulldozer). If the coin or token is aimed correctly, the sweeper (bulldozer) will push additional tokens or prizes into a hole or chute that sends them to the player. Tokens are exchanged for prizes. If there is a hidden ledge, tip, or similar obstruction that inhibits the passage of tokens or prizes into the hole or chute that sends them to the player, the operator shall post a sign to advise the players.

(ii) Tip-em-up bottle. The player is provided with a pole and a string that has a hoop or ring attached at the end. The player, using the pole with a ring, must raise a bottle lying on its side to an upright position to win.

(iii) Hi-striker. The player, using a wooden maul, must strike a lever target that causes a metal weight to rise on a guideline or track and ring a bell. The player must ring the bell a predetermined number of times to win a prize.

(iv) Rope ladder. The player must climb up a rope ladder, which is anchored at both ends by a swivel, and ring a bell or buzzer to win a prize.

(v) Whac-a-mole. This is a group game that has a target surface with five holes through which animated moles pop up and down at random. The player must hit as many moles as possible with a mallet. The first player to hit a predetermined number of moles wins.

(vi) Dip bowling game. The player rolls a bowling-type ball over a hump in the track. If the ball stays on the back side of the hump, the player wins.

(vii) Horserace derby. This is a group game in which a player advances ~~his~~ *a* horse by shooting or rolling a ball in the target area. The faster and more skillfully the player shoots or rolls ~~his~~ *the* ball, the faster ~~his~~ *the player's* horse will run. The first horse to cross the finish line wins.

(viii) Shuffleboard. The player pushes a puck down a shuffleboard alley to knock over poly pins at the end of an alley. The player wins by knocking down all the pins.

(ix) Bean bag. The player tosses or throws a bean bag or a simulated bean bag at cans, bottles, or other objects on a raised platform. The player wins a prize when ~~he~~ *the player* either knocks the object off the raised platform or tips the target over.

(x) Soccer kick. The player kicks a soccer ball through a hole in the target area to win.

(xi) Frog game. A plastic frog or similar object sits on a small end of a teeter-totter. The opposite end of the teeter-totter is struck with a mallet, causing the frog to fly off the teeter-totter. If the frog lands in a pail or similar receptacle, the player wins a prize.

(xii) Cover the spot. The object of this game is for the player to drop five circular discs onto a circular spot, completely covering the spot. The diameter of each of the discs used to cover the spot must be a minimum of 64% of the diameter of the spot to be covered. The spot to be covered must be painted or drawn on a permanent, solid material, such as metal or wood, or may be a lighted circle. The spot and each disc must have a uniform diameter.

(xiii) Pocket billiards. Using a regulation pocket billiard table, a player must run a consecutive number of balls to win a prize. The number of balls is set by the operator.

(3) In addition to the amusement games allowed by subsections (1) and (2), the department of justice may adopt rules allowing games that may be operated at a fair or carnival and that meet the requirements of this part and may set and collect fees to offset the costs associated with review and approval."

The repayment must include interest on the amount loaned at a rate commensurate with rates earned in the long-term investment pool.

Section 2. **Natural resource damage program reauthorization.** (1) There is authorized to the department of health and environmental sciences from the coal severance tax permanent fund for fiscal years 1994 and 1995 a loan that was authorized for fiscal years 1992 and 1993 from the general fund in the amount of $4,928,894, for the purpose of conducting the natural resource damage assessment and the litigation of the natural resource damage claim against the atlantic richfield company (ARCO). There is also authorized to the department for fiscal year 1994 a loan from the coal severance tax permanent fund in the amount of $246,135, which represents the interest lost by the general fund because of the $4,928,894 loan for fiscal years 1992 and 1993.

(2) The department shall repay to the general fund the amount of $4,928,894, plus interest in the amount of $246,135 that was lost by the general fund because of the loan, from the proceeds of the loans authorized in subsection (1). The repayment to the general fund must be made upon receipt of the loans authorized by subsection (1).

Section 3. **Loan authorization — appropriation of loan proceeds.** In addition to the litigation listed in [sections 1 and 2], loan proceeds are authorized for the purpose of conducting any other natural resource damage assessment, litigation, or administration as provided by Title 75, chapter 10, part 7.

Section 4. Section 17-6-310, MCA, is amended to read:

"**17-6-310. Limits on direct loans.** (1) Except as provided in 20-9-466, *[section 1], and [section 2],* the state may not use the portion of the permanent coal tax trust fund designated for investment in the Montana economy to make direct loans.

(2) Except as provided in 20-9-466, *[section 1], and [section 2],* the permanent coal tax trust fund may not be used by the board of investments to make direct loans to individual borrowers. The purchase of debentures issued by a capital company and loans or portions of loans originated by a financial institution that are sold to the trust are not direct loans."

Section 5. **Loan contract.** In order to make the loans authorized in [sections 1 and 2], the board of investments shall enter into an irrevocable contract with the department of health and environmental sciences pledging the amount recovered in the litigation to the repayment of the loans. The contract must provide that loan repayments must be deposited in the coal severance tax permanent fund. To the extent possible, the board shall make the loans from the portion of the coal severance tax permanent fund invested in the short-term investment pool. The loans authorized in [sections 1 and 2] may not be made until the contract required by this section has been entered into by the board and the department.

Section 6. **Three-fourths vote.** Because [section 3] appropriates money from the coal severance tax trust fund, Article IX, section 5, of the Montana constitution requires a vote of three-fourths of the members of each house of the legislature for passage.

Section 7. **Legislative oversight.** The speaker of the house and the president of the senate shall each appoint two members of their respective bodies, one from each party, to meet quarterly for briefings on the progress of the Montana-ARCO litigation and negotiations. The committee shall also consider plans for appropriate utilization of any money received by the state as a result of the litigation. Staff assistance for the committee must be provided by the department of health and environmental sciences. Committee expenses must be paid from the appropriation in [section 1].

Section 8. **Effective date.** [This act] is effective July 1, 1993.

Approved April 16, 1993.

(b) The owner or operator shall conduct a thorough investigation of the release, report the findings to the department, and, as determined necessary by the department, prepare and submit for approval by the department a corrective action plan that conforms with state, tribal (where applicable), and federal corrective action requirements.

(c) (i) The department shall review the corrective action plan and forward a copy to a local government office and, where applicable, a tribal government office with jurisdiction over a corrective action for the release. The local or tribal government office shall inform the department if it wants any modification of the proposed plan.

(iii) After the department approves a corrective action plan, a local government or tribal government may not impose different corrective action requirements on the owner or operator.

(d) The department shall notify the owner or operator and the board of its approval of a corrective action plan.

(e) The owner or operator shall implement the approved plan. The department may oversee the implementation of the plan, require reports and monitoring from the owner or operator, undertake inspections, and otherwise exercise its authority concerning corrective action under Title 75, chapter 10, parts 4 and 7, and other applicable law and rules.

(f) The owner or operator shall document in the manner required by the board all expenses incurred in preparing and implementing the corrective action plan. The department shall inform the owner or operator of any notification given to the board.

(g) The owner or operator shall document, in the manner required by the board, any payments to a third party for bodily injury or property damage caused by a release. The owner or operator shall submit claims and substantiating documents to the board in the form and manner required by the board.

(2) The board shall review each claim received under subsections (1)(f) and (1)(g), make the determination required by this subsection, inform the owner or operator of its determination, and, as appropriate, reimburse the owner or operator from the fund. Before approving a reimbursement, the board shall affirmatively determine that:

(a) the expenses for which reimbursement is claimed:

(4) The board shall obligate money for reimbursement of eligible costs of owners and operators in the order that the costs are finally approved by the board.

(5) (a) The board may, at the request of an owner or operator, guarantee in writing the reimbursement of eligible costs that have been approved by the board but for which money is not currently available from the fund for reimbursement.

(b) The board may, at the request of an owner or operator, guarantee in writing reimbursement of eligible costs not yet approved by the board, including estimated costs not yet incurred. A guarantee for payment under this subsection (5)(b) does not affect the order in which money in the fund is obligated under subsection (4).

(c) When considering a request for a guarantee of payment, the board may require pertinent information or documentation from the owner or operator. The board may grant or deny, in whole or in part, any request for a guarantee."

CHAPTER NO. 357

[HB 500]

AN ACT REQUIRING THAT A PROPOSED SUPPLEMENTAL APPROPRIATION MUST CONTAIN A PLAN FOR REDUCING EXPENDITURES IN THE SECOND YEAR OF THE BIENNIUM THAT ALLOWS THE AGENCY TO CONTAIN EXPENDITURES WITHIN APPROPRIATIONS; PROVIDING CERTAIN EXCEPTIONS; AUTHORIZING THE GOVERNOR TO IMPLEMENT THE PLAN; PROHIBITING DURING THE SECOND FISCAL YEAR OF A BIENNIUM NONMANDATORY EXPENDITURES THAT WILL CAUSE EXPENDITURES TO EXCEED APPROPRIATIONS; AND AMENDING SECTIONS 17-7-301 AND 17-7-311, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-7-301, MCA, is amended to read:

"**17-7-301. Authorization to expend during first year of biennium from appropriation for second year — proposed supplemental appropriation defined — *limit on second-year expenditures.*** (1) A state department, institution, or agency of the executive branch desiring authorization to make expenditures during the first fiscal year of the biennium from appropriations for the second fiscal year of the biennium shall submit a proposed supplemental appropriation to the governor through the budget director. *The proposal submitted to the governor must include a plan for reducing expenditures in the second year of the biennium that allows the agency to contain expenditures within appropriations.* If the governor finds that, due to an unforeseen and unanticipated emergency, the amount actually appropriated for the first fiscal year of the biennium with all other income will be insufficient for the operation and maintenance of ~~said~~ *the* department, institution, or agency during the year for which the appropriation was made, ~~he~~ *the governor* shall, after careful study and examination of the request and upon review of the recommendation of the budget director, submit the proposed supplemental appropriation to the legislative fiscal analyst.

(2) The plan for reducing expenditures required by subsection (1) is not required if the proposed supplemental appropriation is:

(a) due to an unforeseen and unanticipated emergency for fire suppression;

(3) Upon receipt of the recommendation of the legislative finance committee pursuant to 17-7-311, the governor may authorize an expenditure during the first fiscal year of the biennium to be made from the appropriation for the second fiscal year of the biennium. *Except as provided in subsection (2), the governor shall require the agency to implement the plan for reducing expenditures in the second year of the biennium that contains agency expenditures within appropriations.*

~~(2)~~*(4)* The department, institution, or agency may expend the amount authorized by the governor only for the purposes specified in the authorization.

~~(3)~~*(5)* The governor shall report to the next legislature in a special section of the budget the amounts expended as a result of all ~~such~~ authorizations granted by ~~him~~ *the governor* and shall request that any necessary supplemental appropriation bills be passed.

The approving authority is responsible for ensuring the implementation of the plan. If, in the second year of a biennium, mandated expenditures that are required by state or federal law will cause an agency to exceed appropriations or available funds, the agency shall reduce all nonmandated expenditures pursuant to the plan in order to reduce to the greatest extent possible the expenditures in excess of appropriations or funding. An agency may not transfer funds between fund types in order to implement a plan."

Section 2. Section 17-7-311, MCA, is amended to read:

(b) there has been a waiver of the review and report requirements, as provided in subsection (4).

(2) The legislative fiscal analyst shall review each proposed supplemental appropriation submitted by the governor for compliance with statutory requirements and standards *and to determine the expenditures that will be reduced in order to contain spending within legislative appropriations.* ~~and~~ *The legislative fiscal analyst* shall present a written report of this review to the legislative finance committee. Within 10 days after the legislative finance committee's consideration of the proposed supplemental appropriation, the legislative fiscal analyst shall submit the legislative finance committee's report to the governor.

(3) Upon receipt of the legislative finance committee's written report, the governor may approve or deny the proposed supplemental appropriation or may return the proposed supplemental appropriation to the requesting agency for further information. If the governor has returned the proposed supplemental appropriation to the requesting agency and the requesting agency resubmits the proposed supplemental appropriation to the governor, all procedures provided in this section apply to the resubmitted proposed supplemental appropriation.

(4) (a) If an emergency occurs that poses a serious threat to the life, health, or safety of the public, the legislative fiscal analyst may waive the written review and the legislative finance committee's written report required by this section. After a waiver, the legislative fiscal analyst may complete the written review.

(b) Upon receipt of the waiver, the governor may approve the proposed supplemental appropriation.

(c) A waiver affects only the legislative fiscal analyst's written review and the legislative finance committee's written report on the proposed supplemental appropriation. All other proposed supplemental appropriation requirements and standards remain in effect.

(5) Nothing in this part confers on the legislative finance committee authority to approve or deny a proposed supplemental appropriation."

CHAPTER NO. 358

[HB 638]

AN ACT PROHIBITING THE PLACEMENT OF A STATUS OFFENDER IN A STATE YOUTH CORRECTIONAL FACILITY; PROHIBITING THE INITIAL COMMITMENT OR PROLONGED CONFINEMENT OF A MENTALLY ILL YOUTH IN A STATE YOUTH CORRECTIONAL FACILITY; CLARIFYING

WHO SUPERVISES A YOUTH FOLLOWING A MENTAL HEALTH COMMITMENT; AMENDING SECTIONS 41-5-523, 52-5-126, AND 52-5-127, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 41-5-523, MCA, is amended to read:

"**41-5-523. Disposition — commitment to department — placement and evaluation of youth — restrictions.** (1) If a youth is found to be a delinquent youth or a youth in need of supervision, the youth court may enter its judgment making any of the following dispositions:

(a) place the youth on probation;

(b) commit the youth to the department if the court determines that the youth is in need of placement in other than the youth's own home, provided that:

(i) ~~in the case of a youth in need of supervision,~~ the court shall determine whether continuation in the home would be contrary to the welfare of the youth and whether reasonable efforts have been made to prevent or eliminate the need for removal of the youth from ~~his~~ *the youth's* home. The court shall include a determination in the order committing the youth to the department.

(ii) in the case of a delinquent youth who is determined by the court to be a serious juvenile offender, the judge may specify that the youth be placed in a state youth correctional facility if the judge finds that the placement is necessary for the protection of the public~~;~~. *The court may order the department to notify the court within 5 working days before the proposed release of a youth from a youth correctional facility. Once a youth is committed to the department for placement in a state youth correctional facility, the department is responsible for determining an appropriate date of release into an appropriate placement.*

(c) order restitution by the youth or ~~his~~ *the youth's* parents;

(d) impose a fine as authorized by law if the violation alleged would constitute a criminal offense if committed by an adult;

(e) require the performance of community service;

(f) require the youth, ~~his~~ *the youth's* parents~~, his~~ *or* guardians, or the persons having legal custody of the youth to receive counseling services;

(g) require the medical and psychological evaluation of the youth, ~~his~~ *the youth's* parents~~, his~~ *or* guardians, or the persons having legal custody of the youth;

(h) require the parents, guardians, or other persons having legal custody of the youth to furnish services the court may designate;

(i) order further care, treatment, evaluation, or relief that the court considers beneficial to the youth and the community and that does not obligate funding from the department without the department's approval, except that a youth may not be placed by a youth court in a residential treatment facility as defined in 50-5-101. Only the department may, pursuant to subsection (1)(b), place a youth in a residential treatment facility.

(j) commit the youth to a mental health facility if, based upon the testimony of a professional person as defined in 53-21-102, the court finds that the youth is seriously mentally ill as defined in 53-21-102. The youth is entitled to all rights provided by 53-21-114 through 53-21-119. ~~Upon release or discharge from the mental health facility, the youth must be returned to the court for further disposition in accordance with this section unless the court order has expired or the court no longer retains jurisdiction under 41-5-205.~~ *A youth adjudicated mentally ill or seriously mentally ill as defined in 53-21-102 may not be committed to a state youth correctional facility. A youth adjudicated to be mentally ill or seriously mentally ill after placement by the department in a state youth correctional facility must be moved to a more appropriate placement in response to the youth's mental health needs and consistent with the disposition alternatives available in 53-21-127.*

(k) place the youth under home arrest as provided in Title 46, chapter 18, part 10.

(2) When a youth is committed to the department, the department shall determine the appropriate placement and rehabilitation program for the youth after considering the recommendations made under 41-5-527 by the youth placement committee. Placement is subject to the following limitations:

(a) A youth in need of supervision *or adjudicated delinquent for commission of an act that would not be a criminal offense if committed by an adult* may not be placed in a state youth correctional facility.

(b) A youth may not be held in a state youth correctional facility for a period of time in excess of the maximum period of imprisonment that could be imposed on an adult convicted of the offense or offenses that brought the youth under the jurisdiction of the youth court. Nothing in this section limits the power of the department to enter into an aftercare agreement with the youth pursuant to 52-5-126.

(c) A youth may not be placed in or transferred to a penal institution or other facility used for the execution of sentence of adults convicted of crimes.

(3) A youth placed by the department in a state youth correctional facility *or other facility or program operated by the department or who signs an aftercare agreement under 52-5-126* must be supervised by the department. A youth *who is* placed in any other placement *by the department, the youth court, or the youth court's juvenile probation officer* must be supervised by the ~~youth~~ probation officer of the youth court having jurisdiction over the youth *under 41-5-205* whether or not the youth is committed to the department. Supervision by the youth probation officer includes but is not limited to:

(a) submitting information and documentation necessary for the person, committee, or team that is making the placement recommendation to determine an appropriate placement for the youth;

(b) securing approval for payment of special education costs from the youth's school district of residence or the office of public instruction, as required in Title 20, chapter 7, part 4;

(c) submitting an application to a facility in which the youth may be placed; and

(d) case management of the youth.

(4) The youth court may order a youth to receive a medical or psychological evaluation at any time prior to final disposition if the youth waives ~~his~~ *the youth's* constitutional rights in the manner provided for in 41-5-303. The county determined by the court as the residence of the youth is responsible for the cost of the evaluation, except as provided in subsection (5). A county may contract with the department or other public or private agencies to obtain evaluation services ordered by the court.

(5) The youth court shall determine the financial ability of the youth's parents to pay the cost of an evaluation ordered by the court under subsection (4). If they are financially able, the court shall order the youth's parents to pay all or part of the cost of the evaluation.

(6) The youth court may not order placement or evaluation of a youth at a state youth correctional facility unless the youth is found to be a delinquent youth or is alleged to have committed an offense that is transferable to criminal court under 41-5-206.

(7) An evaluation of a youth may not be performed at the Montana state hospital unless the youth is transferred to the district court under 41-5-206.

(8) An order of the court may be modified at any time. In the case of a youth committed to the department, an order pertaining to the youth may be modified only upon notice to the department and subsequent hearing.

(9) Whenever the court commits a youth to the department, it shall transmit with the dispositional judgment copies of ~~a~~ medical ~~report~~ *reports, social history material, education records,* and any other clinical, predisposition, or other reports and information pertinent to the care and treatment of the youth.

(10) If a youth is committed to the department, the court shall examine the financial ability of the youth's parents or guardians to pay a contribution covering all or part of the costs for the care, commitment, and treatment of the youth, including the costs of necessary medical, dental, and other health care.

(11) If the court determines that the youth's parents or guardians are financially able to pay a contribution as provided in subsection (10), the court shall order the youth's parents or guardians to pay an amount based on the uniform child support guidelines adopted by the department of social and rehabilitation services pursuant to 40-5-209.

(12) (a) Except as provided in subsection (12)(b), contributions ordered under this section and each modification of an existing order are enforceable by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 4. An order for contribution that is inconsistent with this section is nevertheless subject to withholding for the payment of the contribution without need for an amendment of the support order or for any further action by the court.

(b) A court-ordered exception from contributions under this section must be in writing and be included in the order. An exception from the immediate income withholding requirement may be granted if the court finds there is:

(i) good cause not to require immediate income withholding; or

(ii) an alternative arrangement between the department and the person who is ordered to pay contributions.

(c) A finding of good cause not to require immediate income withholding must, at a minimum, be based upon:

(i) a written determination and explanation by the court of the reasons why the implementation of immediate income withholding is not in the best interests of the child; and

(ii) proof of timely payment of previously ordered support in cases involving modification of contributions ordered under this section.

(d) An alternative arrangement must:

(i) provide sufficient security to ensure compliance with the arrangement;

(ii) be in writing and be signed by a representative of the department and the person required to make contributions; and

(iii) if approved by the court, be entered into the record of the proceeding.

(13) Upon a showing of a change in the financial ability of the youth's parents or guardians to pay, the court may modify its order for the payment of contributions required under subsection (11).

(14) (a) If the court orders the payment of contributions under this section, the department shall apply to the department of social and rehabilitation services for support enforcement services pursuant to Title IV-D of the Social Security Act.

(b) The department of social and rehabilitation services may collect and enforce a contribution order under this section by any means available under law, including the remedies provided for in Title 40, chapter 5, parts 2 and 4."

Section 2. Section 52-5-126, MCA, is amended to read:

"**52-5-126. Youth aftercare agreement.** (1) A youth released by the department of family services from one of the state youth correctional facilities to the supervision, custody, and control of the department shall, before ~~his~~ *the youth's* release, sign an aftercare agreement containing:

(a) a statement of the terms and conditions of ~~his~~ *the* release, including a list of the acts ~~which~~ *that*, if committed by the youth, may result in ~~his~~ *a* return to the facility; and

(b) a statement that if the department or any person alleges any violation of the terms and conditions of the agreement, the youth is entitled to a hearing as provided for in 52-5-129 before ~~he may be~~ *being* returned to the facility.

(2) A youth ~~who is~~ released from a state youth correctional facility for commitment to a mental health facility pursuant to Title 53, chapter 21, part 1, shall sign an aftercare agreement that will remain in effect until *the department no longer has custody of* the youth ~~is returned to the court for further disposition as provided in 41-5-523(1)(j). If the youth is not returned to a state youth~~

~~correctional facility following the hearing for further disposition, the aftercare agreement becomes void unless amended or extended by the department or the court.~~"

Section 3. Section 52-5-127, MCA, is amended to read:

"**52-5-127. Control over youth released under aftercare agreement.** The department of family services has control over a youth released under 52-5-126 until ~~he~~ *the youth* attains the age of 19 years unless the youth is discharged by the department before age 19. However, the youth is subject to the ~~general~~ *continuing* jurisdiction of the ~~various~~ *youth* courts of Montana, *pursuant to 41-5-205,* for acts committed by the youth while under the control of the department."

Section 4. **Effective date.** [This act] is effective on passage and approval.

Approved April 16, 1993.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-10-101, MCA, is amended to read:

"**20-10-101. Definitions.** As used in this title, unless the context clearly indicates otherwise, the following definitions apply:

(b) is a resident of the state of Montana;

(c) regardless of district and county boundaries, resides at least 3 miles, over the shortest practical route, from the nearest operating public elementary school or public high school, whichever the case may be; and

(d) is considered to reside with his parent or guardian who maintains legal residence within the boundaries of the district furnishing the transportation regardless of where the eligible transportee actually lives when attending school.

(2) (a) A "school bus" means, except as provided in subsection (2)(b), any motor vehicle that:

(i) complies with the bus standards established by the board of public education as verified by the Montana department of justice's semiannual inspection of school buses and the superintendent of public instruction; and

(ii) is owned by a district or other public agency and operated for the transportation of pupils to or from school or owned by a carrier under contract with a district or public agency to provide transportation of pupils to or from school.

(ii) privately owned and operated for reimbursement under 20-10-142;

(iii) either district-owned or privately owned, designed to carry not more than nine passengers, and used to transport pupils to or from activity events or to transport pupils to their homes in case of illness or other emergency situations; or

(3) "Transportation" means:

(a) a district's conveyance of a pupil by a school bus between his legal residence *or an officially designated bus stop* and the school designated by the trustees for his attendance; or

(b) "individual transportation" whereby a district is relieved of actually conveying a pupil. Individual transportation may include paying the parent or guardian for conveying the pupil, reimbursing the parent or guardian for the pupil's board and room, or providing supervised correspondence study or supervised home study."

Section 2. Section 20-10-142, MCA, is amended to read:

"20-10-142. Schedule of maximum reimbursement for individual transportation. The following rates for individual transportation constitute the maximum reimbursement to districts for individual transportation from state and county sources of transportation revenue under the provisions of 20-10-145 and 20-10-146. These rates ~~also shall~~ constitute the limitation of the budgeted amounts for individual transportation for the ensuing school fiscal year. The schedules provided in this section ~~shall~~ *may* not be altered by any authority other than the legislature of the state of Montana. When the trustees contract with the parent or guardian of any eligible transportee to provide individual transportation for each day of school attendance, they shall reimburse the parent or guardian on the basis of the following schedule:

(1) When a parent or guardian transports an eligible transportee or transportees from the residence of the parent or guardian to a school or to schools located within 3 miles of one another, the total reimbursement per day of attendance ~~shall be~~ *is* determined by multiplying the distance in miles between the residence and the school, or the most distant school if more than one, by 2, subtracting 6 miles from the product ~~so obtained~~, and multiplying the difference by 21.25 cents, provided that:

(a) if two or more eligible transportees are transported by a parent or guardian to two or more schools located within 3 miles of one another and if ~~such~~ *the* schools are operated by different school districts, the total amount of the reimbursement ~~shall~~ *must* be divided equally between the districts;

(b) if two or more eligible transportees are transported by a parent or guardian to two or more schools located more than 3 miles from one another, the parent or guardian ~~shall~~ *must* be separately reimbursed for transporting the eligible transportee or transportees to each school;

(c) if a parent transports two or more eligible transportees to a school and a bus stop ~~which school and bus stop~~ *that* are located within 3 miles of one another, the total reimbursement ~~shall~~ *must* be determined under the provisions of this subsection and ~~shall~~ *must* be divided equally between the district operating the school and the district operating the bus;

(d) if a parent transporting two or more eligible transportees to a school or bus stop must, because of varying arrival and departure times, make more than one round-trip journey to the bus stop or school, the total reimbursement allowed by this section ~~shall be~~ *is* limited to one round trip per day for each scheduled arrival or departure time;

(e) notwithstanding subsection (1)(a), (1)(b), (1)(c), or (1)(d), ~~no~~ *a* reimbursement may *not* be less than 25 cents a day.

(2) When the parent or guardian transports an eligible transportee or transportees from the residence to a bus stop of a bus route approved by the trustees for the transportation of the transportee or transportees, the total reimbursement per day of attendance ~~shall be~~ *is* determined by multiplying the distance in miles between the residence and the bus stop by 2, subtracting 3 miles from the product ~~so obtained~~, and multiplying the difference by ~~22.5~~ *21.25* cents, provided that:

(a) if the eligible transportees ~~transported~~ attend schools in different districts but ride on one bus, the districts shall divide the total reimbursement equally; and

(b) if the parent or guardian is required to transport the eligible transportees to more than one bus, the parent or guardian ~~shall~~ *must* be separately reimbursed for transportation to each bus.

(3) ~~Where~~ *When*, due to excessive distances, impassable roads, or other special circumstances of isolation the rates prescribed in subsection (1) or (2) would be an inadequate reimbursement for the transportation costs or would result in a physical hardship for the eligible transportee, ~~his~~ *a* parent or guardian may request an increase in the reimbursement rate. ~~Such a~~ *A* request for increased rates due to isolation ~~shall~~ *must* be made by the parent or guardian on the contract for individual transportation for the ensuing school fiscal year by indicating the special facts and circumstances ~~which~~ *that* exist to justify the increase. Before ~~any~~ *an* increased rate due to isolation ~~can~~ *may* be paid to the requesting parent or guardian, ~~such~~ *the* rate must be approved by the county transportation committee and the superintendent of public instruction after the trustees have indicated their approval or disapproval. Regardless of the action of the trustees and when approval is given by the county transportation

committee and the superintendent of public instruction, the trustees shall pay ~~such~~ *the* increased rate due to isolation. The increased rate ~~shall be~~ *is* 1 ½ times the rate prescribed in subsection (1) ~~above~~.

(4) When the isolated conditions of the household where an eligible transportee resides require ~~such~~ *an* eligible transportee to live away from the household in order to attend school, ~~he shall be~~ *the eligible transportee is* eligible for the room and board reimbursement. Approval to receive the room and board reimbursement ~~shall~~ *must* be obtained in the same manner prescribed in subsection (3) ~~above~~. The per diem rate for room and board ~~shall be~~ *is* $5.31 for one eligible transportee and $3.19 for each additional eligible transportee of the same household.

(5) When the individual transportation provision is to be satisfied by supervised home study or supervised correspondence study, the reimbursement rate ~~shall be~~ *is* the cost of ~~such~~ *the* study, provided that the course of instruction is approved by the trustees and supervised by the district."

Section 3. Section 20-10-146, MCA, is amended to read:

"**20-10-146. County transportation reimbursement.** (1) The apportionment of the county transportation reimbursement by the county superintendent for school bus transportation or individual transportation that is actually rendered by a district in accordance with this title, board of public education transportation policy, and the transportation rules of the superintendent of public instruction must be the same as the state transportation reimbursement payment except that:

(a) if any cash was used to reduce the budgeted county transportation reimbursement under the provisions of 20-10-144(2)(b), the annual apportionment is limited to the budget amount; and

(b) when the county transportation reimbursement for a school bus has been prorated between two or more counties because the school bus is conveying pupils of more than one district located in the counties, the apportionment of the county transportation reimbursement must be adjusted to pay the amount computed under the proration.

(2) The county transportation net levy requirement for the financing of the county transportation fund reimbursements to districts is computed by:

(a) totaling the net requirement for all districts of the county, including reimbursements to a special education cooperative or prorated reimbursements to joint districts;

(b) determining the sum of the money available to reduce the county transportation net levy requirement by adding:

(i) anticipated money that may be realized in the county transportation fund during the ensuing school fiscal year, including anticipated revenue from property taxes and fees imposed under 23-2-517, 23-2-803, 61-3-504(2), 61-3-521, 61-3-537, and 67-3-204;

(ii) net proceeds taxes and local government severance taxes on other oil and gas production occurring after December 31, 1988;

(iii) coal gross proceeds taxes under 15-23-703;

(iv) any fund balance available for reappropriation from the end-of-the-year fund balance in the county transportation fund~~.~~; ~~The county transportation fund operating reserve may not be more than 35% of the final county transportation fund budget for the ensuing school fiscal year and must be used for the purpose of paying transportation fund warrants under the county transportation fund budget.~~

(v) federal forest reserve funds allocated under the provisions of 17-3-213; and

(vi) other revenue anticipated that may be realized in the county transportation fund during the ensuing school fiscal year; and

(c) notwithstanding the provisions of subsection (3), subtracting the money available, as determined in subsection (2)(b), to reduce the levy requirement from the county transportation net levy requirement.

(3) The net levy requirement determined in subsection (2)(c) must be reported to the county commissioners on the second Monday of August by the county superintendent, and a levy must be set by the county commissioners in accordance with 20-9-142.

(4) The county superintendent shall apportion the county transportation reimbursement from the proceeds of the county transportation fund. The county superintendent shall order the county treasurer to make the apportionments in accordance with 20-9-212(2) and after the receipt of the semiannual state transportation reimbursement payments."

"**85-2-302.** *(Temporary)* **Application for permit — fee.** (1) Except as otherwise provided in (1) through (3) of 85-2-306, a person may not appropriate water or commence construction of diversion, impoundment, withdrawal, or distribution works therefor except by applying for and receiving a permit from the department. The application shall be made on a form prescribed by the department. The department shall make the forms available through its offices and the offices of the county clerk and recorders. *The applicant shall submit a correct and complete application.* The department shall return a defective application for correction or completion, together with the reasons for returning it. An application does not lose priority of filing because of defects if the application is corrected, completed, and refiled with the department within 30 days after its return to the applicant or within a further time as the department may allow. If an application is not corrected and completed within 30 days or within a further time as the department allows, up to 3 months, the priority date of the application shall be the date of refiling the application with the corrections with the department. An application not corrected within 3 months shall be terminated.

(2) In addition to the application filing fee prescribed by the board by rule pursuant to 85-2-113, a person applying for a permit under subsection (1) shall pay a fee of $1 per acre-foot of ground water appropriated. The fees collected by the department under this subsection must be deposited in the ground water assessment account, established in 85-2-905, within the state special revenue fund. *(Terminates July 1, 1993—sec. 22, Ch. 769, L. 1991.)*

Section 3. Section 85-2-307, MCA, is amended to read:

"**85-2-307. Notice of application.** (1) (a) Upon receipt of a ~~proper~~ *correct and complete* application for a permit, the department shall prepare a notice containing the facts pertinent to the application and shall publish the notice once in a newspaper of general circulation in the area of the source.

(i) an appropriator of water or applicant for or holder of a permit who, according to the records of the department, may be affected by the proposed appropriation;

(ii) any purchaser under contract for deed, as defined in 70-20-115, of property that, according to the records of the department, may be affected by the proposed appropriation; and

(iii) any public agency that has reserved waters in the source under 85-2-316.

(c) The department may, in its discretion, also serve notice upon any state agency or other person the department feels may be interested in or affected by the proposed appropriation.

(d) The department shall file in its records proof of service by affidavit of the publisher in the case of notice by publication and by its own affidavit in the case of service by mail.

(2) The notice shall state that by a date set by the department (not less than 15 days or more than 60 days after the date of publication) persons may file with the department written objections to the application.

(3) The requirements of subsections (1) and (2) of this section do not apply if the department finds, on the basis of information reasonably available to it, that the appropriation as proposed in the application will not adversely affect the rights of other persons."

Section 4. Section 85-2-308, MCA, is amended to read:

"**85-2-308. Objections.** (1) (a) An objection to an application for a permit must be filed by the date specified by the department under 85-2-307(2).

(b) The objection to an application for a permit must state the name and address of the objector and facts tending to show that one or more of the criteria in 85-2-311 are not met.

(2) For an application for a change in appropriation rights, the objection must state the name and address of the objector and facts tending to show that one or more of the criteria in 85-2-402 are not met.

(3) A person has standing to file an objection under this section if the property, water rights, or interests of the objector would be adversely affected by the proposed appropriation.

(4) For an application for a reservation of water, the objection must state the name and address of the objector and facts tending to show that one or more of the criteria in 85-2-316 are not met.

(5) An objector to an application under this chapter shall timely file a correct and complete objection on a form prescribed by the department."

Section 5. Section 85-2-311, MCA, is amended to read:

"**85-2-311. Criteria for issuance of permit.** (1) Except as provided in subsections (2) and (3), the department shall issue a permit if the applicant proves by ~~substantial credible~~ *a preponderance of* evidence that the following criteria are met:

(a) there are unappropriated waters in the source of supply at the proposed point of diversion:

(i) at times when the water can be put to the use proposed by the applicant;

(ii) in the amount the applicant seeks to appropriate; and

(iii) during the period in which the applicant seeks to appropriate, the amount requested is reasonably available;

(b) the water rights of a prior appropriator will not be adversely affected;

(c) the proposed means of diversion, construction, and operation of the appropriation works are adequate;

(d) the proposed use of water is a beneficial use;

(e) the proposed use will not interfere unreasonably with other planned uses or developments for which a permit has been issued or for which water has been reserved; and

(f) the applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use.

(2) The department may not issue a permit for an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the applicant proves by clear and convincing evidence that:

(a) the criteria in subsection (1) are met;

(b) the rights of a prior appropriator will not be adversely affected;

(c) the proposed appropriation is a reasonable use. Such a finding shall be based on a consideration of the following:

(i) the existing demands on the state water supply, as well as projected demands such as reservations of water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing beneficial uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(3) (a) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the criteria in this subsection (3) must be met before out-of-state use may occur.

(b) The department may not issue a permit for the appropriation of water for withdrawal and transportation for use outside the state unless the applicant proves by clear and convincing evidence that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (1) or (2) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the applicant has proved by clear and convincing evidence that the requirements of subsections (3)(b)(ii) and (3)(b)(iii) are met, the department shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the application could feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(d) When applying for a permit or a lease to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation, lease, and use of water.

(4) To meet the ~~substantial credible~~ *preponderance of* evidence standard in this section, the applicant, *in addition to other evidence demonstrating that the criteria of subsection (1) have been met,* shall submit ~~independent~~ hydrologic or

other evidence, including *but not limited to* water supply data, field reports, and other information developed by the *applicant, the* department, the U.S. geological survey, or the U.S. soil conservation service and other specific field studies~~,~~ ~~demonstrating that the criteria are met~~.

(5) An appropriation, diversion, impoundment, use, restraint, or attempted appropriation, diversion, impoundment, use, or restraint contrary to the provisions of this section is invalid. An officer, agent, agency, or employee of the state may not knowingly permit, aid, or assist in any manner an unauthorized appropriation, diversion, impoundment, use, or other restraint. A person or corporation may not, directly or indirectly, personally or through an agent, officer, or employee, attempt to appropriate, divert, impound, use, or otherwise restrain or control waters within the boundaries of this state except in accordance with this section."

Section 6. Section 85-2-316, MCA, is amended to read:

"**85-2-316. Reservation of waters.** (1) The state or any political subdivision or agency thereof or the United States or any agency thereof may apply to the board to reserve waters for existing or future beneficial uses or to maintain a minimum flow, level, or quality of water throughout the year or at periods or for a length of time as the board designates.

(2) (a) Water may be reserved for existing or future beneficial uses in the basin where it is reserved, as described by the following basins:

(i) the Clark Fork River and its tributaries to its confluence with Lake Pend Oreille in Idaho;

(ii) the Kootenai River and its tributaries to its confluence with Kootenay Lake in British Columbia;

(iii) the St. Mary River and its tributaries to its confluence with the Oldman River in Alberta;

(iv) the Little Missouri River and its tributaries to its confluence with Lake Sakakawea in North Dakota;

(v) the Missouri River and its tributaries to its confluence with the Yellowstone River in North Dakota; and

(vi) the Yellowstone River and its tributaries to its confluence with the Missouri River in North Dakota.

(b) A water reservation may be made for an existing or future beneficial use outside the basin where the diversion occurs only if stored water is not reasonably available for water leasing under 85-2-141 and the proposed use would occur in a basin designated in subsection (2)(a).

(3) Upon receiving ~~an~~ *a correct and complete* application, the department shall proceed in accordance with 85-2-307 through 85-2-309. After the hearing provided in 85-2-309, the board shall decide whether to reserve the water for the applicant. The department's costs of giving notice, holding the hearing, conducting investigations, and making records incurred in acting upon the application to reserve water, except the cost of salaries of the department's personnel, must be paid by the applicant. In addition, a reasonable proportion

of the department's cost of preparing an environmental impact statement must be paid by the applicant unless waived by the department upon a showing of good cause by the applicant.

(4) (a) The board may not adopt an order reserving water unless the applicant establishes to the satisfaction of the board *by a preponderance of evidence*:

(i) the purpose of the reservation;

(ii) the need for the reservation;

(iii) the amount of water necessary for the purpose of the reservation;

(iv) that the reservation is in the public interest.

(b) In determining the public interest under subsection (4)(a)(iv), the board may not adopt an order reserving water for withdrawal and transport for use outside the state unless the applicant proves by clear and convincing evidence that:

(i) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(ii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the applicant has proved by clear and convincing evidence that the requirements of subsections (4)(b)(i) and (4)(b)(ii) are met, the board shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the application could feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(d) When applying for a reservation to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation, lease, use, and reservation of water.

(5) If the purpose of the reservation requires construction of a storage or diversion facility, the applicant shall establish to the satisfaction of the board *by a preponderance of evidence* that there will be progress toward completion of the facility and accomplishment of the purpose with reasonable diligence in accordance with an established plan.

(6) The board shall limit any reservations after May 9, 1979, for maintenance of minimum flow, level, or quality of water that it awards at any point on a stream or river to a maximum of 50% of the average annual flow of record

on gauged streams. Ungauged streams can be allocated at the discretion of the board.

(7) After the adoption of an order reserving waters, the department may reject an application and refuse a permit for the appropriation of reserved waters or may, with the approval of the board, issue the permit subject to terms and conditions it considers necessary for the protection of the objectives of the reservation.

(8) (a) Any person desiring to use water reserved to a conservation district for agricultural purposes shall make application for the use with the district, and the district, upon approval of the application, shall inform the department of the approved use and issue the applicant an authorization for the use. The department shall maintain records of all uses of water reserved to conservation districts and be responsible, when requested by the districts, for rendering technical and administrative assistance within the department's staffing and budgeting limitations in the preparation and processing of such applications for the conservation districts. The department shall, within its staffing and budgeting limitations, complete any feasibility study requested by the districts within 12 months of the time the request was made. The board shall extend the time allowed to develop a plan identifying projects for utilizing a district's reservation so long as the conservation district makes a good faith effort, within its staffing and budget limitations, to develop a plan.

(b) Upon actual application of water to the proposed beneficial use the authorized user shall notify the conservation district. The notification must contain a certified statement by a person with experience in the design, construction, or operation of project works for agricultural purposes ~~that~~ *describing how* the reserved water ~~has been~~ *was* put to use ~~in substantial accordance with the terms and conditions of the authorization to use reserved water~~. The department or the district may then inspect the appropriation to determine if it has been completed in substantial accordance with the authorization.

(9) Except as provided in 85-2-331, the priority of appropriation of a water reservation and the relative priority of the reservation to permits with a later priority of appropriation must be determined according to this subsection (9).

(a) A reservation under this section has a priority of appropriation dating from the filing with the department of a notice of intention to apply for a water reservation in a basin in which no other notice of intention to apply is currently pending. The notice of intention to apply must specify the basin in which the applicant is seeking a reservation.

(b) Upon receiving a notice of intention to apply for a water reservation, the department shall identify all potential water reservation applicants in the basin specified in the notice and notify each potential applicant of the opportunity to submit an application and to receive a reservation with the priority of appropriation as described in subsection (9)(a).

(c) To receive the priority of appropriation described in subsection (9)(a), the applicant shall submit a correct and complete water reservation application within 1 year after the filing of the notice of intention to apply. Upon a showing of good cause, the board may extend the time for preparing the application.

(d) The board may by order subordinate a water reservation to a permit issued pursuant to this part if:

(i) the permit application was accepted by the department before the date of the board order granting the reservation; and

(ii) the effect of subordinating the reservation to one or more permits does not interfere substantially with the purpose of the reservation.

(e) The board shall by order establish the relative priority of reservations approved under this section that have the same day of priority. A reservation may not adversely affect any rights in existence at that time.

(10) The board shall, periodically but at least once every 10 years, review existing reservations to ensure that the objectives of the reservation are being met. Where the objectives of the reservation are not being met, the board may extend, revoke, or modify the reservation. Any undeveloped water made available as a result of a revocation or modification under this subsection is available for appropriation by others pursuant to this part.

(11) The board may modify an existing or future order originally adopted to reserve water for the purpose of maintaining minimum flow, level, or quality of water, so as to reallocate the reservation or portion of the reservation to an applicant who is a qualified reservant under this section. Reallocation of reserved water may be made by the board following notice and hearing wherein the board finds that all or part of the reservation is not required for its purpose and that the need for the reallocation has been shown by the applicant to outweigh the need shown by the original reservant. Reallocation of reserved water may not adversely affect the priority date of the reservation, and the reservation shall retain its priority date despite reallocation to a different entity for a different use. The board may not reallocate water reserved under this section on any stream or river more frequently than once every 5 years.

(12) A reservant may not make a change in a reservation under this section except as permitted under 85-2-402 and this subsection. If the department approves a change, the board, upon notification by the department of its approval, shall give notice and require the reservant to establish that the criteria in subsection (4) will be met under the approved change.

(13) A reservation may be transferred to another entity qualified to hold a reservation under subsection (1). Only the entity holding the reservation may initiate a transfer. The transfer occurs upon the filing of a water right transfer certificate with the board together with an affidavit from the entity receiving the reservation establishing that the entity is a qualified reservant under subsection (1), that the entity agrees to comply with the requirements of this section and the conditions of the reservation, and that the entity can meet the objectives of the reservation as granted. If the transfer of a reservation involves a change in an appropriation right, the necessary approvals must be acquired pursuant to subsection (12).

(14) Nothing in this section vests the board with the authority to alter a water right that is not a reservation.

(15) The department shall undertake a program to educate the public, other state agencies, and political subdivisions of the state as to the benefits of the

reservation process and the procedures to be followed to secure the reservation of water. The department shall provide technical assistance to other state agencies and political subdivisions in applying for reservations under this section.

(16) Water reserved under this section is not subject to the state water leasing program established under 85-2-141."

Section 7. Section 85-2-402, MCA, is amended to read:

"**85-2-402.** *(Temporary)* **Changes in appropriation rights.** (1) An appropriator may not make a change in an appropriation right except, as permitted under this section, ~~and with~~ *by applying for and receiving* the approval of the department or, if applicable, of the legislature. *An applicant shall submit a correct and complete application.*

(2) Except as provided in subsections (3) through (5), the department shall approve a change in appropriation right if the appropriator proves by ~~substantial credible~~ *a preponderance of* evidence that the following criteria are met:

(a) The proposed use will not adversely affect the water rights of other persons or other planned uses or developments for which a permit has been issued or for which water has been reserved.

(b) Except for a lease authorization pursuant to 85-2-436 that does not require appropriation works, the proposed means of diversion, construction, and operation of the appropriation works are adequate.

(c) The proposed use of water is a beneficial use.

(d) The applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use.

(e) If the change in appropriation right involves salvaged water, the proposed water-saving methods will salvage at least the amount of water asserted by the applicant.

(3) The department may not approve a change in purpose of use or place of use of an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the appropriator proves by ~~substantial credible~~ *a preponderance of* evidence that:

(a) the criteria in subsection (2) are met;

(b) the proposed change is a reasonable use. A finding of reasonable use must be based on a consideration of:

(i) the existing demands on the state water supply, as well as projected demands for water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(4) The department may not approve a change in purpose of use or place of use for a diversion that results in 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water being consumed unless:

(a) the applicant proves by clear and convincing evidence and the department finds that the criteria in subsections (2) and (3) are met; and

(b) the department then petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.

(5) (a) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the following criteria must be met before out-of-state use may occur:

(b) The department and, if applicable, the legislature may not approve a change in appropriation right for the withdrawal and transportation of appropriated water for use outside the state unless the appropriator proves by clear and convincing evidence and, if applicable, the legislature approves after one or more public hearings that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (2) or (3) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (5)(b)(ii) and (5)(b)(iii) will be met, the department and, if applicable, the legislature shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the proposed change in appropriation might feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(d) When applying for a change in appropriation right to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation and use of water.

(6) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the department shall give notice of the proposed change in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change. The department shall provide notice and may hold one or more hearings upon any other proposed change if it determines that a change might adversely affect the rights of other persons.

(7) The department or the legislature, if applicable, may approve a change subject to terms, conditions, restrictions, and limitations as it considers necessary to satisfy the criteria of this section, including limitations on the time for completion of the change. The department may extend time limits specified in the change approval under the applicable criteria and procedures of 85-2-312(3).

(8) Upon actual application of water to the proposed beneficial use within the time allowed, the appropriator shall notify the department that the appropriation has been ~~properly~~ completed. The notification must contain a certified statement by a person with experience in the design, construction, or operation of appropriation works ~~that~~ *describing how* the appropriation ~~has been properly~~ *was* completed ~~in substantial accordance with the terms and conditions of the change approval~~.

(9) If a change is not completed as approved by the department or legislature or if the terms, conditions, restrictions, and limitations of the change approval are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change approval should not be modified or revoked. If the appropriator fails to show sufficient cause, the department may modify or revoke the change approval.

(10) The original of a change approval issued by the department must be sent to the applicant, and a duplicate must be kept in the office of the department in Helena.

(11) A person holding an issued permit or change approval that has not been perfected may change the place of diversion, place of use, purpose of use, or place of storage by filing an application for change pursuant to this section.

(12) A change in appropriation right contrary to the provisions of this section is invalid. An officer, agent, agency, or employee of the state may not knowingly permit, aid, or assist in any manner an unauthorized change in

appropriation right. A person or corporation may not, directly or indirectly, personally or through an agent, officer, or employee, attempt to change an appropriation right except in accordance with this section. *(Terminates June 30, 1999—sec. 4, Ch. 740, L. 1991.)*

85-2-402. *(Effective July 1, 1999)* **Changes in appropriation rights.** (1) An appropriator may not make a change in an appropriation right except, as permitted under this section, ~~and with~~ *by applying for and receiving* the approval of the department or, if applicable, of the legislature. *An applicant shall submit a correct and complete application.*

(2) Except as provided in subsections (3) through (5), the department shall approve a change in appropriation right if the appropriator proves by ~~substantial credible~~ *a preponderance of* evidence that the following criteria are met:

(a) The proposed use will not adversely affect the water rights of other persons or other planned uses or developments for which a permit has been issued or for which water has been reserved.

(b) The proposed means of diversion, construction, and operation of the appropriation works are adequate.

(c) The proposed use of water is a beneficial use.

(d) The applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use.

(e) If the change in appropriation right involves salvaged water, the proposed water-saving methods will salvage at least the amount of water asserted by the applicant.

(3) The department may not approve a change in purpose of use or place of use of an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the appropriator proves by ~~substantial credible~~ *a preponderance of* evidence that:

(a) the criteria in subsection (2) are met;

(b) the proposed change is a reasonable use. A finding of reasonable use must be based on a consideration of:

(i) the existing demands on the state water supply, as well as projected demands for water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(4) The department may not approve a change in purpose of use or place of use for a diversion that results in 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water being consumed unless:

(a) the applicant proves by clear and convincing evidence and the department finds that the criteria in subsections (2) and (3) are met; and

(b) the department then petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.

(5) (a) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the following criteria must be met before out-of-state use may occur:

(b) The department and, if applicable, the legislature may not approve a change in appropriation right for the withdrawal and transportation of appropriated water for use outside the state unless the appropriator proves by clear and convincing evidence and, if applicable, the legislature approves after one or more public hearings that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (2) or (3) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (5)(b)(ii) and (5)(b)(iii) will be met, the department and, if applicable, the legislature shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the proposed change in appropriation might feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(d) When applying for a change in appropriation right to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation and use of water.

(6) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the department shall give notice of the proposed change in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change. The department shall provide notice and may hold one or more hearings upon any other proposed change if it determines that such a change might adversely affect the rights of other persons.

(7) The department or the legislature, if applicable, may approve a change subject to such terms, conditions, restrictions, and limitations as it considers necessary to satisfy the criteria of this section, including limitations on the time for completion of the change. The department may extend time limits specified in the change approval under the applicable criteria and procedures of 85-2-312(3).

(8) Upon actual application of water to the proposed beneficial use within the time allowed, the appropriator shall notify the department that the appropriation has been ~~properly~~ completed. The notification must contain a certified statement by a person with experience in the design, construction, or operation of appropriation works ~~that~~ *describing how* the appropriation ~~has been properly~~ *was* completed ~~in substantial accordance with the terms and conditions of the change approval~~.

(9) If a change is not completed as approved by the department or legislature or if the terms, conditions, restrictions, and limitations of the change approval are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change approval should not be modified or revoked. If the appropriator fails to show sufficient cause, the department may modify or revoke the change approval.

(10) The original of a change approval issued by the department must be sent to the applicant, and a duplicate must be kept in the office of the department in Helena.

(11) A person holding an issued permit or change approval that has not been perfected may change the place of diversion, place of use, purpose of use, or place of storage by filing an application for change pursuant to this section.

(12) A change in appropriation right contrary to the provisions of this section is invalid. No officer, agent, agency, or employee of the state may knowingly permit, aid, or assist in any manner such unauthorized change in appropriation right. No person or corporation may, directly or indirectly, personally or through an agent, officer, or employee, attempt to change an appropriation right except in accordance with this section."

Section 8. Section 85-2-436, MCA, is amended to read:

"**85-2-436.** *(Temporary)* **Water leasing study.** (1) The department of fish, wildlife, and parks and the department, in consultation with the water policy committee, shall conduct and coordinate a study that, at a minimum:

(a) provides the following data for each designated stream reach and each pilot lease entered into under subsection (2):

(i) the length of the stream reach and how it is determined;

(ii) technical methods and data used to determine critical streamflow or volume needed to preserve fisheries;

(iii) legal standards and technical data used to determine and substantiate the amount of water available for instream flows through leasing of existing rights;

(iv) contractual parameters, conditions, and other steps taken to ensure that each lease in no way harms other appropriators, particularly if the stream is one that experiences natural dewatering; and

(v) methods and technical means used to monitor use of water under each lease;

(b) based on the data provided under subsection (1)(a), develops a complete model of a water lease and lease authorization that includes a step-by-step explanation of the process from initiation to completion.

(2) For purposes of undertaking the study described in subsection (1) and as authorized by law, the department of fish, wildlife, and parks and the department may engage in the activities described in this subsection. For purposes of this study, this section is the exclusive means by which the department of fish, wildlife, and parks may seek to change an appropriation right to an instream flow purpose.

(a) The department of fish, wildlife, and parks, with the consent of the commission, may lease existing rights for the purpose of maintaining or enhancing streamflows for the benefit of fisheries in stream reaches determined eligible by the board pursuant to 85-2-437.

(b) Upon receipt of ~~an~~ *a correct and complete* application for a lease from the department of fish, wildlife, and parks, the department shall publish notice of the application as provided in 85-2-307. Parties who believe they may be adversely affected by the proposed lease may file an objection as provided in 85-2-308. A lease may not be approved until all objections are resolved. After resolving all objections filed under 85-2-308, the department shall authorize a lease of an existing right for the purpose of maintaining or enhancing streamflows for the benefit of fisheries if the applicant submits a *correct and* complete application and meets the requirements of 85-2-402.

(c) The application for a lease authorization must include specific information on the length and location of the stream reach in which the streamflow must be maintained or enhanced and must provide a detailed streamflow measuring plan that describes the points where and the manner in which the streamflow must be measured.

(d) The maximum quantity of water that may be leased is the amount historically diverted by the lessor. However, only the amount historically consumed, or a smaller amount if specified by the department in the lease authorization, may be used to maintain or enhance streamflows below the lessor's point of diversion.

(e) The lease may not be issued for a term of more than 10 years, but it may be renewed once for up to 10 years, except that a lease of water made available from the development of a water conservation or storage project is restricted to a term of not more than 20 years. Upon receiving notice of a lease renewal, the department shall notify other appropriators potentially affected by the lease and shall allow 30 days for submission of new evidence of adverse effects to other water rights. A lease authorization is not required for a renewal unless an appropriator other than an appropriator described in subsection (2)(i) submits evidence of adverse effects to ~~his~~ *the appropriator's* rights that has not been considered previously. If new evidence is submitted, a lease authorization must be obtained according to the requirements of 85-2-402.

(f) During the term of the lease, the department may modify or revoke the lease authorization if an appropriator other than an appropriator described in subsection (2)(i) proves by ~~substantial credible~~ *a preponderance of* evidence that ~~his~~ *the appropriator's* water right is adversely affected.

(g) The priority of appropriation for a lease under this section is the same as the priority of appropriation of the right that is leased.

(h) Neither a change in appropriation right nor any other authorization is required for the reversion of the appropriation right to the lessor's previous use.

(i) A person issued a water use permit with a priority of appropriation after the date of filing of an application for a lease authorization under this section may not object to the exercise of the lease according to its terms or the reversion of the appropriation right to the lessor according to the lessor's previous use.

(j) The department of fish, wildlife, and parks shall pay all costs associated with installing devices or providing personnel to measure streamflows according to the measuring plan submitted under this section.

(3) (a) The department of fish, wildlife, and parks shall complete and submit to the board, commission, and water policy committee an annual study progress report by December 1 of each year. This report must include the applicable information listed in subsection (1) for each lease. If the department of fish, wildlife, and parks has not leased water rights under this section by December 1 of any year, the department of fish, wildlife, and parks shall provide compelling justification for that fact in the study progress report.

(b) A final study report must be adopted by the board and commission and submitted to the water policy committee, which shall complete the final report by December 1, 1998.

(4) This section does not create the right for a person to bring suit to compel the renewal of a lease that has expired. *(Terminates June 30, 1999—sec. 4, Ch. 740, L. 1991.)* "

Section 9. Section 85-2-312, MCA, is amended to read:

"**85-2-312. Terms of permit.** (1) The department may issue a permit for less than the amount of water requested, but in no case may it issue a permit for more water than is requested or than can be beneficially used without waste for the purpose stated in the application. The department may require modification of plans and specifications for the appropriation or related diversion or construction. The department may issue a permit subject to terms, conditions, restrictions, and limitations it considers necessary to satisfy the criteria listed in 85-2-311, and it may issue temporary or seasonal permits. A permit shall be issued subject to existing rights and any final determination of those rights made under this chapter.

(2) The department shall specify in the permit or in any authorized extension of time provided in subsection (3), the time limits for commencement of the appropriation works, completion of construction, and actual application of the water to the proposed beneficial use. In fixing those time limits, the department shall consider the cost and magnitude of the project, the engineering and physical features to be encountered, and, on projects designed for gradual development and gradually increased use of water, the time reasonably necessary for that gradual development and increased use. The department shall issue the permit or authorized extension of time subject to the terms, conditions, restrictions, and limitations it considers necessary to ensure that the work on the appropriation is commenced, conducted, and completed and that the water is actually applied in a timely manner to the beneficial use specified in the permit.

(3) ~~The department may, upon a showing of good cause, extend time limits specified in the permit for commencement of the appropriation works, completion of construction, and actual application of the water to the proposed beneficial use. All requests for extensions of time must be by affidavit and must be filed with the department prior to the expiration of the time limit specified in the permit or any previously authorized extension of time. The department may issue an order temporarily extending the time limit specified in the permit for 120 days or until the department has completed its action under this section, whichever is greater. Upon receipt of a proper request for extension of time, the department shall prepare a notice containing the facts pertinent to the request for extension of time and shall publish the notice in a newspaper of general circulation in the area of the source. The department may serve notice by first-class mail upon any public agency or other person the department determines may be interested in or affected by the request for extension of time. The department shall hold a hearing on the request for extension of time on its own motion or if requested by an interested party. The department may grant the extension of time in the absence of a hearing if no requests for a hearing are received and the extension of time is granted as requested, or the department may grant the extension of time in a modified form by following the process established in 85-2-310(2). Subsequent extensions of time may be made in the same manner.~~ *The department shall by rule or by condition to a permit establish a process allowing for the extension of the time limits specified in the permit for commencement of the appropriation works, completion of construction, and actual application of water to the proposed beneficial use. The department may not accept a request for extension of time that is filed less than 30 days prior to the time limit specified in the permit. If a permit is not completed within the time limit specified or within an extension of that time limit the permit is void upon lapse of the time limit.*

(4) The original of the permit shall be sent to the permittee, and a copy shall be kept in the office of the department in Helena."

Section 10. Section 85-2-315, MCA, is amended to read:

"**85-2-315. Certificate of water right.** Upon actual application of water to the proposed beneficial use within the time allowed, the permittee shall notify the department that the appropriation has been ~~properly~~ completed. The notification must contain a certified statement by a person with experience in the design, construction, or operation of appropriation works ~~that~~ *describing how* the appropriation ~~has been~~ *was* ~~properly~~ completed ~~in substantial accordance with the terms and conditions of the permit~~. The department *shall review the certified statement and* may then inspect the appropriation, and if it determines that the appropriation has been completed in substantial accordance with the permit, it shall issue the permittee a certificate of water right. The original of the certificate shall be sent to the permittee, and a duplicate shall be kept in the office of the department in Helena."

Section 11. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 12. **Retroactive applicability.** [Sections 1 through 8] apply retroactively, within the meaning of 1-2-109, to all applications and objections pending on [the effective date of this act] that are subject to the provisions of Title 85, chapter 2.

Section 13. **Effective date.** [This act] is effective on passage and approval.

[SB 278]

AN ACT GENERALLY REVISING THE LAWS RELATED TO EDUCATIONAL SERVICES IN CHILDREN'S PSYCHIATRIC HOSPITALS AND RESIDENTIAL TREATMENT FACILITIES; LIMITING STATE APPROPRIATIONS TO COSTS THAT ARE NOT REIMBURSABLE UNDER OTHER PROVISIONS OF STATE OR FEDERAL LAW; CLARIFYING RESPONSIBILITIES AMONG AGENCIES; AMENDING SECTIONS 20-7-420, 20-7-421, 20-7-422, 20-7-435, 20-7-436, AND 20-9-343, MCA; AND PROVIDING AN EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 7] gives the superintendent of public instruction authority to adopt rules, including but not limited to the calculation of tuition, the calculation and distribution of funding, and the determination of responsibilities of children's psychiatric hospitals, residential treatment facilities, and public schools.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-7-420, MCA, is amended to read:

"**20-7-420. Residency requirements — financial responsibility for special education.** (1) In accordance with the provisions of 1-1-215, a child's district of residence for special education purposes is the residence of ~~his~~ *the child's* parents or of ~~his~~ *the child's* guardian *if the parents are deceased,* unless otherwise determined by the court. This applies to a child living at home, in an institution, or under foster care. If the parent has left the state, the parent's last known district of residence is the child's district of residence.

(2) The district of residence is financially responsible for tuition as established under 20-5-305 and 20-5-312 for a child with disabilities, as defined in 20-7-401, including a child who has been placed by a state agency in a foster care or group home licensed by the state. The district of residence is not financially responsible for tuition for a child with disabilities who is placed by a state agency in an out-of-state public school or an out-of-state private residential facility.

(3) If ~~a child with disabilities who is in need of special education is placed~~ *an eligible child, as defined in 20-7-436, is receiving inpatient treatment* in an in-state residential treatment facility or children's psychiatric hospital, as defined in 20-7-436, ~~but~~ *and* the educational ~~placement is in~~ *services are provided by* a public school district *under the provisions of 20-7-411 or 20-7-435*, the ~~district of residence is responsible for tuition for the proportion of time the child is served in the public school district unless the public school district is operated primarily for the purpose of providing education to children who attend the residential facility or hospital.~~ *superintendent of public instruction shall reimburse the district providing the services for the negotiated amount, as established pursuant to 20-7-435(5), that represents the district's costs of providing education and related services. Payments must be made from funds appropriated for this purpose. If the negotiated amount exceeds the daily membership rate under 20-7-435(3) and any per-ANB amount paid on the foundation program schedules as provided in 20-9-318 through 20-9-320, the superintendent of public instruction shall pay the remaining balance from the state equalization aid account. However, the amount spent from the state equalization aid account for this purpose may not exceed $500,000 during any biennium.*

(4) Under the provisions of 20-7-422(3), the superintendent of public instruction shall provide funds for the education fees required to provide a free appropriate public education for a child with disabilities who is in need of special education *and related services* and is placed by a state agency in an out-of-state private residential facility or out-of-state public school, provided that, in determining the special education services needed for the child with disabilities, the district of residence has complied with the rules promulgated under 20-7-402.

(5) A state agency that makes a placement of a child with disabilities is responsible for the *financial costs of* room and board and the treatment of the child."

Section 2. Section 20-7-421, MCA, is amended to read:

"**20-7-421. Arranging attendance in another district in lieu of a special education program — tuition.** (1) In accordance with a placement decision made by persons determining an individualized education program for a child with disabilities, the trustees may arrange for the attendance of a child in need of special education *and related services* in another district within the state of Montana.

(2) Tuition as required under 20-5-305 and 20-5-312 may be charged as provided in 20-7-420."

(b) oil shale; or

(c) gilsonite.

(2) "Gas" means all natural gases and all other fluid hydrocarbons, including methane gas or any other natural gas found in any coal formation, as produced at the wellhead and not defined as oil in subsection (3).

(3) "Oil" means crude petroleum oil and other hydrocarbons, regardless of gravity, that are produced at the wellhead in liquid form by ordinary production methods and that are not the result of condensation of gas before or after it leaves the reservoir.

Section 2. **Hydrocarbons distinguished.** When used in any instrument, unless the clear and express terms of the instrument provide otherwise, the terms "coal", "gas", and "oil" must be construed as defined in [section 1].

Section 3. Section 82-11-101, MCA, is amended to read:

"**82-11-101. Definitions.** As used in this chapter, unless the context requires otherwise, the following definitions apply:

(7) "Field" means the general area underlaid by one or more pools.

(8) "Fluid" means any material or substance that flows or moves, whether in a semisolid, liquid, sludge, gas, or any other form or state.

A disposal, discharge, seepage, drainage, infiltration, flow, or injection of fluid that is authorized under a rule, permit, or order of the board is not pollution under this chapter.

~~(14)~~*(12)* "Pool" means an underground reservoir containing a common accumulation of oil or gas or both; each zone of a structure which is completely separated from any other zone in the same structure is a pool, as that term is used in this chapter.

~~(d)~~*(iv)* the inefficient storing of oil or gas. (The production of oil or gas from any pool or by any well to the full extent that the well or pool can be produced in accordance with methods designed to result in maximum ultimate recovery, as determined by the board, is not waste within the meaning of this definition.)

(b) The loss of gas to the atmosphere during coal mining operations is not waste within the meaning of this definition."

CHAPTER NO. 383

[SB 340]

AN ACT ESTABLISHING A POLICY ON RESIDENTIAL ENERGY EFFICIENCY; PROVIDING FOR THE APPLICABILITY OF THE ENERGY CONSERVATION PROVISIONS OF THE STATE BUILDING CODE TO RESIDENTIAL BUILDINGS; REQUIRING THAT THE ADOPTION OF RULES FOR ENERGY CONSERVATION IN BUILDINGS CONFORM TO CERTAIN POLICIES; PROVIDING FOR THE CERTIFICATION OF INSTALLATION OF ENERGY EFFICIENCY FEATURES BY BUILDERS; PROVIDING FOR THE LABELING OF ENERGY EFFICIENCY FEATURES IN NEW HOMES; AND AMENDING SECTIONS 50-60-102 AND 50-60-203, MCA.

WHEREAS, the Environmental Quality Council, as part of its study of energy policy under the requirements of House Joint Resolution No. 31, adopted in the 1991 Legislative Session, created a Residential Energy Efficiency Working Group (Working Group) to address a long-standing controversy surrounding residential energy efficiency and specifically the energy provisions of the state building code; and

WHEREAS, the Working Group included broad representation from energy utilities, the home building industry, energy consumers, state and local governments, the lending and real estate industries, low-income and conservation groups, and the building supply industry; and

WHEREAS, the Working Group met nine times during the 1992 interim and agreed that any final recommendations must be adopted by consensus and supported by all participants as a package, with all elements to be adopted or none at all; and

WHEREAS, the Working Group adopted by consensus the policy statement embodied in [section 1] and then adopted by consensus a package of implementation strategies; and

WHEREAS, the implementation strategies include:

(1) information strategies for consumers, builders, building code officials, home inspectors, bankers, realtors, and appraisers, specifically encompassing education, training, and technical assessment and demonstration of conserva-

tion measures, as well as an energy labeling sticker and initiation of first steps toward a home energy rating system;

(2) financial strategies geared toward making energy- efficient new homes more affordable, including:

(a) petitioning the Federal Home Administration (FHA) to increase the upper limits of FHA home mortgages;

(b) initiating a residential mortgage program for energy-efficient homes under the Montana Board of Housing that would maintain a low down payment requirement and raise mortgage ceiling levels above FHA limits; and

(c) establishing a loan reserve account in the Department of Natural Resources and Conservation that allows the Board of Housing to sell bonds to enable it to offer loans above the FHA limit that would be funded by home buyers, utilities, and the State of Montana as provided in House Bill No. 10;

(3) energy provider strategies in which utilities would continue to offer on a voluntary basis incentive programs to their customers to purchase energy-efficient products or services; and

(4) building code strategies, including enforcement of the energy conservation provisions of the state building code in certain residential buildings through a combination of builder self-certification and state and local government enforcement for those residences currently subject to the state building code, as well as increasing the efficiency standards in the energy code according to the consensus levels adopted by the Working Group; and

WHEREAS, it is the consensus of the Working Group that implementation of the building code strategies relating to the applicability of the energy code to certain residences is contingent on the establishment, funding, and operation of the financial strategy concerning the Board of Housing program promoting the affordability of energy-efficient new homes; and

WHEREAS, this bill embodies those consensus recommendations of the Working Group requiring statutory authorization.

STATEMENT OF INTENT

A statement of intent is necessary for this bill because it directs the department of commerce, in adopting rules pertaining to energy conservation in buildings under the provisions of 50-60-203, to conform those rules to the policy provided in [section 1] and to the relevant policies that may be developed according to the provisions of Senate Bill No. 225.

This bill also requires that the department of commerce design a labeling sticker describing the energy efficiency measures in newly constructed homes. In designing this energy labeling sticker, the department of commerce should consult with the department of natural resources and conservation and with interested building industry and consumer groups.

It is the intent of the legislature that the department of commerce adhere to the recommendations related to energy efficiency in residential buildings developed under the auspices of House Joint Resolution No. 31, adopted by the 1991 legislature.

In accordance with the recommendations resulting from the directive of House Joint Resolution No. 31, the legislature intends that rules pertaining to energy conservation in certain residential buildings may not apply to those buildings containing less than five dwelling units and not otherwise subject to the state building code unless an affordable energy-efficient housing program is established as provided by House Bill No. 10. The coordination instruction in [section 7] reflects this intent.

It is further the intent of the legislature that in applying the energy conservation provisions of the state building code to certain residential buildings as provided in [section 2], the enforcement of those provisions be accomplished through builder self-certification as provided in [section 4] and not through enforcement by the department of commerce, except for those residential structures containing five or more dwelling units or for those residential structures otherwise subject to the state building code.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Statement of policy on residential energy efficiency.** The legislature finds that the people of Montana have an interest in energy efficiency in certain residential buildings for the purpose of protecting and improving their economic and environmental well-being and energy security, while recognizing the basic need for safe and affordable shelter. It is the policy of the state of Montana to encourage energy efficiency in residential buildings through strategies that ensure that:

(1) the housing consumer has access to the information required to make informed choices about structures and energy efficiency measures;

(2) energy efficiency measures are safe, reliable, and readily available for use in Montana;

(3) investments in energy efficiency measures are cost- effective;

(4) the cost of energy efficiency measures on the combination of down payments, monthly mortgage payments, and monthly utility bills does not adversely affect the affordability of housing to prospective home buyers and renters; and

(5) energy efficiency measures do not place an undue or inequitable burden on residential building owners or renters, the residential construction industry, financial institutions, real estate salespersons and appraisers, energy providers, or state and local governments.

Section 2. Section 50-60-102, MCA, is amended to read:

"**50-60-102. Applicability.** (1) ~~The~~ *Except as provided in subsection (5),* state building codes do not apply to:

(a) residential buildings containing less than five dwelling units or their attached-to structures, any farm or ranch building, and any private garage or private storage structure used only for the owner's own use, located within the municipality's or county's jurisdictional area, unless the local legislative body or board of county commissioners by ordinance or resolution makes the state building code applicable to these structures; or

(b) mines and buildings on mine property regulated under Title 82, chapter 4, and subject to inspection under the Federal Mine Safety and Health Act.

(2) ~~The~~ *Except as provided in subsection (5), the* state may not enforce the state building code under 50-60-205 for the buildings referred to in subsection (1). Local governments that have made the state building codes applicable to the ~~aforementioned~~ buildings *referred to in subsection (1)* may enforce within their jurisdictional areas the state building code as adopted by the respective local government.

(3) ~~Where~~ *When* good and sufficient cause exists, a written request for limitation of the state building code may be filed with the department for filing as a permanent record.

(4) The department may limit the application of any rule or portion of the state building code to include or exclude:

(a) specified classes or types of buildings according to use or other distinctions as may make differentiation or separate classification or regulation necessary, proper, or desirable;

(b) specified areas of the state based upon size, population density, special conditions prevailing ~~therein~~ *in the area*, or other factors ~~which~~ *that* make differentiation or separate classification or regulation necessary, proper, or desirable.

(5) (a) For purposes of promoting the energy efficiency of home design and operation, the provisions of the state building code relating to energy conservation adopted pursuant to 50-60-203(1) apply to residential buildings, except:

(i) farm and ranch buildings; and

(ii) any private garage or private storage structure attached to a residential building and used only for the owner's own use.

(b) The provisions of the state building code relating to energy conservation in residential buildings are enforceable:

(i) by the department only for those residential buildings containing five or more dwelling units or otherwise subject to the state building code; and

(ii) through the builder self-certification program provided for in [section 4] for those residential buildings containing less than five dwelling units and not otherwise subject to the state building code."

Section 3. Section 50-60-203, MCA, is amended to read:

"**50-60-203. Department to adopt state building code by rule.** (1) *(a)* The department shall adopt rules relating to the construction of, the installation of equipment in, and standards for materials to be used in all buildings or classes of buildings, including provisions dealing with safety, sanitation, and conservation of energy. The department may amend or repeal ~~such~~ *the* rules.

(b) In adopting rules concerning the conservation of energy, the department shall conform those rules to the policy established in [section 1] [and to relevant policies developed under the provisions of Senate Bill No. 225].

(2) The department may adopt by reference nationally recognized building codes in whole or in part, but this does not prevent the department from adopting rules more stringent than those contained in ~~such~~ *national* codes.

(3) The rules, when adopted as provided in parts 1 through 4, constitute the "state building code" and are acceptable for the buildings to which they are applicable.

(4) The department shall adopt rules that permit the installation of below-grade liquefied petroleum gas-burning appliances in single-family dwellings."

Section 4. **Enforcement of energy code through builder self-certification.** A person who begins construction on a residential building in Montana after [the effective date of this act] shall certify in writing to the building owner at the conclusion of construction that the residential building has been constructed in compliance with the energy-efficient construction standards adopted under the provisions of 50-60-203(1).

Section 5. **Energy labeling sticker.** (1) The department, in consultation with the department of natural resources and conservation, shall prescribe by rule requirements for a labeling sticker to be affixed to a new residential building that describes the energy efficiency components of the home, including but not limited to heating appliance efficiencies and R-value or U-value of ceilings, walls, floors, windows, and doors in new residential buildings.

(2) A person constructing a new residential building shall affix to that residential building in a manner prescribed by the department a labeling sticker as described in subsection (1).

Section 6. **Codification instruction.** [Sections 1, 4, and 5] are intended to be codified as an integral part of Title 50, chapter 60, part 2, and the provisions of Title 50, chapter 60, part 2, apply to [sections 1, 4, and 5].

Section 7. **Coordination instruction.** (1) If an appropriation is not provided to the department of natural resources and conservation to establish a housing loan reserve account for energy-efficient homes as provided in House Bill No. 10, then [sections 2 and 4 of this act] are void.

(2) If Senate Bill No. 225 is not passed and approved, the bracketed language in [section 3 of this act], amending 50-60-203, is void.

Approved April 16, 1993.
